Electrocuted Climbing Tree

Gary J. Oldham, 14-year old son of Mr. and Mrs. Charles Oldham, was electrocuted Thursday night when he stepped on live wires that passed through a tree he was climbing near the home of his grandfather, Lacey Oldham.

The youth, who was last seen about 5:45 p.m. Thursday after eating his supper, was reported missing by his mother at 9:45 p.m.

* * *

HIS BODY WAS discovered by his 16-year old brother, Charles R. at midnight.

The Charlevoix police and others had joined in the search which was called off at midnight.

Chief of Police Joseph L. Smith said the boy was barefooted and apparently stepped on the wires as they passed through the top of the large oak tree adjacent to the property of the grandfather at the corner of Mason and Sherman streets.

* * *

DR. ROBERT G. Martin, coroner, said death was due to electrocution.

The Oldham family came to Charlevoix in July, following the father's discharge from the U. S. Air Force after serving more than 20 years.

Besides his parents, he is survived by a sister, Terry Ann; a brother, Charles R., his paternal grandfather, Lacey Oldham; his paternal grandmother Mrs. Marie Colbert of Clinton and his maternal grandmother, Mrs. Marie Siefka of Crystal Lake.

BEER IS A NATURAL

From nature's light grain comes sparkling, light beer . . . Michigan's traditional beverage of moderation—it's light, sparkling, delicious.

And naturally, the Brewing Industry in Michigan is proud of the more than 20 million tax dollars it contributes to the state of Michigan each year—money that helps support our schools, our hospitals and our parks. In Michigan, beer belongs—enjoy it.

Regional Farm Bureau Women at Ellsworth

Charlevoix county was well represented when rural area people from five northern Michigan counties gathered at Ellsworth for the annual fall meeting of the Michigan Farm Bureau Women.

Members and guests from District 10-West which includes Antrim, Emmet, Cheboygan, Otsego and Charlevoix counties were present for the event.

• • •

"FARM BUREAU'S ROLE in Agricultural Marketing" was discussed by Larry Ewing, co-ordinator in the marketing development division of the Farm Bureau.

Mrs. Richard Wieland of Ellsworth welcomed the group in behalf of the host county where she is chairman of the county women's committee. Former district chairman, Mrs. Vern Vance of East Jordan, gave the invocation. Mrs. Wolter Chellis, Antrim county vice-chairman, led the pledge of allegiance.

The meeting closed with an invitation from Mrs. Earl Green of Wolverine, Cheboygan County chairman, to all persons present to meet with them when they host the spring district meeting in April.

Girls Elect Jacklyn Boss

Jacklyn Boss has been elected president of Girl Scout Troop 260. Others elected are Carol Russell secretary and Patti Elzinga, treasurer.

Ironton Scene

By C. H. Stokes—547-2111

Jerry Walker, who is helping his father lay their new floor said a few more blood blisters and he will be finished ??? you or the floor, Jerry?

Merel Scotts' new garage is just about finished.

The Ironton Ferry will make its last run of the season Dec. 31.

C. R. Stokes attended a class on motor repair in Petoskey last Thorsday night.

Mr. and Mrs. Wm. Matzinger have left Ironton for winter quarters in Florida.

Mrs. Florence Milward has arrived at her winter home in Arizona and had a nice trip she said, in a letter to friends in Ironton.

Many Ironton residents were worried one Sunday this month because a target shooter from the other side of Lake Charlevoix found out by mistake that his 22 calibre rifle was able to shoot across the South Arm. No one was hurt this time BUT!!! On what the box of shells tells them. Careful! Range One Mile. We in Ironton hope with the deer season coming up others will read what the box of shells tells them.

Young Bruce Krall has returned to East Lansing to continue his General Motors education by working at the Oldsmobile plant.

Ironton elementary school children again are summoned by the sound of a bell. Does it bring back memories to many of you?

Mr. William Sky has returned to his winter home in Florida.

The Hallowe'en party for the Pilgrim Fellowship of Ironton's Congregational church will be held tonight in the church basement at 7:30 p.m.

Albert (Nip) Carlson has left Ironton for his annual trip to Florida.

"The Gordan Boyers" are just about finished remodeling parts of their home.

Miss Linda Williams had a nice Hallowe'en party at her parents' home last Saturday night. About a dozen teenagers attended and a fine time was had by all.

Extension club members from Ironton went on a pine cone hunt last Sunday afternoon.

Frank Cellner, Earl Krall, Ross Alexander, Pete Kamelt, Linda Williams to name just a few from Ironton who traveled to Gaylord Friday night to see Charlevoix play Gaylord in football.

Rayders Hold Slim Lead

TEAMMATES MISSED HIM Rick Grunch, on the stretcher, after he was injured in the Charlevoix - Pellston game, wassorely needed by the CHS eleven as they succaked by Gaylord 20-19 to hold their tie for first spot in the league. Head Coach Don Carey, second from right, and assistant Leonard Staley, next to him, kept Grunch out of uniform Friday, in spite of needing him, so his knee injury could fully heal.

(Courier Photo)

A 77 yard pass play and a conversion kick with 5:53 remaining on the clock kept the Charlevoix Rayders in the running for the 1963 Northern Michigan Class C title as they had edged Gaylord 20-19 Friday night.

This week Charlevoix will host Mancelona, now in a three way tie with Boyne City and Gaylord for third place.

* * *

THE GAME BETWEEN the Rayders and Blue Devils was a battle all the way, with both teams putting forth their best efforts.

Gaylord got its first break of the game with less than 90 seconds gone when Bill McBride intercepted a Rayder pass on the 29 and ran the ball in to the one from where Mike Smith went over to score on the next play. Jim Johnson's kick was wide and the score stood at 6-0.

Charlevoix took the kickoff, failed to pick up necessary yardage and punted. The Rayder defense tightened on the next series of plays, forcing the Blue Devils to punt. Don Smith blocked the punt and Charlevoix took over on the Gaylord 47 to begin a march which moved the ball to the 21 yard line as the period ended.

On the first play of the second period, Del Terrill passed to Jack Stockwell who scored on a play that covered 24 yards. Larry Edward's foot was wide.

* *

THE RAYDER LEAD, however was short lived. Gaylord took the kickoff on the 13, returned the ball to the 17 and then, in a series of plays, to the 34 where Jim Johnson passed to Tom Meisell who put the Blue Devils ahead 12-6 at the 8:58 mark of the second period.

The ball changed hands twice before Gaylord fumbled with Charlevoix recovering on the 24 yard line with less than a minute remaining in the half. Dave Smith and Stockwell moved the ball to the one where Terrill went over to score with 23 seconds remaining. Edwards' conversion kick was good as the Rayders went ahead 13-12.

Charlevoix was in possession of the ball on their own three following an interception by Nick DeYoung as the half ended.

The second half got underway with Charlevoix recovering a Gaylord fumble only to lose the ball on a pass interception on the next play. Both teams lost possession of the ball on downs a the action was confined to mid field. As the period ended, the Rayders punted out of danger after failing to gain ground.

* * *

AS THE FINAL period neared the halfway mark, Gaylord recovered a Rayder fumble on the 25 and then moved it to the three where Gary Harris went in to score. Johnson's conversion kick was good as the Blue Devils took a 19-13 lead with 6:45 remaining.

Gaylord kicked off with Charlevoix taking the ball on the 13 and moving it out to the 23 on the next play.

Terrill then pitched out to Smith who waited for Bruce Kroken to get behind the Gaylord defense become uncorking a pass which the latter took on the 40 and then rambled, alone, for the touchdown.

The kick by Edwards was good but Charlevoix was offside and had to kick again. Again Edward's boot put the Rayders ahead with 5:53 on the clock.

GAYLORD TOOK THE kickoff on the 13 and returned it to the 46 but the Rayders' defense held and Charlevoix took over at mid-ran out held

Intent on protecting their one-point lead, the Rayders stayed on the ground, picking up two first downs to the 28 yard line as time ran out

COMMENT, OPINIONS, FACTS

Closed Stores Foul the Hand That Fed Them

". . . DREAMING ALONE OF A DAY,
"When men shall not rape my riches, and curse me and go away;

Making a bawd of my bounty, fouling the hand that gave."

These lines from Robert Service's "Law of the Yukon," strangely enough, come to mind when we notice the disgraceful appearance displayed by some of Charlevoix's now-closed summer businesses.

* * *

CERTAINLY THE SUMMER merchants who have vacated their shops now that the "easy pickings" are over owe those of us who call Charlevoix home some consideration and courtesy. And some have shown us this. They've left their store fronts so they are attractive to us and our many winter visitors.

But what about the others; those who pulled out, leaving a dirty, scrambled mess in sight, or blanked everything out with hurried applications of soap, or butcher's paper?

Haven't they "fouled the hand that gave" and cursed us and gone away?"

Certainly the bard of the Yukon didn't mean his lines for beautiful Charlevoix. Yet they couldn't be more appropriate.

Perhaps to these summer merchants, Charlevoix's beauty and charm exists only while tourist dollars are plentiful. In their anxiety to cream off the riches they may not have time to see the drama of the big lake, or the quiet gentleness of Lake Charlevoix, or the inspiration in the deep woods.

* * *

THE CHAMBER OF COMMERCE, we've learned, would be glad to help these businessmen see that their store fronts carried displays that would be a credit to the community. School and civic groups could surely be enlisted to liven them up so they would be of community benefit and not an insult to residents and visitors.

We hope that summer people reading this make arrangements through the Chamber to have their display windows decorated.

Winter, fall and spring are as beautiful to a northerner, or, maybe, more so, than summer. Living may be harder, but it certainly isn't ugly. So why should fair weather comrades make it so?

Laud Sincerity Of Supervisors

CHARLEVOIX COUNTY'S BOARD of Supervisors earned a round of applause at its annual fall session.

Supervisors handled the county's business with sincerity and intelligence. That they were able to dispatch the many matters to be decided in five days is to their credit.

* * *

MANY COUNTIES ARE handicapped by supervisors who spend their time, and tax money, on endless roads of irrelevant controversy. Important decisions are made only amidst the heat of disagreement and petty political selfishness.

There was virtually none of this at the October meeting of Charlevoix County's supervisors. There were differences. But they were resolved calmly, and, we believe, with sincere concern for the public, not the politician.

This is not to say the Courier is in full agreement with the supervisors. The deficit budget is hardly to our liking. We feel the board had a responsibility to adopt a balanced budget.

Government local, state, or national can no more justify endorsing deficit spending than can the housewife, or businessman. If we must make an accounting, so should government.

* * *

NOR DOES THE COURIER agree with the arguments that defeated a hike in dog license fees. Dogs are a big problem, and a costly one. Increasing the dog tax seems justified.

This is not a blast at dogs. It's a move toward fiscal responsibility. (Both the Courier editor and advertising manager, incidentally, are devoted to the canine members of their household).

Though we are not in full agreement with the supervisors on all points, we, again, commend them for making their decisions based on their interpretation of the public's interest.

We also take our hats off to the board for creating a Planning Commission. This group can be the major instrument in leading Charlevoix County to a prosperous future. We hope it will be active, aggressive and forthright with the public.

New Books Welcome

THE RECENT DECISION TO buy up to $4,000 worth of new books for Charlevoix library users is certainly welcomed.

Both the Board of Education and the Library Advisory Committee it appointed rate a word of thanks from the community.

* * *

EXPERIENCE SHOWS a well stocked, attractive library, with an active program, can be a vigorous force in a small community. Adult interest in reading has doubled and tripled when their library improved . . and the public was told about it.

This can only result in better homes. Which can only mean better citizens tomorrow.

Let's hope adult readers get due consideration in the selection of new books, and then are kept aware of the library's new liveliness.

OLDEST COURIER Isabel Knight holds the $5 bill presented to her by Mrs. Hilda Gibson, Charlevoix Courier bookkeeper, for bringing in the oldest copy of the Courier during the recent contest. Her paper was a July 1918 edition. Others entering old copies of the Courier were Henry Stephan, Jim Vanderwall, Opal Ingals, and Mrs. M. Orvis. Honorable mention went to the following persons for submitting old copies of the Charlevoix Sentinel: Mrs. Knight and Opal Ingalls and Campbell's Shoe Store.

A Lift for Living

The Clever Mask of Evil

By REV. HAROLD E. KOHN

Halloween is upon us. Children in weird costumes and wearing frightening masks scuff through fallen leaves as they march to the porches of their neighbors demanding a treat and threatening a trick if some goodies are not given, pronto. Neighbors seem half-glad to be blackmailed, knowing full well that beneath fierce appearances hides the harmlessness of little children.

The approach of real evil is usually the exact opposite of that made by Halloween pranksters. Halloweeners come to us appearing worse than they really are. Some, in fact, are little angels looking like the devil. But evil usually makes its approach look angelic.

* * *

BOLD, BARE-FACED evils are easily resisted. They advertise themselves with great manners inscribed "Wickedness," "Sin," or "Depravity." They march upon us openly with the rolling of drums and the brandishing of weapons, shouting their hostility.

Physical cruelty is seldom attractive. Not many of us would in meanness pinch a baby, even if its crying irritates us. Few will brutally trip a crippled neighbor. So with other gross vices and sins.

Only a small percentage of people are seriously tempted to commit armed robbery or murder. Such sins are still news. Such evils announce themselves as outrageously wrong, and we easily shunn them.

But most evils hide their real nature. The devil seldom looks like the devil. If evil showed up at our door looking like the traditional picture of the devil, ugly, with horns, cat-eyes, a long tail and split hooves, we would never invite evil into our lives.

But evil comes with a gracious smile, looking like an old friend, carrying greetings from old acquaintances. It is courteous, suave congenial. So we open the door, invite it in, give it the most comfortable chair in the house, a seat at the dinner table, a bed for the night, and beg it to return as soon as possible for a longer stay.

And, of course, when we treat evil so kindly it always returns, bringing other evils with it to enjoy our hospitality.

* * *

A MINISTER MUST frequently deal with people who have been lured into wickedness, who are overwhelmed with disappointment in themselves and honestly regretful of a moral lapse. They mournfully lament, "I never guessed this could happen to me!" Of course they would not have fallen so far if the evil had looked like the devil.

But lust looks like love. Adultery looks like a mere infatuation. Cheating looks like shrewdness. Greed for money looks like "a good head for business." Gambling looks like venturesomeness. Pleasure - madness looks like "enjoyment of life." Malice and hate look like righteous indignation.

Conformity to the wishes of the crowd almost always appears innocent. We seldom see the temptation to agree to what "the gang" is doing as cowardly conformity, or we would refuse to comply.

Temptation to conform comes to us looking like kind congeniality and agreeability. We then hold back our own clean, clear words that bespeak our own solid convictions so that we do not offend.

WE TEND TO think, talk, act, and even dress alike. And we have become such "yes men" that we may yet transform "the land of the free and the home of the brave" into the "Land of Nod." But the habit of contormity seems harmless.

What shall be do about the temptations that come to us masked with angel faces? How is evil unmasked? By our being mercilessly tough with ourselves! We must permit ourselves no clever rationalizations. We must seek to know the truth about the nature of our desires and motives. Call them by their right names, their sometimes unlovely, ugly names.

Again, see temptation as the opponent that discloses to us what we are like, weak or strong, as fire tests the materials thrown upon it. Fire is a revealer, burning paper, charring cloth, converting water to steam, purifying, hardening and tempering iron. So temptation, under its disguises, is a revealer of what we are

Moreover, beneath temptation's various masks we can see the opponent that, by testing us, helps us to develop into what we ought to be, as the boxer's rough sparring partner helps him to become a better boxer.

When evil's angelic mask is removed evil is seen to be our opponent and not our innocent, good friend. But in God's great providence even our enemy is made to serve our spiritual welfare as revealer and strengthener, if we will have it so.

Odds . . 'N' . . Ends

By FRAN MARTIN

Don't mind if we continue to write about the most unseasonable weather that anyone can remember . . . nearly every day the temperature has been well into the 70's and all this warmth and sunshine has even Mother Nature a bit mixed up.

And if you need a few instance or two . . . here they are . . . Mrs. Trina Nelson sent over a snowball (the floral variety) blooming on a branch whose leaves had already turned red . . . Barney Englehart stopped by with violets yet, the wild kind that grow in marshy places in the spring . . . and were they fragrant . . . the roses have been more beautiful than I've seen them all summer . . . a royal red, looking much like velvet, raised by Bill Holland and brought to me by Mrs. Corey Sevrey, and a heavenly pink one given to me by Mrs. Ave Howard, both of whom are always coming by with something special . . . And strawberries, which Mrs. Jeff Novotny found in her garden and someone else said the raspberries were still bearing . . .

MRS. ART WEXSTAFF swears that even the birds are confused by this weather and to prove her point she told of a pair of sparrows seen building another nest . . . And in my neighborhood there's a crazy mixed-up robin who's apparently decided to stay for the winter . . . I hear him chirping nearly every day . . . I got news for him . . . it's a long time 'til spring . . .

* * *

All this and it's almost Nov. 1 . . .

* * *

AS I'M SURE YOU'RE all aware Charlevoix's become quite a service town with the U. S. Air Force joining the U. S. Coast Guard who've been with us for more than a little while . . . just to prove to these service men & people that we're glad they're with us, the Charlevoix high school band and their director, Otho Oilmark, will pay tribute to these two services at halftime of the football game Friday night. . . It will be just another way of saying to all these wonderful service people "We're glad to have you aboard" . . . and we mean it . . . every last word of it . . .

Now that Mrs. Chester Belly has taken over her duties as head of the Eastern Star, she will use as her gavel one made by her grandfather, Hugh Lockwood, some 25 years ago . . . When he made it, however, he had no thought that his granddaughter would some day be using it for it was made especially for a dear friend, Mrs. Lottie Patrick, now living in Boyne City . . . when Elaine was to take over as worthy matron, Mrs. Patrick gave it to her . . . After a long journey, the gavel will now be heard in Charlevoix' lodge rooms . . . a fitting destination after a sentimental journey . . .

Come on in, the water's fine . . . a statement often heard in June resounded through my neighborhood the other day . . . Seems the weather was just too nice so Charlie Bergmann and his eldest decided they'd take one last dip . . . Mrs. B. made them wear all their clothing to the beach because she didn't want people to think they'd lost all their good sense . . . Enroute from the beach they were telling everyone how wonderful it was . . . And their teeth weren't chattering either . . .

* * *

MY POSTMAN, Walker Miles, told me something Thursday that I found hard to believe . . . and probably wouldn't have it someone else had told me . . . He was among those who saw three enormous flocks of wild geese numbering about 2,000 flying over Charlevoix toward the northwest . . . I was about to say that these were a bunch of crazy, mixed up birds until an authority on wild things, like all sorts of wild life, offered that they were probably the geese from the Seney Refuge in the U. P. which had flown to the Allegan refuge for a change of scenery or diet and were just returning home' . . . He added that they're probably the same ones we've been seeing and hearing in recent weeks . . . and that the big ones from the Hudson Bay area just haven't started their migration yet . . .

Since they're considered the real criterions of the approach of winter, who knows . . . maybe this weather we keep enjoying so much is going to hold for a while longer . . . Every day someone mentions it can't last . . . but it does . . .

* * *

Mrs. Jasper Wagner stopped by the other day with a couple old Couriers dating back to April and May 1919 . . . and with a Current events date May 21, 1915 and which the following headlines appeared: "Germany must stop submarine attacks on commerce says United States in firm but friendly note" . . . All this dating back three wars ago . . . The papers, by the way, belong to her son, Larry now stationed at Fort Leonard Wood, Mo. with the U. S. Army . . .

Mrs. Charles Carey, the former Jeanne Campbell, called to say that her dad, the late Don Campbell, had one a Sentinel which dates back to Saturday May 8, 1869 . . . it was the third issue of the old Sentinel which, at that time, was owned by DeWitt C. Leach and sold for $1.50 a year "in advance" We got a big kick out of some of the ads as we scanned it . . . One read "Robert Miller, cutter . . . black smith . . . Particular attention paid to horse shoeing" Another was for the Fountain City House then owned by R. Cooper where baggage was carried to and from the steamboat landing without charge and which described the hotel "which has been enlarged and refitted and located a few rod from the steamboat landing." For those of you not acquainted with the county, the Fountain City House, razed a few years ago, was located on Pine River Lane (Hwy. 1 to you natives) where the Weather vane Terrace Motel is being constructed . . . and the steamboat landing was where the north pier is now located . . .

"Til next week take care . . .

OUR READERS Write

Very Impressed With Courier

TO THE EDITORS:
Dear Fran:

This letter comes from young Dean Davenport who has accepted a position as frosh basketball coach at San Fernando Valley State College at Northridge, Calif.

Enclosed you'll find a copy of this past summer's city recreation report. You'll notice that this year's program was the most successful ever. The record number of participants, both active and inactive is very impressive and I think important for the public to know.

Speaking of the Courier, I'm very impressed with the new look. It appears the whole town is caught up with the latest changes. Makes one wish he could be back there in the middle of it all. Anyway, both Joyce and I read the new edition from stem to stern.

* * *

EVERYTHING HERE in Southern California has been more than we anticipated. The San Fernando Valley is a very wonderful place to live and Valley State College is a real "going concern."

We went to see USC and Ohio State play. Saw Dick VanRaaphorst perform. Mighty proud of our Charlevoix boys. Can't help but wonder how many are out spreading the Charlevoix athletic tradition.

As things stand now, we plan to be in "the Beautiful" during the coming summer.

Oct. 30 Report: Comet Durability Run

Comet completes 100,000-mile durability run averaging over 105 miles per hour!

Day and night this team of '64 Comets, specially equipped and prepared for high-speed driving, roared around Daytona International Speedway. Driving under official NASCAR supervision, these Comets broke over 100 world records*, many once held by famous foreign cars. The average speed of the lead Comet was over 105 mph. And that included all time required for pit stops to permit refueling, driver changes, new rubber, and maintenance. At the end of this 100,000-mile run these Comets were still going strong. It was quite a challenge to stamina for a new car to face. But then these are quite some cars.

OUTDOOR RAMBLING

With Dick Shepard

AGREE OR DISAGREE with anterless deer hunting, the following editorial by "Michigan Conservation" Editor John Gray is worth repeating here:

"Somewhere in Michigan last fall a hunter pulled a trigger or a bow string to drop a very special deer.

* * *

"IT WAS THE ONE-MILLIONTH whitetail taken since the opening of the 1952 deer season. That animal, with or without antlers, symbolizes a decade in game management the like of which may never be experienced again.

"For the Conservation Commission and Department it was a decade of criticism; often constructive and sincere; but very often brutal. Accusations and abuse of the meanest kind were heaped upon those who determined policies and those who carried them out. The going was rough, teal rough. And because the Commission and Department are people and not inanimate "things" there were times when the temptation was felt by some to utter a low-spirited "what's the use." This did not happen, of course, but the pressures to make it happen were certainly relentless.

"For the Conservation Commission and Department it was also a decade of steadfast determination to stand by a conviction. This was the conviction that management of a deer herd or any other natural resource cannot be based on anything but the best scientific research available; no matter how deep the sentiment or how heated the emotion of opposing forces.

* * *

"IT WAS A DECADE OF increasing confidence in the Commission and Department among individuals and organizations who were able to turn from skepticism to belief, and in so doing provide an active support without which no conservation goals can be reached.

"In retrospect, it was a necessary decade for the Commission and Department. Resource management must be based on the kind of public confidence and assurance that came into being during those ten years.

Yes, it was indeed a very special creature that dropped to that deer hunter's bullet or arrow in the fall of 1962. It was at once a refutation of the argument of those who ten years earlier said the last days of Michigan deer hunting were at hand, and a vindication of the Commission and Department whose determination to perpetuate deer hunting faced a most difficult task.

* * *

IF OPPONENTS WERE RIGHT, the one millionth deer could not be. If the Commission and Department were right, it could be.

"Somewhere in Michigan last fall, it was."

Charlevoix County Conservation Officer Harley Burris reports local sportsmen are beginning to accept the antlerless hunting approach to deer herd management.

More and more Charlevoix hunters are using the any-deer permits they get, Burris explains. In the past permits have, pretty much, been destroyed with no intentions of using them, he adds.

This area, however Burris is quick to point out, was never a seething hotbed of resentment over the management program.

No matter what the evidence, let's face it, there will always be those who howl "crank."

This Week

Class 'C' Title is At Stake

With Charlevoix and East Jordan going down to the wire with the Northern Michigan Class C title as the 'purse', all eyes will be on the Rayder Mancelona game here, and the Red Devil Pellston game on the Jordanites' field Friday night.

In other games, Harbor Springs will be defending its second place standing against a Gaylord 11 on the Ram field and Boyne City will travel to Grayling to take on the Vikings.

* * *

THOUGH THE Mancelona Ironmen are in a three-way tie for third place and are short-handed with the loss of five regulars, they can be expected to be up for this meeting for the Charlevoix Rayders. Besides Pat Dutcher, regular quarterback, the Ironmen will go into the game without guard, Gordon Kube, halfback and linebacker, Bob Dean, and another guard, Bob Boyd, who gave the position depth.

The Rayders, however, are the defending champions and with so much at stake they can be expected to play good ball. Despite their record, the Ironmen could play the role of spoiler, thus giving East Jordan the 1963 title.

East Jordan over-ran Boyne City last week in a game that had been expected to be much closer than it was. Fred Malpass and Don Wilson teamed up to score the lion's share of the points. With these two backs, on the rampage, Pellston is not expected to have much of a chance and will likely end the season in the league cellar.

*

THE HARBOR SPRINGS-Gaylord game will probably be the best game of the night for the Rams will be protecting their second place position while the Gaylord eleven who played excellent ball against Charlevoix will be out to knock them down a notch. George Kilborn was the big gun at Mancelona, carrying the ball for countless gains and scoring three TD's. But where the Rams have a power runner, Gaylord has speed in Tom Measell and Gary Harris.

The outcome of this one will be a toss-up with the team getting the breaks emerging the victor.

Boyne City will make a long jaunt this week to take on the Grayling Vikings who only last Friday climbed out of the league cellar for the first time in two seasons.

Unless the Ramblers play better ball than they displayed against East Jordan, they could be the stepping stone for the Vikings, who are a big, rough outfit, presently bent on dumping all comers.

"The deepest disappointment comes to those who get what is coming to them."

LAST WEEK IN CLASS 'C'

Leaders Hold Positions

Charlevoix and East Jordan continued to pace the Northern Michigan Class C league as the season goes down to the wire after defeating Gaylord and Boyne City, respectively, last week.

The Rayders squeaked past Gaylord 20-19 while the Jordanites rolled over the Ramblers 40-12. In other games, Harbor Springs took over second place after trimming Mancelona 33-19 and Grayling moved out of the league cellar by edging Pellston 18-12.

* * *

DON WILLSON AND Fred Malpass had themselves a field day as they each scored three touchdowns against arch rival Boyne City, in a game that saw the victors lead all the way.

Willson dominated the ground gaining in the final half as he scored on runs of 30, 60 and 20 yards with Malpass hooting two of the points after touchdown.

In the second half Malpass took over the scoring duties, going in on a 40 yard run early in the third period.

Jerry Holly tried to put his team back in the game by scooping up a fumble at midfield and going 50 yards to score for Boyne City.

* * *

EARLY IN THE final period Dan Cikalo went in from the six yard line following a concerted drive to give the Ramblers 12 points.

Malpass took the kickoff following the last Rambler touchdown and rambled 70 yards to score again. Dan Nachazel added the conversion kick.

Malpass scored again before time ran out, this time on a 60 yard jaunt. Willson ran the ball over for the conversion point.

Mancelona, playing without four regulars, was no match for the victory minded Harbor Springs Rams whose George Kilborn scored three touchdowns and had a fourth called back.

Bill Bushard put the Ironmen ahead 12-6 early in the second half after romping 46 yards to paydirt.

* * *

ON THE NEXT series of plays, Kilborn broke away for a 78 yard scoring play only to have it called back because of an infraction. Not to be balked, he scored a second TD this time from 38 yards out. George Lauer put the Rams ahead 13-12 on the conversion kick.

Later in the period, Kilborn scored again, this time after a 60 yard gaunt with Lauer again making good the P.A.T.

In the closing minutes, Ron Grady pitched a jump pass to Dave Pruden good for five yards and six points, Roger Labara came through with a bad to give the Ironmen 19 points.

Playing at Pellston, the Grayling Vikings, waited until the final minute of play to pull the game out of the fire and to move out of the league cellar for the first time in two years.

*

PELLSTON capitalized on a Viking fumble early in the game to go ahead 6-0 after Gary Campbell had recovered the ball on the one yard line. On the first play from scrimmage, Ed Clear went over to score.

Later in the same period, Gary Lucksted went over from the seven yard line to tie the score.

As the final period got underway, John Sorenson intercepted a Hornet pass on the Pellston eight to put the ball in scoring position. After a series of plays, the Vikings moved into the one where Bill Joseph went over to score.

Pellston took the kickoff and, with the help of a long pass and a penalty, moved to the Grayling 17 where Doug Lovgansen pitched to Ron Zulsky for the tally with two minutes remaining.

Lucksted took the kickoff on his own 10 and returned the ball to the Pellston seven where, on the fourth try, Joseph scored from one yard out with 20 seconds remaining on the clock.

Pellston took to the air but the clock ran out before they could get back in the game.

THE CHURCH IN YOU
Character is a by-product of the church. It is here that young and old are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial arc molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good.

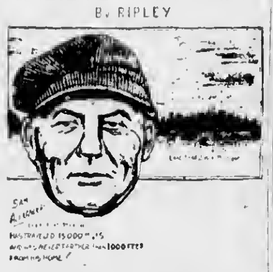
LAST WEEK'S query about Ripley's comments on the Ironton Ferry produced fast and numerous results.

Seems I'd just been asking the wrong people. A conservative estimate would be that three dozen people called to tell us what Ripley said about the ferry.

We appreciated every call. In fact it's more fun than we've had in weeks. Nice to hear from so many people who usually wouldn't have any direct contact with us. Thanks.

BELIEVE IT OR NOT
By RIPLEY



And then, late in the week we came across this old cut in a dusty drawer in the back room. It tells the story and you may enjoy reminiscing.

—●—

WE'VE HEARD considerable complaint about the lack of adequate public restroom facilities in town. Seems the Chamber of Commerce building just doesn't fill the bill.

But Friday morning we learned just how grave the situation really is. This princely commode was standing on the corner of Bridge and Clinton streets.

A WARNING Rough seas broke on the sea walls of the Charlevoix channel on the first day of November, as the lingering Indian Summer gave way to winter's first real blast. The heavy waves and high winds were a reminder that November is the month Lake Michigan seamen respect for its awesome storms. **(Courier Photo)**

AT CITY DOCK

Yachtsmen to Get Showers

Development of shower and restroom facilities for yachtsmen moved another step forward Monday evening.

City Councilmen Monday evening completed property transactions removing all hindrances to municipal control of the old laundry property at the foot of Clinton St. on Round Lake.

* * *

MAYOR E. D. HAWLEY told the Courier the council is waiting for completion of an engineering study on the cost and feasibility of constructing a shower - restroom facility on the property.

The showers will be specifically for yachtsmen, Hawley declared.

He pointed out construction of the showers and restrooms will not come immediately.

"There is a definite need for showers and restrooms for yachtsmen," he said.

* * *

CHAMBER OF COMMERCE officials have several times cited this need, and suggested new Chamber offices be included in the building.

The property transactions gave the city control of around another 42 feet of frontage, Hawley said. Only 50 feet of the Round Lake frontage along Bridge St. is still in

County Politicians Eye Reapportionment

Charlevoix County political chiefs are trying to appraise how the new congressional apportionment plan will effect their party at the polls.

George LaBlance of Charlevoix, County Democratic chairman, predicts the reapportionment could be beneficial to his party. "We've got a good chance if we get out and work at it," LaBlance told the Courier.

* *

ARTHUR SPELTZ, Republican chairman from Boyne City, stated he foresees continued GOP victories in the congressional race.

Both Democrats and Republicans from the newly created 10th Congressional District have been meeting to organize new district committees.

LaBlance attended a Democratic district organization meeting in Gaylord Sunday.

The reapportionment takes Charlevoix County out of the 11th Congressional District and puts it in the 10th district.

* * *

THE NEW 10TH Congressional District includes 22 counties in the Lower Peninsula with a 1960 population of 391,000.

This compares with a 1960 population of 240,831 in the old 11th

More Money In Till Than Anticipated

Charlevoix Public Schools are ahead of financial predictions made earlier by the administration and Board of Education, Supt. Rex Milligan announced at Monday's board meeting.

The superintendent stated that on Nov. 1 there was a general fund cash balance of $19,506. A Nov. 1 balance of $18,051 was expected.

* * *

CONSIDERING THE unexpected condition of the general fund, Milligan predicted the district will have a balance of $2,000 Dec. 1. Earlier projections called for a deficit of $2,000 on Dec. 1.

Because of this, Milligan told the board, the district should not need to borrow operating money until Dec. 15.

Michigan school districts commonly borrow operating money to meet expenses until local taxes and state aid are received in January and February, the superintendent explains.

The borrowed money will be repaid back when tax and state money is received, he adds.

* * *

THE BORROWING does not mean the school will end the year with a deficit, Milligan emphasizes.

MESC Office Open

The Michigan Employment Security Commission will re-open its office in the City Hall beginning Nov. 19, Leo J. Kelly, Petoskey branch manager reports.

First Concert Wednesday

Combined Bands to Perform

Charlevoix High School bandsmen wasted no time trading their marching uniforms for concert finery.

The senior and reserve bands will present an unprecedented Autumn Concert in the gymnasium Wednesday, Nov. 13, at 8 p.m.

* * *

BAND DIRECTOR C. A. Odmark reports the concert will mark the first time the band has presented a November concert. It is aimed at raising funds for the band.

Tickets can be purchased from any bandsman, or at the door.

"We hope the community support, so evident in the past, will be continued," Odmark said.

He expects 164 musicians to perform in the concert. Rehearsals have been underway for a week.

"The Senior band, numbering 85 pieces, has the 20 football players and cheerleaders back in its ranks.

* * *

SEVERAL COMPOSITIONS new to the band's repertoire will be included on the program. Among them will be the concert march, "Foundation," by Richard Franko Goldman; selections from the popular musical "Sound of Music" by Rodgers and Hammerstein; Von Suppe's overture, "Morning, Noon and Night in Vienna" and the timely march "Glory of the Gridiron" by Alford. In announcing the program, Mr. Odmark added that this year's band has the capabilities of carrying on the tradition of last year's state championship group.

The Reserve band, boasting a membership of 79 pieces, will open Wednesday's program. This band has the most balanced instrumentation of any reserve group in recent years and has a remarkable band tone for so young a group, Odmark said.

Schools Will Evacuate When Alert is Sounded

An emergency evacuation plan the school as soon as word is received of a tornado alert — was decided on Monday by the Board of Education.

The students will be released from school and immediately rushed home, when an alert is received of a natural or military emergency.

* * *

SUPT. REX MILLIGAN told board members he met with Civil Defense and police officials to work out a policy on dispersing students.

The recommendation to evacuate the school as soon as word is received of a tornado alert is based on the results of this meeting, Milligan announced.

The superintendent said he doubted students will lose a full day's school a year due to the policy.

Teachers will be named to operate buses when the alert is received, Milligan pointed out. These teachers will get buses to loading stations and begin taking students home.

* * *

REGULAR BUS drivers will take over when they catch up with the buses, he explained.

Students who walk to school will be sent home the minute the alert is received.

Parents, the board decided, will be asked by letter to make provisions for their childrens' care if they are not at home when schools are evacuated.

Milligan contended, and the board agreed, that getting students out of schools could avoid a mass disaster.

CIVIL DEFENSE experts are expected to investigate the schools soon to see if they would provide safe emergency shelters.

Board members expressed reluctance to jam students into "shelter" areas in the schools. This, they pointed out, could result in a tragedy that would leave hundreds of families childless.

Milligan reported last week's evacuation of the school during the tornado alert worked reasonably well.

He pointed out, however, the administration had no policy or plan to follow. Now that it does, the evacuation will be smoother and faster he predicted.

* * *

THE EVACUATION plan will be practiced late some afternoon in the near future.

The board asked that it be formally written up so it can be adopted as part of the official policy at the next meeting.

In December, Milligan announced, the schools expect to receive radio sets that will monitor all Civil Defense alert warnings.

School to Get Library Deed

The Board of Education will soon hold legal title to the public library on State St., Darrell Dinwiddie, board president, announced Monday evening.

Dinwiddie stated the City of Charlevoix has agree to turn the deed over to the school district.

ACCORDING TO 1907 minutes of the City Council, Dinwiddie and other board members, the library was given to the City on the specific condition the school progressively [illegible]

Say Fish Not Cause Of Poison

Urge State To Crackdown

Charlevoix commercial fishermen this week pulled no punches in laying blame for the botulism scare on the government and processers.

"I defy anyone to find anything wrong with my fish," Charlevoix's senior fisherman, John Cross, told the Courier.

* *

CROSS IS FIRMLY convinced botulism poisoning is not from Great Lakes fish.

Jake White, another of Charlevoix's most experienced commercial fishermen, bluntly charged the government is afraid to crack down on processers who are vacuum packing smoked fish.

"The government is wasting time, when they can do something about it," White told the Courier.

"There wasn't a bit of trouble until they started using the vacuum bags. And then they just used the public as a guinea pig," White charged.

* * *

HE ADDED THAT the government has never "properly tested" the vacuum packing process.

Cross declared Wisconsin outlawed the vacuum processing method two years ago, but the federal government and Michigan failed to follow through.

According to White, vacuum packing saves the processers 25 percent shrinkage. Fish, he states, are packed hot in the vacuum bags without adequate cooking.

Handlers have to use gloves to pack fish in the vacuum bags, White explained. Under the old system fish were not packed until they cooled off.

* *

"THE GOVERNMENT could get the answer and settle this in a few weeks," White asserted.

He charged the government is unclassifying the botulism scare.

"There isn't a single fisherman on the committee appointed by Romney. There are some darn smart fishermen in this business," White said.

"If you wanted to know about farming you wouldn't go to De-

Ironton Clings to Old Bell

Purchased in 1848, It Now Rings at School

IRONTON — In 1848 neither President James Knox Polk nor the small force of Americans fighting the Mexican War had any interest in the fact that a bell had been purchased for the new Evelyne Township Hall here.

William (Sandy) Sanderson wasn't even supervisor of Eveline Township then. Nor had the Ironton Ferry become a feature attraction for thousands of visitors.

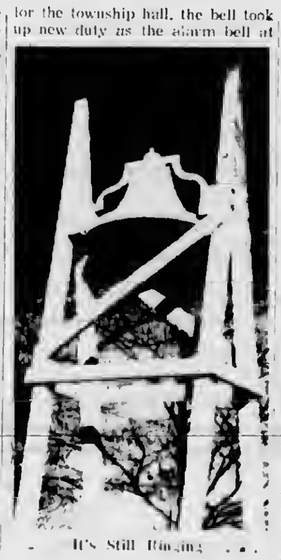
* * *

BUT WHILE U.S. Army Cavalrymen were improvising new tactics in Mexico that would reshape the manuals of war, Eveline township residents were being called to meetings and fires by a new cast iron bell.

If information gathered by Courier Ironton correspondent Chuck Stokes is correct, that same bell is now heard twice daily at the community's new school house.

Stokes has spent several weeks asking and listening in search of information on the bell's history. The results forcefully point to it being the oldest thing in Ironton.

A few years after its purchase for the township hall, the bell took up new duty as the alarm bell at the Iron Works in Ironton. It announced the only train that ever came to Ironton in the 1870's.



It's Still Ringing . . .

* * *

WHEN THE ORIGINAL Ironton school was built in 1883 the bell was moved to it. The school was built by Walter Manny and his two sons.

The bell was painted while this fall to cover the marks of more than 100 years and raised on a tower constructed by Stokes in front of the new school house.

Mrs. Aaron Brock, Ironton teacher, uses the bell to announce the beginning of class in the morning and after lunch.

If the new $30,000 one-classroom school — opened this year — lasts nearly as long as the former building, and the bell remains in service, there's no telling when it's story will end.

* * *

THE NEW BRICK school, in addition to its one classroom, has a study room and kitchen. It is on the same site as the 1883 school, which was used until three years

Speeding Farmers Get Stuck With Stiff Penalty

By ED REBMAN
Extension Director

Ever hear of farmers getting a $500 speeding ticket for traveling only two miles an hour over the speed limit?

It happens every fall in many Charlevoix County corn fields.

"LOSSES RUN high when the speed of the corn picker is increased just two miles an hour over the recommended rate," says Richard Pfister, safety engineer with the Michigan Cooperative Extension Service. The normal corn picking speed is two and one-half miles an hour.

Here's how Pfister arrived at the $500 fine: Losses amount to about seven bushels per acre when the picking speed is increased. This amounts to 560 bushels lost in an 80-acre field, or a $504 loss with corn prices at the 90-cent per bushel level.

The safety engineer also points out that it's not too late to be thinking about a safe corn picking season. Late November and early December are generally the worst times of year for accidents because of poor picking conditions. Safe picking will be even more of a problem this year since the moisture content of corn is still at a higher than normal level, adds Pfister.

* * *

THE BIGGEST cause of corn picking accidents is simply the failure to shut off the power take-off before descending from the tractor. Hurry, fatigue and a poor attitude are just secondary causes, reminds Pfister.

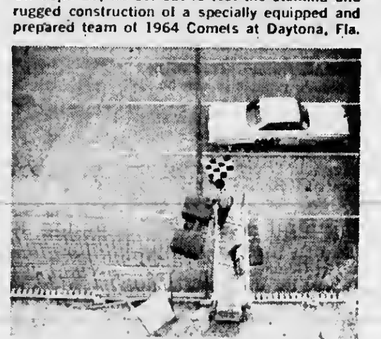
100,000 MILES AT OVER 105 MPH!

Comet Durability Run: toughest challenge of automotive stamina ever faced!

On Sept. 21, we set out to test the stamina and rugged construction of a specially equipped and prepared team of 1964 Comets at Daytona, Fla.

These Comets drove day and night for 100,000 miles. Average speed of the lead car—over 105 mph—includes time for refueling and maintenance.



During this challenging event, these Comets rewrote the record book, set over 100 world records*. Many were once held by famous foreign cars.

WHAT THIS MEANS TO THE NEW-CAR BUYER. This around-the-clock Durability Run was the most rugged test ever faced by a new car. These Comets proved their stamina and durability beyond question. And the same skills and engineering excellence that made Comet's performance possible are yours in every '64 Comet. For this is a hot and hefty new kind of Comet—newly styled, newly designed, newly engineered. It's bigger, bolder looking . . . with a solid, big-car ride. Try one—at your Mercury dealer's.

About This Question

"Last year my hunting partner had a Hunters Accident and Baggage Policy from your agency. A twig scraped across his eye, and the policy paid his $90 medical bill. Can this policy also cover loss, theft, or damage to guns and baggage during the entire hunting season?"

INTRODUCING THE DEPENDABLES FOR '64

We have designs to get you in our power

Our engineers are a wily group of guys who spend most of their time dreaming up ways to win your approval. Take the Dodge Polara 500.

You'd be hard-pressed to find a car that's got more going for you. Deeply-padded, contour-formed bucket seats. All-vinyl upholstery. Sill-to-sill carpeting. Padded dash. Center console. And lots of other trimmings. But that's only the half of it.

Perhaps our approach to power will further illustrate the point. With the Polara 500 you aren't baked in on a certain engine. You can choose from a standard 318 cu. in. V8 up to a street-version of our walloping, all-out 426 cu. in. Raincharger V8. Compromise? Nope. We just feel that a freedom of choice is the surest road to your approval.

That's our way of doing business—giving you lots of car and lots of satisfaction at a price that's hard to quarrel with.

Your Dodge Dealer will be glad to demonstrate the point.

CAME ACROSS A disturbing scene last week while calling on Charlevoix High School band director C. A. Odmark.

Odmark was actually wiring an instrument together with some sort of cheap packaging wire.

The band — even a newcomer promptly learns — is one of Charlevoix's greatest assets. It deserves better support than this.

So, how about doing your share, and making a good investment at the same time? March yourself down to the band concert at the school tonight.

You're sure to enjoy the music. And you'll also be helping assure Charlevoix that the band will be able to do its part.

—●—

OUR BUSINESS Manager Tom McDaniels came across a fine bit of promotional material for Charlevoix in an out-of-town restaurant the other day.

On the table was a colorful placemat about Consumers Power Company's Big Rock nuclear plant. The mat, with a map and picture of the plant, urged visitors to stop in and suggested the area is a fine place for industrialists to locate their new plant.

The Chamber of Commerce couldn't buy better advertising.

—●—

ENSIGN JOHN RYAN of the Sundew was contessing the other day. His admission should put an end to all the talk from wartime veterans that peacetime service people don't earn their place in line at pay-call.

Seems Ryan, who's only been out of the Coast Guard Academy for about a year, is always seasick when the Sundew's in motion.

Any former infantryman who remembers the misery of a troopship will sympathize with him.

—●—

COURIER PRINTER Merritt Clark was downright indignant about this corner's remarks last week concerning his angling ability.

Since we've got a little fun going, no sense in letting it peter out. So you might as well know Merritt and I went bird hunting Saturday and he didn't hit a single thing.

AND NEITHER DID I!

—●—

AND WHILE WE'RE talking about people connected with the Courier, mustn't forget to say thanks to Elmer Gibson for letting me watch while he raised the bridge to let the coal carrying freighter Ben E. Tate into Round Lake early Sunday morning.

(Elmer is indirectly involved in publication of the Courier. The master of his household, Hilda, sorta keeps things popping here at the paper.)

ARMY PVT. DeMar K. Bodley, son of Mr. and Mrs. Willard S. Bodley, Route 3, Charlevoix, is scheduled to complete eight weeks advanced infantry training with light weapons at Fort Polk, La., Nov. 15. During the training Bodley is receiving instructions in the use of the automatic rifle, the light machine gun and the 3.5 rocket launcher. The 23-year-old soldier entered the Army in June 1963 and completed basic training at Fort Knox, Ky. He is a 1958 graduate of Charlevoix High School.

Renew Contract For Use of Dump

Payment of $2,500 to William Marmie for a year's use of the sanitary dump on the Marmie farm in Marion township was approved by city council Monday.

The suit brought against the Marmies in February by Clyde Cunningham, supervisor of Marion township, is still pending. The case was brought before Judge Edward Fenton who ordered a hearing in March. It is expected a decision will be handed down shortly. The township charged the Marmies who operate the Charlevoix Garbage Service with violation of its zoning ordinance.

We Want Your —News—

The COURIER wants your news: All organizations and individuals with news items are urged to contact the paper or one of our correspondents.

We cannot print news we do not know about. The only way we'll know about it is if you tell us. With your cooperation everything about your clubs and family will get in the Courier. So let us know what you're doing.

DEADLINES

News must be in by NOON OF THE DAY AFTER IT OCCURS. Correspondents must have all their copy at the Courier no later than Monday afternoon.

This gives us a chance to keep a steady flow of copy going to the printers, and avoids the last minute rush that results in sloppy stories . . . and things being left out.

All stories must be triple spaced and written on only one side of a piece of paper. Names must be complete. The telephone number and name of the person submitting the news item must be included with the story.

LETTERS

Letter from COURIER subscribers on subjects of public interest are always welcomed. They should be as brief as possible. Letter writers must include their name, address and telephone number, although their name will be withheld if the writer so requests.

We hope to be reading about you soon!

★ Congressional Districts

(Continued from Page 1)

Congressional District, which included 16 counties in the upper and lower peninsulas.

On paper, and in theory, opponents of the reapportionment plan argued, this gives each voter in Charlevoix County, and other communities in the old 11th district, less say at election time.

The new 10th district is made up of the following counties from the old 11th: Emmet, Cheboygan, Presque Isle, Charlevoix, Antrim, Otsego, Montmorency, Alpena and Kalkaska.

• • •

COUNTIES ADDED to the district from the old 10th and 9th districts are Iosco, Midland, Ogema, Clare, Isabella, Crawford, Oscoda, Gladwin, Bay, Roscommon, Alcona, Arenac and Misaukee.

Upper Peninsula counties no longer in the same district with Charlevoix are Alger, Delta, Menominee, Luce, Schoolcraft, Mackinac and Chippewa.

Bay County, with a population of more than 100,000 will have more than a quarter of the votes in the new 10th district.

Republican Congressman Elford A. Cederberg of Bay City is expected to seek re-election in the new 10th district.

• • •

REPUBLICAN CONGRESSMAN Victor A. Knox, of the 11th, who now represents Charlevoix, and lives in Sault Ste. Marie is reported undecided whether to seek re-election in the upper peninsula or move to the lower and challenge Cederberg in a primary contest.

In 1960 the 11th district gave 54,300 votes to Knox, and 44,650 to his Democratic opponent.

Cederberg drew 75,846 votes in the old 10th district in 1960, against the Democratic candidate's 46,140 votes.

LaBlance points out 47 percent of the votes cast here in 1962 for Secretary of State were for Democratic winner James M. Hare.

ACCORDING TO LaBlance this and other factors, point to a steady increase of Democratic votes in Charlevoix County.

"The new districts were set up to favor the Republicans, because they control the legislature," LaBlance asserted.

Speltz told the Courier he feels the Republicans definitely continue to hold the edge. Having Cederberg running as an incumbent is a strong GOP advantage, he declared.

LaBlance admitted having to fight an incumbent will make Democrat chances poorer.

Gets Discharge

James VerWys is enroute to Charlevoix to join his parents, Mr. and Mrs. Abe VerWys, following his discharge from the Army after serving three years. He was discharged at Fort Campbell, Ky., where he has been stationed with the Paratroopers.

New Assignment

Peter Gaskin, who has been stationed at San Diego, Calif., with the U.S Navy, accompanied by Mrs. Gaskin, arrived last weekend to spend two weeks with their respective parents, Mr. and Mrs. James Gaskin and Mrs. Lillian Belfy, enroute to the former's new assignment at Norfolk, Va.

Cubs Need Old Uniforms

A plea for Cub Scout uniforms has been issued by Cub Master Douglas Wilks following a committee meeting Monday.

In asking for uniforms Wilks said that there were many boys who cannot afford uniforms or only a small sum for them.

He added there were probably many parents who still had either a full uniform or a shirt, cap or kerchief that some other boy could enjoy.

He asked that anyone having even a part of the uniform they would like to sell or give to the program to call him or Robert Winchester.

Plans also were made for the monthly Pack meeting to be held at the city hall community room Thursday, Nov. 21, a week earlier than usual because of the Thanksgiving holiday.

troit," he added.

• • •

CROSS SAID HE plans to go to New York to talk to processors.

The scare is "going to hurt everybody," Cross said.

White contends he, Cross and some of the other Lake Michigan fishermen with good equipment and some reserve money will be able to weather the scare, if it passes by spring.

However, he agreed it could be critical to all fishermen.

"WE USUALLY DON'T do much fishing in November, anyway," White stated. "And those of us who can hold out will do better next year because there will be fewer fishermen."

Starting Dec. 10, White said, he and his son Chum, will start fishing for whitefish, if there still is no market for chubs.

Chubs, he explained, have to be smoked. Whitefish, on the other hand, can be sold fresh. However, chubs are more profitable as they are far easier to catch.

Though Charlevoix fishermen would not go on record as saying so, there was a quietly whispered rumor along the waterfront on Round Lake that the botulism deaths were caused by fish sold to inland Canadian lakes and federal health authorities are trying to expose them in fear of an international issue.

private hands, he pointed out. This belongs to Bernie Ward and is just south of the area where the Sundew docks.

In addition to plans for the showers and restrooms, Hawley explained, the City will construct additional boat slips and automobile parking facilities on the property.

City Council also received deed to the former Colonial Club property on the corner of Meech and Dixon in the transaction. The property was owned by the Conservation Dept. It was given to the City at no cost.

• • •

THE COLONIAL CLUB buildings and property will be sold to the highest bidder next summer or spring, the mayor pointed out.

The club was once an exclusive gambling establishment. It reverted to the state for failure to pay taxes.

Hawley estimated the property will sell for between $5,000 and $10,000.

City to Remove Buildings

Bids for removal of dwellings and other buildings on the former Butler and Schrader properties at 929 and 933 State st., will be accepted until 8 p.m. Dec. 16

The decision to have the buildings removed from the property was made at the regular meeting of the city Council Monday.

FURTHER INFORMATION may be obtained from City Supt. James Taylor.

Dec. 2 was set as the date for a hearing vacating an alley between Burns St and Prospect Ave. The hearing will be held in the council room at 8 p.m. Larry Swenson made the original request for the abandonment of the alley.

Mercury vapor bulbs have been placed on four boulevard light fixtures in the business district on Bridge St as an experiment, City Supt. James Taylor told the council. The special 400 watt bulbs have been placed along the four blocks of the business district. Bulbs in 200 or 250 watt sizes will be installed later to determine which size is the most practical.

Bills totaling $24,450.13 were approved, this included $11,785.66 to Consumers Power Co. for the purchase of bulk power; $1,740 to Arthur Ranger for the property on Mason st utilized as a parking lot and a payroll of $7,612.16.

Kiwanis Hear Lebanon Report

Army Pvt. Lionel O. McClanaghan, son of Mr. and Mrs. Lionel McClanaghan, Charlevoix, has completed advanced training at Fort Hood, Tex. The 17-year-old soldier entered the Army in June 1963 and completed basic training at Fort Knox, Ky. He is a 1963 graduate of Charlevoix High School.

'TAKE YOUR MEDICINE'

Seniors Present Play

Charlevoix high school seniors will present the three act play "Take Your Medicine" to the public Friday, November 22.

Wednesday, November 20, Elementary School students will see the dress rehearsal edition of the play.

* * *

THE CAST has been selected and is rehearsing regularly. "Take Your Medicine" is a farce written by Felicia Metcalfe.

It tells the story of Bill Jackson, (Robert Odmark) Doctor of Philosophy and a college professor, and the jam he gets himself into when his fiance, Angela (Terry Nielsen), introduces him to her wealthy, cranky uncle (James Stewart).

The uncle, Mr. Dodson, likes medical doctors but is strongly prejudiced against professors.

When he meets Bill, whom he thinks is a surgeon, he promises to give Angela and Bill $50,000 for the first life Bill saves. The resulting emergencies that arise when the young couple decide to carry out this hoax results in some hair-raising, rib-splitting fun.

* * *

A HOSPITAL room is the setting for 'situation' comedy with Mr. Puckett (Richard Getz), another patient; Miss Holt (Susan Pearl), the hospital superintendent; Patricia Pryor (Diane Phelps), Mr. Dodson's nurse; Lottie (Linda Nowland) and Dottie (Judy Walker) two pretty nurses, and Jack (Gary Moore), the orderly, playing major roles.

Others in the cast are Miss Puckett (Beth Ann Boss), Mr. Puckett's disagreeable older sister; Dovie Finkledink (Teri Freedman), a lixy old maid, and Dodie Blake (Mary Harrison) a student nurse.

Biz Kroese plays the role of a hospital visitor and Betty Reynolds the part of the little girl. The role of Mr. Hootendyke will be played by Peter Ance; Tom Hawley, the worried man and Janet Schroeder and Carol Klooster, the two old maid friends of Miss Finkledink.

LESLIE LYONS will be the student director; Tom Hawley the student producer, and Joan Ochs, the stage manager.

The play will be produced and the direction of H. E. Bingham Don Carey and Dr. and Mrs. William Ratigan.

At Michigan Tech

Irving Drost, Jr., has enrolled Michigan Tech, Houghton, for the 1963 1964 academic year, according to T. C. Sermon, registrar. Drost, a freshman mechanical engineering major, is a graduate of Charlevoix High School and the son of Mr. and Mrs. Irving Drost of Route 2, Charlevoix.

Brothers Attend

George Majors, sophomore music major, and Howard Majors, freshman, sons of Rev. and Mrs. George L. Majors, 204 West Hill, Charlevoix, are students at Anderson (Ind.) College, a church of God - sponsored campus.

RAYDERS ARE CO-CHAMPS

A comparatively light Charlevoix Rayder football squad Friday night wrapped up a share of the 1963 Northern Michigan Class C title by trimming the Mancelona Ironmen 25-7 following a scoreless first half.

The Rayders, considered too small and slow to be a serious threat when the season opened, lost only to this year's co-champions, East Jordan, by a 12-6 score in the second loop game of the season.

* * *

THE JORDANITES ONLY loss was a 19-0 shutout by an inspired Gaylord Blue Devil squad.

Though the Mancelona Ironmen were playing without seven regulars, all out of the lineup with injuries, Coach Matt Jacobson's scrappy eleven kicked off to Charlevoix, recovered an early fumble but lost the ball when they were offside.

The Rayder drive took them from their own 25 to the Mancelona 37 where they were forced to punt.

This was typical of the first period action, which was confined between 30 yard lines.

* * *

THREE PASS INTERCEPTIONS marked the action in the second period, though Charlevoix did march to the Mancelona three only to be set back to the 16 on a penalty. Mancelona took over at this point after the Rayder offensive bogged down.

The second half, however, turned into a rout as Charlevoix scored three quick touchdowns to go ahead 18-0 with 5:39 remaining in the third period.

Mancelona kicked off to Charlevoix with Dave Smith returning the ball to the Rayder 34. With Smith, Ken Parrish and Jack Stockwell carrying, the local eleven moved the ball to the Mancelona 31 in three plays.

Parrish, displaying some excellent broken field running, came through behind several key blocks to put Charlevoix ahead for the first time with two minutes gone in the third period. Larry Edwards' kick, buffeted by the wind, was wide.

* * *

EDWARDS KICKED OFF but an offside penalty forced a second kick-off, this time from the 45 yard line. Mancelona returned the kick to their own 44.

On the first play from scrimmage, Smith intercepted a pass on the Rayder 45 and rambled 55 yards to score after several key blocks took out the opposition. Edwards' kick was again wide as the score stood at 12-0 with the clock at 8:54.

Edwards' kick-off was fumbled with Charlevoix taking over on the Mancelona 33. Smith, Stockwell and Parrish moved the ball to the two yard line. Terrill pitched to Brendan LaBlance for the third tally at the 5:39 mark. Again Edwards' kick was wide and the score remained at 19-0.

Mancelona took the kickoff but failed to move the ball and were forced to punt with Charlevoix taking over on their own 13.

On the next play Smith romped to the Mancelona nine before being caught from behind. The Mancelona defense stiffened with Charlevoix forced to give up the ball on the Mancelona three after four tries.

* * *

THE IRONMEN, WITH THE aid of a Rayder penalty, moved out to the 23 as the period ended.

A long pass moved the ball to the 45 yard line as the game went into the final period. Two plays later Andy Carey halted the Mancelona march by intercepting a pass on the Charlevoix 30.

On the first play, Charlevoix fumbled but recovered on the 30 yard line. They also fumbled on the next play, losing two yards to the 28. After an incomplete pass, Charlevoix punted with the ball being downed on the Mancelona four yard line.

On the first play from scrimmage, a mix-up in the backfield caused a fumble with the ball rolling into the end zone where LaBlance fell on it for a touchdown with 8:44 remaining. This time Edwards' kick was good to make the score 25-0.

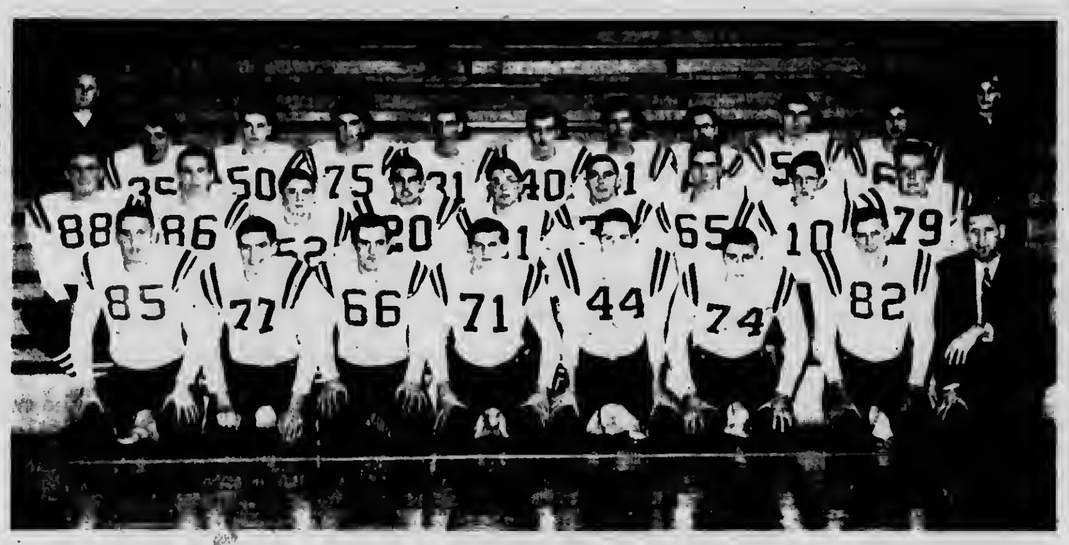
* * *

WITH CHARLEVOIX'S LINE-UP changing on nearly every play, Mancelona took the kickoff and punted after picking up necessary yardage.

Charlevoix failed to move and punted with the Ironmen returning the ball to the 32 where they started a march which carried them to the 15 where Ron Grody passed to Barry Mocke for Mancelona's lone tally with 23 seconds remaining on the clock.

The game ended with Mancelona intercepting a Rayder pass at midfield.

Starting for Charlevoix were Del Terrill, Dave Smith, Jack Stockwell and Ken Parrish in the backfield; Bruce Kroken and LaBlance, ends; Doug Winnell and Ben Cunningham, tackles; John Ochs and Lewis Poole, guards and Dave Novotny, center. Others who saw action were Nick DeYoung, Larry Edwards, Steve Kroll, Bob Odmark, Tom Maxwell, Steve Wilson, Rex Milligan, Larry Messmore, Richard Getz, Andy Carey, Randy Carey, Jim Stewart, Ted Weidman, Paul Lambert and John Ferguson.



CO-CHAMPIONS. The Charlevoix Rayders finished their 1963 Northern Michigan Class C Conference season as co-champions with East Jordan with identical 6-1 league records. Members of the team, front row are B. LaBlance, B. Cunningham, L. Poole, L. Messmore, J. Stockwell, D. Winnell, R. Kroken and head coach Don Carey. Second row: J. Stewart, R. Carey, D. Novotny, Dave Smith, Del Terrill, Rick Grunch, J. Ochs, N. DeYoung and P. Lambert. Back row: manager Larry Martin, L. Edwards, R. Odmark, R. Getz, K. Parrish, S. Kroll, M. Bergom, S. Wilson, T. BOYNE PLAYS IN SNOW

East Jordan's First Loop Title Since '52

The Northern Michigan Class C league wrapped up its 1963 season Friday with Charlevoix, the defending champions, and East Jordan Red Devils sharing the crown in the eight-team league.

Sharing the title in nothing new for these two teams. In 1948 and 1949 they were co-champions. East Jordan last held the title in 1951 and 1952.

* * *

IN ITS FINAL game East Jordan dumped Pellston 25-0.

Harbor Springs shut out Gaylord 12-0 to finish second, and Boyne City edged Grayling 13-6 to end up in third place.

At East Jordan, the last place Pellston Hornets held the Red Devils to a single touchdown, scored by Don Wilson on a 20 yard run and a conversion kick by Fred Malpass in the first half.

In the second half, however, the Jordanites hit their stride, with Wilson scoring on runs of four and seven yards after Pete Zoulek had intercepted a pass to set up the second touchdown. Malpass added the final TD on a 10 yard excursion around right end.

* * *

PELLSTON, HANDICAPPED by injuries, never threatened.

The Harbor-Gaylord game, played on the Rams field which was partially inundated, was the closest game of the night with the Blue Devils making three goal line stands as they held the Rams to two touchdowns. The first came midway in the first period on a three-yard plunge by Bernie Corpe. The second scoring play came late in the game when big George Kilborn bucked over from the nine.

The game was marked by countless fumbles as a result of the cold and rain.

Despite the sharp change in the weather, the Grayling-Boyne City game was the only one played in the snow.

* * *

WHILE SNOW, buffeted by high winds, made it impossible to see the length of the gridiron at times, Boyne City scored twice in the half after Grayling had gone ahead 6-0 in the period on a 30 yard pass play from Bill Joseph to Gary Lucksted.

Early in the second half Boyne's Tom Basanese picked up a loose ball following a tumble and went 70 yards to tie the score. John Braun put the Ramblers ahead for the first time with a conversion run.

Braun later scored from the five-yard line following a sustained drive which started on the Rambler 40.

Area Fishermen Unjustly Hurt In Poison Scare

THAT BIG GOVERNMENT and dignity for the individual citizen are incompatable has been frustratingly demonstrated in recent weeks by the mishandling of the botulism scare.

Perhaps in all sincerity, distant health service technicians have created such a mish-mash of headlines that the public is scared stiff of any kind of Great Lakes fish. To even laymen it is immediately evident this fright is unwarranted.

* * *

WE DON'T CLAIM TO BE medical technicians. But we do know that only a small amount of concern is justified. Only some smoked fish are involved.

However, because government bureaucrats went into action without fully realizing what they were doing to men like John Cross, Jake White and James Driggett, fish peddlers cant' even move fresh and frozen fish.

Had these government officials been close enough to the people they might have understood what they were doing to these hard working Charlevoix fishermen.

The Courier frankly doubts anyone works harder, or invests more for every nickle of profit than Charlevoix's last handful of commercial fishermen. These men deserve better of their government than to be tossed out of work - and even threatened with the loss of major investments.

* * *

UNFORTUNATELY, HISTORY tells us in gruesome pictures what happens when government becomes centralized and detached from the "little" people in the villages.

The bureaucrats, sitting at comfortable desks, are not effected by the hardships Charlevoix fishermen endure to eek out a living on the big lake.

Were they concerned enough, or understanding enough to know the hardships of commercial fishing for the stout-hearted few who still stick with it, their decision would, undoubtedly be different.

Before alarming the public they would make an exhaustive effort to see that people fully realize only a small quantity of smoked fish are involved.

* * *

THAT THIS CAN BE DONE—and should have been is evidenced by the caution displayed in promoting safe driving. We have yet to see the government discourage anyone from buying an automobile, just because there is a risk involved.

The impact of the auto industry on tax income and votes makes it worthwhile for government to use good judgement.

Maybe they don't look very important in the overall scheme of things, but Charlevoix fishermen deserve equal consideration from their government.

We can commend State Representative Don Gordon for his attempt to set the record straight.

* * *

PERHAPS GOV. ROMNEY could have calmed the public's jittery nerves when asked, by Gordon, to do something. But as it appears from here Romney wasn't concerned enough with the lot of a few hard working men along the lake Michigan coast to put much effort into the job. Creating another bureaucratic task force, on the other hand is always an easy solution for a government that's grown too big for its britches.

Sports Program Benefits Us All

THOUGH WE SELDOM come right out and say so, it seems fitting that everyone applaud the many young people and grownups involved in Charlevoix High School's football season.

That the boys played with their hearts, and in doing so surmounted all pre-season predictions, is, in itself, worthy of everyone's appreciation.

* * *

BUT THERE IS MUCH more to a high spirited football team, and enthusiastic community following.

We can't overlook head coach Don Carey and his assistants. Though boys will be boys, it took hours of dedicated harrassment, nurse-maiding and patient instruction and physical exertion from the mentors to produce a top notch grid squad.

Not to be given a second place rating is the band. Charlevoix has one of the finest high school musical teams in the state. To think for a second bandsmen and director C. A. Odmark don't put forth at least as much effort as football players would be a grave injustice.

There are also the announcers, score keepers, team managers, and others who cannot be overlooked in handing out due credit.

And for those who think high school sports are a "frill" we would recommend they spend a few months in a community where there is little popular support for the football and basketball teams. They will find a community that's lost, or losing its pep.

If, indeed, a good sports program is a frill, then so is an active Chamber of Commerce and fresh air.

Get Your License Tabs

THIS IS PROBABLY A WASTE of ink. But there's a little left, so we'll remind you the time to get your 1964 auto license plate tabs is NOW.

It isn't going to gain Secretary of State branch office manager George LaBlance one dime if you get your tabs now, instead of two hours before the deadline. However, you're sure going to save yourself a whale of a lot of discomfort.

WHEN YOU SEE THAT impatient last-minute crowd standing in line you'll congratulate yourself for getting ahead of them.

Odds 'N' Ends

It went thata way . . . on gale winds out of the northwest . . . some way to start a new month. . . What am i talking about? That beautiful Indian summer weather to which we all became so accustomed . . . but then, it is Nov. 1 and we have to expect this type of thing if we want to live in God's country . . .

And speaking of Nov. 1, it's time to mail packages to civilians overseas—unless you want to send them all airmail, and at present rates, you won't be able to afford a gift . . . so get with it . . . And you'd better start now planning that package to your overseas serviceman . . . Christmas seems a long way off but it's not really . . in fact, as you read this it's less than seven weeks away . . . You don't believe me? . . . Take a look at the calendar . . . Time's a-fleeting . . .

* * *

A CALL THE OTHER day from Mrs Gerald Gibbons that a snowball bush in the McCann yard at Bridge and Upright was in bloom . . . and Mrs. Robert Bergmann came by with raspberries from Walt Harvey's berry patch . . . But that's alt history now, I'm sorry to say . . .

After the Courier came out last week, Mrs. Dan Geneit called to say she was $2 poorer than she might have been . . . just because she hadn't bothered to check . . . She had two Couriers, one dated Oct. 14, 1914, and tre other Mar. 10, 1915 . . . which would have brought her the prize offered for the oldest Courier.

Hallowe'en's come and gone and more kids I've never seen . . . They came in droves, big ones, little ones, middle-sized ones in costumes of every description . . .But the cutest and most unusual "tricker and treater" was Sugar Babe, a gray poodle complete with French beret (what else?), red coat and red-rimmed dark glasses, looking as cute as the well-known button . . . Don't know who was enjoying it the most, Sugar Babe or his mistress, Mrs. Robert Miller . .

* * *

A 'WELL DONE' to that Rayder squad of ours . . . when they started the season, everyone knew it couldn't be done but somebody forgot to cut the team and Coach Carey in on the deal . . . A case of ignorance being bliss, one might say, for they've made everyone happy and proven that if you go out and battle for what you want, you're pretty apt to get it . . . .

Had a chat the other day with Mrs. Clarence Murray who's still on Cloud Nine after the family's wonderful trip to California to visit the Bruce Barbers . . and the trip to Disneyland, a highlight of the trip . . . While there the entire party visited one of the Bell Telephone Co. rooms known as the Chatterbox booth and enjoyed a conference visit with the Murray's daughter Mrs. Cass Russell on the occasion of her birthday . . . without even one receiver . . . This modern age is something . . .

Beaver Island wil never be the same with the loss of its oldest resident, John W. Green . . . Like many mainland residents, I had known him for years and years and often heard him tell of his boyhood on the island not too many years after it was a Mormon stronghold.

* * *

UNLESS YOU KNEW a little about the Island, you wouldn't believe the stories he'd relate, the hardships these wonderful people endured and life on an island which might have been an ocean away instead of just 22 miles from the mainland . . . Today, calypso is the thing . . . but Mr. Green knew songs about island and area incidents which we call folksongs . . . that I'm sure date away back before the days of modern calypso . Don't know if you knew this but people from many state universities and the historical society made records of these for posterity . . .

ONE OF HIS BOASTS was the fact that he had seen navigation change from the sailing vessel to the steamboat and to the atomic-powered ship on which one of his grandsons served and crossed the North Pole . . . Tho' in his 90's he maintained an interest in everything from his family to world politics . . . And when he arrived at the pearly gates as I'm sure he did there was a big reunion of islanders . . . what islanders?

Why, Beaver Islanders, of course, for there's no one on this earth like 'em . . . and I, for one, wouldn't want it to be any different . . .

'Til next week, take care . . .

A Lift for Living

Are You Undecided? Make Up Your Mind

By REV. HAROLD E. KOHN

We are all limited creatures. Nature has imposed upon us restrictions that are physical, mental and spiritual. We cannot be everywhere at once, so we must choose what purpose we will serve if our abilities are to be used effectively. And the most religious person in the world cannot give wholehearted devotion to all the gods that claim to be true. He must choose his God.

Joshua, who succeeded Moses as leader of the ancient Israelites, saw his people wavering between worshipping the gods of their pagan neighbors and giving their complete loyalty and obedience to the Eternal One. Joshua demanded an end to indecision: "If you are willing to serve the Lord, choose this day whom you will serve, whether the gods your fathers served in the region beyond the River, or the gods of the Amorites in whose land you dwell; but as for me and my house, we will serve the Lord."

* * *

JOSHUA REPRESENTS the way life treats us, insisting that we make bold and binding choices, one way or another, concerning vital issues. Will you follow false gods or the Eternal God? Will you choose comfort and ease or effectiveness? Will you be a dritter, or will you choose a purpose by which to live? Will you live in a self-centered fashion, or spend yourself liberally, making the most of your best for the sake of others? Life commands "Make up your mind!"

The inescapable nature of decision-making is seen in the fact that even hesitation forms a kind of choice. Indecision is often decisive. If we cannot make up our minds, life's major issues will be settled for us anyway, one way or another, and postponement of a choice frequently makes the final result a tragic one.

A rower, floating down the Niagara River toward the brink of the falls, may be indecisive. Enjoying the scenery, he hesitates to row into shore. But knowing that the falls is less than a mile away he feels he should soon move to safety. Caught between two desires he does not decide. Yet his indecision is decisive, and he dies at the foot of the falls as surely as if he had determined to commit suicide there.

It a person cannot make up his mind whether or not to live the life of faith, his indecision decides the issue, for whether or not he makes up his mind, he is certain to make up his life.

* * *

EVEN WHILE HE postpones a decision as to what he will think, he must live one way or another every day. He will live as if the Power behind the universe is indifferent to man's need or as if that Power can best be thought of as Father, as if religion is a drab business and a chore, like emptying ashes, to be practiced for one hour on Sundays and then forgotten, or as if religion is a call to life's highest adventure of going places with God.

We can sometimes wait to make up our minds, but we must make up our lives daily. Everyone is confronted with that necessity.

The primary decision, to which all other choices must conform is this: "What do I want to be?" We can then decide what to do in the light of what we want to be. Joshua's question was deeper than "What are you going to do? Worship foreign gods?" It really meant "What are you anyway? Pagans? No? Then act like God's children."

It we delight in being the sons of the Sovereign Ruler of the Universe, we will choose to act like princes.

Cadillac

NO NEED FOR A HEAVY FOOT!

When you first take the wheel of a new 1964 Cadillac, you're going to be amazed!

For this latest "car of cars" has attained a level of performance you have never before experienced. To be sure, there's greater smoothness and quiet. There is also increased agility and handling ease. And, above all, there's added power, acceleration and responsiveness. There is no need for a heavy foot in this dynamic car!

Cadillac's new performance is the result of many advancements throughout the power train. The engine is new—*and it is the most powerful in the car's history.* The famous Hydra-Matic transmission has been redesigned to provide the most responsive operation of all time. And a new Turbo Hydra-Matic on some models assures true brilliance of performance.

All in all, Cadillac is more than a hundred ways new. Its new styling is elegant as never before . . . with a divided grille that makes it unmistakable on any highway. Its interiors are unusually luxurious. And its new options include an exclusive Comfort Control* that lets you pre-set interior temperature exactly to your liking—and hold it season to season—while at the same time controlling humidity.

Visit your dealer soon and get ready for a surprise!

OUTDOOR RAMBLING

with Glen Sheppard

VIEWING DEVELOPMENTS IN Lansing from this beauty spot in the northland, there seems to be trouble brewing for the future of the outdoors.

If the palaver you piece together from small talk with conservation field people, the occasional politician who stops by and the big city press is correct, "conservation" may soon be a forgotten force in Michigan.

* * *

THE EFFICIENCY EXPERTS seem certain to recommend to Gov. Romney that the Conservation Commission and department, as such, be abolished. The Conservation Dept., from all indications, will be tossed in with a few other agencies to form one big organization, all at the direct mercy of the governor's political temperament.

There could be advantages to this. It might save money. But it will not save the outdoors!

The best example of this is the Water Resources Commission. Created to enforce Michigan's pollution laws, the commission has, time and again, administered its job according to political dictates.

* * *

THIS IS HARD TO SEE from Northern Michigan But look at the corrupted steams and lakes, including Erie, in southern Michigan.

Had the commission cracked down with the full fury the law gives it, much of this pollution would have been avoided. But, depending on the votes, economical considerations, etc., it was sometimes found politically expedient to soft pedal anti-pollution enforcement.

Consequently southern Michigan streams, that once rivaled those in the north, are now clogged with filth.

Had the Conservation Department been given the job of pollution prevention as it should have been the record indicates these streams and lakes would have been saved. Undoubtedly some politicians would have been sacrificed. Some communities would have lost small industries. But Nature would have held her own.

* * *

TURN THE ENTIRE JOB of conservation over to politically controlled powers and the future of our fish, game, forests, and all wild things will be similary threatened.

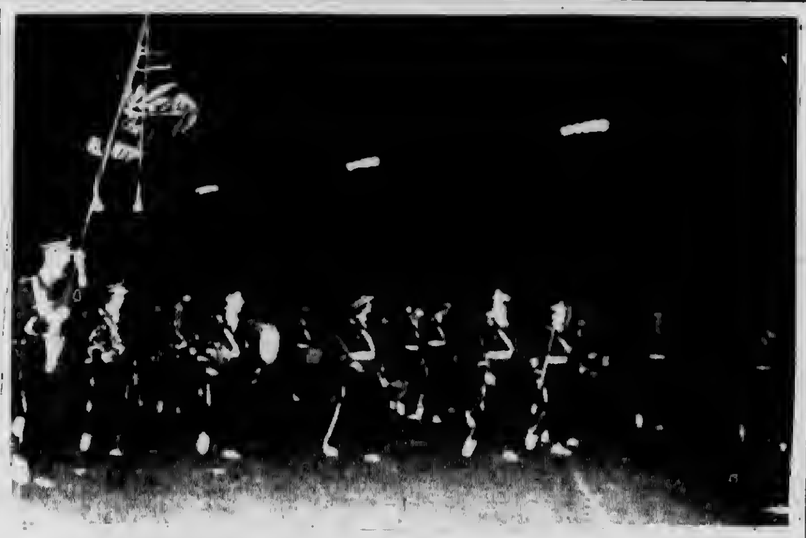
If an industrial concern or tourist business wants to rip the trees from Charlevoix's nearby portion of the Pigeon River State Forest they would, probably, get the go-ahead under the proposed system.

It's hard to put a dollar value on fish and game management, and unmolested stands of semi-wilderness. But it's easy to see the immediate dollar returns from a new plant, or resort. Politicians and businessmen aren't concerned with "idealists" who are prone to worship Nature more than dollars.

The Conservation Dept. has done a remarkable job of resisting, political pressure. Though far from perfect, let's not ruin it by making it another political pawn.

FIRST IN THE WORLD

Michigan will have a ski industry first when its winter sports season opens The new Boyne Highlands resort near Harbor Springs is installing two triple-seat chairlifts, first of their kind in the world. Each has a carrying capacity of 1,800 skiers per hour. Trying out the new Highlands' lift are Charlene Williams (left) and Mary Lynn Hartwell, both of Boyne City, and Larry Middleton of Lake Orion.



LAST MARCHING SHOW — Charlevoix High School's band made its last complete marching appearance at the football game three weeks ago. When the band came on the field at halftime Friday it was greeted by a sudden blast of hail and rain that drove it, and spectators, to cover. However, Wednesday, November 13, the bandsmen make their first concert appearance of the season in the high school. (Courier Photo)

Pressure Cooker Kills Toxin

What's all the recent fuss about botulism? Clare Brown, Charlevoix County Extension Agent, Home Economics, says that home economists have been promoting pressure cooker methods of canning non-acid vegetables to alleviate this danger for years!

Botulism is the disease caused by the toxin in food of the botulinum micro-organism. This organism lives in the soil and will not grow in the presence of free oxygen. However it produces spores that are so resistant to heat that only prolonged boiling will kill them.

* * *

FIVE TYPES of botulism, A, B, C, D, and E have been described, she explained. Each produce a specific toxin but similar symptoms in animals and man or both. Each require a specific anti-toxin. Type A, B and E have been found in out breaks of food poisoning involving man. Type B botulism in man have been associated with canned fish products.

Commercial canneries have early recognized the danger of botulism and took steps to control the disease. In fact until the tuna outbreak last winter there had not been a case of botulism from commercially canned foods since 1925, according to the Encyclopedia Britannica.

Most botulism in the United States is caused from home canned foods. Of 183 outbreaks of botulism in the U.S. from 1899-1949, 98 were traced to string beans. Only three were commercially packed.

Usually it is the wife in the family that develops botulism, the home economist declared. If she opens a can of food of which she is doubtful, she tastes it in the jar. Actually the botulism toxin is rapidly destroyed at a heat of 212 degrees. Therefore, no one should taste a home canned non acid vegetable without boiling it for several minutes.

* * *

FORTUNATELY foods in which the botulism organism has grown have an abnormal odor and taste. Also the cans are sometimes swollen. Foods which exhibit these characteristics or are in swollen cans should be discarded.

We have really everything in common with America nowadays, except, of course, language.

The Ironton Scene

C. R. STOKES

517-2141

Mr. and Mrs. William Matzinger have arrived at their winter quarters in Florida.

Miss Kay Kroll has been down with a touch of the flu and we hope she will be up and around when she reads this.

The Hallowe'en party at the Ironton church last Thursday given by the Pilgrim Fellowship was a great success. 16 teens attended the party and dance.

New car fever has hit Ironton with R. Williams, B. Campbell and the Ed Beene's sporting new 64's, as well as Joe Howe with a new wagon and Sam Alexander with a new Sedan.

Mr. and Mrs. Hugo Mathinson have returned to their home in Lansing for the winter.

Mrs. Leana Wright has gone to Cinn., Ohio for the winter.

Guy Smith's face injury of three weeks ago has healed nicely and he hopes it won't be long till he can really bite into a steak again.

This coming Sunday at the Ironton Congregational Church the Pilgrim Fellowship will conduct service. C. R. Stokes will give the sermon - "Worship".

Steve Kroll went to Lansing Saturday to take in the Michigan State football game.

Mr. and Mrs. Max Dajawonkz were visitors to the Ironton area last weekend. Max is the son of Bill and Irene Dajawonkz of Villa Nuava.

A fire in the garage of Ada and Glen Williams last Sunday caused only slight damage.

Michigan is the state where they flew bombers straight from the assembly line to the battle line, where they manufacture everything from automobiles to xylophones, where they put you in a bus to tour an industrial plant because it's as big as a city the state whose shoreline is as long as our Atlantic coast and longer than our Pacific coast.

Clark Community

Mrs. William Parsons

Weekend guests at the Wm. Jolliffe, sr., home were William Jolliffe, jr., and son Gregory, Robert Jolliffe and son Bobby all of Kalamazoo. They came for hunting.

Sunday dinner guests at the Wm. Pearsons home were Mr. and Mrs. Archie Murphy, Mrs. George Parsons of East Jordan and Mr. and Mrs. William Jolliffe, sr.

William Parsons was in Lansing from Monday thru Wednesday of this week serving on the State Resolutions committee in preparation for the annual meeting of Farm Bureau Nov. 11, 12 and 13.

Dinner guests Wednesday at the Clarence Way home were Mr. and Mrs. James Fields of Detroit, Mr. and Mrs. Carl Peterson and Mrs. Esther Barber of Cadillac and Mrs. Marie Norman of Manton.

In Our School

(Prepared by the Students and Faculty)

During the past few weeks, Mrs. Helen Richards' sixth graders have been learning about terrariums.

A terrarium is an "indoor garden" in which plants can be grown throughout the year. Some are simple and the size of a cup; others range in size from pint to gallon jars, fish bowls and one was completely made from pieces of glass taped together with adhesive.

* * *

WE HAVE FERN, bog, woodland, grass, bird's nest, moss and toad stools. We watch every day to see what interesting things are happening. So far we have discovered small snails, earth worms and insects. From the bird's nest we have discovered plants starting to grow.

Things right around us have proved exciting and we did not need to search far and wide to get started.

Students who have participated in the project are Laurel Agee, Charlotte Beddow, William Bergmann, Darlene Cunniogham, Connie Drost, Kay Fiedorek, Nancy Foehtman, David Foehtman, David Gill, Mari Jo Goss, Penny Henley, Eric Hillman, Laurie Lyons, Rhonda Northcutt, Roberta Pearl, Vicki Potter, Peggy Rader, Larry Sanford, Robert Sehofield, Ronald Simpson, Judy Six, Wendy Skelton and Michael Wood.

FARM BUREAU BEAUTY — Mary Ann Cummings, right, was selected to represent Charlevoix County as "Miss Farm Bureau" at the Annual Michigan Farm Bureau meeting in Lansing Nov. 11. Judges picked Mary Ann from these four girls, left to right, Cathy Himebaugh, Judy Warner, Pat Healey and Mary Ann. Judging was done by Mrs. Grant Hastings, Mrs. Richard Wieland and Rex Milligan at the Fred Willis home on Dixon. County Farm Bureau co-chairmen of the contest were Mrs. William Parsons and Mrs. Thomas Wieland. Doris McBride was last year's Charlevoix County "Miss Farm Bureau."

Sheriff Reveals Full Scope of Operations

Sheriff Glenn Rose has released a detailed account of his department's activities to the Board of Supervisors.

Rose's report was heard by the Sheriff's Committee of the board. The committee is responsible for recommending the Sheriff's annual budget to the full board.

* * *

THE COMMITTEE, recommended, and the board approved, a $500 increase in the Sheriff's annual budget, raising it to $30,223.

Rose justified the increase, and proposed an even bigger hike, with the following breakdown of the department's activities from Jan. 1 to Sept. 30, 1963:

125 prisoners, 5,173 meals served prisoners, 219 dog summons served, 83 days work on dogs, 456 animal complaints, 186 dogs killed by warden, 21 dog bites investigated, 39,500 patrol car miles driven, 68 traffic accidents, 5 traffic fatalities, 202 boat inspections, 1,283 drivers licenses processed, 241 fox bounties, 94 gun registrations, 219 persons finger printed, 7 gun board meetings, 9 drivers license appeal board meetings, 362 crime investigations, 63 liquor inspections, 4,616 daily log entries, 8,192 radio log entries.

* * *

IN ADDITION, the department attends Justice, Circuit, Juvenile and Probate court. It also tries to be present at all rural fires, Rose pointed out, and transports prisoners to out-of-county jails, and supervises their work at the Court House and Grandvue.

The recent decision to cut State Police troopers to a five day work week has "put a lot of work on our shoulders", Rose said. "I never realized how much they helped us out, and still do, but there's a lot more for us to do now."

The Sheriff's Dept. operates with one car, one deputy, one turnkey and a combination dog warden-deputy.

Rose declared the breakdown only hit on the highlights of his operations, missing most of the routine work.

Grandvue Report

Mr. L. D. Tompkins, Boyne City died Oct. 14. Mr. Lyle Kowalske of Boyne City expired Oct. 16 and Mrs. Bertha Cook of Boyne City on the same day.

Mr. Ernest Reinhardt of Boyne City returned to his home Oct. 14. Mrs. Nellie Hoosier of Boyne City was admitted Oct. 19 and Mrs. Sylvia Gilson of Charlevoix was admitted Oct. 18.

Rev. R. McBratnie of the Methodist Church from Green Sky Hill conducted the services on Oct. 20 and Rev. Lester Wasoski of the Grace Baptist Church in East Jordan was in charge of the Sunday evening service Oct. 27.

Mr. and Mrs. Norman Whiteford of Traverse City visited patients at the Facility on Sunday.

Mr. and Mrs. Stanley Baker and Mr. and Mrs. J. C. Marshall of Mt. Pleasant visited their grandmother, Mrs. Emma Sutton this past weekend.

Our thanks to St. Ann's Altar Society of St. Joseph's Church in East Jordan for a gift of cookies.

The brotherhood of Locomotive Engineers was founded in Marshall in 1863 and soon became one of the leading organizations of the labor movement.

One of the world's largest unions, the United Automobile, Aircraft and Agricultural Implement Workers of America, AFL-CIO, was founded in Michigan in 1935.

No Draftees In November

The Charlevoix County Draft Board has released the names of the three registrants called for preinduction physical examinations Nov. 12, according to Mrs. Mary Bourgoin, clerk of the board.

They are Clinton C. Comstock of Charlevoix, who now resides at Otisville, and Albert F. Peters, Jr., and Richard H. Dunsmore, both of Boyne City.

* * *

THERE WAS NO draft call for November.

Ten men will be called for preinduction physicals in December. The names of the men to be called will be selected at a meeting scheduled for Nov. 12. The county did not receive a draft call for December.

Kiwanis Club Inspires Bizarre Invasion

The pictures on the left show what can happen when the Charlevoix Kiwanis Club takes a hand in things.

About midway through the lunch hour Thursday downtown business people and shoppers found this conglomeration of witches, goblins, devils, cats, hobos, etc., etc., etc., decending on them.

* * *

ELEMENTARY SCHOOL TEACHERS—some of them in costume—were in command of the invaders, and the High School reserve band was at the helm.

The grade schoolers attended a free movie, courtesy of the Kiwanis club, in two shifts during the day.

After the sun went down Thursday evening they reappeared to launch their traditional Halloween "trick or treat" attack on generous Charlevoix households, where adults generally enjoyed the game as much as the kids.

There were reports of as many as 250 youngsters calling on some homes.

* * *

POLICE REPORTED NO major disruptions, or ruthless pranks to the Courier.

And, with a misty rain falling, and a moon that only occasionally showed through the clouds, it was a perfect night for witches and goblins.

Mr. and Mrs. Frank Smith spent a weekend recently with their daughter and son-in-law, Mr. and Mrs. Paul Bennett and family of DeWitt.

Saturday luncheon guests of Miss Beth Ann Boss were: Terri Oldham, Sherry Root, Donna Korth, Melody Kimble and Maria Kroeze, Holland exchange student.

"LET ME PRAY"

... 'Oh, Lord!' — in simple words that are full of meaning. Let me say The Lord's Prayer every day with a fearless and grateful heart.

With a sense of Divine concern for daddy, and mummy, and sister, and all our friends — let me ask that thine ear be open and that you will hear me, Father. *Thou hast commanded me to come as a little child; to be humble as a little child; to have faith as a little child.* Here I am, so please bless me and make me one of thine own. Bless our pastor, and our church and help us to grow in the grace and knowledge of God.

With firm faith that sees beyond the failures of men — Father, you have *let me pray.*"

"In the Heart of the Resort Country" — Charlevoix County's Largest Newspaper

VOL. 66, No. 48 | 12 Pages | LI 7-6558 | CHARLEVOIX, MICHIGAN, THURSDAY, NOVEMBER 14, 1963 | 10c a Copy | In County $3 a Year

THIS CORNER FOUND itself in disagreement the other day with a knowledgeable community leader who objects to Gov. Romney's tax plan because it would disinherit a few offsprings.

This fella sincerely believes it is a dastardly thing for the state to take a couple's property when they die, in lieu of property taxes not paid during retirement.

Though I can see plenty of objections to the governor's tax package, this one leaves me cold.

Why in blazes should anyone leave this earth with any physical assets they haven't used up? What gets into people that they will heal their brains out during the years they could be enjoying life so they can stockpile enough money and property to leave some for the kids?

"The noise of men lead lives of quiet desperation," our friend Thoreau once pointed out. Surely, this is what he had in mind.

Why don't we figure we're leaving our youngsters a tremendous inheritance if we've done our best to show them how to preserve their individual responsibility and liberty?

Rather than dread not leaving any bank account for our children, why not object to confiscatory income taxes and big government's lust to control and regiment your son's destiny?

It might also be pointed out that weak people will always use the fact that others "inherited" their good fortune as an excuse for being down and out.

It will weigh heavily on my conscience if my parents have anything left when they're gone.

If we can't make our own way, we don't have it coming. If they've earned theirs, let them enjoy it.

THIS GUY RIPLEY seems to have been partial to the Charlevoix area.

Earl Young was in the other day with a pamphlet pointing out Ripley claims our Pine River "is the shortest river in the world, and the only river flowing in both directions."

From reports we get, and personal observations, it appears the Pine River is also too shallow and could use some more dredging.

At least two coal barges have run aloul of the bottom in the last couple weeks trying to get in and out of Round Lake. One of the barges was even reported to be empty.

THE COURIER'S oldest subscriber, Grant Ferguson, is getting pretty well known due to a piece that appeared here recently.

CC ASKS WHY

Charlevoix is Ignored Along Interstate 75

By GLEN SHEPPARD
Courier Editor

A northbound traveler on the just completed Ohio-to-Soo expressway won't have any trouble finding his way to such four-corner stops as Frederick, Lewiston, Mio, Atlanta, Waters, etc. But he's on his own if he's interested in coming to Charlevoix.

Attention demanding green-and-white signs along I-75 make a point of sending people to these small communities.

* * *

BUT NEVER A MENTION is made of Charlevoix, which not only is considerably larger and has status as an incorporated city and county seat but is also recognized nation-wide for its harbor and beauty.

Not unjustly, East Jordan gets mention on a couple of the I-75 signs. And no one's arguing that East Jordan deserves the distinction.

However, there is plenty of disagreement brewing over Charlevoix being completely ignored by State Highway Dept. sign crews.

Chamber of Commerce Secretary - Manager Dean Davenport wants to know why Charlevoix is out-ranked by so many "lesser" towns.

* * *

DAVENPORT SAYS HE can see no justification for Charlevoix being ignored while towns like Mio, Cadillac, West Branch, and others that are just about as far off the expressway, get mentioned.

There are indications the Highway Dept. has considered signs for Charlevoix. The Courier recently received a letter from the department stating that there are "Charlevoix" signs at I-75 and M-32, and I-75 and US-31. The newspaper checked to see if the I-75 and M-32 sign was in place at Gaylord. Instead it found a new sign directing travelers to East Jordan.

Davenport reports he has been informed there is no Charlevoix sign at the I-75 exit at Vanderbilt.

* * *

THE HIGHWAY DEPT. has completed dual signing of M-66 and M-32 from East Jordan into Charlevoix.

Davenport contends this will be helpful because it gives drivers a continuously numbered route from Gaylord to Charlevoix.

However, they still do not see a road sign that directs them to Charlevoix until making the complicated crossing of US-131 and M-32, he declares.

The sign there is a small, black and white sign that reads "East Jordan 15 Charlevoix 29." Charlevoix gets the bottom position on the sign.

* * *

DAVENPORT ALSO CALLED ON Charlevoix County supervisors to press the County Road Commission for signs on county roads.

He pointed out it is nearly impossible to direct visitors to points in the county because roads are not named.

SUPER MARKET SITE Mederick Woffle operates this bulldozer leveling property at the corner of Antrim and Bridge owned by Gerald Oleson for the super market he plans to build here this spring. Oleson said the City ordered him to clean the property up. The work Woffle is doing here is not preparation for construction. Oleson stated. (Courier Photo)

Oleson Near Accord ON PROPERTY FOR SUPER MARKET

Charlevoix's chances of having another super market by summer appeared better than ever this week, the two major parties involved told the Courier.

Gerald Oleson announced he hopes to make final arrangements when deer season ends to purchase the last piece of property needed for the store in the block bounded by Bridge, Antrim, State and Hurlbut.

* * *

JACK MOL, WHO with his father John operates Mol Plumbing on Antrim said he also expects a settlement soon.

Oleson reportedly has all the property in the block, except that owned by Mol and Kroger. He does not expect to buy Kroger's property, but stated he will not start construction until he buys Mol's.

The sixth Oleson Food Store in northern Michigan will be built on the property, the owner announced.

He said the Charlevoix store will be comparable to his Garfield store in Traverse City and will be as "good as anything" this far north in the lower peninsula.

* * *

THE STORE, OLESON told the Courier in a long distance telephone interview, will be in excess of 10,000 square feet.

Approximately 20 local people will be employed, he pointed out. All employees will be hired locally, he emphasized. Oleson declared he hopes to do as much local buying as possible from Charlevoix County farmers.

Jack Mol said he and his father are not in perfect agreement with Oleson, but there are no major differences. He expects further negotiations to iron the matter out.

Two County Special Ed. Needs Eyed

Voters May be Asked to OK Program at Annual Election

Charlevoix and Emmet county voters may be asked to approve creation of a special education school district at next summer's annual board of education election, the Courier learned this week.

School administrators in both counties have been quietly studying the idea for several years, Charles A. Robinson, Intermediate Board of Education superintendent told the Courier.

Robinson stated Charlevoix Public School District officials and the Charlevoix PTA have indicated considerable interest in the plan.

"IF THERE APPEARS to be sufficient interest we hope to put it on the ballot in 1965," Robinson said. State law, he pointed out, requires that the issue be voted on only at the annual board of education election.

The special education school district would require an estimated half-mill tax levy, Robinson stated.

Establishment of such a program would make it possible for children with mental, emotional and physical problems to get special attention in all school districts in the two counties, he declared.

Charlevoix Supt. Rex Milligan recently told the Board of Education the program could be of value to the local district, and should be followed closely.

* * *

"THE CHARLEVOIX PTA has done a lot in the way of alerting people to the need for this," Robinson stated. He said his office will be glad to discuss special education needs with any PTA or service group in the area.

Up to 75 percent of the program would be paid for by the state, the two-county school chief explained.

Approximately three to four percent of students in area school districts need the attention and guidance they receive in special education, he asserted. Local school districts, however, Robinson contends cannot afford to set up their own program for so few students.

According to reports compiled by the Intermediate School District, 47 of Michigan's 83 counties have established special education programs.

* * *

SEVERAL LARGE school districts downstate have set up their own programs.

Expect 800 at Dinner

Band to Reap All Benefits

The names of more than 60 people who will make the massive Charlevoix Band Parents dinner possible next Thursday, Nov. 21, were released this week.

Dinner co-chairmen Mrs. Clifford Riley and Mrs. Clarence H. Smith announced committees have been selected and assignments given to the 60 volunteers.

* * *

THE CO-CHAIRMEN estimated approximately 800 persons will be fed in the High School cafeteria from 5 to 7 p.m.

All proceeds from the dinner go to the band.

Tickets are on sale from all band members, band parents and at the Charlevoix Courier.

We're Taking Deer Pictures

Who will be the first area hunters to get their deer?

We would all like to know. So the Courier will try to find out.

We will take pictures of all hunters who come in the Courier office tomorrow (Friday) with their deer. A list of all successful Charlevoix County hunters reporting to the Courier (in person or by telephone) will be carried throughout the season on the sports pages.

Don't forget: Hunters coming to the Courier office at 101 Clinton St. Friday will have their pictures taken. A list of all persons stopping in, or calling us at LI 7-6558, will be run.

We'll be looking for you Friday. And Courier readers will be looking for your picture or name.

AT BELL'S BAY

Campground Work Assured

Conflicting reports on plans to develop camp sites at Bell's Bay, south of the city, have been cleared up.

Information received by the Courier from State Representative Don Gordon and County Clerk F. R. Bulow positively state the Bell's Bay site on Lake Michigan will be developed this spring and summer with federal and state funds.

* * *

BOTH GORDON AND Bulow received letters from Conservation Dept. staff forester Norman F. Smith in Lansing, outlining plans for campground expansion in Charlevoix County.

The letters state:

"The Bell's Bay campground was actually started in June 1963 with Department labor and equipment. Nine new camp sites which had previously been used for camping and picnicking. Campsites are equipped with tables and stoves, and a well and pit toilets serve the area. The County Road Commission assisted by providing parking areas along the county road; and the township has recently completed the well as its contribution. No federal funds have been spent on this project as yet, but additional sites are to be developed next spring and summer with matching state and federal money. A total of about 30 camping spots is contemplated for the area."

Construction of new camp grounds at Walloon Lake and Norwood is also planned, Smith states. They will both have 20 camping spots, but will not be started until additional federal funds are released.

* * *

IF THIS ADDITIONAL money is received, 12 campsites will be added to the campground on Beaver Island, Smith announced.

Funds are already on hand for the Bell's Bay campground, Smith pointed out. Consequently construction of the 20 new camp sites there is assured.

Smith estimated total cost of developing the four campgrounds will be $30,000.

The Bell's Bay, Norwood and Beaver Island campgrounds are in sections of the Pigeon River State Forest. The Walloon Lake campground will be at the public fishing site owned by the Conservation Dept.

Cong. Victor Knox

Fish Tugs Still Idle

Congressman Victor A. Knox has joined Charlevoix fishermen in condemning the Federal Food and Drug Administration's (FDA) handling of the botulism problem.

Knox, in a statement to the Courier, states he has demanded the FDA "be held accountable for its needlessly harmful" warning against Great Lakes fish.

* * *

EARLY THIS WEEK the future for Charlevoix fishermen seemed to be getting worse, instead of better.

John Cross, Jr., reported he and his father have two men working, besides themselves, but don't know how they can find anything for them to do after this week.

Cross' fish tug is the only one that has lifted nets in the last week. And those were rather futile efforts to get perch, young Cross pointed out.

Perch, he declared, are "pretty scarce." However, if they get more orders for perch they may keep going after them, he stated.

All of the other fishing boats were quiet.

* * *

KNOX, A REPUBLICAN from Sault Ste. Marie said, "While I am deeply concerned about the recent rash of deaths caused by botulism, I feel that the Food and Drug Administration has needlessly caused American consumers to suspect all fish from the

Plenty of Snow

Charlevoix County ranks 20th in the state for average snowfall, the Michigan Highway Dept. reports.

With an average snowfall of 105 inches, Charlevoix County will receive $15,699 from the state for snow removal this winter.

Average snowfall figures for neighboring counties shows: Antrim, 121 inches, Otsego, 123 inches, Emmet 86 inches, and Cheboygan 98 inches.

Great Lakes area. This was caused by an FDA release cautioning consumers not to buy or eat fish from the Great Lakes area. Unfortunately, the release evidently was not clear as to what type of fish are involved, nor was it clear on whether only smoked fish was involved or whether fresh and frozen were too."

"The results have been immediate and needlessly harmful," Knox continued. "The entire Great Lakes fishing industry has ground to a halt. The disastrous economic effects on the people of the Great Lakes region through this unnecessary and uncalled for 'scare' technique by the Food and Drug Administration may well be far worse than the cranberry 'scare' of a few years ago."

"Therefore," Knox said, "unless the FDA comes forth with an immediate clarification of its order, I have requested the Government Operations Committee, through a subcommittee with full jurisdiction over matters dealing with consumer products, to begin an immediate investigation of the FDA's handling of this whole affair."

Rambling with shep

made it bigger at the time than Charlevoix and Boyne City put together.

In those booming days there are reported to have been three bars and two hardware stores in Ironton.

What happened? Probably the same thing that happens to most communities that die: No one cared, or had gumption enough to take the initiative to keep it alive.

AN UNEXPECTED letter here from Clayton Saunders, a former Charlevoix native and school teacher, who now lives in Belleville, where this column previously imposed on readers.

Clayton and Mrs. Shep taught in the same school, until she quit so I would have a son to teach the ways of the brown trout.

He used to stop in the editor's office down there occasionally to talk about quiet things. And, down there, quiet, gentle talk was a rare treat. So he was more than welcome.

"I miss your 'Rambling' in our paper, so I just might order the Courier, who knows?" Clayton writes. He adds that he envys us for being away from the "rush and hurry" of Metropolitan Detroit.

I should point out that I never once saw Clayton getting in much of a dither, no matter how frantic others seemed. And sometimes we envied him for his quiet, gentle nature.

We Want Your News

The COURIER wants your news:

All organizations and individuals with news items are urged to contact the paper or one of our correspondents.

We cannot print news we do not know about. The only way we'll know about it is if you tell us. With your cooperation everything about your clubs and family will get in the Courier. So let us know what you're doing.

DEADLINES

News must be in by NOON OF THE DAY AFTER IT OCCURS. Correspondents must have all their copy at the Courier no later than Monday afternoon.

This gives us a chance to keep a steady flow of copy going to the printers, and avoids the last minute rush that results in sloppy stories . . and things being left out.

All stories must be triple spaced and written on only one side of a piece of paper. Names must be complete. The telephone number and name of the person submitting the news must be included with the story.

LETTERS

Letters from COURIER subscribers on subjects of public interest are always welcomed. They should be as brief as possible. Letter writers must include their name, address and telephone number, although their name will be withheld if the writer so requests.

We hope to be reading about you soon!

HARBOR SPRINGS PAPER SAYS

Charlevoix County Schools Dominate Smaller Loop Foes

(NOTE: This article is reprinted from the Nov. 6 edition of the Harbor Springs "Harbor-Lite."—ED.)

Many followers of the Northern Michigan Class "C" Conference are becoming concerned with the growing problem of enrollment differences between the schools in the conference.

The larger schools Gaylord, Charlevoix (339 students), Boyne City and East Jordan usually dominate the conference year after year. These schools constantly gain in enrollment and are pushing the Class "B" range, whereas Harbor, Pellston and Mancelona vary from D to C from year to year. Now that the minimum enrollment figures for Class "C" are 225 students in grades 9 through 12, Pellston will probably never be a Class "C" school again. Last year Harbor was one over the 225 limit, just barely making the "C" bracket. The same goes for Mancelona.

* * *

WITH INDUSTRY moving into Gaylord, the largest school in the conference, they will probably be in class "B" before too long. What will happen when the others eventually reach higher enrollment figures? Some people predict that the larger schools will break away from the NMCCC and join with other schools in a new conference. This would present the possibility of a conference featuring such schools as Harbor, Pellston, Cheboygan Catholic, St. Ignace, Mancelona, Onaway, Petoskey St. Francis, Gaylord St. Mary and possibly some other schools that are bordering on the "C" bracket.

A quick look at the conference champions over the past 30 years bears out the fact that the Charlevoix county schools definitely dominate the action. Only three times since 1935 has a non-Charlevoix county school won or shared a football title. Harbor Springs shared the football crown in 1942 with Grayling.

A look at the basketball champions shows the same thing. Harbor won the crown in 1942 and 1944 and shared it this past year with our other county school, Pellston. The rest of the time it has been Charlevoix county schools coping the honors.

* * *

EVEN THOUGH Harbor had a state semi-final team in 1953, they failed to win the conference championship. With the coming of coach "Mac" McMahon to Pellston, their sports fortunes improved greatly. three conference basketball championships in seven years, and after this season they will probably experience another long "dry" spell.

A look at the past track champions reaches the point of being ridiculous. From 1938 to 1956, Charlevoix won the crown all but one year.

What will the future bring for the NMCCC? Only time will tell.

Mothers Needed by Girl Scouts

The Girl Scouts have issued an S O S. for leaders, assistant leaders and other adults to work with the program.

Because of a shortage of leaders it has become necessary to enlarge existing Brownie troops. As a result, mothers of Brownie Scouts are being asked to help at a troop meeting at least once during the year.

* * *

IF LEADERS AND assistant leaders for new troops are found then this would not be necessary, they report.

Persons interested in taking a troop, becoming an assistant or helping occasionally at meetings, can call Mrs. Lloyd Arnold, troop organizer.

Policies regarding meetings were also announced this week. Parents are responsible for getting their daughters to and from meetings, and must send a note to the teacher giving their permission for their child to attend a meeting (this applies especially to children who ride the buses).

In the event school is dismissed early because of weather or some other reason, the troop meeting scheduled for that day is automatically cancelled.

* * *

PARENTS HAVE been notified in writing of the meeting time, date and place for troop meetings along with telephone numbers in case it is necessary to contact the leader or child while the meeting is in session.

Annual Inspection for VFW Women

VFW Auxiliary Post 1153 was visited last week by District 13 President Mrs. France Chaney of Rapid City for the annual inspection.

Twelve post members were present including President Mrs. Jack Warner.

* * *

MRS. WARNER POINTED out 16 Auxiliary members still have not paid their dues. Twenty-six others are paid-up. This being the national Auxiliary's 50th Anniversary, Mrs. Warner urged all members to be paid up by Dec. 31, so the post would be 100 percent.

The local auxiliary voted to contribute $25 to the Community Chest, $2 to the Christmas Seal effort and $5 for the Children's Christmas party.

The winner at the auxiliary's recent coffee clutch was Mrs. Harley Warner.

ATTENDING THE District 13 meeting in Traverse City recently were Mrs. Jack Warner, Mrs. Mae Howe, Mrs. Gene Gibelyou, Mrs. Kenneth Staley, Mrs. Howard Griffin and Mrs. Albert Bussell. Michigan Dept. president Mrs. Bethel McDougal was speaker.

Mrs. Chester Belfy of Charlevoix has been elected president of the Traverse City Deanery Churchwomen of the Episcopal Church's Western Michigan Diocese.

She was elected at the Deanery Churchwomens annual meeting here last week. Some 70 women and clergymen met at the Charlevoix church.

Marie Withers Plans Wedding

Mr. and Mrs. Robert Withers have announced the engagement of their daughter, Monte Marie, to Dennis E. Gruse of Elmhurst, Ill.

The prospective bridegroom is the son of Mr. and Mrs. Bernard Gruse of Tempe, Ariz.

The wedding will be an event of Dec. 21 at Immaculate Conception Chapel in Elmhurst.

Miss Withers is a graduate of the Charlevoix high school and the Elmhurst Memorial Hospital School to Radiologic Technology. Mr. Gruse, a graduate of Immaculate Conception high school in Elmhurst and Marquette University School of Journalism, is presently a senior at Kent Law School in Chicago.

Boyne City Church In Clothing Drive

The Dorcus Society of the Seventh Day Adventist church in Boyne City is seeking used clothing, especially for children of all sizes, which the members will recondition for use by needy families throughout the county.

The group will take all usable clothing, mend it, sew on buttons, wash it and store it until such time as it may be needed.

A SPOKESMAN for the group said this time of year there is a great need for clothing of all kinds as well as used appliances, furniture and other usable items.

Anyone having clothing or other items which may be used in this charitable work may call Mrs. George Kitson at RR 1, East Jordan. Arrangement will be made to pick up any contributions.

ON 5th ANNIVERSARY

Author Recalls Charlevoix's Role Bradley's Sinking

(NOTE: On the eve of the 5th anniversary of a disaster indelibly associated with Charlevoix and the Sundew, local author and educator Dr. William Ratigan, recalls the tragic events for Courier readers, as taken from his book, "Great Lakes Shipwrecks and Survivals."—Ed.)

By DR. WM. RATIGAN

Toward mid-November of 1958 the limestone carrier Carl D. Bradley put out from Rogers City, Michigan, and headed up Lake Huron to round the Straits of Mackinac into Lake Michigan. She was bound for Buffington, Indiana, on her forty-sixth trip of the year and had already covered more than 27,000 miles in all kinds of weather during the 1958 season of navigation.

The huge steamboat's owners, the Bradley Transportation Line, a division of the U. S. Steel Corporation, had scheduled this as her last trip of the year—a schedule on which fate itself was to stamp grim approval, and Charlevoix is destined never to forget.

* * *

ON TUESDAY, Nov. 18, gale warnings were posted on Lake Michigan and many small boats came into Charlevoix and other coastal havens. The Bradley kept moving along, expecting to ride out the storm as she had done for 30 years.

Toward late afternoon the long freighter began to swing into the wide arc toward the top of Lake Michigan.

The wind had increased to sixty-five miles an hour and the waves, rolled up by this southwest wind across three hundred miles of open water, were by now mountainous. In regular sequence these breakers went twenty feet high, with the proverbial seventh wave cresting at perhaps thirty feet.

Approaching the general vicinity of the Beaver Island archipelago, the Bradley was proceeding comfortably.

* * *

AT 5:30 P.M., THE serpentine length of the bulk carrier seemed to be riding the twenty-foot waves as well as ever. But at 5:31 p.m., First Mate Elmer Fleming and Captain Bryan, both on watch in the pilot house, heard an unusual thud. They spun around and looked down the six-hundred-foot deck toward the stern. The stormy day was darkening into sunset, the deck lights were glowing and, at the end of this string of lights, the two officers saw the aft section of the boat sag. They realized the Bradley was in mortal trouble.

Fleming grabbed the radio phone and shouted:

"Mayday! Mayday! Mayday!"

A code signal of danger, the mayday call constitute a French echo across more than three hundred years of shipwreck history on the inland seas, from La-Salle's ill-fated—Griffin to the doomed Bradley.

For a moment there was a deathlike silence on channel 51. Then Coast Guard signalmen at posts all around the Great Lakes and radio operators on ships plying the Ohio and far down the Mississippi froze to attention as the words of First Mate Fleming crackled through space.

* *

THE BRADLEY'S VIOLENT disappearance took place 47 miles from Charlevoix, where waves were exploding like bombs against the pierheads of the Lake Michigan channel entrance, hurling spray almost to the top of the lighthouse tower and clear across the foghorn installation. Huge combers went spilling over the breakwater. Out on the Lake the waves had lost their whitecaps; they were whipped into flying mist. One of the red gale flags hoisted above the now-abandoned Coast Guard station along the breakwater had been ripped into tatters by the wind. An occasional gust of snow rattle the windows of Charlevoix houses as if they had been hit by hunters' buckshot.

At about 6:30 p.m., the Sundew, after issuing an emergency recall for members on shore leave, set out with what amounted to a skeleton crew into the storm that already proved itself a killer.

Up in the Coast Guard observation tower in Charlevoix, lookouts stared across the scream and thunder of Lake Michigan. They wondered if anything could live, unprotected, out in that berserk water.

Cars started to line the roadway circle at the public beach in Charlevoix. They were the cars of the wives and families of the men and boys aboard the gallant Sundew, the cars of wives and families from Posen, Onaway, St. Ignace, Cheboygan, Rogers City, the parts and inland towns of Northern Michigan from which the crewmen of the Bradley had hailed. Headlights were turned on hopefully, fearfully, shining out from the gale-whipped beach across the tumult of water, as if to help in the search.

LIEUTENANT COMMANDER Muth at 9:07 a.m., flashed a terse message: "Picked up two survivors on raft, seventy-one degrees, 5.25 miles from Gull Island."

During the day 17 bodies in all were recovered and brought in to Charlevoix where a temporary morgue had been set up at the City Hall so next of kin could make identification.

At 1:20 p.m., the Skipper brought the Sundew into her home port while press-men and network television crews directed cameras from the roof of the Beaver Island ferryboat warehouse as the only survivors, their faces raw from exposure and their bodies wrapped in blankets, were carried across the gangplank on stretchers. The skipper spoke in to the TV microphone-which was held out to him by a reporter:

"They had a little help," he said. "Someone looked after them."

Search operations, started as soon as the spring breakup cleared the ice from the Beavers and Boulder Reef, resulted in quick discovery of the submerged hulk, lying with its broken back six miles off Boulder Reef at a depth of 365 feet.

* *

THERE WERE WILD rumors that the master of the Bradley had carried a fortune in the ship's strongbox and there were other rumors that the long carrier had stuck a "pinnacle of doom."

The mystery of the strongbox may never be solved but, after weeks of careful underwater sweeping of the general shipwreck area, the 150-foot sea tug Williams, manned by the U.S. Corps of Engineers, ruled out the remotest possibility of any uncharted reef or sudden-death pinnacle.

The mystery of the breakup of

Wm. Ratigan

so remains largely unsolved, but this much was known from the start and can never be refuted by the findings in any court of appeal: the greatest shipwreck in modern annals of the Great Lakes had happened in one thunderbolt moment off storm-washed Gull Island and Boulder Reef in the Beavers, the largest ship ever to go down in Great Lakes history had plummeted to the bottom in the northern reaches of the third largest body of fresh water in North America and 33 men, with all their hopes and dreams, were lost in Lake Michigan.

Summer Program Popular

The city-sponsored recreation program is attracting more and more participants as well as spectators; a report forwarded to city council by Dean Davenport, Jr., director, reveals.

The reports show the softball program which features seven leagues, posted a two percent increase over 1962; Red Cross swimming instruction, 27 percent; swimming races, 10 percent; shuffleboard, nine percent; track and field day, four percent and tennis, 14 percent.

NON - ACTIVE participation also showed an increase with the number of people utilizing the city's three major beaches increasing 25 percent; spectators at softball, 40 percent and special events 67 percent.

A more complete breakdown shows 417 players were listed on the 28 teams in the program; 208 youngsters including 125 in the beginning group, 62 in the advanced and 21 in the swimmers division of the Red Cross instructional program; 107 in swim races; 32 in tennis school; 165 in track and field meet; 6,261 in the shuffleboard program and 27,900 on the Lake Michigan, Depot and Ferry ave. beaches.

Active participation in the six divisions of the program showed an overall total of 7,490 and, nonactive participation totaling 38,250 for a grand total of 45,520 benefiting from the program.

The non-participation totals are reached by daily count at the beaches between the hours of 2:30 and 3 p.m. and an estimate of attendance at softball games and special events.

C. R. STOKES

Roy Meyers has left on a business trip that will take him to Niles, Mich., and then to Texas.

Glen Williams and his son, Sonney, have gone to the U.P. to hunt deer. Bill McClanaghan will follow them in a couple of days.

Mrs. H. Perry has returned to her home in Lansing.

Mr. and Mrs. Ed Blackman of Jackson Mich., are visiting their cottage at Holy Island.

Church services held at the Ironton Church last Sunday and conducted by the church's Pilgrim Fellowship was a fine success and church attendance was 43. After services, a coffee hour was held, sponsored by the Pilgrim Fellowship.

Mrs. Gustav Young has recovered from her leg injury and attended church last Sunday with her daughter and family, the Earl Kroll's.

If you think our weather is all mixed up, you should see the rose bush in Lois Kanoff's yard. It's getting ready to bloom! Show it the calendar, Lois.

New car bug still biting in Ironton. Latest victim, Terry Greer.

Mrs. Virgie McClure visited the C. R. Stokes in Ironton last Sunday and attended church services with them.

The flu bug is going around in Ironton. Remember, don't overlook a cold or sore throat. See a doctor and be sure.

Weekend visitors to the Ed Beene's were Mr. and Mrs. Martin Wachinger and their daughter and family, Mr. and Mrs. Ludjer Toutandt and four children, all from Detroit.

Mr. and Mrs. E. Smith of Central Lake also were callers at the Beene home last Sunday.

Gertrude Leist Heads New Board

Gertrude Leist of Boyne City has been elected chairman of the new County Board of Canvassers, F. R. Bulow, County clerk, reports.

Shirley Lusk of Charlevoix was elected vice-chairman, according to Bulow. Other members are Leota Dunsmore of Boyne City and Martha Tunison of Charlevoix.

The four women were appointed to the board — which is required under the new state constitution — by the Board of Supervisors in October. Mrs. Lusk and Mrs. Tunison were named to four year terms, and the others for two years.

In 1831, President Jackson appointed Stevens T. Mason to the office of Secretary and Acting Governor of the Michigan Territory. Only 19, he was probably the youngest American ever to receive such an honor, and one of the state office buildings in Lansing is named for him.

CHS Puts 9 on All-Loop

Nine members of Charlevoix's championship football team won recognition this week on the 1963 Northern Michigan Class C All-conference teams.

Two Rayders, Bruce Kroken, an end, and Ben Cunningham, a tackle, co-captains of the Charlevoix team, won births on the All-Conference first team. East Jordan placed four players, Gaylord and Mancelona two and Grayling and Harbor Springs one, each, on the top team.

* * *

FOUR OTHER RAYDERS, including backs Dave Smith and Jack Stockwell, end Brendan LaBlance and guard Lewis Poole were named to the second team and Del Terrill, a back, John Oelis, a guard and Doug Winnell, a tackle were named to the third team.

The teams were selected by coaches in the eight team league.

All are seniors with the exception of Smith, Terrill and Winnell, who are juniors.

Others awarded berths on the coaches' first choice are: backs, Don Willson of East Jordan, Pat Dutcher of Mancelona, Gary Larkstrd of Grayling and George Kilborn of Harbor Springs; ends, Dave Prudden of Mancelona; tackles, Mike Smith of Gaylord and Les Hitchcock of East Jordan; guards, Doug Reich of East Jordan and Bob Nipper of Gaylord; center, Chuck Reed of East Jordan.

* * *

ALL ARE SENIORS with the exception of Prudden who is a junior and Kilborn who is a sophomore.

The line of this 'dream team' averages 176 pounds and the backfield 180 pounds.

Others winning recognition on the second team are: backs, Bill Bushard of Mancelona and Fred Mulpass of East Jordan; ends, Mike Lauer of Harbor Springs, tackles, Jim Crothers of Mancelona, Ed Robertson of Grayling and Pete Zoulek of East Jordan; guards, Fred Hall of Mancelona and Ed Swiss of Pellston; center, Fred Durr of Gaylord.

All are seniors with the exception of Bushard, Mulpass and Robertson who are juniors.

* * *

FOR THE FIRST time, a third team was selected to replace the junior honorable mention lists named in the past. Winning berths on this team are backs, Gary Harris of Gaylord, Doug Lovanasen of Pellston and George Lauer of Harbor Springs; ends, John Jenkins of Gaylord and Jim Stradtner of Harbor Springs; tackles, Jim Keller of Mancelona; guards, ack Harney of Grayling nd Center, John Nichols of Mancelona.

All of this group are seniors with the exception of Lauer who is

For the first time in the history of the league a Boyne City player failed to win all-conference recognition.

Coaches making the selections were Paul Pfadler of Boyne City, Wes Fleet of East Jordan, Matt Jacobson of Mancelona, Don Ferguson of Grayling, Jim Mongeau of Grayling, Jim an of Gaylord, Tom St. Germain of Pellston, Barry Aspenhiter of Harbor Springs and Don Carey of Charlevoix.

Tourist Group Executives to Convene Here

The West Michigan Tourist Association's executive committee will meet in Charlevoix Nov. 22 and 23, the Chamber of Commerce announced.

The 25 members of the executive committee are expected to discuss promotion and other matters. They and their wives, will stay at the Lodge. A luncheon is planned at the Gray Gables and dinner at the Weathervane.

CHAMBER SECRETARY - Manager Dean Davenport told the Courier the committee will be asked to consider Charlevoix's arguments that state highway signs do not do it justice. (See story this page).

Ralph Gilliam, Kiwanis president, is a member of the executive committee.

Among local attractions on the program will be a visit to Consumers Power Co.'s Big Rock Point nuclear power plant.

Study Clubs Plan Joint Confab

Mrs. Francis J. Mann will speak on the subject of "Weather Ships" at a joint meeting of Dickens Study Club and the Shakespeare Study club to be held at the First Congregational church at 1:30 p.m. Monday. The latter club will host the meeting.

At the recent meeting at which plans for the joint meeting were made, Mrs. Frank Courier presented an interesting account of the area's glacier history. Mrs. R. L. Hooper and Mrs. Ralph S. Hamilton who had attended the recent district meeting at Muskegon as delegates reported on the conference.

* * *

TWENTY-SIX MEMBERS attended the meeting held at the home of Mrs. Angus L. Fochtman with Mrs. Franklin Curtis as co-hostess.

Mrs. Edward McNamara, Mrs. Rex E. Milligan, Mrs. Charles Milradt and Mrs. Richard Fochtman were inducted as members.

Christmas Comes Early at Church

The spirit of Christmas will be found at the annual bazaar to be held at Christ Episcopal church Friday according to Mrs. Fred de Castro, president of the sponsoring women's group.

A salad luncheon will be held in conjunction with the bazaar with serving from 11:30 a.m. to 1:30 p.m.

The bazaar will open at 10 a.m. and continue throughout the afternoon and will feature Christmas gift items, a wide choice of cookies and other goodies.

Wule Plans Set By Past Nobles

Plans for the annual reception of hosted by Mrs. Jerold Murdick Dec. 6 were made at the November meeting of the Past Noble Grand club held Thursday at the home of Miss Frances Durance.

Ten members and two guest gathered for the cooperative dinner at which the birthday anniversary of Mrs. Fred Gill was honored. Following the business session at which new officers were nominated games were enjoyed by the group.

Meet the Sundew,s Crewmen

DAVID L. VAN DREUMEL
Yoeman, First Class

Van Dreumel reported aboard the USCGC Sundew in July, 1962, coming here from Coast Guard headquarters in Washington, D.C. His previous duty assignments include St. Joseph, Mich., Lifeboat Station; Group Office Buffalo, N. Y. and Charlevoix.

He graduated from Wyoming Park high school in Grand Rapids, his hometown, in 1956. While in high school, he was a member of the football and track teams. He also attended North Central Michigan College for a semester.

Dave, his wife, Sharon, also from Grand Rapids, and their son, Brian, and daughter, Treasure make their home on Eaton ave. here.

Will Sell 3,500 '64 Auto Tabs

Mrs. George LaBlance expects to sell almost 3,500 auto license plate tabs by the end of February, and she hopes she doesn't sell most of them in the last two or three days.

Mrs. LaBlance, with help from husband George, operates the Secretary of State's branch office in Charlevoix.

* * *

THEY STARTED selling 1964 license plate tabs, Nov. 1. As of Tuesday evening, 116 had been sold. That leaves about 3,350 to sell by February 29.

This year's tabs are dark brown with yellow numbers "64."

Mrs. LaBlance keeps the office at 402 Park St., open from 9 to 5 every day except Thursday and Sunday. The sooner you get there, the better she will like it.

Only persons with damaged 1962 license plates will be able to purchase new ones. They will cost $1 extra. The Charlevoix County numbers will still be "UZ" for cars and "DN" for commercial vehicles.

* * *

DURING THE YEAR, Mrs. LaBlance points out, she transfers as many titles as she transfers new licenses.

The office also handles sales and use tax on motor vehicles, boat licenses, trailer permits and transient auto stickers.

Usually the LaBlances' have to rearrange their office furniture to accommodate the crowds of people who wait until the last week to get their tabs, she declares.

Coleman Memorial Plans Taking Shape at CHS

School officials will discuss with the architect the most feasible method of installing a trophy case in the lobby of the new Charlevoix high school gymnasium as a memorial to the late S. E. (Irish) Coleman, Fran Martin, chairman of the Coleman Memorial committee, said this week.

Supt. Rex E. Milligan and Uno Suometa, industrial arts instructor who designed the case used in the former high school, have made a survey and decided the most practical approach to the problem will be through Gordon Cornwell of Traverse City, the architect who designed the building.

* * *

MR. SUOMELA SUGGESTED a number of ways the case could be installed and said he would discuss the problem with Mr. Cornwell who is expected here on other business.

Work on the track which is to be a part of the memorial will be postponed until early spring, Miss Martin said.

Contributions to the memorial fund are still being received. Anyone wishing to honor the memory of Coleman, may mail their checks to the Coleman Memorial Fund in care of Fran Martin.

ON POISON FISH

Attempts to Clear Issue

By Sen. PHILIP HART
(Special to The Courier)

On Friday evening, October 25, Secretary of Health, Education, and Welfare Celebrezze telephoned me at home to give me the facts surrounding the botulism problem and to tell me of the action the Food and Drug Administration was taking.

Since then, a portion of every day, and at times the whole day has been devoted to trying to soften the blow to our Michigan commercial fishing industry. I want to outline to you the various actions I have taken:

* *

1. **THE FIRST NECESSITY** was to meet with representatives of the fish industry, the Bureau of Commercial Fisheries and the Food and Drug people to get a clarification of the original Oct. 25 press release. This release was widely misinterpreted to imply that all Great Lakes fish was dangerous. As a result of the meetings in Washington on Monday and Tuesday, Oct. 28 and 29, a second release was issued by the FDA which stressed that its recommendations did not apply to fresh, frozen, pickled or canned fish.

2. At my request, the Washington office of FDA instructed its Detroit representative, George Daughters, to issue an additional release in Detroit emphasizing that only smoked fish was involved in the botulism warning.

3. I have prepared and shipped to Michigan two TV programs, to be shown on stations WZZM-TV in Grand Rapids, WJBK-TV in Detroit, WLUC-TV in Marquette and WTOM-TV in Cheboygan. In these programs I interviewed Dr. Glenn Slocum of the FDA to shed further light on the situation.

4. On Oct. 30, I wrote Congressman Bonner, Chairman of the House Merchant Marine and Fisheries Committee, requesting him to schedule for early hearing S. 627, a bill providing federal grants to the States to aid the commercial fishing industry. When this bill went through the Senate last July, I was able to add an amendment which set aside an extra $500,000 a year for the first two years and $700,000 for the next three years, to aid areas such as the Great Lakes which had suffered a natural disaster. (We were then talking about the lamprey eel.) Mr. Bonner has replied that he will do his best to set this bill down for early hearing.

* * *

5. ON NOV. 6, WITH the cooperation of one of our fine Michigan fish wholesalers, Senator McNamara and I served Lake Superior fresh whitefish fillets, flown in from Michigan, to our colleagues in the Senate. We undertook this project to try to give maximum publicity to the fact that the fishing industry of our state is still producing a tasty, healthful product.

6. Further meetings last week produced agreement between the Food and Drug Administration and the National Fisheries Institute on a freezing process which will prevent further outbreaks of botulism in smoked fish products. In addition, I am informed that as of Monday, Nov. 4, a group of the Bureau of Commercial Fisheries' top bacteriologists meets to work on the botulism problem and will continuously devote their energies to this problem.

Rest assured that I am exploring every possibility to be of help in this emergency. If you have suggestions, I would be grateful to hear them.

Obituaries

Mrs. P. A. Harris

Ironton summer resident, Mrs. Pritchard A. (June) Harris, died in St. Louis, Mo., Tuesday. Mrs. Harris had been ill since September and was flown home from here after being hospitalized in Charlevoix Hospital. An Ironton summer resident for 37 years, Mrs. Harris was widely known as an artist and was a regular exhibitor at Charlevoix's Waterfront Fair.

She is survived by two sons, P. Allen Harris of Philadelphia, Pa., and T. Benjamin Harris of St. Louis and four grandchildren. Private funeral services will be held in St. Louis Thursday. The family has asked that anyone wishing to honor the memory of Mrs. Harris do so through the Ironton Congregational church.

CLASSES UNIQUE, BOARD TOLD

Shop Training Praised

Charlevoix High School industrial arts teachers recently told the Board of Education their program is the only one of its kind in Michigan.

Veteran teachers Urho Suomela and Robert Cook declared the industrial arts curriculum here is unique in that it allows all students to learn as much as they are individually able to.

* * *

"I HAVEN'T BEEN able to find another system like it in the state" Cook stated.

They pointed out the program has been praised by university inspectors and last year Charlevoix students captured seven honors for their projects in state-wide competition.

Both Cook and Suomela hold senior designer ratings with General Motors.

The industrial arts program should not be compared to vocational training offered by some big schools, they explained.

THOUGH SUOMELA and Cook declared they were not being critical of facilities at the high school, they contended purchase of new metal lathes, aids and time for teaching small power mechanics and electronics and another shop room would strengthen the program.

Both men teach shop four hours a day and spend the remaining two hours in other classes.

Boys of all grades are allowed to work on any level they are able to, Suomela pointed out.

Each student gets individual instruction. This, they contended, makes it possible for a boy to develop to his maximum potential.

* * *

BOYS OF ALL grades attend shop classes together. There is virtually no formal group instruction.

Suomela declared more attention should be given to seventh and eighth grade students because they are "readier to learn."

Boys who have taken the industrial art classes are working in every plant in Charlevoix, Cook told the board.

Supt. Rex Milligan asserted the industrial arts program is one of the finest he has seen.

HOWEVER, MILLIGAN and both teachers pointed out vocational training offers many advantages that cannot be obtained in small school districts.

Cook stated interest in shop and Mechanical drawing has decreased considerably in the last 11 years, with more students concentrating on college preparatory classes.

PTA Will Hear Foreign Pupils

The regular November meeting of Charlevoix PTA at the elementary school cafeteria was well attended.

The invocation was given by Rev. George Majors.

* * *

PROGRAM CHAIRMAN, Mrs. Fran Tollas introduced the speaker, Joan Bigelow, a representative of Scott Foresman and Company. Miss Bigelow explained most Johnnies can read - that only 25 to 25 per cent do not read at grade level.

President Frank Boss spoke a few words of tribute to members who recently passed away, Mrs. Edythe Pearl and Stewart Coleman.

Mr. Ernest Marri, hospitality chairman, introduced Mrs. Marjorie Coleman as Greeter for the evening and announced the appointment of two assistant hospitality chairmen, Mr. and Mrs. David Patric.

The refreshment committee for the evening was Mrs. Carolyn Rader, chairman, Mrs. Mary Gill, Mrs. Mary Warner, Mrs. Isabel Corwin, Mrs. Marilyn Miller and Mrs. Eleanor Ratigan.

Mrs. Louise Gill, membership chairman, announced there are now 310 PTA members.

* * *

THE NEXT MEETING will be Dec. 4 at the high school cafeteria with an open house, which will be followed by a panel discussion with foreign exchange students.

Mrs. Blanche Smith presented the room of Mrs. Jeannett Noyotny with a $10 award for having achieved the greatest number of parents as members, and Miss Esther Bleha's room with a $2 award for having the largest number of parents' attendance at the October meeting.

Lions to Sell Fruit Cakes

Robert Goss, of Mt McSauba Ski Club, was guest speaker at Monday's Charlevoix Lions Club meeting.

He told club members a good year is expected on the slope just north of town due to completion of the new slope.

* * *

THE CLUB ALSO announced plans for its annual fruit cake sale with Bob Hamilton chairman of the effort. Lions will sell the fruit cakes door to door beginning at 5 p.m. Nov. 19.

Michigan is the hub of the Great Lakes Region, the world's greatest market for consumer and industrial goods. Think of it! In these five states, 21 percent of the people of the United States occupying 8 percent of the land, produce 32 percent of the dollars added by manufacturing.

Dear Dick Affair

RICHARD DONALDSON

"MOTHER-IN-LAW MUST GO"

DEAR DICK: John and I live near his parents and almost every Sunday for the last seven years we have gone to their home to eat. His mother treats him like a child, and makes all kind of remarks about how he looks thin and pale needs plenty of good home cooking, etc. My stove is old and I can't cook or bake good on it. My husband is beginning to wonder why I'm not cooking. How can I stop his mother's yacking"?—HURT

Dear HURT: Get Skinny out of the house (without Mama) and go shopping. **PUFF'S APPLIANCE CENTER** has the answer to your problem, a new Whirlpool electric or gas range. Then you'll turn out meals that will keep John at home. **PUFF'S APPLIANCE CENTER** has a complete line of Whirlpool work saving appliances.—DICK.

THEY WON'T BE BACK — Charlevoix High School seniors who won't return to the football squad next year are, left to right; standing, R. Getz, L. Poole, J. Stockwell, J. Ochs, R. Milligan, R. Odmark, L. Edwards and Dave Novotny. Front row, left to right: N. DeYoung, B. Kroll, S. Kroll, P. Lambert, J. Stewart, B. Cuninghaun, B. LaBlance.

CHS Grid Squad Loses Seniors

When Charlevoix's "Cinderella" equally fine performances to give team left Kiwke field Friday Nov. 1 the team much needed depth were after capturing a share of this Steve Kroll, Bob Odmark, Steve year's league title, Coach Don Wilson, Ron Weislik, Andy Carey Carey counted among the host of and Jim Stewart.

athletes 17 Rayder who will not answer the call for the 1964 squad.

* * *

Among them will be such stalwarts as Jack Stockwell, Nick De Young, Dave Novotny, Lewis Poole, Ben Cunningham, John Ochs, Bruce Kroken, Brendan LaBlance, Richard Getz, Larry Edwards and Larry McGuire, all of whom turned in excellent performances in their respective position.

Teaming up with sophomores and juniors, the above mentioned players under Coach Carey and his staff came through with a small but smooth-operating outfit that was rich with those important ingredients, desire and competitive spirit, resulting in a share of a title which they had been defending all season.

Elsewhere in the league, coaches are counting players who will not be returning. At East Jordan, with whom the Rayders are sharing the championship, Coach Wes Fleet will lose Don Wilson, Jim Goebel, Dan Nachazel, Tom Galmore, Chuck Reed, Les Hitchcock, Don Reich, Ray Moore, Pete Zonlek and Phil Louchs, most of whom played regularly.

Harbor Springs, finishing in second place, has only five regulars among its seniors. They are Bernie Corpe, Jim Stradinger, Mick Phillips, Sam Washburn and Mike Lauer and two regular subs, Fred Heminger and Paul Walker.

* * *

AT BOYNE CITY the list of seniors includes John Braun, Bruce Lawson and Don Guzniczak, all backs; Jim Anthony, Tom Basanese, Roger Jacobson, Tim Parrott, Kent Ruback and Bill Darbee, regular linemen.

Regulars who will be missing from the line-up at Mancelona, come September, will be Pat Dutcher, Jim Crothers, Bill Boyd and Jim Keller, all on the injured list as this season ended; Bob Dean, Fred Hall, Jerry Ruby, John Nicholls, Bob Stradinger, Dan Bogert and Paul Popsech.

At Gaylord the Blue Devils will lose a good part of their starting line-up including Ron Snell, John Jenkins, Bob Nipper, Fred Durr Mike Smith, all regular linemen. Gary Harris, Tom Measell, Bill Borst and Tom Beebe, backs as well as Mark Keiser and Jerry Sanders.

The Grayling Vikings will lose almost their entire backfield including Gary Lucksted, Jim Young, Bill Joseph and Danny Tinker as well as outstanding linemen like Steve Dawson, Jack Harvey, Mark Anderson, Les Halstead, Roy Wedge and Terry Sacartier.

* * *

EIGHT REGULARS are listed among the 13 seniors at Pellston. Included on the list are Mike Thompson, Doug Lovaasen, Ken Kroll, Toady Bonter, Ed Clear and Don Boda, who played on both offense and defense; Jim Carter, a regular who received a fractured arm early in the season; Jim Cadwell, Dale Williams, Gary Campbell and Ed Swiss, regular defensive players.

Stockwell 4th Highest Scorer In NMCC League

A Charlevoix senior, Jack Stockwell, ranks among the top scorers in the Northern Michigan Class C league this season according to a compilation of scoring results made by Henry Smith of Gaylord, league secretary.

Stockwell, fullback on the Rayder squad which shared the championship with East Jordan, scored seven touchdowns for 42 points to place fourth on the list of point-makers this season.

* * *

HE WAS TOPPED by Don Wilson of East Jordan who had an impressive 67 points including 11 touchdowns; George Kilborn, sophomore fullback from Harbor Springs, was second with 49 points and Bill Bushard of Mancelona was third with one less point, 48.

Joining Stockwell in the scoring column from Charlevoix were Rich Grunch, Del Terrill, Brendan LaBlance, and Bruce Kroken with 18 each; Larry Edwards with 14, all scored on points after touchdown. Dave Smith, Ken Parrish and Nick DeYoung, 12 points each, with both of the latter's TD's resulting from pass interceptions and Ben Cunningham, a tackle, one TD scored when he scooped up a fumble and went in to score.

Golf Course Does Booming '63 Business

City Told Income More Than Doubled Since '52

The Charlevoix Golf Course, operated by the city, had its best season in history, according to a report made by club manager Keith Carey, to the City Council.

The figures included in the report compiled by Carey, who has operated the course since 1954, date back to 1953 and shows the growth of the facility during the past 11 summers.

* * *

AS THE NUMBER of players has increased, so has the income, Carey's report shows

For instance, the number of daily tickets sold in 1953 was 3,213 as compared with 4,982 during the past summer. This includes tickets sold during the full months of June, July and August and through the Labor Day weekend in September.

The increase in the number of tickets sold during the month of June reveals the course is being used much more now, than in 1953 when only 136 daily tickets were sold. This year 693 were sold during the same month.

Until 1958 all "day tickets" were $1.25 and students could play for 50 cents. Beginning in 1958 and continuing through 1960 the price was increased to $1.25 for nine holes and $2 for an all-day ticket and the 50 cent charge was discontinued. In 1961 the cost of the "all day" ticket was increased to $2.50.

* * *

THE INCOME FROM THE "all day tickets" increased from $956 in 1958 to $1,132 in 1960 and from $1,334 in 1961, when the price was increased to $2.50, to $1,860 in 1963.

More and more people are playing regularly and as family groups it was revealed in the income from the sale of season tickets or an increase from $558 in 1953 to $2,481.75 in 1958 to $3,924.50 last summer.

The cost of season tickets is $20 for students, $25 single, $40 double and $45 family for non-residents and $12, $20, $35 and $40, respectively, for each of the same groups for local residents.

In making the report, Carey said the growth in the number of season tickets this year was remarkable, considering the fact that so many regular golfers left the community with Bechtel Corp.

* * *

THE GROSS INCOME of the course has more than doubled during the 11 years included in Carey's report, which shows an increase from $4,812.55 in 1953 to $7,262.75 in 1958 to $12,141.50 last summer.

The small amount collected by the greenskeeper, Walter Henley, after the Labor Day weekend will bring the gross for 1963 to nearly $13,000, Carey reported.

The fact that more people are playing golf, that the municipal course was used exclusively by other than participants during the Michigan Amateur Golf Tourney in June, that the weather permitted golfers on the course on all but a few days during the entire season and that special events planned by Carey attracted many golfers to the course combined to make this season more successful than preceding seasons.

The days of "free golf" at the course early in June has done much to acquaint new golfers with the course, he contends. This event has been sponsored by city and the Charlevoix Chamber of Commerce during the past two seasons.

NEW CHEVELLE!

BY CHEVROLET

The kind of handling ease you'd expect in a smaller car. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

Only a car that looks as good as this could come between Chevrolet and Chevy II. Come on down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses*!

And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

COMMENT, OPINIONS, FACTS

City Constructed Yacht Facilities Wise Investment

LAST WEEK'S STORY ON development of additional city-owned and operated dock facilities reopens an old discussion.

One view is that these municipal operations amount to a government subsidy for Charlevoix businessmen. There is a shadow of reasoning in this theory. Turn the lights up, however, and you find many other families benefitting.

* * *

THOUGH MOST BUSINESSMEN realize more direct and larger returns from the city's waterfront development, it should be remembered they have the biggest investment in Charlevoix.

The Courier believes these facilities, and their improvement, are essential to Charlevoix's prosperity. And it should be remembered the docks are almost self-supporting.

There is absolutely no indication private enterprise is in the least bit interested in developing public yachting facilities and beautifying the waterfront. If they were, we would avidly urge the city to sell.

We hope City Councilmen will see their way clear this winter to order construction of an attractive and spacious shower - restroom for visiting yachtsmen. While at it, logic seems to call for including new Chamber of Commerce offices in the building.

* * *

AND IF THE CITY is to be commended for its efforts to give the downtown area a sparkling face, it seems appropriate that businessmen take similar action.

Several business places present anything but a complimentary appearance in front or back. If taxpayers are willing to do their share, so should these few lagging merchants.

We feel the city's initiative in developing public facilities to attract visitors is an all too rare example of the kind of local government democracy needs to maintain itself.

All around us we see frightening examples of weak local government, blindly turning its responsibilities over to state and national government.

* * *

THE RESULT, AS MOST astute observers have pointed out, is a headlong rush toward federal control on all levels, and eventual socialism.

It is our hope that more local governing bodies will follow Charlevoix's example by taking care of their own needs; and that our own City Council will carry it over on an ever widening scale.

We recognize that in a theoretically "pure" capitalistic society government would be involved in no such ventures, and would confine itself to making and enforcing laws.

However, theory is seldom 100-percent practical, and absolute purity is forever eluding mortals.

Begin Probe Now Of School Needs

IT COMES TO OUR ATTENTION that the Charlevoix school district's 1.5 mill operating levy expires this year.

The Board of Edueation, we understand, is already considering preparations for a millage vote campaign this spring. This foresight should soon be converted to action, and used to make a thorough study of all curriculum needs.

* * *

WHILE FINDING NO FAULT with the present program, the Courier does feel education can always be improved. We do not, however hold the opinion that the way to do this is pay teachers more and build fancier classrooms.

Veteran observers are forever plagued by a lack of tangible criteria on which to evaluate education.

The time-honored plea for more money becomes hollow unless educators can show the community they are using the tax dollars they get wisely, and have a logical and necessary need for more.

Perhaps Charlevoix's already much-praised industrial arts program should be expanded into an expensive vocational training curriculum. This would prepare many youths for immediate employment.

Having this ready supply of skilled young men would also be an enticing sales pitch to industry.

* * *

THERE ARE, UNDOUBTEDLY, many other phases that require equal study.

The Courier does not pretend to have the answers to how the school's curriculum can, and should, be improved.

We do, however, feel that now is the time to start looking for these answers. The search cannot possibly be complete, or adequately presented to the public, if it isn't started until the election is a few weeks away.

It is our suggestion that the Board of Edueation give careful consideration to appointing a lay committee to probe the curriculum, beginning no later than January. A professional advisor from one of the universitys would also seem appropriate.

* * *

THIS GROUP MAY COME up with recommendations that require more than renewal of the 1.5 mills. If so, and they are legitimate and fully explained to the public, we would expect to see them supported at the polls.

Odds 'N' Ends

By FRAN MARTIN

Don't know if everyone is like I am but there are wonders of nature I'll never comprehend . . . Among them is how birds fly . . . I have always marveled at the way sea gulls, for instance, ride the air current that are created by the winds off Lake Michigan as they strike the bluff overlooking the lake . . . Seems that all birds' wings are not alike . . . they're designed for given purposes . . . or so I found by watching a recent teleenst from the St. Louis zoo in which it was explained via use of diagrams and films how come birds can fly . . . Which provides a couple of things . . . that one can always learn something new . . . and that one can't help believe that there's Someone who's in charge of things like that . . . they just don't happen by chance . . .

So far this fall we've missed the big blows but November never rolls around that old timers (and that's beginning to include me!) recall November storms of the past . . . Such as the one on Armistice Day in '39 when all the ships were lost on Lake Michigan . . . among them the grain boat that broke up ott Pentwater when the Cross brothers risked their lives to save the crew of the ship . . . and more recently when the Bradley broke up in a Sou'wester just five years ago come Monday . . . unless you've seen Lake Michigan on a rampage you can't believe that such a tragedy could happen in this day and age . . . I know that those close to it will never forget that 'May Day' message and events that followed . . . As our own Sundew left port to search for survivors . . . The great ship proved that night that it was most seaworthy . . . Members of her crew said afterwards that there were times when they doubted if they'd make il but the old work horse came through . . . to piek up the two survivors and the bodies of those less fortunate . . . It was a sobering sight when she returned to port under slate skies as dusk fell the following day . . . It's still like a nightmare to those who witnessed its return . . .

Today crews of other great ships still ply the same stormy seas . . . hopeful that such n tragedy will not happen again . . . Among them is one of the two survivors, Elmer Fleming, who now skippers his own ship for the Bradley Transportation Co. . . . One wonders how anyone who has undergone such nn experience can go back on the water . . . One thing's for sure, it takes a lot of courage . . . but when you get to know this man you find he has it . . .

* * *

AS IF YOU DIDN'T know, I think that programs for youngsters are one ot the most important things we have . . . Among these is the Boy Scout program . . . The other night I was invited to the annual Scenic Trails Council dinner meeting at its new Besser Hall at Camp Greilick . . . which I was most anxious to see because this community has more than a little interest in its construction . . . How? Bechtel Corp. of San Francisco which constructed the Big Rock Point Nuclear plant for Consumers Power Co. gave tl semis of lumber of various types to the Council which trucked it away and utilized it in the construction of the beautiful new dining hall ot the camp . . . Wish you could see it for it's built on the edge of a hill overlooking tree-covered slopes that go to the water's edge . . . It's a bit rustic, simple in design with beautiful woods, especially in the laminated beams and paneling, true sources of beauty . . . Wish you could have seen it . . . and the fine program which called attention to all the wonderful people participating in the program by giving of their time and sharing so many material things . . . Bennie Oosterbaan was the speaker . . . relating some of his experiences as one of football's all-time great . . . and bringing out the things that being a member of a tenm . . . any teom . . . means . . . and what tt teaches . . . Mnybe I'm a little hammy when I find these things inspiring nnd mighty worthwhile . . . but the day that things like scouting, sports and simple things like having the privilege of being associated with such fine, selfless people fails to be important . . . than I don't want to be around anymore . . .

Till next week, take care . . .

Wants to Shop Friday Night

To the Editor:

As a newcomer to Charlevoix I hate to sound-off about the way people here do things. But this is just too much.

We have lived in many parts of the country; in small towns and big cities. But never at these places have we seen businessmen who seem to be so unknowing about shopping habits that they close up on Friday nights.

* * *

I KNOW FOR A FACT that many new families are doing the same thing we are and shopping in Petoskey on Friday nights, even if they would rather shop in Charlevoix. They don't have a choice. You people won't stay open when we can shop.

Most of us moved into Charlevoix without knowing about this inconvenience. When we came here your stores were open evenings for the summer people.

We know there are one or two stores open Friday evenings, and we appreciate their desire to help patrons, but they hardly offer all of our needs.

* * *

WHAT'S WRONG . . . isn't our money good enough for Charlevoix businessmen?

A Newcomer

Like Courier

TO THE EDITOR:

I think we all appreciate the fine things you are doing with the Courier (Except maybe a few politicians who don't like to be put on the spot for answers).

But I think the thing that has impressed me most is the way you have been giving people of both parties a fair chance. Even if I usually vote for Republicans, I've figured the Democrats were getting a bad deal from the local paper. And I think I know as well as anyone that our kind of government depends on everyone getting a fair chance.

WE ALSO THINK the school coverage has been wonderful. For once we seem to have someone writing things that knows what they're writting about.

I do think you've been giving too much attention to the commercial fishermen. But I know we can't all have everything our own way.

About Ferry Boat

TO THE EDITOR:

I herewith enclose check for 1964 subscription to the Charlevoix Courier.

In your October 31st issue in the column "Rambling With Shep" you inquired what Ripley wrote about the Ironton Ferry. My recollection is that the drawing portrayed the view of the Ironton side from some point in the South Arm near the ferry cable. It showed the white house on the left-hand side of the road. I think it showed the ferry tied up at the Ironton landing. The comment was — that so-and-so (the man who ran the ferry) had traveled 25,000 and some odd miles - more than three times around the world at the equator without ever having been more than 400 miles from home. I saw the cartoon a long time ago. It is possible that Ripley did not mention the world at the equator.

* * *

BACK YEARS AGO, the newspapers used to carry a small column of odd facts and information usually headed "Did you know that?" "A columnist named H. I. Phillips wrote a long column on this in reverse, entitled — "Things I never knew until now." After After commenting on the fact that carrots when stepped in gin and cooked for four hours is no good anyway, he said that, "There are ferryboat captains who were born, grow up, live and die in the service without ever knowing which is the front end of the boat."

Yours,
George M. Rassieur

A Lift for Living

Drama Has Misleading Wonder Lure

By REV. HAROLD E. KOHN

How easily we become victims of our fascination for the dramatic! If, feeling ill, we visit the doctor's office and the doctor examines us, looks deeply concerned, and says, "You must have immediate surgery, and I'll arrange for a room at the hospital this afternoon," we are likely to accept this advice and submit to the surgeon's scalpel.

But if the doctor advises us to eat less, exercise more and give up a habit or two in order to regain health, we are less likely to follow orders. An operation seems dramatically serious, while diets are dolefully drab and unexciting.

* * *

YET, IN A SOCIETY where we commonly dig our graves with tablespoons, diets may sometimes be as necessary as surgeons' knives.

In the Old Testament Second Book of Kings the story is told of Naaman, a great warrior, who was grievously afflicted with leprosy.

Naaman was told of a prophet, named Elisha, in far-off Judea, who could heal him of his loath some sores. But when the commander and his honor guard arrived at Elisha's house, Elisha did not answer the door.

He sent his servant to tell Naaman, "Go and wash in the Jordan seven times, and your flesh shall be restored, and you shall be clean."

* * *

THE GREAT SYRIAN was chagrined. Bathe in the Jordan? Bah! There were far better rivers in Syria if a man needed a bath!

But Naaman was saved by the simple wisdom of his servants who asked him, "If the prophet had commanded you to do some great thing would you not have done it?" Naaman, impressed with the common sense of this proposition, went to the Jordan and was cured.

Naaman's fault was as old as the race and as modern as tomorrow's newspaper. He wanted dramatic answers to his need.

All citizens of the democratic nations could learn from Naaman. For the most part good citizenship does not consist of doing remarkable, extraordinary things for one's country, but in obedience to high principle while performing everyday tasks.

* * *

WE ARE PRONE to forget this. If we are called upon to endanger our lives or risk a fortune for our country, we will do it.

But we are less fervent in the conduct of more commonplace duties. We will cross the seas to die for our nation when we will not cross the street to vote for its leadership.

If we were Senators in Washington, what wonders we would perform! But write a firm letter to a senator, expressing our convictions concerning government policy? "What good would that do?" the modern Naamans ask.

* * *

A CRAVING FOR the dramatic can doom a marriage. The real test of married love is not the degree of rare emotion felt in a passionate embrace, but the way married partners seek to fulfill each other's welfare and happiness in the midst of everyday duties and responsibilities that are hardly glamorous or romantic.

When marriage is treated as the opportunity for two loving souls to grow together, nurtured by life's simple demands and common duties, then holy matrimony becomes more sacred as the years slip by.

As in Naaman's day, so now, God still works His wonders when His children see divine possibilities in the commonplace and are willing to do ordinary things with extraordinary faithfulness and high hope.

"AM I RICH"
...this thoughtful man reflects. Men call him a captain of industry but that may not make him successful. He has no fear of the future as far as the comforts of life go but, never-the-less, *he stands in pensive thought.* Has he given companionship to his children? Has he taken them to the right places? How often has he sat with his family in church? Would they call him a good Father, a successful husband? Has he shared in building a good community and civic institutions? *Any man is much richer who does these things.* But who is the truly rich man? What is the distinguishable mark? If he should die this night, who would miss him? Would neighbors be made poorer by his going? Would any hungry folk go without food because his hand was stayed? Perhaps he is asking the ancient question... *am I rich with God?* All of us should ponder, *"just what will I carry into His presence when I go?"* What are the qualities which make a rich person? *That man is truly rich who leaves a poorer world by his going.* Then come with me to church and learn of the ways of God.

FIRST DEER . The first person at the Courier office Friday morning with his deer was 16 year old Gordon Himbaugh (left), a junior at Charlevoix High School. This is the third year in a row Gordon has brought his buck down within minutes after the season opened. He was at the Courier by 7:30 a.m. His eight pointed was shot south of town. Only a few seconds behind Gordon was Tom Browe of May St. (right) who shot his four-pointer at 7:15 a.m. off the Boyne City Rd. near Susan Lake. Fourteen other hunters came to the Courier with deer before opening day ended. Their pictures are all on page

City Seeks Hike In Assistance To Build Harbor

Charlevoix City officials met with Michigan Waterways Commission representatives here Tuesday in an attempt to convince the state agency it should contribute a larger share to further development of the city harbor on Round Lake, Mayor E. D. Hawley announced.

In the past the mayor explained, the Waterways Commission has paid for approximately 50 percent of harbor development.

* * *

THE CITY IS contemplating a harbor expansion project that could double the present space for boats, and add shower, restroom and other facilities.

Only 30 feet of the waterfront on Round Lake's west shore remains in private hands. The city hopes to purchase this and expand its public docks along the entire waterfront.

Included in the plan is a building with showers, restrooms and Chamber of Commerce offices on the site of the old laundry building at the foot of Clinton St.

Some of the present wood pilings in the public dock would be replaced, Hawley pointed out.

Courier Demands Records

Bulow Won't Make Public

Charlevoix County Clerk Fenton R. (Pete) Bulow has refused the Courier access to public records, Glen Sheppard editor, declared this week.

Sheppard charged Bulow of violating the United States' traditional freedom of the press and the public's "right to know."

BULOW CONTENDS he has never allowed county newspapers to examine public records, and feels he has the right to continue this policy.

The newspaper spokesman requested to see records of all cases filed in Circuit Court, marriage license applications and divorce proceedings.

Bulow stated he has always decided what information "I feel" the newspapers should print.

He added that people "don't want things in the paper, and ask me not to give them out." He also argued that "people have a right to their privacy."

* * *

"IT IS NOT Bulow's responsibility, or right, to decide what he feels the public should know," Sheppard declared.

"The right," he continued, "belongs to the people. And the people of the United States and Michigan long ago decided all government records are public documents.

"They have fought and died for

IT APPEARS from here that dunderhead Republicans already have pulled the plug on able members of their party this time. And, it could be the last time, because another chance might not roll around.

Unless there's a switch in the making before the 1964 elections, the GOP's chances are miserably slim of holding the state house, and re-electing scores from urban districts.

And there's only one reason: Mental paralysis of Republicans in islands who control most of the top seniority in Lansing.

At least that's the way this column — which once spent most of its time observing politics—sees it.

Gov. Romney has no chance, certainly, with no help at all from here. In fact it was a shocking disappointment for someone who spent many long hours trying to get the man elected.

However, last Tuesday Representative Don Gurnee of this corner can't see how a Republican could honestly vote against it without having a more reasonable proposal of his own.

But that's what the Grand Old Party demonstrated in Lansing last week. Without batting their brainwasher here from its decades old rut, they spanked Republican hope for Michigan.

Good ole Gus Scholle and team will be forever indebted to them.

In the long run, however, the vast majority of Democrats (what vote that way because they believe its best for good government, but don't give a hang for "party control") will rue the day. One-party government can only go rotten.

—●—

INCIDENTALLY, Petoskey's senior newsman was telling me the other day many Emmet County Republicans envy Charlevoix, because they don't have a man of Don Gordon's caliber in Lansing.

That's a switch, eh?

Teacher Tells Tenure Story

LOCAL GROUP IN STATE PUSH

(NOTE: The Courier asked teachers at Charlevoix Public Schools to prepare this article, telling the tenure story from their viewpoint. Charlevoix teachers have participated in circulating the petitions for state-wide tenure laws.—ED.)

By LAURA COURTADE
CHS Teacher

The Michigan Education Association is heading a drive to receive 300,000 signatures on initiatory-tenure petitions by this week. If this goal is reached, the legislature must either make tenure state wide in public schools or must put the issue on the ballot at the next general election.

Teachers throughout Michigan are giving their united efforts to secure these signatures as they feel that if tenure is passed, education will be improved in the state.

* * *

TENURE PERMITS the properly certified teacher, after a two or three year probationary experience, to hold his position as long as he renders efficient service. It also establishes sound procedures for dismissal of unsatisfactory teachers.

The teachers under tenure must constantly strive to do a good job, as their employment depends solely upon continued satisfactory teaching. School authorities still have the right to dismiss teachers.

Churches Join For Service

The traditional community Union Thanksgiving Service will be held at the First Baptist Church this year, Rev. Alexander Wood, president of the Charlevoix Ministerial Association, announced.

The Rev. William Harmon of the Ironton Congregational church, will deliver the sermon. Music will include traditional hymns and anthems of Thanksgiving.

* * *

OTHERS PARTICIPATING in the services will be the Reverends A. Robert Harrison, Arthur A. Austin, Raymond J. McBratnie, the host pastor, Rev. Jack Harrison, and Rev. Wood of the Christ Episcopal Church.

15 Hogs On Menu Tonight

An estimated 830 persons are expected to enjoy the "choicest part" of 15 or more hogs at tonight's (Thursday) Band Parents Dinner.

Adult volunteers started cooking the 30 or more hams this afternoon that will be served at the dinner tonight, starting at 5 p.m. and continuing through 7 p.m. in the High School cafeteria.

* * *

MRS. CLIFFORD RILEY, and Mrs. Clarence Smith, dinner co-chairmen, estimated a record number of persons will be fed at the annual fund - raising fete tonight.

The menu, in addition to ham, includes parslied potatoes, green beans, cabbage salad and cake with warmed cherry sauce.

More than 60 band parents are working to put on the dinner.

Mrs. Riley and Mrs. Smith pointed out the hundreds of people who will be fed tonight will find the cafeteria has plenty of space for everyone, and crowding will not be a problem.

* * *

ALL PROFITS FROM the Band Parents Dinner go to the band. It will be used to pay the young musicians expenses in state and regional competitions and at the National Music Camp.

Last year the band came back from the state competition with a superior rating.

Dinner tickets are $1 and 50 cents. They can be purchased at the cafeteria tonight.

Schools OK Temporary Loan to Meet Payroll

WILL PAY BACK WHEN STATE AID RECEIVED

Michigan's school aid system caused anticipated problems for the Charlevoix Board of Education Monday evening.

Because school operating funds are not received when "most needed", the board approved borrowing up to $20,000 to make the Dec. 13 teachers payroll.

THE MONEY, Supt. Rex Milligan pointed out, will be repaid when local taxes and state aid funds are received. He stated the loan does not mean the school district is "running in the red."

He declared the money will be repaid by Mar. 1, when the board expects to have sufficient cash in the general fund to meet payroll and other financial obligations.

Board member Dale Bo- stated Milligan should be his "wanted to do that years" but found it is illegal.

* * *

ON A MOTION BY Mrs. L. B. Brown, the board voted unanimously to borrow the $20,000.

It was agreed that if not all of the money is required, it will not be borrowed, and that it will [illegible] back before May 1.

Milligan also announced the school system had expected to borrow money to meet the Dec. 1 payroll, but cutback contained in the general aid bill saved the borrowing.

Kill 80 Deer On Islands

Monday hunters here killed 80 deer, Conservation Officer Vernon Fitzpatrick announced.

He reported there were a total of 200 deer hunters on the islands over opening weekend. By Monday, 125 nimrods were still trying to get their whitetail on the Lake Michigan islands.

* * *

THE BIGGEST buck taken weighed 202 pounds field dressed, and had a ten point rack, Fitzpatrick stated. He declared this was official weight, not a "guess."

The Beaver Island auto ferry stayed at St. James Friday, rather than make its scheduled crossing to Charlevoix, due to rough weather. It made two trips Saturday with full loads of automobiles each time.

Robbery of Home Charged

A man and woman were bound over to Circuit Court early this week on a charge of stealing money from the home of an elderly East Jordan man, Charlevoix County Prosecutor Harvey Varnum reports.

According to Varnum and Justice John Connolley, John Cecil McWatters and Esther Jean Case are charged with entering the home of George Winstone of East Jordan and taking $140 from his pants pockets. The pants were on a chair.

* * *

THEY WERE arraigned before Justice Connolley, where they waived examination on a charge of grand larceny. Varnum stated

Hayes Column Due in Courier

Hayes Township-Bay Shore residents will once again have their own column in the Courier, starting next week.

Mrs. Thomas (Ada) Maxwell of Hayes Township has accepted a position as the Courier's correspondent in her area.

* * *

SHE WILL WRITE all personal and social items about Hayes-Bay Shore people, that are reported to her. Mrs. Maxwell's telephone number is LI 7-2119.

She said she hopes people will call her with all of their news items—big or small. "I am home most of the time, and people can call me anytime, including the evenings," she said.

Mrs. Maxwell has been active in the Band Parents, PTA, the Missionary Society of the Church of God and is a former bookkeeper.

★ Clerk Refuses To Open Files

this principle . . . and the Courier will not be a party to abandoning the heritage now.

"BULOW'S ONLY responsibility as clerk is to see that these records are properly kept. He is paid by the taxpayers to do exactly what his title implies—clerk.

"Our request to see all Circuit Court, marriage and divorce files is by no means irregular. Newspapers and County Clerks throughout Michigan consider this a routine arrangement."

Sheppard stated the Courier tried to settle the issue quietly by consulting Circuit Judge Charles L. Brown.

In a long distance telephone call to Traverse City, Judge Brown told Courier executives the records are "public" and that Bulow does not have the right to withhold them from the newspaper, the editor announced.

* * *

WHEN WE RELAYED the judge's instructions, Bulow agreed to follow them the next morning (Tuesday) and an appointment was made," Sheppard said.

"However, Tuesday morning, when we went to Bulow's office to keep the appointment, Mrs. Bulow, her husband's deputy, told us he was out in some of the townships and she didn't know when, or if, he would be back.

"Mrs. Bulow then refused to let us see the records, contending she did not have 'authorization.'

"Unless the basic laws of this country and state have been changed, for the Charlevoix County Clerk, there is no question of anyone having 'authorization'. Instead it would require authorization to withhold the records."

Judge Brown told the Courier he is the only one who has authority to "suppress" a Circuit Court file, and then "only if an attorney requests it and has awful good reason."

* * *

SHEPPARD SAID the Courier will meet with Judge Brown as soon as possible.

About This Question

The first Thanksgiving found the Indians generously sharing turkeys and maize with the Pilgrims to assure a generous feast for all.

In this fine American tradition, an abundant United States now shares its surplus food with undernourished peoples of the world.

Every day is a day of Thanksgiving to our Creator for the blessings of freedom and abundance in this, our country.

Clarence Odmark Heads Workshop

Clarence A. Odmark, director of music in Charlevoix Public schools, has been appointed chairman of the State Curriculum Workshop Committee of the Michigan School Band and Orchestra Association.

Announcement of the appointment was made by Gerald Bartlett, president of MSBOA and director of instrumental music in the East Lansing high school.

MR. ODMARK, has been a member of MSBOA since 1938, and has served as state treasurer for two years and as a district officer many times, the most recent being District 11 chairman 1961-63.

Telley-Allers Exchange Vows

Mr. and Mrs. Paul Allers have gone to Fort Lauderdale, Fla., to make their home following their recent wedding in Detroit.

The former Pamela Telley and Mr. Allers, son of Mr. and Mrs. Leroy Allers, were married at a chapel in Detroit Nov. 9 and, after a wedding trip to Niagara Falls, departed for the South.

* * *

AMONG THOSE IN Detroit for the wedding and the reception followed at Roma Hall in Livonia were Capt. and Mrs. Allers, Peter Johnson of Boyne City who served as an usher and Mrs. Johnson and the bridegdoom's sister Mrs. Mary Evans and two daughters, of Kalamazoo.

Mr. Allers was discharged in mid-October from the U.S. Navy after four years in the Submarine Service.

"The Waterways Commission has been very interested in seeing Charlevoix continue its harbor improvement," Hawley said after the meeting.

He said the commission representatives who participated in the meeting here will make their recommendations to the full Waterways Commission at its December 4 meeting in Dearborn.

Engineers will not be ordered to prepare plans for the project until the city knows how much of the cost the commission will pay, Hawley pointed out.

THE ENTIRE project could run as high as $100,000.

How much of it will be attempted depends on what percent the Waterways Commission will pay, the mayor stated.

The commission, he pointed out, has paid more than 50 percent of such projects in other communities. The Tuesday meeting was aimed at making such an arrangement for Charlevoix.

YOU MAY RECALL we suggested a few weeks ago that Chamber of Commerce office furnishings were in a disgraceful condition. Well, the matter has been corrected.

Dean Davenport was the receiver of two new used desks last week. They made him feel so good he seems to have gone a bit berserk.

Burning a can of wax polish from next door, he not only polished the desk exterior, but got right in and polished inside the drawers.

COURIER BUSINESS Manager Tom McDaniels and this column have each put up 50 cents on the tip-off 1964 presidential nominating conventions.

Tom wagers the Republican will settle on Richard Nixon, figuring they don't want to waste a good man in a futile effort to unseat Kennedy.

I'm betting the GOP will put up their strongest candidate (Barry Goldwater?), figuring JFK can be licked.

GETTING BACK to Davenport! He tells us Carl F. Raymond of Flushing (near Flint) phoned the Chamber last week offering jobs to idled Charlevoix's laid-off commercial fishermen.

Raymond, reportedly, is in the construction business and has work enough for the fishermen here who were put out of work due to government bungling.

"I thought that was darn nice of him," Dean remarked. Who could disagree?

It's a parking violation from the Stuart police. In red type, the violation notice states visitors are welcome and the police will consider it a pleasure to help them in any ways possible. It also urges them to enjoy their visit. In black type it mildly points out a parking ordinance has been violated.

ary or unreasonable dismissal, will be free to participate in civic enterprises, buy homes in the district, and become a part of the community.

The students will experience better school conditions under educators who are sincerely interested in the school and free to devote their full energy to their classwork.

THE PUBLIC WILL have more confidence in their professional staff, as they will be assured that greater care will be taken in the selection of teachers.

Twenty-four states now have statewide mandatory tenure. Seventy percent of all United States teachers are under tenure. Approximately 30 percent of Michigan teachers are presently working under tenure by the vote of the people in their districts.

The National Educational Association says that "Tenure, properly conceived and administered, is conducive to a good school system. It provides protection for the employer, the employee, the pupils and the public. Everyone interested in the school system has some responsibility for the operation of tenure provisions."

Secretary Hare said "Michigan cannot be proud of its educational image until teachers in every school district have tenure."

Study Channel

A $30,000 federal grant has been awarded the Army Corps of Engineers for surveying the channel and from Lake Michigan into Lake Charlevoix.

The grant, reportedly, will not cover any actual dredging, but will allow the Corps of Engineers to determine what work needs to be done.

RECORD OF THE COUNCIL

November 4, 1963

The Common Council of the City of Charlevoix met on the above date with Mayor Hawley presiding. Aldermen present Gill, Grubaugh, Neff, Parsel, and Staley. Absent: Alderman Fochtman.

The minutes of the October 21, 1963 meeting were approved as prescribed to the Council in writing and as recorded in the Council minutes book.

Enter Alderman Fochtman.

Moved by Alderman Fochtman and supported by Alderman Grubaugh that the City renew its contract with Wm. J. Marine for one year beginning November 1, 1963 for the operation of the privately owned land fill operation. All terms and conditions of the original contract to be in effect for the next year.

Motion adopted by the following Yea and Nay vote. YEAS: Aldermen Gill, Grubaugh, Neff, Parsel, Staley and Fochtman.

The Mayor was authorized to sign acknowledgement of receipt of Confirmation and Acceptance of offer of the City Council to the Michigan State Highway Department pertaining to the Crossroad Treatment of City Streets affected by the improvement of M-66 in the City of Charlevoix.

The following resolution was offered by Alderman Neff and supported by Alderman Fochtman.

RESOLUTION

A public hearing will be held by the Common Council of the City of Charlevoix on December 16, 1963 at 8 p.m. in the council room of the City Hall, City of Charlevoix, regarding a petition to close and vacate an alleyway, such alleyway being that alley running parallel to Petoskey Avenue in Block 5 of Fox and Eaton's Unrecorded Plat, the legal description of which follows:

In City of Charlevoix, Charlevoix County, Michigan, beginning at a point on the East Line of Burns Street, which is 1251.2 feet East and 156.75 feet North of the intersection of the North line of Petoskey Avenue (formerly Emmet and Grand Traverse State Road) with the East line of Michigan Avenue; thence North along the East line of said Burns Street 16.5 feet; thence East parallel with Petoskey Avenue 297 feet to the West line of Prospect Street; thence South along the West line of Prospect Street 16.5 feet; thence West 297 feet to the point of beginning; being the East-West alley in Block 5 of Fox and Eaton's Unrecorded Plat and being a part of Government Lot 3, Section 23, Town 34 North, Range 8 West.

Resolution adopted by the following Yea and Nay vote. YEAS: Aldermen Gill, Grubaugh, Neff, Parsel, Staley and Fochtman.

Moved by Alderman Gill and supported by Alderman Grubaugh that the City ask for bids for the removal of the Schrader and Butler houses located on State Street.

Only bids of $100.00 or more on each house will be considered. Bids will be received until 8:00 p.m. EST December 16, 1963. Motion adopted by the following Yea and Nay vote. YEAS: Aldermen Gill, Gruhaugh, Neff, Parsel, Staley and Fochtman.

The Finance Committee having examined bills totaling $24,450.13 find them correct and recommend they be allowed. Moved by Alderman Fochtman and supported by Alderman Neff that the bills be allowed and orders drawn for their amounts. Motion adopted by the following Yea and Nay vote, YEAS: Aldermen Gill, Grubaugh, Neff, Parsel, Staley and Fochtman. NAYS: None. ABSENT: None.

On motion the Council adjourned.

HUGH MAYNE, City Clerk

St. Mary's Seeks Clothes for Needy

St. Mary's Church has launched its annual Thanksgiving clothing drive for local, area and international distribution, Rev. E. Francis Denay announced.

Parishioners and residents are asked to leave unneeded clothing at St. Mary's School. In addition to all types of clothing, Fr. Denay pointed out blankets, bedding, and shoes and piece goods are needed.

* * *

GEORGE LABLANCE is clothing drive chairman.

Charlevoix county children and missionary groups throughout northwestern Michigan will benefit from the drive, he pointed out. The clothing will also be distributed overseas by the Catholic Relief Services, which operates in 67 countries throughout the world.

Such items as neck wear, girdles, handbags, pillows and high heeled shoes cannot be used, Fr. Denay stated.

He asked that items turned in be clean, and in good repair with buttons, zippers and shoe laces complete.

* * *

THE DRIVE CONTINUES throughout this weekend. Early next week the clothes will be packed for distribution overseas and to local families.

SCHOOL SURVEY INDICATES

Local Students Favor Negroes in Race Issue

What do Charlevoix High School students think of the racial issue now plaguing politicians?

Most of them side with the Negroes, according to an opinion survey conducted by the school paper, the "Crimson Flash."

* * *

THE SCHOOL newspaper printed replies from seven students, who were asked if they would join a freedom march, it invited to and there was assurance of no violence.

None of the students indicated they oppose the Negro demands, and five emphatically said they would join the march. All seven replies follow:

LINDA NOWLAND: Yes, I would go. I believe everyone has the chance of an equal opportunity, particularly in education. I, as an individual, could not do much to persuade anyone, but it will have been worth the try.

JOHN McSWEENEY: I would join the march for the Negroes' rights because I see nothing wrong with colored people. In every respect I believe most Negroes are as good as most whites. Every Negro I've met, I've liked.

MARY MITCHELL: Yes, I would go. The Negroes should have as many rights as we do. Because their skin is different, we shouldn't exclude them.

BOB BERGMAN: Yes, I would. I believe the Negroes have the right for their freedom just as we do ours. Their color should make no difference; there have been just as many great Negroes as whites. So why should they be persecuted and kept out of schools and other places as if they were some kind of monsters? We tought for our freedom, so why can't they?

ROGER LOE: Yes, I think I would go because of the way the Soviet Union and Red China are exploiting our racial problems for propaganda purposes. It might help to get the problem settled, and it would be good publicity across the world for us to have the problem settled.

KAREN OHMER: I don't think I would join a freedom march, but I do think the Negroes should have the rights we have.

SHIRLEY GIBSON: I wouldn't join because it's none of my business.

Navy Recruuit

Resaurant Sold To Local Woman

Sale of the Chatterbox Restaurant to Mrs. Jean Z. Gallagher, has been announced by Mrs. Otto Kane who owned and operated the business at 214 Bridge st. for 15 years.

Mrs. Gallagher is a native Charlevoixan but has spent the past few years in Florida. She operated the municipally-owned bath house there several summers and in Florida was associated with various restaurant operations.

* * *

MRS. GALLAGHER said she plans to operate the Chatterbox during the same hours, 6 a.m. to 8 p.m. and to feature the same foods as were served by Mrs. Kane. Mrs. William Kane will continue to be associated with the restaurant.

Mrs. Kane, sr. plans to retire, she said. She and Mr. Kane plan to leave later in the year to spend the winter in the Lakeland area of Florida.

Irve Drost bagged his 5 point buck at 7:55 a.m. opening day South of Charlevoix.

Seek Student For UN Event

A Charlevoix County high school student will participate in the 15th annual United Nations Pilgrimage for Youth sponsored by the Independent Order of Odd Fellows and its auxiliary, the Rebekahs, according to Mrs. Eldred Ostrum, and Sims Baker, Noble Grands of the Charlevoix lodges.

Competition will be among students from the three Class C schools in the county. Applicants must have completed the sophomore or junior year by June, be 16 or 17 years of age at the time of the Pilgrimage and be in good academic standing.

* * *

THE PILGRIMAGE will be held next summer. Delegates will study and observe the UN in action, have an opportunity to interview representatives of member nations, visit International House where graduate students from more than 80 countries live and spend a day at the 1964 New York World's Fair.

A number of fund raising events will be held throughout the county during the next few months to underwrite the cost of sending a delegate from the county, Mr. Baker said.

Antrim May Join Area Schools

The possibility of Antrim County joining with Charlevoix and Emmet in the Intermediate School District was discussed at Monday's meeting of the Charlevoix Board of Education.

Antrim, according to information received by the local board, is now in what is known as the county Charlevoix-Emmet district, or Grand Traverse County.

'BETTER THAN EVER,' BURRIS SAYS

Deer Hunters Hitting Jackpot Here

CHARLEVOIX COUNTY DEER hunters are collecting, perhaps, record dividends, largely due to weather nimrods would be expected to cuss.

Warm, damp weather usually brings disgruntled protests from deer hunters. Under such conditions they argue for the "good old days," when there was always snow and a bite to the air by Nov. 15.

* * *

THE LACK OF SNOW and high temperatures mixed with precipitation is paying off for Charlevoix County deer hunters in what Conservation Officer Harley Burris speculates will be record volume.

Burris told the Courier there are more hunters in Charlevoix County than he can ever recall. And they're getting far more deer than usual.

Because of the summer and fall drought, and lingering high temperatures, deer appear to have bolted their normal routine and are moving around with less caution that usual.

Because the ground is wet, hunters are able to move through the woods without spooking deer, before they are in rifle range.

* * *

BURRIS ESTIMATED THERE are ten percent more hunters in the county than ever before.

County fire officer Carl Becker, who shares Burris' office in Boyne City and has been working in the field with him, guessed the increase might be even more.

Becker said it "appears as though" there are a lot more hunters in the northwest part of the county than usual, and they're having exceptional luck.

From the several dozen hunters reporting in person or by telephone [illegible] Courier on opening [illegible] area that the white-[illegible] hunter [illegible] way up north of Charlevoix, and along Lake Michigan to the north.

* * *

EARLY LAST WEEK veteran local sportsmen speculated the best hunting would be north and east of town, off the Boyne City Rd.

However, by noon Friday the prediction definitely appeared to be going astray.

At noon Friday, only two hunters reporting to the Courier had filled their license north of town. The rest dropped their deer south of town, or in the Jordan Valley.

Burris said his reports agree with this.

Becker pointed out all local hunting license distributors were 20 more licenses than last year, and most were out by early this week.

* * *

FROM CONVERSATIONS with hunters, Becker said it appears most of the increase is from people who formerly lived here, or have some other contact with local people.

Burris stated there are more does being killed in Charlevoix County than ever before. Last year the doe kill here doubled, and this year he expects it to double again. Until last year only 20 to 40 does were taken on permits each season, the conservation officer pointed out.

However, he added that no one will know for sure just what the changes have been until Conservation Dept. game division men come through with their statistical report sometime this winter.

Early his week Burris announced he had made 13 arrests during the first three days of the season. Ten of them were shining deer, two for not having camp registrations posted and one for having an uncased gun in a car.

HELPING BURRIS AND Becker with law enforcement is Robert Knipe, assistant superintendent at Young State Park.

In announcing his lineup, Alger said his team was looking forward to meeting the Ambassadors in a game he hopes will furnish lots of good basketball as well as many laughs. He concluded by saying that he felt this was a fine way to usher in the serious business of high school basketball which opens Dec. 3.

Tickets are presently on sale by members of the high school Varsity club and at the high-school.

in their fifth season of comedy basketball, are scheduled to meet the Charlevoix All-Stars in a game at the Charlevoix high school gymnasium at 7:30 p.m. Tuesday.

The Charlevoix Varsity Club, headed by Larry Edwards will sponsor the appearance of the Ambassadors whose lineup is composed of former Globetrotters. Among them are Leon Hillard, the dribbling wizard, a 10-year veteran with the Globtrotters; Donald (Ducky) Moore, Bill (Red) Turner and James (Goose) all court artists

Elk Reported In Chandler

There are definitely elk in Charlevoix County. It's official!

Conservation Officer Harley Burris, of Boyne City, made the announcement early this week.

Burris told the Courier at least six elk are in the Chandler Hill area. He suspects they moved into the county less than a week ago.

There have been unconfirmed reports of elk in various parts of the cuunty, in recent months, however, Burris pointed out none had ever been seen in Chandler area before.

He declared the six elk are "definitely" there.

OUTDOOR RAMBLING

with Glen Sheppard

IF YOU HAVE THE NERVE and you've never made a sight-seeing visit to the deer country east of Charlevoix during the hunting season, don't miss it this year.

Deer season in the north central counties, is probably the most exciting event on Michigan's annual calendar.

* * *

WHEREAS TROUT FISHERMEN and bird hunters, for the most part, go about their sport in a calm, almost diginfied manner, deer hunters can be counted on to be a noisy, colorful lot.

(Only organized bear hunters do more braying, this observer decided during his tenure as an outdoor writer.)

This isn't to be sarcastic as far as deer hunting as a manly pursuit is concerned. But there's no denying the deer season brings an almost circus atmosphere to areas that draw the biggest part of the invasion.

So, since the circus may not come to Charlevoix this winter, why not go to it?

* * *

IT WOULD BE DECEITFUL for this column to deny it has felt a degree of contempt for the deer hunting fraternity in general since the initial furor over antlerless hunting.

And, since that 1962 season, things haven't changed a whole lot. One-week a year "outdoorsmen" are still sounding-off like Bobby Kennedy on the trail of a Dixie governor.

Visiting a favorite trout stream over Grayling-way for some pre-winter reminiscing, I ran smack into a classic example.

A downstater pulled up in his car and sort of fell out with a roar, "How's the deer situation look?"

"Lousy," I told him.

* * *

"WHAT!" HE DEMANDED (and this is absolutely true). "When I was here 13 years ago deer were running all over the place. Got one the first day. (That was, probably, a lie.) It's that d — (etc., etc.) doe hunting!"

He ran on and on so loud I caught myself looking worriedly at the stream, fearing, I think, that he was alarming the five pound brown trout I was hoping to spot.

If the loudmouth had opened his eyes, he would have seen that since his last visit roads have been bulldozed out where there were almost impassable trails. He, and thousands of other hunters, would realize there are a hundred-fold more people in the woods all year, and where there was plenty of deer browse, pine trees have taken over.

During the quiet months of the winter and spring, a visitor who gets off the easily trod trails, still sees plenty of deer. In fact, June 1, as many as 15 or 20 years ago. Then, when the tourist horde hits the north country, the deer disappear.

* * *

THERE'S NOTHING MYSTERIOUS about this change in deer habits. It makes a lot more sense than the absurd ranting of some deer hunters.

Pity the genuine sportsmen who have to share the outdoors with the phony adventurers during deer season.

If you have a taste for venison, and want to fill it hereabouts, Conservation Officer Harley Burris reports 17 to 18-percent of an anticipated 3,000 hunters should get their deer in Charlevoix County.

On a state-wide average, 20-percent of the hunters kill a deer.

Harley points out nearly three-quarters of Charlevoix County is open to any-deer hunting, on a permit basis.

* * *

IF YOU GET YOUR DEER, here or elsewhere, let the Courier know. We'll put your name in the paper

COMMENT, OPINIONS, FACTS

Courier Initates Plans to Sponsor Winter Carnival

THERE WAS A TIME WHEN January and February meant Winter Carnival time to Charlevoix and many other communities in the north country. This wasn't long ago. Even a young fella can remember the fun of tobogganraces, kids dog sled races and snowball fights between the Democrat and Republican club.

All of that was before the ultra-plush ski resorts and fancy stretch pants and parkas snowed under other winter sports. The skiing phenomena has not only transformed the north's economy, it also appears to have completely overawed communities like Charlevoix that don't have high hills in their background.

* * *

IT APPEARS TO US there are thousands of people who don't ski, but get mighty bored dering the long winter months because they are ignored.

Why not do something to perk them up? We should all have fun at it . . . and skiers from slopes throughout northwestern Michigan would enjoy the diversion.

By staging a winter carnival with ice boat races, dog sled competition, ice skate racing, and any number of othe rthings, we could draw hundreds, and maybe thousands, of outsiders into town.

The major drawing card would be ice boat races. Charlevoix already has some of the speediest ice skimmers in the state. If the word gets around that others are welcome it's a pretty sure thing they will come from all corners of Northern Michigan.

* * *

THE DAREDEVIL REPUTATION ice boats have gained is enough to draw people from far downstate to see them flash across Lake Charlevoix.

Fill the rest of the program with enough interesting activities and booths, and how could anyone come away without having a good time?

(We especially think a snowball battle between Democrats and Republicans is necessary. It makes more sense than most of the things they do in Lansing.)

Since we suggested the idea, the Courier is willing to stick its neck out and act as sponsor. We will see that newspapers throughout Michigan get the word.

DEAN DAVENPORT AT THE Chamber of Commerce has already enthusiastically stated he will join us. How about the rest of you?

About the first thing we need to know is who owns ice boats and is interested in participating, also who has dog teams and what children are interested in ice skate racing. If this includes you, drop us a postcard with name, address and telephone number to P.O. Box 117, Charlevoix.

Let's show Old Man Winter he hasn't chased us into hibernation this time around!

Let Band Parents Feed The Family

HERE'S HOPING YOU READ this before dinner is on the stove! Or better yet, after you've returned from the Band Parents Dinner at Charlevoix High School.

If you haven't started dinner, don't. Herd the family together and head for the high school.

NOT ONLY ARE YOU assured of a tasty meal, it's also for a cause that isn't surpassed by any in town—the band.

slacked their hobbies and free time to get the tables set with a meal everyone will enjoy. Don't let the band down, now that so many others have more than done their share.

(Oh yes, if you linger a while and peek into the kitchen you're guaranteed to see some of the town's best known "tigers" wearing mother's apron.)

Highway Sign Policy Should be Established

I THOUGHT WE KNOW THE State Highway Dept. has more than enough trouble of this kind, we can't help but side with the Charlevoix Chamber of Commerce in griping about the lack of "Charlevoix" signs at major highway intersections leading to our town.

In sympathizing with the Highway Dept. we would suggest they might avoid this kind of row by adopting a reasonable but firm, policy. We would suggest something to the effect that only incorporated cities and villages, of at least so much population and within a specified distance from the highway be mentioned in signs.

* * *

HOWEVER, AS LONG AS places like Atlanta, Mio and Frederick rate signs on northbound I-75, we can see absolutely no justification for Charlevoix being ignored at the I-75 and M-32 intersection inGaylord.

Equalize Voting Power

GIVING MICHIGAN CONGRESSMEN new boundaries in which to seek votes has added 150,000 people to district Charlevoix County is in (as fully explained in last week's Courier).

This should not alarm local voters. True, your vote won't mean as much the next time you east it for a congressman. But remember, some districts had as many as 850,000 residents, compared to the 240,000 in Charlevoix's old district.

* * *

THE REAL THREAT comes from union boss Gus Scholle and his tribe, who would apportion senatorial districts strictly on a population basis. All of the north country, as well as everyone who believes in representation for minorities, should fight this move.

Odds 'N' Ends

By FRAN MARTIN

With the change in the weather . . . from Indion summer to late fall . . . things are different . . . but before this happened Bob Green who lives over in Meadowlane said he'd picked a quart of raspberries . . . and to prove it brought me enough for my dinner . . . Quite a November treat . . .

Some mighty peculiar things happen in a community that one rarely hears about . . . But this one was brought to our attention and tho' we're not going to mention any names we thougbt you might get a chuckle out of it . . . One night recently one of my north side neighbors walked a couple visitors out on the front porch . . . the last gal out of the house pulled the door shut behind her . . . as any thoughtful person would do . . . But minutes, later the horrible truth came to light . . . she'd locked her hostess out of her own house . . . which can be pretty embarrassing . . . So what to do . . . After trying to arouse one of the youngsters, the trio decided that perhaps the best solution was to put their hostess through a window (luckily all the storm windows hadn't been put on) so that is what they proceeded to do . . . I've been wondering what the police might have done had they been cruising down Petoskey ave. at that time . . . Might have proven o bit embarrassing . . .

* * *

NOT LONG AGO I received a letter from someone all of you know well . . . In this letter he voiced the sentiments of many at the loss of a dear friend, Irish Coleman . . . I thought I'd like to share it with you for it says so well the things that were in many hearts regarding this teacher and coach . . . The letter was from Charlie Fairbanks, now on the coaching staff at the University of Houston . . . It rends in part:

"I just learned of Irish's passing ond I am sure that you realize that this is a sad day for me, as I know it must have been for you. I know that you have always been very close to him as I have. I have always been very appreciative of his interest in me and cherish the memory of many experiences with him. Much of my philosophy in coaching and dealing with young people is derived from my association with him. He has always given so much of himself to the community and I know that the people of Charlevoix will miss him very much. I am very happy now that I had an opportunity to visit with him this past summer. I am just sorry that I had not had an opportunity to see more of him in recent years" . . . and in another letter, this one from Mrs. Franklin (Anne Higman) Olmstead, now of LaCrecenta, Calif., she wrote: "At least of him we can say that some of the good he did will live after him . . . what more can a man ask?" . . . As I said before, this echoes the sentiments of many . . . and certainly mine . . . for I know, like Charlie, I have lost o treasured friend . . .

And another who's snapping brown eyes I will miss is Gen. Ely . . . Never have I seen a man more dedicated . . . Though I hadn't known him too many years, I cherished his friendship . . . Few people maintain the interest he had in everything . . . family, world affairs, Charlevoix County, Civil Defense . . . name it and you found he was interested in it . . . even at the time of his death he had several projects and experiments on the fire . . . I miss him, too, for a chat with him was always a bright spot in my day or week . . .

* * *

AT THIS TIME of year when we are made aware of our heritage and the other things we should be grateful for, I thought this little prayer, from the mind and heort of a little five year old was so very fitting so I'm passing it along for you to share . . . for, like all things about children it is so hooest, sincere and to the point . . . "Thank you, Jesus, for our bed. Thanks you for the night when we are tired. Thank you for n happy dny of work and ploy. Thank you for our eyes to see with, ears to hear with, noses to smell with and a mouth to say with. Thank you for a little body with legs and everything. Thank you for the blood that carries food all over our body and for bones. Thank you for hair thot we comb. We like to keep it looking nice. Thank you for bobies, children, people, playpens and TV's and lots of things. Thank you that you love all people, even bad ones, and that you are so good you never punish. In Jesus' name. Amen" . . . I'd like to add my own "amen" to this little prayer, certointly straight from the heort of little Lisa Fiedler, daughter of the Jim Fiedlers who now live in Webberville and whose grandmother, Mrs. C. J. Fiedler, shared it with me . . .

May I add my own expression of gratitude to all of you for your friendship and, as Lisa said, "lots of things" this Thanksgiving Day 1963 . . . In the event I don't see you again before then, I hope yours will be truly a happy Thanksgiving . . .

More About Ferry

TO THE EDITOR:

I was interested in your reference in the Oct. 31 Courier to the Ironton Ferry and Ripley. We used to have a copy of the cartoon at the Sequanota Club, and if I haven't pitched it out, I'll give it to you next summer.

Mr. Sam Alexander, who ran the ferry at that time lived a few feet from the landing in a real cute little house across from the bait and tackle shop. Some one figured the distance from his home to the other shore and the distance the ferry travelled during a year. The Ripley caption was something like this - "Believe it or not, Sam Alexander travels a distance of — miles a year without going further than — miles from his own home."

* * *

I ALSO SAW IN your paper that the ferry service is to end December 31. About 1937 or so in February, my husband and I drove north in a snowstorm to see how Sequanota looked in winter garb. We drove down to the ferry to see Sam, who was just starting across south arm to pick up the Sanderssons, and we went along for the ride. The ferry channel was bordered by a thick layer of ice. Mr. Alexander said that each morning when he went to work he was interested to see whether or not the ferry was frozen in because that was when his vagation would start.

I was awfully happy to see Ironton items back in the paper and also Fran Martin's column which is tops.

Sincerely,
Mary Ewing
(Mrs. H. D.)

Wow!

TO THE EDITOR,

Gentlemen (If you can be called that), I think your paper is terrible. In fact, it is lousy rotted. You must all be communists or democrats. I bet you don't dare print this!

HBA

Friday Shopping

TO THE EDITOR,

I sure do agree with "Newcomer" who wrote about the store not staying open on Friday nights. My husband and I have been mad about this for a long time because we hate to see Petoskey people getting all the money Charlevoix people spend over there on Friday nights.

"Newcomer" shouldn't think only new Charlevoix residents shop in Petoskey on Friday nights. We all do. Who has a choice. When Oleson's new super market opens up maybe some of the businesses that have been here a long time will wake up, and realize this is 1963.

* * *

I DON'T THINK it's fair the way Charlevoix stores let their stock go way down as soon as the rich summer people go. They expect us to buy their stuff, but they don't think enough of us to give us a good selection.

An Oldtimer

A Lift for Living

You Can't Manufacture Happiness

By REV. HAROLD E. KOHN

Outdoorsmen know that if they wish to find wild game they must not look at random, because wild animals and birds do not live at random. They thrive only where life's essentials, such as food, warmth and shelter, can be found in abundance.

Naturalists are also aware that many of our wild-animal neighbors favor so-called "hot spots" situated in almost any wilderness area.

Hot spots are small localities, often not more than a few yards square, where the temperature is usually a few degrees above that of surrounding territory. The place may be sheltered from winds by dense evergreen boughs. It may be sunlit hillside exposure. Usually vegetation for food and concealment grows luxuriously in such salutary surroundings. To such places animals and birds withdraw to dine and rest.

* * *

WHEN VISITORS TO my woodland study ask if there are deer on our acreage I sometimes take them to one of these hot spots and often our search is rewarded. More frequently, however, I see deer in the woods near my Hidden Brook study when I'm not looking for deer at all.

Sometimes if I simply stand still a deer will walk within a few feet of me without noticing my presence.

The search for happiness is a little like looking for wild game in the woods. There is no sense at all in seeking either wildlife or happiness in places that are inhospitable to it. But there are hot spots where one can expect game or gladness to be found.

Moreover, happiness is like the furred and feathered children of the wild: it is elusive when chased for its own sake. But while we are seeking something else worth while, happiness makes its appearance.

* *

SOMETIMES IT WALKS right up to us. We may suddenly find happiness looking over our shoulder when we are overcoming a handicap or learning to tolerate one; when we are mastering a hardship or transmuting pain into power; when we are risking our reputation to save that of someone else from senseless, vicious assault; when we are cheering a child who has broken his best toy or lost his dog; when we are carrying a light into someone's grief - darkened day; when we are fighting for an ideal or kneeling at an altar.

Look for things more important than happiness, and happiness will make its appearance fairly begging to be recognized.

Sometimes, however, the children of God are miserable because they seek happiness in places inhospitable to it. They are like hot dish hunters looking for gray squirrels on the Sahara, for tigers in the Arctic or for polar bears in the jungles of India.

Look upward for happiness. The Psalmist was right. "Happy is the people whose God is the Lord." Gladness comes from the recognition that there is a Power available to us beyond our small store of strength. There is a Cure for us that is more abundant than our self-concern, and a Forgiveness greater than our sin. Look up!

Look inside. Happiness thrives on the good that is inside a person rather than on the good that one hopes to find around him.

Look inside. See what is there that the world can use. Do it for the world's sake and for God's sake.

ON PROCESSING PLANTS

Fishermens' Charges Result in Crackdown

Charges by Charlevoix commercial fishermen that botulism poisoning in smoked fish was caused at processing plants has led to an overhaul of State requirements, Gov. George Romney informed the Courier.

Romney, in a news release to the Courier, stated processing plants will no longer be allowed to vacuum pack smoked fish while they are still hot.

NEW REQUIREMENTS, Romney declared, demand that smoked fish processors freeze all fish immediately after smoking.

This, he stated, is being enforced by the Michigan Department of Agriculture's Food and Standards Division. Romney

Charlevoix fishermen John Cross, Sr., and Jake White both charged processors of being guilty of the botulism poisoning. (Courier, Nov. 7.)

They contended packing still-hot smoked fish in vacuum bags was unsafe, and that botulism had never occurred during the many years fish were cooled before packing.

* * *

ROMNEY'S STATEMENT to the Courier, appeared to be a complete endorsement of the position forwarded by Cross and White.

"Processing standards for the smoked fish industry include new guidelines covering quality of the fish before smoking, time and temperature controls during processing, freezing fish immediately after smoking, and marking each package with the label, "Perishable—Keep Frozen," the governor's statement explained.

Romney declared failure to process and handle smoked fish according to these new requirements will result in confiscation of the fish by the foods and standards division.

All smoked fish processed before the new standards were enacted have been ordered destroyed.

* * *

Admit Fish are Safe

Admission by three state and national agencies that Charlevoix commercial fishermen were right in declaring Great Lakes fish are not toxic, does not appear to have restored public confidence.

The three agencies most concerned with fish poisoning—U.S. Food and Drug Administration, Michigan Dept. of Agriculture and Conservation Dept. — have, publicly, declared there is no possible danger of botulism poisoning from fresh, frozen, or canned Great Lakes fish.

The three agencies also supported Gov. George Romney's announcement that packaging, not the fish, were responsible for deaths attributed to smoked fish.

Charlevoix and all Great Lakes commercial fishing remains paralyzed due to the scare.

Dear Dick Affair

RICHARD DONALDSON

"GO EASY ON HIM"

Dear Dick: I married an extrovert who likes to show off in front of my relatives. They think he's a big business man, and I haven't told them any different. How could I reduce him to the common laborer that he really is?—UPSET.

DEAR UPSET Bragging IS a fault to be overcome . . . but you don't cure a sick dog by whipping him. Try understanding and gentle talk. The folks at PUFF'S APPLIANCE CENTER feel like bragging occasionally, about their famous Whirlpool appliances. They're equipped to give you excellent service-after-sale, backed by written warranties that mean something.—DICK.

IT HAPPENED ON . . .

Beaver Island

By MARION MARTIN

Mrs. Terrance (Mary) Halloran of Muskegon came to see her mother, Mrs. Lawrence Malloy who is very ill.

Mrs. Donald Cole took her son Garrett to Charlevoix Hospital where he had a tonsilectomy last week.

Mr. Bill Welke, Sr., and his sons Bill, jr., Don and Bob are here for a few days hunting.

Perry Crawford of Rochester is here for a few days hunting.

Mr. and Mrs. Jack Boyle and son Donny of Chicago are here for a few days visiting her folks Mr. and Mrs. James O'Donnell and his sister and brother-in-law, Mr. and Mrs. Bert McDonough and Jack will also hunt for a few days.

Doctor N. P. Sorenson and his group from Greenville are here for the hunting season.

Others who came for the opening of deer season are Doctor Kellogg and friends from Grand Rapids, Doctor Charlie McCann and his friends and Rogers-Resseckers from Grand Rapids and Gerry Left, Jr., and Frank "Butch" Left both of Charlevoix and Bob Nelser and friends of Muskegon, and Anthony Greene and friends of Ludington.

The motorship Beaver Islander has had full capacity of cars and a large number of "hunters" passengers this past week. Bad weather Friday held the boat ashore.

The Hydaker-Wheatlake Construction Co., of Big Rapids who are working here for the Rural Electric Co. have made some changes along the main road through town. Several large trees have been cut down by the Strang and former Sendenberger home. They are also doing some sectionalizing which means there are three sections—two in town and one in the country which means if the power fails in one section the other sections will take over the load. New poles and transformers have been installed. Also have installed a new "Mercury" street light between McDonoughs store and Phil Greggs and if this light proves successful more will be installed at a later date.

In honor of American Education week the Beaver Island Community school held open house on Tuesday and Wednesday of this past week. Parents were invited to the school from 8:30 a.m. until 3:30 p.m. to see the children in action.

Mr. and Mr. Wynn Dorg of Chicago announce the birth of a daughter, Mary Rose Oct. 27, Mrs. Mary Gathil is the grandmother.

The Conservation Department announced that ten additional campsite will be added to the State Forest Campground on Beaver Island.

Among those who were lucky November 15 and got a deer were Arthur Gallagher, John DeVogel, Walt Wogan. The total taken opening day is at this writing not known. More next time.

Doctor Haynes went to Traverse City Monday where he was with his daughter who had surgery at Munsih Hospital there. He returned Tuesday evening.

Obituary

Mrs. E. W. Miller

Mrs. Earl W. Miller, 67, resident of this community since 1934, died Friday at the Charlevoix Hospital where she had been a patient for a week. She had been in failing health for several months.

Funeral services were held Sunday at the Winchester Funeral Home with the Rev. Jack Harris officiating. Burial was in LaRue cemetery at LaRue, Ohio, Monday. The Charlevoix chapter, Order of the Eastern Star, assisted at the service.

Born at LaRue, Ohio, Mar. 11, 1896, the former Florabel Clark was married to Mr. Miller at LaRue in 1934 and came to Charlevoix to make her home. She was a member of the First Baptist church, Charlevoix Chapter No. 72, O.E.S., and the Charlevoix Rod and Gun club Auxiliary.

Besides her husband, she is survived by two sisters, Mrs. Maude Parkison of Cleveland and Mrs. Don D Cox of Marion, Ohio, and a brother, Bernard Clark of Bylands, Ohio.

The State's first and only private University, the University of Detroit, was established in 1877 by four priests of the Society of Jesus.

Millions for defense, but not one cent for tribute.

WEATHER FORECASTING IS IMPROVING steadily . . . a fact that's mighty important to Michigan farmers and to city folk, too. One big reason for the improvement is Tiros, our country's weather satellite. The Bell Telephone System, of which Michigan Bell is a part, plays a vital role in Operation Tiros. Telephone people helped put Tiros in orbit. Now, Bell communications help flash Tiros' findings to weather scientists, then rush their analyses to field stations, newspapers, radio and television broadcasters across the nation . . . giving you the latest, most accurate weather information possible.

"—AND TWO IN BLUE . . ." When you're busy with the children or the weather's bad, you can still get your day's shopping done. Just use the phone! You'll be surprised how many items on your shopping list can be handled quickly with just a few telephone calls. Try it soon.

ALWAYS THERE! Have you ever wondered how Michigan Bell makes sure the necessary personnel are on hand to take care of your calls? Having the right number of people to serve you at all times requires careful planning. The volume of calls can vary widely from one hour, one season, to another. We constantly study our records to determine the volume of calls expected . . . and the proper number of people needed to handle them. This way, Michigan Bell can provide the telephone service you want, at the lowest possible cost.

First Hunters to Bring Deer to Courier Office

Did You Get A Deer?

THE HUNTERS pictured on this page were among the first to get their deer on opening day. On the front page of last week's Courier, hunters getting their deer Friday were told their picture would be taken if they came to the newspaper office. Here are the results.

Until the end of the season, the Courier will run a list of all Charlevoix County hunters calling in report they filled their licenses. Let us know the general vicinity where you shot your deer, when, and how many points.

We'll get it in the paper . . . if you'll LET US KNOW. The number is LI 7-6558.

BILL Bl[illegible]ell of 406 Burns shot this doe south of town at 9:20 a.m.

DICK Jurkanis of the Sundew got this doe near Ironton at 8:45 a.m.

EDWARD HANSEN of 101 W Lincoln, Charlevoix, got this seven-pointer in the Jordan Valley at 8:30 a.m.

TERRY Geer of Ironton shot this five-pointer near his home. His hunting partner, Jon Anderson (not shown) also shot the buck.

ROBERT Curtis got his nine-pointer near Barnard at 7:45 a.m. Friday.

MRS. MARLON Jane of Wil[illegible] nebago, Mich., but this [illegible] pointed [illegible] south of town at 7:45 [illegible]

BERNARD Mon[illegible]eau of Marion Township [illegible] the [illegible]-even-point buck south of Charlevoix at 8 a.m. Friday.

ROBERT SMITH of the Coast Guard got this six point buck at 7:55 a.m. south of town.

TED WEIDMAN, 16, of 520 Newman, brought this four pointer down south of town at 12:30 p.m.

DANIELL Wojan of Stover Rd., shot this six-pointer north of town at 11:30 a.m.

DON Meggison shot this nine-point 147 pound buck at 7:30 a.m. on Ken Sweet's farm.

EMORY SLOAN of the Sundew got this six-pointer in the Ironton area at 8:45 a.m.

HARVEY Cole of 215 Garfield got this three-pointer at 8:20 a.m. south of town.

CARD AGER of Mt. Morris, [illegible] his four-pointer at 8 a.m. on [illegible] family farm near Barnard.

SWAP YOUR DEER STORIES HERE

It's just natural for hunters to get together in the friendly atmosphere of Irv's Cocktail Lounge for their after hunting refreshments. Pictured is a group of hunters checking over the Deer Kill Log posted on the wall of Irv's. You're invited to list your Deer Kill. You can bet on hearing plenty of hunting stories about the big racks that got away, and some that didn't. We might add, that you don't have to be a deer hunter to have a good time at Irv's.

Hospital Guild Rummage Sale

The Thrift Shop, sponsored by the Women's Guild of the Charlevoix Hospital, weill be held at the Polly Kay shop Friday, Mrs. G.B. Saltonstall, chairman of the annual event, has announced.

The 'second best' shop will offer bargains in clothing for men, women and children, Mrs. Saltonstall said.

* * *

MRS. SALTONSTALL went on say the clothing is in fine condition and there is a plentiful supply of both summer and winter garments in many sizes. She added, this is not a run of the mill rummage sale but onefeaturing what might be considered 'second best', garments that former owners have replaced only because they have tired of them. Children's clothing has been outgrown.

The sale will open at 9:30 a.m. and continue throughout the day.

All proceeds will benefit the Charlevoix Hospital.

The Ironton Scene

C. R. STOKES

Roy Meyers is home after his trip to Texas on business.

Glen Williams has returned from the U.P. deer hunting. Glen saw no deer, but did say he was tindly too old to tramp all those hills.

Ironton was saddene by the death of Mrs. P.A. Harris. To her family we all extend our sincere condolences.

Lucky deer hunters in Ironton so far are Terry Geer a fine buck and a nice doe shot by Jerry Walker.

Bruce Kroll is on extended leave from G.M. due to sickness.

Sonney Williams, Dick Russell and Billy Mac are back from the U.P. — no deer?

Douglas Burgiss son of Mrs. Lois Kanoff of Ironton, has just graduated from the Los Angeles Police Academy and is a rookie police officer.

Mr. and Mrs. B. Christian are at their home in Ironton for the deer season.

Clark Community

Mrs. William Parsons

William Jolliffe jr. and Robert Jolliffe of Kalamazoo, Dick Jolliffe of Jennison, and James and Fred Jolliffe of Grand Rapids spent the weekend as guests of their parents Mr. an Mrs. William Jolliffe Sr. while they tried their luck deer hunting. So far Fred is the lucky hunter. He shot his buck about 8:30 a. m. opening day.

Mr. and Mrs. William Parsons and Mr. Dawson Way were in E. Lansing from Monday hru Wednesday for the Annual Convention of the State Farm Bureau.

Mr. and Mrs. Frank Brown left last week for their home in St. Petersburg, Florida where they will spend the winter months.

Mr. and Mrs. Clark King of Pleasant Lake, recently spent the night at their long cabin home here and called at he Wm—parsons home.

"AM I RICH"
...this thoughtful man reflects. Men call him a captain of industry but that may not make him successful. He has no fear of the future as far as the comforts of life go but, never-the-less, he stands in pensive thought. Has he given companionship to his children? Has he taken them to the right places? How often has he sat with his family in church? Would they call him a good Father, a successful husband? Has he shared in building a good community and civic institutions? Any man is much richer who does these things. But who is the truly rich man? What is the distinguishable mark? If he should die this night, who would miss him? Would neighbors be made poorer by his going? Would any hungry folk go without food because his hand was stayed? Perhaps he is asking the ancient question... am I rich with God? All of us should ponder, "just what will I carry into His presence when I go?" What are the qualities which make a rich person? That man is truly rich who leaves a poorer world by his going. Then come with me to church and learn of the ways of God.

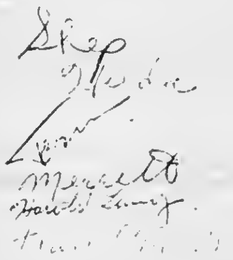
THANKSGIVING GREETINGS TO YOU AND YOURS

From Your Charlevoix Courier Staff



Rambling with Shep

SEEMINGLY in an instant, 180 million people gasped. The greatest nation ever created by mortal man lost its breath.

History stopped. The timeless march forward for human dignity and liberty, again, lost step with the ages.

And, somehow, the foghorn at the end of the Charlevoix channel had something to do with it. But how? Why? Why should the coarse bleat of a foghorn in northern Lake Michigan seem so important as it mingled with the trembling voice coming over the radio announcing that President Kennedy was murdered?

The absurd question continued to demand an answer through the rest of the day and evening. But none came.

Then, at an early hour Saturday morning, the foghorn's insistent cry interrupted sleep, and the answer was there!

The foghorn symbolized man's practical approach to convenience and altogether impractical ambitions and dreams.

Men want to sail the inland seas, even in November, when nature's violent whims dictate that external men stay ashore. But, because men want to be, brings on this logic. Before venturing out, he checks charts. This is men. Yet it is still only a token precaution. The only absolutely reasonable thing to do is stay at home. The 33 men who went down just five years ago on the Carl T. Bradley are a tragic testimonial to this practical truth.

Likewise, men want individual liberty and dignity.

This is grossly impractical. Some are not worthy. Others refuse to carry their share of the responsibility . . . which must go with the dignity and liberty.

The practical solution is to weed out the weak and lazy. Do this, however and you no longer have dignity and liberty.

So you give the dignity and liberty to the deserving and underserving.

Then you take token precautions—Armed forces, police, secret services, mental institutions.

In spite of all the threats, the ideals remain impractical.

The highest representative this impractical dream is murdered by "a punk with a mail order gun" (as David Brinkley so casually

Judge Directs Clerk's Files Open to Press

Bulow Protests Policy Will Interfere With His Routine

Circuit Judge Charles L. Brown, in a two hour conference last week with the Charlevoix Courier editor and County Clerk F. R. Bulow, ordered county files opened to the press.

* * *

JUDGE BROWN spent nearly two hours in the County Building discussing the public's right to see county records. The meeting was arranged at the Courier's request, when the newspaper was refused access to Bulow's files.

He declared that records, and specifically "papers filed in the court", are public. He directed Bulow to refrain from withholding them in the future.

According to Judge Brown, there is no question that the records and public documents should be kept from the press.

Bulow contended that some latitude with the records should be used to open the files and establish a list of stories people would not want printed.

COURIER EDITOR Glen Shepard told the judge he felt Mr. Bulow's office should be interrogated by the newspaper to see check out files. That, then, could be done without help from anyone.

Judge Brown noted that other counties have such a policy. Court files, weddings and divorce proceedings are checked by newspaper reporters without assistance from anyone, he added.

TO MOURN KENNEDY

Republican County Forgets Politics

Protestant Republican Charlevoix County forgot its political and religious affiliations as it joined in the wave of indignation, shock and sorrow that swept the world over President John F. Kennedy's murder.

Flags stood at half mast, a few people wept, and nearly all were still wearing a mask of incredulous disbelief Monday over the assassination of their Catholic - Democrat chief executive.

* * *

THE CHARLEVOIX County Building was closed all day Monday. All major county officers are Republicans.

Stores in Boyne City, Charlevoix, East Jordan and nearly all four-corners shut their doors during the funeral from 11 to 3 in the nation's capitol. Most businessmen too, are Republicans.

School districts throughout the county closed their doors Monday, perhaps in a feeling of despair that this could happen in the best educated country in history, someone sadly suggested.

Special services were held in all Catholic churches. Protestant pastors joined them. Sermons in nearly all churches Sunday dealt with the crime. Most Protestant churches were left open all night, with lights burning, and during the day Monday.

CITY OFFICES in the three incorporated municipalities were also closed for the funeral hours.

Thanksgiving and pre-Christmas excitement disappeared Friday afternoon when word of the murder came. By the middle of the week it had not resumed.

LaBlance Met Former Chief

At least one Charlevoix County resident had personally met with the late President John F. Kennedy.

County Democratic Committee Chairman George A. LaBlance met Mr. Kennedy at the dinner on Jackson Day dinner in Detroit in 1960.

* * *

LABLANCE REPORTS he talked to the late president for approximately five minutes after the dinner.

In the Spring of 1962 Senator Philip A. Hart arranged a personal interview with Mr. Kennedy for LaBlance, however, the county chairman could not keep the appointment in Washington due to sudden sickness.

County, School Tax Bills Will Go in Mail Next Week

Let's See How Taxes Compare?

Boyne City Rate Hightest

How do tax rates in various townships, cities and school districts in Charlevoix County compare?

Another story on this page tells county property owners what their county, school, township and city tax rates are.

ALL TOWNSHIPS and cities in the county now the same county operating tax of 5.45 mill. They also pay the approximate 1.1 mill Grandview Medical Care Facility tax and 12 mills tax to operation of the Charlevoix - Emmet Intermediate School District.

The highest township tax in the county is six mills, in both Peaine and St. Johns townships on Beaver Island. Boyne Town has reserved pay the highest town hall tax on the mainland at four mills.

Charlevoix City taxes are far lower than in the county's other two cities. Charlevoix taxes are eight mills for operation, combined to Boyne City with 18.7 mills and East Jordan with 14.1 mills.

The biggest variable is in school district taxes.

Persons in Charlevoix County living in the Ellsworth School District pay the highest tax rate, at 26 mills.

The highest tax rate of any in county 13-year school district is Boyne City at 15.9 mills. Charlevoix School District levies 13.9 mills; East Jordan, 11.1; Bellaire, 16.4; Boyne Falls, 13.1; Mancelona, 15.65. The lowest in the county is Beaver Island at 10.1 mills.

Property Tax Rate Explained

City Taxes Not Included

The smallest tax bill of the year, but probably the hardest to pay, will be in the mail next week.

Every property owner in Charlevoix County should get their county, township and school tax bill by the end of the week.

* * *

THOUGH LESS THAN state and federal taxes, property taxes commonly invoke more wrath. This, generally is conceded to be because state and federal tax collectors are more subtle than to demand one lump sum cash payment, and they are considerably more remote.

Also, this week's tax bill comes during the height of Christmas shopping. However, they are not due until February.

A tax rate breakdown for all townships and school districts in the county has been gathered by the Courier.

* * *

TO DETERMINE how your tax bill was figured, keep in mind a mill equals $1 on every thousand dollars of valuation. In other words, if the assessor places the taxable value of your property (theoretically 50 percent of true cash value) at $1,000, and the millage rate is ten, your tax bill will be $10.

The tax or millage rate is a combination of county, school and township taxes. City taxes were levied in June, and do not figure in your December tax bill, unless you have not paid the summer bill.

The county levies approximately 5.45 mills in all townships and cities. The Charlevoix - Emmet Intermediate School district levies 12 mills in all townships and cities.

In Charlevoix Township the tax rate will be 23.23 mills or $23.23 on every thousand dollars of property valuation.

Charlevoix Township's tax rate includes 2 mill for road improvement, 6 mill for fire protection, 13.9 mills for Charlevoix School District, 12 mill for the county school district, and 6 mills for county and Grandview operation.

HAYES TOWNSHIP tax bills will be for an average of 21 mills, depending on the school district you live in. The township will levy 3.4 mills, Murray School District's levy is 11.4 mills, Petoskey Public Schools will levy 13.5 mill, Charlevoix school District will levy 13.9 mills and Boyne City School, 15.9 mill.

Every Township taxpayer will pay an average mill as explained

State Eyes Don Carey

CHARLEVOIX MENTOR 'COACH OF YEAR?'

Gridiron fine compliments follow Charlevoix - Carey family

This week the spotlight is on Charlevoix High School coach Don Carey, who has been nominated for the Michigan "Coach of the Year" award.

* * *

CAREY'S CO - CHAMPIONSHIP in the Northern Michigan Class C League in a year when the Rebels were expected to flop, constitute one of the finest coaching jobs in the state.

He is the only Northern Michigan coach going "five deep" to get the honor, and the only one from a small Class C school.

One of the top coaches ever at any state Michigan high school football meeting for 1963 on Dec. 1. The eleven will be one of 22 other Michigan coaches.

During his nine years coaching here, Carey's teams have taken or shared the grid title every year. This year the Rebels posted a 7-1 record, to tie with East Jordan for the conference crown.

* * *

CAREY STARTED his coaching career at Marion, Mich., after graduation from Alma College, where he played football. After two years at Marion he moved to East Jordan for one year. Carey then returned to Charlevoix, where he originally played high school football.

Courier Columns Popular

Results of a last week Courier readership survey indicate what they like in the new paper and the three features get top attention.

Most often mentioned was "Rambling with Shep" Shepard, Courier editor. Runner-up was Earle Tromblay's column written by Ethan Allen, Rambling on page 1, and the editorials.

* * *

COMING IN A close second were the front page, letters to the editor, Dr. and Rambling, and I See by the Couriers.

Less frequently read, but still had many high reader interest, were Rev. Harold Kohn's column, women news and the sports pages.

Everyone answering the questionnaire indicated they would like to see more about new people and features of local people and places.

There were a number of complaints about boys and girls and how bad they are.

* * *

THE QUESTIONNAIRE was conducted on a random sample basis. Every other subscriber received a questionnaire. Of the 1,200 questionnaires mailed, 300 were returned.

Perhaps it is noteworthy that not one person was born at Charlevoix Hospital on Nov. 22 . . . a date that will go down as one of the most notorious in U.S. history.

Two girls were born at the hospital Nov. 21, the day before President Kennedy's assassination, and two more on Nov. 23, the day following. (See Charlie Poll Call, page 6).

Courier Could Not Shirk Obligation On Public Records

"Were it left to me to decide whether we should have government without newspapers or newspapers without government, I should not hesitate a moment to prefer the latter." Thomas Jefferson.

"Give me liberty, or give me death." —Patrick Henry.

"Eternal vigilance is the price of liberty." John Philpot Curran.

Trite statements? Overworked by editorial writers? If we believed so we would join those who mock at our Constitution and its Bill of Rights, the Declaration of Independence and the inhuman doggedness that has kept U. S. fighting men going when they should have been licked.

FLAG WAVING, THEN? Maybe so. But at the Courier we are so unsophisticated the sound of taps echoing across a U. S. military graveyard overpowers us with awe, Lincoln's words at Gettysburg continue to make our spines bristle.

So, when a government official tells us he will decide what the people should know about THEIR business, we learn it is our responsibility to reopen the war of independence.

We did just that last week when we demanded access to public records in Conoty Clerk F. R. Bulow's office.

Our argument wasn't over who is suing who, or getting married or unmarried. This is trivia.

The issue was the public's right to know. We believe the public has this right. On this we're certainly not alone. Millions of Americans since 1776, have agreed with us.

WHY BULOW DENIED US this constitutionally guaranteed freedom is confusing. Newspapers commonly have access to these records, and those of ALL public officials.

No one makes an issue of it, or even gives it a second thought. Consequently we were caught off guard when Bulow flatly refused.

We regret that he forced us to press the matter. Conflict with anyone is disagreeable. Especially with a man who has put in more than three decades of untainted public service.

However, the decision to contest Bulow's policy was not ours to make. It was made at Bunker Hill, Gettysburg, Saipan, Omaha Beach, Pork Chop Hill and in the jungles of Viet Nam.

It had been made by newspapermen who were jailed boycotted, beaten, burned out, and gunned down because they insisted government have no secrets from the public.

BY SIGNING ON AS newspapermen, we committed ourselves to this phase of the conflict. When we shirk our duty we will turn in our typewriter.

When public officials decide what news the public should be allowed to read (as Bulow admitted he has for more than 30 years), democracy has taken a 200 year step backward.

Perhaps it is unjust to lay all the blame on Bulow. Some of it should be borne by the local newspapermen who have not accepted their responsibility to settle the matter before.

Today, we suspect, Bulow is quietly admitting to himself that just because he's "always done it that way" doesn't make it right.

* * *

IT EVEN APPEARS likely he no longer feels Charlevoix county is unique in that the basic laws of the land guaranteeing freedom of the press should not apply here. These laws apply wherever the Flag waves, or the Star Spangled Banner is played.

Bulow Invited to Express Opinion

SO THERE WILL BE NO doubt in anyone's mind that the Courier practices what it preaches, we offer County Clerk F. R. Bulow space on the front page to state his position—if he does not feel it has been fairly presented

We not only iovite Bulow to take advantage of this offer, we urge hiio to! This invitation goes for anyone else who would like to defend the County Clerk's position.

The Courier suggests Bulow write us a letter saying anything he feels has been unsaid regarding the issue of public records being public. He might even send this to the Courier by certified mail so there will be no doubt of our receiving it.

* * *

FREEDOM OF THE press means a chance for everyone to fully express their views . . . whether they disagree with us, or Mr. Bulow.

Not only do we guarantee to print his statement, we promise Bulow his words will not be altered in any way

Will You be Able to Vote?

IT WAS BROUGHT TO OUR attention last week that local voters stand on the brink of losing their place at the polls if they haven't voted for two years.

A new state law requires a person to vote at least once every two years to stay on the registered voter list.

This applies to you if you have not voted, continued your registration, reinstated your registration or recorded a change of address on your registration in the last two years.

* * *

DELINQUENT REGISTRATIONS will be pulled from the city, township or village clerk's file this month.

It takes so little time to stop at the clerk's office and make sure you are still qualified to carry your responsibility as a citizen. Why not do it immediately?

Lift for Living

By Rev. H. E. KOHN

The common conception of Thanksgiving Day is that it originated as a festival of praise to God for the abundance of good things the Almighty had bestowed upon the Pilgrim Fathers at Plymouth Colony. Quite on the contrary there was no such abundance. The Pilgrims seemingly had little for which they could be thankful.

Their first winter on the inhospitable shores of the new land was hard on them. Housing was inadequate, and the winds and cold were unmerciful. Approximately one-half of the members of the colony died in the first few months after the Pilgrims' arrival in North America.

* * *

WHEN THE FIRST harvest time arrived the Pilgrims had eleven crude buildings, a 20-acre crop of corn, a meager wheat harvest, very little barley and peas that were not worth harvesting.

Far from feeling grateful to God one would think the Pilgrims might more logically have assembled for registering their complaints and sharing their woes.

Grumbling seemed more appropriate than gratitude.

Nevertheless, the Pilgrims assembled with a few Indian friends to thank God for what they had left after disaster had done its worst. When they reviewed the past they remembered that they were free from the religious persecution they had suffered in England.

The real point of Thanksgiving Day, then, is that we should be grateful when life is preserved and sustained, and not wait for some occasion of overwhelming good fortune before we thank God. Even the chronic grouch might manage to cast an appreciative thought upward then.

* * *

THE PLYMOUTH Pilgrims' attitude of thanksgiving points to two basic clues to better living. First, we must choose the attitude with which we shall face life.

Will it be with grumbling gratitude? An old law of physics states that "Nature abhors a vacuum." So does human nature. The mind will be filled and if it is not loaded with appreciations it is likely to be heaped with complaints.

The Pilgrims seemed to sense this. Tracing their steps over the past hard months their memories picked up every blessing that could be found, and they came to Thanksgiving with minds spilling over with an abundance of appreciation. They made no room for complaints.

Thus the Pilgrims taught us a prime secret of being grateful: everyone must choose from his experience what he will be most attentive to, life's adversities or its blessings.

* * *

GRATITUDE IS LESS a matter of what happens to us than it is a matter of which of the things that happen to us will we dwell upon, and with what kind of an attitude. Gratitude is discretion. It is man's power of choice exalted to highest function.

Secondly, the aftermath of the first Thanksgiving was more work to improve Plymouth Colony. After thanks were said for life and food, for freedom and friends, after the food disappeared and the dishes were done, the Pilgrims returned to the drudgery of enlarging the clearing in the forest and pushing back the wilderness. Now, as then, the appreciators are the best workers.

Not everything is right with America. But the people who are trying to set America right are not the chronic complainers. They are the grateful ones. They see our nation's faults, but they also see glory in its goodness, and they set to work to make a good country better by the daily practice of responsible citizenship.

Every human society has its weaknesses as did the colony at Plymouth. Every nation, every church, every club, every family has its faults. But the benefactors are those who, while seeing the faults, are grateful for the good they behold. They thank God and work for improvement.

* * *

IN THE ONE HUNDREDTH Psalm the ancient writer sang, "Serve the Lord with Gladness." Gladness and service are twin attitudes always. In Plymouth days they belonged together. They go together now.

Opposes Alternate M-66 Proposal

TO THE EDITOR:

I have been expecting to see somebody write about the suggestions to change the State's plan to reroute M-66. Since no one has I'm sending you this letter.

I hope the highway department has good enough sense not to seriously think the plan described in the Courier a few weeks ago that was proposed by Frank Smith would be good for Charlevoix. It would be good for only a few people.

* * *

NOT ONLY THAT, it wouldn't make the road any easier to use. Roads aren't built for just a few people. If everyone in town who drives on M-66 is going to be treated fairly this idea won't be accepted.

TO THE EDITOR:

I would like to compliment you and your staff on the outstanding paper you are getting out these days for the community of Charlevoix. I believe it to be one of the outstanding weeklies in Northern Michigan, both as to content and lay-out.

Your use of white space around the heads opens the paper up. Use of pictures is good. Reproduction quality is considerably better than in the past. I understand you are using a Duplex (Press) for this.

--Odds 'N' Ends--

By FRAN MARTIN

It's that season of the year . . . the same time when the old pigskin goes into hibernation for another year and that round ball moves into the spotlight . . . Charlevoix's Raiders will burst into the limelight Tuesday when they open the season with two games within the week . . . at Harbor Tuesday and at home against East Jordan Friday . . . What with the new rules we're told that the game is speeded up considerable so keep this in mind: the baby-sitter won't think you've deserted your offspring when you don't turn up as early as usual . . .

And they go on and on . . . just when you think you've had your last fresh raspberry of the season, someone comes up with a few more . . . This time it's Stanley Barger whose beautiful garden you see on the way to the hospital . . . He brought me a branch of them . . loaded with green ones plus a few ripe ones . . I ate the latter and have the branch in water . . . and I'm going to have fresh raspberries for some time because more and more ripen daily!

Not long ago Don Brown returned from a trip through the east with a big cuy tape for me from one of our servicemen, Sgt. Gene Bridges. The information requested was to record to the service Gene and the crew of the LCU (Landing Craft, Utility) had participated in . . . and what duty . . . playing host to Jacqueline Mayor, Miss America 1963 and her party and cars and race entrants.

The fifth annual Hare Creek Derby at Crisfield, Md. For their efforts they received a letter of recommendation from everyone from Miss America right on up and down the line . . . Knowing Gene, I know that he and his crew deserved every good word that was said for I can't imagine a more gracious host . . . and a more efficient C.O. on a ship, that is of a small one . . . And I'm sure that no one, specially Gene, would object to such pleasant duty . . . Gene, by the way, is the son of the Bob Bridges . . .

Congratulations to our own coach Don Carey . . . one of five coaches from throughout the state nominated as the Prep Coach of the Year by the Detroit Free Press . . . It's an honor to be nominated for this by your fellow coaches . . . And Charlevoix should be mighty proud . . . I know I am . . . We all should be proud and happy that we have a coach and teacher on our faculty who's so highly thought of by his fellow coaches . . . Don't you think?

Not long ago Mrs. Karl Erber was telling me something I found pretty interesting . . . While at their cabin on Beaver Island a few weeks back, they were surprised to get up on Sunday morning to find 26 blue and gold balloons in a pine tree outside their cabin door. . . . They immediately investigated and found this legend on them . . . "Wish Again, Michigan" . . . The University was notified of the find by the Vernon LaFremeres and were told that the balloons, 50 in number, when released, had been put up the day before at the Michigan - Minnesota game at Minneapolis. . . Mrs. Erber, a Michigan graduate herself, was thrilled by the find . . . but a little surprised that something as elusive gas as-filled balloons would make their way to a spot outside their door on an island in Lake Michigan . . . The balloons, by the way, were publicizing the Michigan homecoming . . . One can readily understand now why weather balloons are put up regularly at Minneapolis and why we sometimes spot them as they pass over the area . . .

Nov. 18, as you know was the fifth anniversary of the sinking of the Carl D. Bradley in a wild November storm on Lake Michigan . . . one of the most awful of modern times . . . About 10 p.m. that night my phone rang and who was on the phone but the local correspondent who was on the Sunday night this gallant ship went out from Charlevoix on search of survivors . . . You all remember Warren "Doc" Tons, one of the had many friend here and . . . the crewman who reported the Sunday report . . . seem to me his wife, Norma, we'd report on this about the anniversary and . . . wanted to talk with . . . who remembered.

better highways save lives *Traffic last Labor Day weekend broke all records—yet there was not a single fatality on Michigan's entire freeway system!*

Modern highways are already reducing accidents by as much as 75% when compared with the outmoded roads they replace. It is a well-proved fact: Safely-engineered, easy-to-travel roads save lives. No better way has been found to cut accidents.

Yet today, nearly 50% of Michigan's roads and streets are still inadequate! This is no time to stop or curtail the state's great life-saving highway improvement program. The most effective way to further reduce Michigan's traffic toll is to improve these unsafe roads.

Also contributing to improved highway safety are today's modern concrete pavements. Wet or dry, concrete provides dependable skid resistance. Concrete's light color improves night visibility.

As an investment, too, concrete is first choice. Its long life and ability to take the heaviest traffic save taxes for every motorist.

ELEVEN MEMBERS and one guest attended the meeting at which Mrs. John Johnson reported 17 gifts valued at $56 were sent to the VA hospital gift shop at Battle Creek. Wrapping paper, gift cards and ribbon were sent with the gifts which will be made available to hospitalized veterans, without charge, so that they may have gifts for their families.

The group also paid dues and voted to contribute $5 to the Community Christmas project.

At the close of the evening, the hostess served refreshments.

Obituaries

Harry Gregory

Funeral services for Harry Gregory, 73, former local resident who died Tuesday at Hazel Park, were held Saturday at the Winchester Funeral Home with the Rev. George L. Majors officiating. Burial was in Brookside cemetery.

A native of Barnard in Marion township where he was born Nov. 7, 1890, Mr. Gregory, a carpenter by trade, always lived here until moving to Flint in the early 1950's. He lived there until recently when he and his wife, the former Angela Hebert, moved to Hazel Park. He had been in failing health for some time.

Besides his wife, he is survived by a brother, Fred, of Brazil, Ind.

Mrs. H. Lesser

Summer resident, Mrs. Harry Lesser Sr., 76, died at a St. Louis, Mo., hospital Nov. 17 a short time after she was admitted for observation.

Funeral services were held in St. Louis. A native of Albany, N.Y., the former Jessie May had lived at Clayton, Mo., a suburb of St. Louis since her marriage to Mr. Lesser who preceded her in death. She had been a summer resident here for more than 40 years and for many years had resided at 202 Dixon ave.

She is survived by a daughter, Mrs. Gordon Shirk of St. Louis; three sons, Julius of Naples, Fla., Robert and Harry Jr. of St. Louis several grandchildren and great grandchildren.

Most of our comforts grow up between our crosses.

My greatest inspiration is a challenge to attempt the impossible.

"The world will little note nor long remember what we say here, but it can never forget what they did here. It is for us the living rather to be dedicated here to the unfinished work which they who fought here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause from which they gave the last full measure of devotion—that we here highly resolve that these dead shall not have died in vain, that this nation under God shall have a new birth of freedom, and that government of the people, by the people, for the people shall not perish from the earth."

Rayder Basketball Squad Gets in Shape

The Charlevoix basketball team, under the guidance of Coach Don Carey has been practicing nightly in preparation for their opening game with Harbor Springs on the latter's court next Tuesday after closing out a successful football season.

Earlier practice sessions were confined to fundamentals of the game, and conditioning. Coach Carey said and added that he was not ready to name a starting five but that the entire squad was working hard on team plays both on offense and on defense for the 16-game season that will be launch Tuesday. The Rayders will meet East Jordan in a second game on Friday of next week.

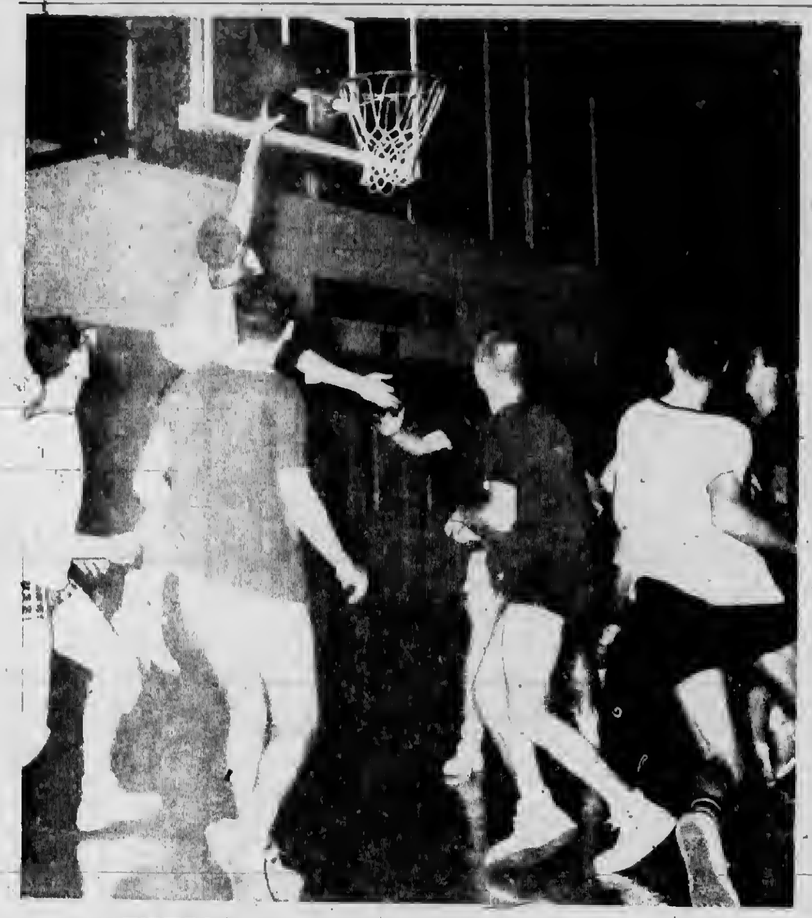
* * *

AMONG THE CANDIDATES for the squad which will be comparatively small are sophomore Ken Parrish and senior Bruce Kroken who played consistently last season along with Del Terrill and Jim Uhrich, both juniors, who saw some action with the Varsity squad and seniors Guy Stutzman and Pete Ames who also saw limited action last season.

Others who played a little with the Varsity on occasion were Jack Uhrick, Doug Winnell, Don Smith and Dave Smith. However, they saw most of their action with the J-V squad. Others up from the reserve training unit and strong candidates for starting assignments are Dave Norton, 6-4 center, Warren Belding, Tom Maxwell and John Blaha along with a transfer from Cheboygan, Randy Carey. All are juniors.

At this time, Coach Carey said most positions on the squad are wide open with every member of the squad having an equal chance to win a regular berth.

The Rayders finished sixth last spring after one of their worst seasons in recent years. The team had a record of three wins in 14 league games plus two non-league losses to Petoskey.



NO TIME TO WASTE Charlevoix High School cage coach Don Carey wasn't allowing his squad to waste any time last week as he whipped them in shape for next Tuesday's opening game. (Courier Photo)

Cage Rule Changes Explained

Basketball rule changes to be seen on cage courts for the first time this season include:

An official cannot call a time out for retying a shoelace, replacing a shoe or equipment. A time out for this can only be called when the team calling the time out has possession of the ball or there is a dead ball. The team calling for repairs will be charged with a time out.

* If a ball passes through a basket during a dead ball period immediately following a violation, no point can be scored and the ball is awarded to the opposing team at either side of the free throw line, but cannot be taken out under the basket as in the past.

* When a player in control of the ball goes out of bounds at the same time there is a contact with an opponent, the official must decide whether there was a foul or violation.

* The officials must also designate the official time piece, its operator, the official score book and scorer prior to the start of the game. He must also hand the ball to the thrower for all throw-ins except those made from outside and the end line following a score.

Here's How Season Ended

Final 1962 6-Man Northern Michigan Class C basketball standings:

League Coaches Announce Probable Season Starters

Teams of the Northern Michigan 6-man Class C league will open their season Tuesday, Dec. 3 with all eight meet league rivals to launch the 1963-64 cage season.

The Charlevoix Rayders will travel to Harbor Springs to take on the defending champions.

Pellston, last season's co-champion with the Rams, will host Gaylord in a game to be played at Petoskey; Boyne City will entertain Mancelona and East Jordan will travel to Grayling in a game scheduled for Tuesday.

* * *

LATER IN THE week, Charlevoix will open its home season against East Jordan, Boyne City will travel to Gaylord, Harbor Springs will play at Grayling and Pellston to Mancelona.

Five of the eight teams will have played one game each when they open their conference schedules Tuesday.

After 2½ weeks of practice sessions devoted to conditioning, fundamentals and the study of key patterns, coaches have had an opportunity to size up the talents of prospective candidates and to get ideas regarding their chances in the race in preparations for a season which promises to be a very close one.

At Harbor Springs, Coach Charlie Paige is replacing Ed Bartlett as pre-season picks to top Petoskey St. Francis on the latter's home floor Friday night. Coach Paige will use much the same lineup that the Rayders must contend with.

* * *

THIS IS EXPECTED to include two regulars from last season's team, the Lauer twins, Mike, a 6-2 center or guard and George, a 5-10 junior forward, both of whom were the team that brought Harbor Springs a regional title in tournament play and another senior, letterman, Jerry Burns, a guard.

Other players are home-town boys, including Mickey Phillips, a 6 foot senior center and the following up from the J-V's: Dave Winegarden, 6-2 junior forward; Bernie Corpe, 5-9 senior and Merlin Sayan, 5-10 junior, both guards, and George Kilborn, a 6 foot sophomore candidate for center.

The Boyne City Ramblers, who finished last season with a 7-7 record, has no veterans around whom to build this year's team. However, Coach Paul Pfahler does have three lettermen, two players who saw limited action last season, several players up from the Reserves and a 6 foot 6 inch import from Saginaw high school who has seen little action but may give the squad some much-needed height.

The three lettermen are all 5-7 guards, John Boon and Bruce Lawson, both seniors and Scott Hall, a junior; the less experienced players are Jim Mitchell and Pete Combie, both 5-10 forwards. Candidates up from the J-V's are Ron Hartsfet, Dave Hunt, Herb Stanhope and Mike Griffin, forwards, and Dave Root, a guard. The import is Tom Spinelli, a senior center.

At East Jordan where Bill Gregory has taken over the court reins after three years at Suttons Bay, where he turned out some fine teams, he has found two veterans in Jim Sturgell, a junior guard and Mick Bell, a 6-1 junior center, plus three lettermen, Fred Malpass, a junior forward, Ray Moore, a senior forward and Dan Nachazel, senior guard, all less than six feet. He will be dependent on former J-V players to give the squad added height. Strong candidates include Chad McDonald, 6-2 forward, Don Dreuth, a 6 foot sophomore forward, and Brad Jones, a 6-3 center. Sophomore Jim Cihak and junior Dan Peters who will be trying for guard assignments.

Coach Gregory will have as his assistant Jerry Dantes, also a Central Michigan graduate, who came to East Jordan after six years at Farwell.

The nation's first regularly scheduled passenger air service was inaugurated in Michigan in 1926 the Stout Air Service began daily flights between Detroit and Grand Rapids.

Textbook Display at Grade School

Textbooks, reference books and story books will be exhibited at the Charlevoix Elementary School cafeteria Tuesday, Glenn B. Snider, Charlevoix elementary school principal, announced.

The books will be shown at the request of teachers who feel it is worthwhile in view of the facts Charlevoix library officials and others are considering new books for the local library.

Snider urged all interested persons, especially parents, visit the exhibit next Tuesday, adding that he felt it would give them an idea of the books that are available for classroom use as well as for outside reading by students in the elementary and junior high age groups.

The cafeteria will be open from 2:15 to 7 p.m. to give everyone a chance to visit the exhibit.

Take Physicals

Ten Charlevoix County youths have been ordered by the draft board to report for pre-induction physical examinations.

They are Douglas C. Bergmann, E. Brian Seymour, Peter J. Coleman, of Charlevoix; Thomas R. Kurowski and Kenneth E. West of Boyne City and William P. Lyon II, Roger E. Sweet, James A. Lilak, Keith A. Danforth and Eric J. Belshaw of East Jordan.

OK Accreditation For New Hospital

Accreditation of Charlevoix Hospital by the Joint Commission on Accreditation of Hospitals has been approved, according to Anne Baumgartner, superintendent-administrator.

The accreditation is the result of many years of improving hospital facilities and services, Miss Baumgartner said.

* * *

SHE STATED accreditation is a "voluntary program which serves as a yardstick to measure the success of the hospital's various activities. Its philosophy is to look at the hospital from the patient's viewpoint, . .to safeguard the patient's life and health."

She enlarged upon this statement by explaining that it means a "safe and sound physical plant, well constructed with adequate space and facilities for every patient; good facilities and equipment to diagnose and effectively treat patients' illnesses; special needs; a medical library where basic textbooks and current periodicals provide readily accessible information to physicians and hospital personnel. "It assures the patient and his family a competent, qualified medical staff; well trained nursing staff and hospital personnel to care for patients and staff diagnostic and therapeutic facilities.

"It also assures a responsibile governing body, a board of directors, in the case of the Charlevoix Hospital and a trained administrator.

* * *

"IN ADDITION TO setting standards for the hospital physical plant, staff and administration, the accreditation assures certain procedures that give the greatest possible protection as well as care to the patients," Miss Baumgartner continued. This include, among other things, good medical records, consultations and the doctors' own review of medical cases.

"Accreditation is given through a service provided by a joint commission comprised of four national medical and hospital organizations, the American College of Physicians, the American College of Hospital Association and the American Medical Association."

The history of Charlevoix Hospital dates back to the year the accreditation program was instituted, 1918. The present Charlevoix hospital was built in 1954 from federal funds and local and area contributions. Since then the solarium and basement storage area has been added to the north wing and underwritten by contributions earmarked for this purpose.

* * *

THIS YEAR, through the aid of federal funds, the existing laboratory and X-ray departments were enlarged and the services of each expanded, a physical therapy department constructed and equipped and a cafeteria and storage area built.

In conclusion Miss Baumgartner said, "The accreditation is a milestone reached as the result of long-term planning on the part of the hospital staff and boards of directors and through the cooperation of many people whose single aim has been to provide better care for all patients admitted to the Charlevoix hospital."

Dear Dick Affair

RICHARD DONALDSON

"BEAT HER TO HIM"

Dear Dick: My daughter is serious about a bachelor twice her age. I fear she would be unhappy with a man so much older and with such different interests. My daughter feels I object to the marriage because of her leaving home and my being LONESOME.

DEAR LONESOME: The guy may look effervescent to your daughter now, but after a year he may turn out to be stale beer. You're not so much older, though, and YOUR interests are not so different from his. Make a pass! You may come up with a mugful of happiness . . . And if you bank him, remember PUFF'S APPLIANCE CENTER for your home appliances.—DICK.

Thanksgiving Day

A very special day, when Americans everywhere pause to give a prayer of thanks for the bounty of Mather Nature and the blessings that flow from freedom in our wonderful land.

And it's a day when we wish to express our deepest gratitude for your friendship.

his office much of the time, and the newspaper could not see the records unless he was.

The judge told Bulow it would not be necessary for him to be in the office for the records to be checked. He said the records should be open for inspection by the press (including any newspaper) whenever the clerk's office is open.

BULOW ALSO argued that because the "suppressed" cases are in the same file with the open records, someone should be on hand to see they are not probed.

Sheppard assured the judge the Courier would not risk being in contempt of court to see to suppressed record.

Judge Brown said he would send Bulow a letter directing him to open the files to newspapers, and agreed he has no reason to worry about the suppressed files being violated.

Bulow did not contest last week's story in the Courier, charging he refused to allow the press inspection of public records.

"We Thank Thee, Lord"

YOU IN THE CHURCH
THE CHURCH IN YOU
Character is a by product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial arc molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you form a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER
© WILLIAMS NEWSPAPER FEATURES Fort Worth Texas

....That is the simplest form of prayer, the most elemental act of Christian devotion..."*We thank Thee, Lord, for our daily food.*"

How is it at your house??? Is grace at meals a fixed habit where you live? Do you pause to offer homage to God for the edibles... the very things He alone can give? Or is your gratitude shown only once-in-a-while when the pastor is company, or when the children are all home for Thanksgiving dinner? How long is it, Dad, since the family heard your voice saying grace at the table...? or a word of simple prayer for their welfare...? or even bothered to urge another to say, "Thank you, Lord, for all these bounties???"

Dad,— Mother,— you owe your household this much of a godly heritage. Attend church regularly and say grace at mealtime. God will hear your supplication.

Bandsmen Aim For $1,000 in Paper Sales

Will Sell Couriers In Unique Promotion

The biggest fund raising effort in Charlevoix High School band history was launched this week, director C. A. Odmark announced.

The 167 bandsmen who have brought praise to Charlevoix from around the state are selling Charlevoix Courier subscriptions, hoping to make more than $1,000, Odmark said.

* * *

COURIER BUSINESS Manager Tom McDaniel declared the band will receive a one-third commission on all new Courier subscriptions sold in Charlevoix County, or $1 on every $3 sale.

Bandsmen will receive 25 cents for every one-year subscription renewal they sell.

"The only limitation on how much the band raises for its activities through this project is in how hard the young musicians work," McDaniels said.

The band's goal, Odmark pointed out, is $1,000. If this is reached, McDaniels explained, the band will receive a free glockenspiel as a bonus from the Courier.

* * *

"BANDSMEN SHOULD find selling the Courier easier to sell than it has ever been," McDaniels stated. "The Courier now has more news, pictures, and advertising than any newspaper in Charlevoix County's history.

"A newspaper would generally employ a circulation company to come in and make a subscription drive of this sort, for about the same cost as we're paying the bandsmen," he added.

"However, when we got right down to deciding what 'about' to buy, we decided it might be possible to keep the money in Charlevoix.

"Our experience shows us the bandsmen are unusually hard working young people. We thought if they could do the job, we would rather have them get the money than an outside firm.

* * *

"TO MAKE IT easier for the band, we then moved the drive up from our original spring plans to December, so subscriptions could be sold for Christmas presents," McDaniels said.

Odmark, who has frequently praised the "new Courier", said he is confident bandsmen will at least reach their $1,000 goal . . . making it the most profitable fund raising effort in band history.

The promotion is sponsored by the Band Parents Assn., under president Tip Riley.

PERHAPS THE weather is to blame, but whatever the reason, Charlevoix simply doesn't seem to have the Christmas mood normal for the first week in December.

Numerous people have commented on the absence of Santa Claus-inspired behavior in young people.

The youngsters, of course, don't really get excited until things around home and school begin to concentrate on Christmas.

Some people are prone to complain we make Christmas last too long, or over - commercialize it. Let them gripe, while we enjoy it.

How could you make the dazzling excitement in a child's eyes and face last too long?

So let's get at it. Christmas, as they say, only comes once a year.

Rayders Launch Season on Win

In the highest scoring game in recent years, the Charlevoix Rayders got off to a flying start, defeating Harbor Springs 85-83 on the Rams' floor Tuesday night to launch their 1963-64 season.

Friday, The Rayders will entertain East Jordan in their first home game. The Jordanites lost to Grayling 67-65 in double overtime Tuesday night.

Crowding Blamed For Escape From Charlevoix Jail

Overcrowded conditions at the County Jail led to a big stink last week, according to Sheriff Glenn E. Rose.

Rose blamed last week's jail break —the first of 1963—on lack of space in the jail. He declared deputy Getchel Campfield could not be held responsible for the escape.

CAMPFIELD WAS ON duty as night turnkey when Ronald Benz, 18, Elmira, escaped from the jail. The fugitive was later recaptured by State Police in Elmira.

However, not without creating a stink that made everyone in the jail uncomfortable, Rose said.

During his frantic flight through the dark, Benz stumbled over a skunk that unloaded a direct hit on him, according to the sheriff.

Benz was being held on a charge of possessing hunting clothes stolen from a cabin in Antrim County. Rose said Benz is on probation for an earlier breaking and entering conviction.

THE COUNTY JAIL'S overcrowded condition was blamed for making it possible for Benz to make his short-lived escape to freedom.

He escaped from jail at 10 p.m. and was back at 6 a.m., Nov. 27.

Rose explained security precautions have to be relaxed when more than 12 men are held in the lower level. There were up to 21 persons in the jail last week.

Because there were two women prisoners, no men could be housed on the second floor, he pointed out.

CONSEQUENTLY there was not enough cell space for male prisoners. Those not in cells slept on mattresses on the floor in the open cellblock.

When Campfield entered the open cell block — which Rose points out he must do — Benz slashed behind him and slammed the door, leaving Campfield locked in with the other prisoners.

Rose stated he can see no way Campfield could have prevented the jail break.

Because there were a half dozen prisoners milling at large in the open cell block area, for whom there was no room in a regular cell, Campfield had to turn his back on some of them, Rose added.

A Sweet Tradition

SELLS CANDY FOR 53 YEARS

The great grandchildren of Mrs. George Glados' first customers are buying candy from her today in the least conspicuous shop on Bridge St.

It's doubtful any merchant on Bridge St. — Charlevoix's main street—have done business with as many generations of local families as Mrs. Glados.

* * *

BACK IN 1910, when Mrs. Glados married her husband, they operated the Sugar Bowl candy store. It was one of the busiest places in town, selling homemade candy to youngsters and adults.

Thirty-two years ago they converted it into a restaurant and candy store. Mrs. Glados reports it was Charlevoix's main meeting place.

They operated the Sugar Bowl until the mid-1950's.

However, when they decided the work was too much for them —Mrs. Glados is 77—they did not abandon the many generations of Charlevoix who had turned to them for candy and popcorn.

Mrs. Glados kept the small, unmarked, shop beside the theater open when a film was showing. In it she sells candy and popcorn to children whose great great grandfathers were loggers when Mrs. Glados first went in business on Bridge St.

THE POPCORN MACHINE she uses now was purchased by her husband—who died two years ago—in 1913. At that time it was the most modern on the market.

Mrs. Glados came to Charlevoix as a baby 76 years ago. She remembers that it was a lumbering town then. A huge sawmill on the north bank of Round Lake cut lumber, which was picked up by sailing ships.

All travel to and from Charlevoix in those days centered around sailing ships.

She remembers when the first train came to town. Arrival of the railroad, and then automobiles and improved roads, made Charlevoix a tourist center.

AT IRONTON, Mrs. Glados recalls, the ferry was originally pulled by hand. Sam Messenger, the ferry's famed captain, was her brother-in-law.

Huge sailing ships came into Ironton from Chicago in those days to pick up pig iron from the kilns that were the county's major industry, but have long since disappeared.

For the past 53 years Mrs. Glados has lived in the apartment above the Sugar Bowl, where she still keeps house.

Her two daughters have moved from Charlevoix. Mrs. Ioel Mercer lives in California and Mrs. Robert Cline in Oden.

Judge's Letter Explains Issue

By FENTON R. BULOW,,
Charlevoix County Clerk

With reference to your Editorial Column, (Courier, Nov. 28, page 2) inviting my comments, I am enclosing a copy of a letter of Nov. 20, 1963, written by Judge (Charles L.) Brown as a result of our conference that day which, I believe, should suffice, as it is self explanatory.

Dear M. Bulow:

"In accordance with my promise of this afternoon, after our amicable conference with Mr. Sheppard, Editor of the Charlevoix Courier, this is your authority, and authority for those in charge of your office, during your absence, to allow authorized representatives of the Press, attorneys for litigants, or litigants themselves access to court files (except those which have been suppressed by Order of the court).

THE PRESS IS also authorized access to records of marriages, births, deaths and all miscellaneous public records.

Inwood Gets Correspondent

In a continuing effort to publish a better newspaper for more readers, the Charlevoix Courier this week announced addition of another rural correspondent.

Starting in today's Courier Mrs. Leonard Duby's weekly column from "Inwood Community". The sparsely populated rural neighborhood's weekly happenings will be reported by Mrs. Duby. If residents contact her at LI 7-9381.

INWOOD WAS ONCE a rural school and social center, but, like many others, has lost its identity in recent years. Through Mrs. Duby's column at least some of this identity will be regained.

Mr. and Mrs. Duby have two children, Cathryn, 7 and Cristol, 4 months. They attend the First Baptist Church in Charlevoix.

The Courier's newest correspondent points out she will not be able to report the news if people of the neighborhood area do not contact her. She urged them to [illegible].

Clarify Tax Bill

Darrell Daneelle, Charlevoix Board of Education president, moved this week to avoid confusion concerning school taxes.

Daneelle pointed out tax bills indicate the voted school operating millage is two mills. Actually, this represents the 1.5 mill voted for one year for school operation and the .5 mill voted for five years and earmarked for the library, the board president explained.

THE UNPRECEDENTED vigor in the Courier's letterbox has created considerable reader interest.

Not, as always, there are a few who are complaining because all the letters are not signed. They call all unsigned letter writers as cowards, or worse.

However, we feel, this is looking at the short end of it. Unsigned letters are an accepted policy on all enlightened newspapers.

The purpose of "letters to the editor" is not to put someone on the spot. It is to offer citizens a chance to freely express their ideas and opinions.

In a free society it is absolutely right that every voter have this opportunity whether he takes advantage of it or not.

The law doesn't isn't to make the writer a public figure. The issues and ideas are important, not who they belong to.

It may offend some people, they have recourse to reply. Why should they, instead, harass the writer. If their argument isn't strong enough to stand up under close inspection, then they have just conceded.

We will not print letters if we do not know who wrote them.

No one, not even Courier printers and staff members, other than the editor, know who wrote a letter. This information is not given out for any reason.

It should be kept in mind that the paper is responsible for any and all prints, including letters. So we are hardly going to print anything that could bring us before the judge.

AND FROM the "Peking Review a weekly magazine of Chinese news and views," we learn that the Communist dream is the model for them and harmony.

Courier business manager Tom McDaniels recently picked up the June '21 copy of the commie propaganda sheet in the MSU journalism building.

In the table of contents you're immediately impressed by the logical approach the Chinese take to foreign relations. There is a short note that the Korean communist leader visited Chinese bigwigs and that the top Reds in both countries "have reached identical views on all questions discussed."

How convenient. How terrifying and heartless!

THE SHERIFF declared few prisoners will attempt to escape. However, it's impossible to know if one has this in mind.

Rose admitted the jail is seldom overcrowded.

He said the present overcrowding is caused by a large number of conservation arrests for deer hunting violations.

At least once a year the jail is crowded beyond capacity, forcing deputies to expose themselves to personal danger and making it possible for prisoners to escape, Rose added.

Locals

Mr. and Mrs. Bernie Ward, Sr. and their son and daughter-in-law, Mr. and Mrs. Bernie Ward Jr. and two sons spent the Thanksgiving weekend in Grand Rapids with the former's son-in-law and daughter, Mr. and Mrs. Harry Goldberg. THOSE RIGHTS WERE guaranteed to us in our "Constitution" for our use when necessary.

I trust your present state of affairs isn't in such turmoil so as to call for the "quoting of the "Constitution" by a fellow American?

By demanding this right for no apparent reason you infringe upon the rights of the individuals of whom are contained in those records. The records are kept for a reason therefore they should only be shown for a reason. Not just because someone wants to see them.

"What are called duties to ourselves are not socially obligatory, unless circumstances render them at the same time duties to others. The term "duty to oneself," when it means anything more than prudence, means self-respect or self-development, and for none of these is anyone accountable to his fellow-creatures, because for none of them is it for the good of mankind that he be held accountable to them."

The dictionary defines "news" as, 1. a report of a recent event, tidings. 2. Matter of interest to newspapers readers.

IF BY SOME CHANCE you think your readers so base as to want to know why their neighbor had to go to court or when did so and so get married to see how long afterwards they had their first child and why so and so got a divorce. Then by all means start to Assert the "Publics right to know."

Put 'Zip' in Mail to Santa

Don't forget Santa's Zip Code Number if you're writing to his North Pole address, children of the community were reminded this week by Postmaster Peter H. Timmer.

Children's letter must be addressed to "Santa Claus, North Pole 99701". Children must also use their returned addresses and Zip Code Numbers of their letters.

They will then receive a gaily-decorated card with an appropriate reply designed to please children, Timmer said. Children's letters must also be dispatched by first class mail.

Children are warned that their letters must be written and dispatched by Dec. 15 if they are to be acknowledged.

New Scare May Wreck Commercial Fishing

INDUSTRY LEADERS HERE SEE LITTLE HOPE

A new crisis, that might be worse than anything before it, has lowered the spirits of Charlevoix commercial fishermen.

Just as the fog showed signs of clearing for local fishermen, the botulism scare was given new emphasis last week.

* * *

THIS CAME FROM a Michigan State University scientist who charged Great Lakes fish may be botulism carriers.

"They just don't know what to say and have to say something," Jake White charged, when asked about the possibility Great Lakes fish have the deadly poison.

John Cross, Sr., told the Courier "I don't think they know, and are just after publicity."

Interviewed separately by the Courier, both Cross and White—Charlevoix's senior commercial fishermen — stated the latest blow may be almost irreparable to the industry.

* * *

CROSS DECLARED there is no demand from buyers for Great Lakes fish.

He said he doesn't know if Charlevoix commercial fishermen will survive.

White felt he and Cross might weather the scare, but doubted local fishermen with less financial stability will be able to. He added it could take a year, or more, before the public regains its confidence squashed it.

The Sugar Bowl Restaurant is selling 13 plates of fish on Friday where it used to sell 90, White reported.

* * *

UNTIL THE LATEST outbreak of charges that Great Lakes fish and sea gulls are botulism carriers, White expected to resume fishing Dec. 10, when the white fish season opens.

Now, he contends, he couldn't sell the whitefish if he caught them.

There is still a small market for trash fish for catfood, but there simply aren't enough people who feed their pets store-bought food, White declared.

Cross also pointed out there had been hope the market would recover, but the latest developments have squashed it.

CROSS, WHO EMPLOYS more people than any other Charlevoix fishermen, charged there "are just too many wild guesses.

All of his men are out of work.

Continuous statements by state and federal health officials that Great Lakes fish are safe, if properly prepared, have failed to renew public confidence.

On National Magazine Staff

Janice Sundberg, 15, Charlevoix High School freshman, has been named local correspondent for Co-ed, national magazine for teen-age girls, according to an announcement by its editor, Margaret Hauser. Her appointment was made by the votes of her classmates.

The daughter of Mr. and Mrs. Clifton Sundberg, Janice was selected for her qualities of leadership and her enthusiasm for home economics. She will serve as junior advisor to the editors of the magazine and will keep them informed of activities at Charlevoix High School. There are more than 3,000 Co-ed correspondents throughout the United States.

Mrs. C. A. Odmark is faculty advisor for this activity.

Students Enter Sewing Contest

Two Charlevoix High School students, Donna Gail White, 14, freshman, and Beth Ann Boss, 17, a senior, have entered the 17th annual "Make It Yourself with Wool" contest sponsored by the American Wool Council.

The district contest will be held in Traverse City Saturday. The two local girls will model their garments as they are judged.

* * *

THE RULES REQUIRE that each contestant make a garment of 100 per cent wool, loomed in America. A commerical pattern or an original design may be used.

Judging will be based on workmanship, beauty of design, coordination with the individual and appearance to fashion.

The two girls made their garments under the guidance of Mrs. C. A. Odmark, homemaking teacher.

GOLDEN YEARS Edward J. Beene, retired Detroit patrolman, and Mrs. Beene, wearing her wedding gown of 50 years ago, sit their Ironton home where they celebrate their Golden Wedding Anniversary Sunday, Dec. 15.

Edward Beenes to Mark Anniversary in Ironton

By Fran Martin —

IRONTON — Mr. and Mrs. Edward J. Beene, residents of Northern Michigan for 16 years, will observe their Golden Wedding Anniversary at their Ironton home on Sunday, Dec. 15.

The couple will greet relatives and friends from 1 to 5 p.m.

MR. AND MRS. BEENE were married at the Original Methodist church in Detroit, Dec. 20, 1913. Mrs. Beene is the former Lorena Knecht.

They made their home in Detroit until 1946 when Mr. Beene retired from the Detroit Police Dept. They came that year to Charlevoix and resided here until 1948 when they moved to their home in Ironton.

Mr. Beene was born in Chelsea, on May 2, 1961. He served in Europe with the U. S. Army during World War I, then was a Detroit patrolman for 25 years until retiring.

In recent years his activities here have been limited as the result of a stroke. He is a life member of Acacia Lodge No. 477, F. & A. M. in Detroit and of several lodge groups also in Detroit.

MRS. BEENE was born in Quincy, Feb. 9, 1896. She is a life member of Charlevoix Lodge No. 72, Order of the Eastern Star.

The couple has one daughter, Mrs. John (Beryl) Sullivan of Detroit. They also have two grandchildren, Lt. Dan Sullivan, stationed in Wurzburg, Germany, with the U. S. Army, and five year old Karen Sullivan of Detroit.

An informal invitation is extended to friends and neighbors who are asked to remember them only with cards.

Cradle Roll Call

Mr. and Mrs. James Williams of Swartz Creek (near Flint) announce the birth of a son, Kenneth Michael, their second, on Wednesday, Nov. 27. She is the daughter of Mr. and Mrs. John Rathburn.

Births recorded at the Charlevoix Hospital recently include:

A son, Timothy David, born to Mr. and Mrs. Robert G. May, Nov. 28.

A daughter, Anna Marie, born to Mr. and Mrs. Tony L. Martinek of East Jordan Nov. 28.

A daughter, Eva Jeanette, born to Mr. and Mrs. Doyle F. Young, East Jordan Nov. 28.

A daughter born to Mr. and Mrs. Wayne Everest of Boyne City Dec. 1.

Mr. and Mrs. Norman Ketchman of Morgan City, La., announce the birth of a daughter, Renee' Kristen on Nov. 26.

Couple Wed on Beaver Island

ST. JAMES, B. I — Patricia J. Martin, daughter of Mr. and Mrs. John F. Martin, and Andrew J. Gallagher, quartermaster, First Class, U. S. Coast Guard, exchanged marriage vows during a Nuptial Mass celebrated at Holy Cross Church Saturday. The bridegroom is the son of Mr. and Mrs. John A. Gallagher.

The Rev. Fr. Louis Wren, O.F.-M. (Conv. officiated at the double ring service before an altar graced with arrangements of white mums and yellow gladioli. Sister Mary Euphrasine, at the organ, accompanied the high school choir which sang the Mass.

GIVEN IN MARRIAGE by her father, the bride chose a floor length gown of white lace fashioned with a V-neck, long sleeves and boufant skirt for her wedding. A crown of crystals and pearls secured her shoulder length veil. She carried a bouquet of yellow tea roses and shattered white carnations.

Mrs. Phyllis Griffin of Flint, as her sister's matron of honor, wore a gown of emerald green velvet and a white fur headpiece and carried a white muff to which was pinned a corsage of yellow roses and white carnations. Mary Gallagher and Pamela Martin, sisters of the bridegroom and bride respectively, as bridesmaids, wore gowns and accessories and carried flowers identical to the honor attendant's.

Ronald Gallagher assisted his brother as best man. The other brothers, Daniel and Arthur Gallagher, seated the guests.

MRS. MARTIN WORE a winter white sheath with gold and silver brocade, brown accessories and a corsage of brown orchids for her daughter's wedding. Mrs. Gallagher, mother of the bridegroom, wore a cranberry crepe sheath, matching accessories and an orchid corsage.

Immediately following the ceremony, a wedding breakfast was held at Holy Cross parish hall which was also the scene of an evening reception.

Following a wedding trip to Flint and New York City, the couple will be at home in Brooklyn, N. Y., where Mr. Gallagher is stationed with the U. S. Coast Guard. For traveling, the bride wore a pumpkin brown dress, matching accessories and an orchid corsage.

The bride is a graduate of Holy Redeemer high school in Flint. U. S. Coast Guard Island Community School and is a from Flint, Grand Blanc, Milwaukee, veteran of several years in the Chicago and Ferndale.

Wedding guests were present The bridegroom attended Beaver

Lions Receive Winning Plaque

The Charlevoix Lions Club received a plaque at Monday's meeting for winning the 1962 district membership contest. It was presented by Immediate past governor George Kempthorn of Traverse City.

The club welcomed Tom McDaniels, Charlevoix Courier business manager, as a new member. Lions publicity chairman Bill Carey reports McDaniels gave a rousing 20 minute speech of acceptance.

* * *

RESULTS OF THE fruit cake sale were announced, and proclaimed "very successful". Anyone still wishing to purchase a fruit cake should contact any Lion member.

A proclamation by Gov. George Romney, declaring this Leader Dog Week, in honor of the Lions Club program to aid the blind, was read.

Mrs. Thomas Maxwell **LI 7-2119**

Mr. and Mrs. Paul Louiselle had as guests, Mr. and Mrs. Allen Fallwiler and two daughters of Grand Rapids.

Mr. and Mrs. Edwin Louiselle and baby from Kinchloe Air Base, living near Rudyard, spent the last week with his parents, Mr. and Mrs. Paul Louiselle.

Delight and Cindy Kline of Petoskey spent the weekend recently with their grandparents, Mr. and Mrs. Ted Tunison, while their parents were hunting.

FAWN KILLED:

A little fawn was shot and killed and left on the Maxwell farm in Hayes Township. The Maxwell's feel badly about this, as it seems like very poor sportsmanship to do such. They have had deer come into their yard and feast on the apples on the ground, under the trees. And have watched them many times from the window of their home. It has been reported to the proper authorities and we understand that there has been a lot of this sort of kill this year during deer hunting, which we hope can be corrected.

Mrs. Hazel Evers spent Thanksgiving Day with her son-in-law and daughter, Mr. and Mrs. James Gallagher and family, in Charlevoix.

Miss Alice Harvey of Grand Rapids, daughter of Mr. and Mrs. Walter Harvey, was at home for the Thanksgiving holidays.

Ross Lewis, Airman First Class, who has been stationed at Amarillo, Texas, will be leaving Dec. 12 for a new destination in England, where he will be for two years. Russ and his wife and two children are visiting with his parents, Mr. and Mrs. Ted Tunison, this week. Last Sunday all of the family were together, celebrating Thanksgiving and Christmas, before he leaves for overseas duty. His wife and children will be living in Petoskey with his sister, Mrs. Richard Scott and family.

Mr. and Mrs. Willard Bodley were Thanksgiving Day dinner guests of Mr. and Mrs. Ronald Geer and family in Charlevoix.

DeMar Bodley stationed at Fort Polk, La. has been assigned to the 551st M. P. Company, he informed his parents, Mr. and Mrs. Willard Bodley, last week.

Guests for the Thanksgiving holidays, at the home of Mr. and Mrs. Leo Berg, were their sons-in-law and daughters, Mr. and Mrs. James Smith of Niles, Mr. and Mrs. Vincent Chew of Flint and their daughter Donna Berg from the University of Michigan, Ann Arbor. Mr. Berg's mother, Mrs. Alfred Berg of Bellaire and Mr. and Mrs. Ernest Fisher and family of Pontiac were dinner guests.

Tom Goike of Rothbury, son of Mr. and Mrs. George Goike of Bay Shore, was at home for Thanksgiving. He left last week for three weeks vacation in California and Nevada.

Robert Shafer has returned to Michigan State University after spending Thanksgiving holidays with his parents, Mr. and Mrs. Wayne Shafer.

Visiting at the home of Mr. and Mrs. Louis Price for the Thanksgiving weekend, was their son, John Robert Kalmbach of Lansing.

Richard Johnson was at home, from Ferris Institute, of Big Rapids, with his parents Mr. and Mrs. J. William Johnson for Thanksgiving.

Dinner guests on Thanksgiving Day, at the home of Mr. and Mrs. James Harvey, were Mr. and Mrs. Walter Harvey and daughter Alice and Mrs. Harvey's mother, Mrs. Henning Johnson of Petoskey.

Thanksgiving dinner guests at the Joseph Kerner home were Mr. and Mrs. Charles Kerner and son, Chuckie and daughter, Lori, and and Mr. and Mrs. Bert Southwood and Bert, Jr. and Miss Leanna Simmons of Boyne City. Mr. and Mrs. James Bruce of Detroit were evening visitors. Mr. and Mrs. Donald McMillan of Boyne City visited the Southwood's and Kerner's last Saturday afternoon.

Mr. and Mrs. Herbert Kane, and family were Thanksgiving dinner guests at the home of Mr. and Mrs. Larry Lewis in Charlevoix.

Mrs. Richard Batchelder and children of East Jordan and Mrs. Sam Kane and baby, of Charlevoix were luncheon guests of Mr. and Mrs. Herbert Kane Thanksgiving evening.

Mr. and Mrs. Carl Smith had their son and daughter-in-law Mr. and Mrs. James Smith of Niles guests for Thanksgiving dinner. Their son, George, that lives in Boyne City, visited them in the afternoon. His two children are confined to their home with the measles.

Area Obituaries

Mrs. A. Miller

Mrs. Andrew Miller, 76, resident of this community for more than 20 years, died Friday at the Charlevoix hospital where she had been a patient for 24 hours. She had been in failing health for some time.

Funeral services were held at the Winchester Funeral Home Sunday, with Rev. George L. Majors officiating. Graveside services were held at River Ridge cemetery at Belding on Monday.

* * *

BORN IN MIDLAND May 21, 1887, the former Ada B. Coverley was married to Frank Wood in 1905. They made their home in Lansing until the early 1940's when they moved to Charlevoix where their son, Rev. Wilford D. Wood, was pastor of the community Church of God. Mr. Wood died in 1942. She was a member of the Community Church of God and its Missionary Society.

College Testing Begins

Several Charlevoix High School seniors will join students from every state in taking the first "College Board" tests of the season Saturday, according to Dr William Ratigan, guidance counselor.

Test centers have been set up around the world, from Hong Kong to Iceland Local youth, including National Merit Semifinalist, Joan Ochs, will take their tests at Petoskey high school.

FIVE ADMINISTRATIONS of the College Board Admission Tests will be held between now and July 8, 1964. The test fees are Scholastic Aptitude test, $5; Achievement Tests (any one, two or three taken on a single date), $7.50; and Writing Sample (no fee if taken in combination with or two Achievement tests on a single date), $2.60.

The Scholastic Aptitude Test is a three-hour test given in the morning of each test date. It is designed to measure how well high school students have developed the verbal and mathematical skills needed to perform the academic work required in college.

The Achievement Tests, administered in the afternoon of each test date, are one-hour tests designed to measure a high school student's general level of achievement in a subject field. The tests include: American History and Social Studies; Biology; Chemistry; English Composition; European History and World Cultures; French; German; Hebrew; Latin; Advanced Mathematics; Intermediate Mathematics; Physics; Russian and Spanish.

MORE THAN 600 colleges require applicants for admission to take one or more of the College Board tests as part of the admissions process. Some scholarship programs also require applicants to submit scores from one or more tests. A minority of colleges have definite cut-off points on the College Board Tests and will not consider an applicant whose score falls below a certain level.

In Charlevoix students are told this about the way their tests are used: "College admission officers and scholarship sponsors look up on your test scores as one kind of evidence of your ability to do college work. Your school record gives them additional evidence. When they consider both your school work and your test scores, they get a better idea of your academic ability than they could by considering either one alone. In other words, it's the total pattern of your school history that counts."

FOLLOW INITIAL PLAN

M-66 Proposal Rejected

The State Highway Dept. has rejected Smith's alternate proposal for rerouting M-66.

In a special release to the Courier last week Highway Dept. officials announced they will follow their original plan, as endorsed by the City Council.

THE ALTERNATE plan was presented at a public hearing last month. It called for rerouting M-66 into Charlevoix almost parallel to its present course east of Bridge St.

Frank Smith presented the proposal and objected to the state's plan. He contended his plan would open new business property and avoid traffic congestion.

Mayor E. D. Hawley told the Courier he feels the state's decision is "the wisest course."

Highway Dept. plans call for straightening M-66 from Loeb Rd. into town in 1966 to eliminate sharp curves and congestion near the high school. It will connect with US-31 at the present State St. intersection.

"SMITH'S PLAN WAS considered and examined and found wanting, mainly because he is probably not aware of Highway Department specifications," a state spokesman stated.

The following reasons were given by Highway Dept. engineers for rejecting the alternate proposal:

"1. On Smith's line, the proximity of M-66 and US-31 intersection to the existing intersection of Carpenter and US-31 would make it impossible to establish adequate traffic control.

2. Smith's line does not give adequate sight distance at M-66 and Stover Road.

3. SMITH'S LINE IS 1,300 feet longer and would cost $35,000 more.

4. We agree that funeral processions now using State Road to Stover Road will have to be routed over new M-66, but feel this will not present any great hardships. Inasmuch as the proposed intersection for M-66 and US-31 will create a much safer situation than exists at the present time.

5. Smith's statement the employes of Freedman Arterait would no longer have access to cross State St. is in error. We are closing State St. but access to State St. can still be obtained on Stover Rd.

6. The radius of the curve immediately adjacent to the proposed intersection violates engineering standards of the Highway Department. We would not under any consideration allow construction of a curve of this type.

SMITH TOLD THE Courier he is not satisfied with the state's decision, or the reasons given for it. He said he will continue to do what he can to gain favor for his plan.

He also charged city officials should have taken more interest in his plan, since his petition, signed by "a hundred city people"

OUTDOOR RAMBLING

with Glen Shepard

THE TRAGIC, HORRIFYING infamy of November 22nd seems destined not only to leave a lasting brand on democracy, but also to haunt sportsmen for months to come.

The grief and sorrow that initially rocked the nation, can hardly help but turn to indignation, giving birth to demands that the basic constitutional right to bear arms be curbed.

IN LIEU OF THE ENORMITY of the crime committed in Dallas against all free men, it is understandable that legislation will be introduced in both Lansing and Washington to restrict who can own firearms.

Sportsmen, who have long been harrassed by these threats, will be well advised to go slow and be tactful in opposing such legislation this time around.

Those of us familiar with laws restricting ownership of sporting arms, immediately recognize their absurdity.

Experience clearly shows us people who want guns for unlawful use will get them no matter what the authorities say. Only the law abiding outdoorsman is left without arms, with which to pursue his traditionally American sport.

* * *

IN COUNTRIES where everyone is forbidden to own firearms, governments are continually overthrown and peaceful citizens mangled. Once again, because the 'bad guys' always manage, somehow, to get firearms.

This reasoning is not apt to sink home during the immediate aftermath of a president's murder. Sportsmen should accept this fact and refrain from being too outspoken or angry in their effort to block the impending legislation.

Furthermore, it seems advisable that laws be drafted curtailing the mail order purchase of guns. Recent investigations and the President's assassination leave no doubt there are glaring faults in this business.

However, even this type of legislation can get out of hand, leading to regulations that deprive only respectable citizens and are a nightmare to control.

* * *

CONSEQUENTLY, IT SEEMS reasonable that Charlevoix County sportsmen should join with others throughout the nation in seeking constructive legislation that does not violate our basic freedoms.

RANDOM CASTS: Have here a partial clipping from a magazine article on deer management, in support of anterless shooting. Someone dropped it off at the Courier, but what magazine it is from we don't know:

"The University of Michigan operates an outdoor laboratory, known as the George Reserve, on 1,200 acres.

"Enclosed within a deerproof fence, this reserve was stocked with two whitetail bucks and four does in March of 1928. In December, 1933, a drive yielded an actual count of 160 deer. In the next 12 years, under a controlled hunting program, the herd yielded 564, an average of 47 a year, divided about equally between bucks and does, and a breeding stock of 74 remained."

RAYDER SQUAD These 12 players are among the 15 who will carry the colors of the Charlevoix Rayders into battle for the Northern Michigan Class C league title during the 1963-64 season. They are front row (l-r): the Uhrich brothers, Jack and Jim, John Bleha, Warren Belding. Middle row: Doug Winnell, Dave Smith, Tom Maxwell, Don Smith. Back row: Pete Ance, Dave Norton, Randy Carey, Ken Parrish. Missing when photo was taken were: Del Terrill, Bruce Kroken and Gary Stutzman.

ACTION HERE FRIDAY

Rayders Could Go

By FRAN MARTN

The Northern Michigan Class C cage season is scheduled to get underway this week with Charlevoix playing its first home game Friday against a strong East Jordan quintet.

Other games will find Boyne City playing at Gaylord, Harbor Springs at Grayling and Pellston at Mancelona.

AT THIS EARLY date, most fans have looked over the list of returning veterans and after some intricate calculations involving past records, team spirit, coaching abilities and a few other mystical ingredients, have made their forecasts for thes eason.

Most agree that Pellston and Harbor Springs are not going to be the powerhouses they were last season when they shared the title.

However, they must not be counted out of the race for both have a number of returnees who could, withsom e help from young er players, keep the teams in the running.

Harbor, for instance, has the two Lamers Mike and George, who give the rams a lot break that has been their biggest asset. Cecil John, on whom Harbor coach Charlie Paige was counting, however, is missing from the line-up after transferring to Grand Rapids.

PELLSTON ALSO HAS a number of fine players, among them Ed Clear, a tricky guard who has been one of the Hornets' key players for the past two years. With him will be Doug Lavanaen, another veteran.

Right now Gaylord looks like the team to beat. The Blue Devils have never had a title and after finishing right behind Pellston and Harbor last season could come through this season.

Tom Lick, junior center, who has shaped up well despite his youthfulness, can be depended on to do the team a lot of good as will Bonnie Snell, an experienced forward. Three returning lettermen plus several hotshots up from the J-V ranks could easily give the Blue Devils the depth they need.

Mancelona looks like a pretty fair outfit too. Coach Lake Scrimmin has three experienced players who are consistent in their scoring. Pat Drasher, Barry Mielke and Dave Preston. If they can get some depth from newcomers they, too, can be real contenders.

GRAYLING, ALWAYS a good basketball town, has had a low spot this season. Coach Bruce Smith not lost the Neal Brothers and the others who brought the Vikings an 8-6 record in league play last season. This year he has two lettermen in Terry Smith and Butch Smith, big rebounders for this

2 Local Teams in Adult Cage League

The Independent Basketball League got underway Dec. 4 at the Lincoln School gym in Petoskey.

There are seven teams in the league, games are played according to high school rules.

The two teams representing Charlevoix are the Charlevoix team and the City Merchants.

Bill Maxfield, manager of the City Merchants, pointed out the Merchants are a relatively new team in its second year. He also told the Courier last year the team had a 4-4 record, ending the season tied for third place.

THE SPONSORS OF the City Merchants are, Cellner's Barber Shop, Charlevoix Courier Corp., Irv's Cocktail Lounge, Novotny's Plumbing and Heating, Odell Plumbing and Heating, Brown Marina, Edwards IGA, The Town House, Gills Appliance and Uhrick Sales and Service.

Maxfield declared the team would like to have more players. Anyone wishing to play should be at the elementary gym Tuesday evenings at 8 p.m. or contact Merbert Clark at DI 7 8175.

The players already on the team are: Ray Fisher, Joe Battle, Sam Headley, Bill Maxfield, Merritt Clark, Melvin Holborn, Barry Pierce and Butch Tuscon.

Maxfield said he, and all team members appreciate the cooperation of businessmen in making it possible for the team to play in the league.

The Thanksgiving Bible Lesson at the Christian Science Church emphasized praise to God for the ways in which He has revealed Himself to humanity.

Related readings from the Christian Science textbook stressed the need to show our thanks through our daily lives: "To keep the commandments of our Master and follow his example, is our proper debt to him and the only worthy evidence of our gratitude for all that he has done".

COMMENT, OPINIONS, FACTS

Let's Agree to Disagree Sanely In Honor of JFK

IF THE REACTION WE hear from many Charlevoix County people is an indication of the nation's thinking, we fear President John F. Kennedy's murder may lead us as far astray as the hatred that seems to have caused it.

Again and again we hear a call for an absolute end to disagreement. These people feel the former President's monstrous assassination compels us to forget our differences and unanimously come to one conclusion on all major issues.

* * *

THIS, THE COURIER feels, is as dangerous a trend as the bitter emotional hatred and tension radical elements of our society have advocated.

Democracy is conceived in the idea that men have an inherent right to disagree and resolve honest differences of opinion through lawful, peaceful means. This is what makes Democracy great. This is what distinguishes our form of government from anarchy and monarchy.

In its idealistically pure form democracy creates a unique climate in which men are allowed and encouraged to disagree and heartily and peacefully with the welfare of all minorities the major consideration. (And ultimately, we all belong to a minority and a majority.)

Certainly the passionate, lawless racial furor is partially to blame for the national temperament that led to the horrid November 22, 1963 blotch on history. But, let us keep in mind there are extremists on both sides of this issue.

* * *

WE WHOLEHEARTEDLY JOIN those who censure white extremists. At the same time we balk at failure to see that extreme demands from the Negro side must shoulder some of the blame.

Likewise, those who look for a communist under every pine cone have helped fan the country's distemper. This, however, does not mean we should join with those who wave "Better Red Than Dead" placards.

To be more practical, let us remember there is still reasonable justification for disagreement with tax, foreign aid, and other bills pending in congress.

Our sorrow and shaken consciences should not lead to blanket endorsement of everything proposed by the former administration. Instead let it lead to firmer conviction on everyone's part that we are still a nation under God, where law and democratic process can settle our differences.

* * *

THE MONSTROSITY OF THE November 22 crime has no real bearing on how great a president John F. Kennedy was. Many of us who generally disagreed with him stand side-by-side with those who thought him the next thing to perfect. The tears of ALL true Americans flow together.

For the outrage was not against a man. It was against our nation . . . and every man who has lived or died for it.

If the Flag that waves over our heroes at Arlington were torn down and publicly spit upon, and kicked into the ground beside the Unknown Soldier's Monument, the outrage could not be greater.

Everything those men died for was disgraced in Dallas.

Our main concern, as a nation, and community within the nation, should be that democracy face the future more surely because of President Kennedy's ultimate sacrifice.

We're Proud that Band is with Us

PUTTING OUT A GOOD community newspaper is generally a thankless, grueling task. Many people will growl and gossip about slipshod government, and other affairs that effect the public. Yet when it comes time to be counted, they're sulking in the shadows. So a newspaper—if it's doing the job expected of it—stands alone.

You sell a few more papers, and get a little applause. But most of the time, it hardly seems worth it.

And then something truly rewarding happens. Such a thing has happened to us.

* * *

THE CHARLEVOIX HIGH School band has joined our team, and decided the Courier is worthy of its association.

What's so wonderful about this? Well, to our notion—and we've said so before — the band is a genuinely magnificent group. Seldom do you find such a dedicated, selfless, hardworking young people working toward a common goal, in which a whole community benefits.

Now this group has recognized the Courier as being worthy of its unqualified endorsement. Of this we are proud!

Bandsmen, under the direction of inexhaustable Clarence A. Calmark, are selling Courier subscriptions.

* * *

IF THEY SELL A THOUSAND new one-year subscriptions, the band will earn $1,000 and a new glockenspiel (that's a musical instrument).

If they don't sell a single subscription we will be awfully proud to remember they considered our product worthy.

Fortunate to Have Carey

CHARLEVOIX HIGH SCHOOL coach Don Carey rates a round of hearty applause from all of us. But make it quiet applause. Don's about the most publicity shy sports figure we've ever known. Let's not embarrass him.

It is certainly encouraging to see Don singled out as one of Michigan's top ranking prep coaches. Everyone in Charlevoix — and for that matter the Northern Michigan Class C League — should be proud. Don's honor is shared by all of us.

* * *

IF YOU WERE FAMILIAR with the big time Class A high school conferences you would better realize how great an achievement Don has made. In the big schools you commonly find coaches devoted at least as much to publicity as to building winning teams.

That Don, who shuns the spotlight, has been recognized throughout Michigan, should make us all realize how fortunate we are to have him setting an example for our youth.

Lift for Living

By Rev. H. E. KOHN

Great men of all time have been incurably suspicious of mere appearances. They have known that the most substantial appearing things in the world are perishable and the apparently emphemeral are sometimes long-lasting.

The wisest of men do not easily mistake bigness tor importance or size tor significance. They know that often the things regarded as man's servants are really his masters and they are aware that those people who seem of least consequence in the world may prove to be greatest.

* * *

ESPECIALLY HAVE THE most noble souls refused to worship at the shrine of materialism, for they have known the folly of a belief that declares that only the physical is real. Far from being life's surest certainties, material things are woefully deceptive. They are seldom what they seem to be, and our sense organs with which we perceive the world of hings are often quite undependable. We cannot trust our senses. A sailing vessel SEEMS to disappear over the edge of the horizon, but we are aware that this is an illusion, and the ship has not really faded into nothingness. The vessel is still out there somewhere, and the horizon merely represents the limit of our sight.

Yet materialism trusts the physical world as the only reality. In the book of Isaiah materialists of another day are reproached by the prophet for trusting in the power of material things: "Woe to those who go duwn to Egypt tor help and rely on horses, who trust in chariots because they are many and in horsemen because they are very strong but do not look to the Holy One of Israel or consult the Lord."

Real power is spiritual and therefore invisible, and we must not ignore it simply because spiritual force cannot be counted like chariots or weighed like horses.

In an upsetting, tumultuous, revolutionary era like our own, we shall lose the struggle against current tyrannies if we are misled by the materialists in our midst, if we are fooled by those whn believe the answer to the powers that threaten us is simply to develop and use more powerful missiles, anti-missiles and nuclear weapons.

* * *

THE MOST REVOLUTIONARY things in the world, and the strongest, are not armies and air forces and naval vessels or the weapons they carry. These are but the physical manifestations of revolutionary ideas. And if armaments of some nations are dangerous it is because the ideas that motivate those nations are more dangerous still.

The great peril to America in Soviet Russia is not in that country's weapons but in its vicious convictions which may seek to employ arms.

Freedom can never win over tyranny by superior weaponry alone. Only by possessing and wholeheartedly applying superior ideas in our domestic and international relations can we triumph at last.

Moreover, the most treacherous secret enemy agent in America is not a citizen of Soviet Russia, but our own peculiar American brand of materialism. There is nothing the Russians would like better than for Americans to forget the ideals and principles that have made us strong and to weaken ourselves by the pursuit of material prosperity alone.

* * *

MATERIALISM AS A philosophy and as a religion always fails miserably. It gets to the heart of nothing and taps no resources of power. If we try to content our souls with mere things we become disillusioned and swamped by despair. The most miserable people with whom I deal are those who have plenty of money and no inner wealth, or attractiveness of face and form and ugly spirits, or good health of body and weak, lame souls.

The Holy One, rather than horses and chariots, money or missiles, is still the Sovereign Power and the Ultimate Answer to all our needs.

OUR READERS Write

Takes Longer to Read New Courier

TO THE EDITOR:

First I'd like to state I like the improvement on the Courier. No offense meant to the former editor, as he was good to me, at one time. But I will say this, it takes quite a bit longer than ten minutes to read it now.

I am also writing in regards to the fact that on Nov. 19 was the 100th anniversary of the Gettysburg address:

I AM A SCHOLAR of what Abraham Lincoln and our history books thought. So I'd like to present to you an essay I once wrote in honor of Abraham Lincoln.

I would have sent it in sooner, but was unable to because of being in the hospital. Thank you.—
Sincerely yours
Mrs. Frank (Louise) Pop

TO THE EDITOR:

Please accept my congratulations on your column, "Clerk Refuses, etc. etc."

A newspaper is in every sense what the word implies.

Let's have it.

Hometown Paper

TO THE EDITOR:

Re "WOW!"

Gentlemen And, unlike "RBA" I find no reason for calling you otherwise. Several weeks ago, before I knew the Courier had changed management, I was impressed by the improved size and quality of the paper. Having lived for 35 years plus in Detroit and being accustomed to the papers there, I at once realized that our little hometown paper has really "grown up" to take it's place in the ranks of top quality papers.

* * *

I REALLY appreciate the fine improvements and added features, especially the Church Page. This, I feel, is a lovely Christian gesture.

And, incidentally, I am glad you are "daring" enough to print the truth???, the good as well as the bad.

Persuingly Yours,
Clarence S. Way

--Odds 'N' Ends--

By FRAN MARTIN

Millions and trillions of words have been written about what some one called "a day of infamy" Friday, Nov. 22 . . . at the time this column had been written and set in print so no comment was made . . . but, that the time is past, I would like to add just one thought . . . During the past two weeks how many times have you heard this passage . . . "there is an appointed time for everything under the sun . . . a time to be born and a time to die . . . a time to plant and a time to root up . . . a time to weep and a time to laugh . . .

One might add to this that there is also a time to stop and take stock of ourselves and our sense of values and to take a long look at the path we're going to take in the future . . . I often think we tend to take the path of least resistance . . . to look the other way when something that isn't right happens . . . things like "cribbing" during exams, condoning other things that we know is not right . . . perhaps they're little things but these same little things grow into bigger things . . . things like what happened in Dallas on Nov. 22 . . . I have always felt that each of us "owes something" call it what you will, for the right to live in this community, this state, this country . . . perhaps it is a debt of gratitude to all those courageous souls from the Pilgrim, right down to the servicemen stationed around the world, to anyone who has the courage to stand up and defend what he believes to be right . . .

THE EVENTS OF the past two weeks have been sobering ones . . . Now that we have been stopped in our tracks, I still say, this is the time to take stock, to realize our responsibilities, to rededicate ourselves to the things we believe in . . . I would hate to think that all of this has been in vain . . . but if it is, God help us . . .

And whether we want to or not, we must turn to the future . . . especially if there are little ones around who are looking forward to Christmas . . . as all children do . . . and I might add, as most grown-ups do, too . . . If you've taken time to look around you, you will notice that it's beginning to look a lot like Christmas . . . our street decorations are going up . . . the Boy Scouts are placing garland on the lamp posts . . . in fact, up and down the street one sees the signs of things to come . . .

Was out in the hospital recently to do a story on the new physical therapy department . . . and is it something! After spending a good part of the afternoon there, I came away with one desire . . . to take up residency in the place and enjoy all the wonderful treatments offered . . . So that sound ridiculous? . . . and if you'd been on the receiving end of all those "things" that relax you and make one muscles feel better . . . just all sorts of things . . . so if you are sent there for treatment, don't grumble . . . you're in for a treat believe me . . .

ONE OF THE THINGS I noticed enroute to the hospital, long Lake Michigan is the abnormally low water line . . . so we've got lots of beach . . . and that isn't good . . . I've probably said this in years past, but I don't know when I've seen the water as low as it is now . . . It truly created quite a problem for people along the lakes . . . and when the water rises (as I hope it will) there are even more problems . . . you can't win and there's not a blooming thing you're going to do about it.

"Today's Student" Dec. 7, 1941, is not another hackneyed date in the history books . . . for all but the graduate students have been born since that date . . . but for a few million Americans it is a date to be remembered . . . and I'm sure that those who do remember will offer a prayer that it will never happen again.

And now to the things at hand . . . the Christmas card list, the plans for the Christmas trip (what with the longest Christmas vacation the school kids have enjoyed in years . . . 16 days in all) . . . the gifts for Aunt Gertie who has everything and Uncle Mort who never likes what you give him . . . time is running out . . . and while you're about it, don't forget the little people . . . those who might not be remembered . . . it wouldn't be much but you'll have a happier Christmas . . .

Don't be a fool because you can't be a fat

Cadillac

BEFORE THE SPEEDOMETER READS 30—HE'LL KNOW HOW NEW IT IS!

The second he touches his toe to the accelerator, his amazement will begin. For no previous Cadillac ever *moved* like this one!

At 10 miles an hour, the most powerful engine in Cadillac history will already be working its magic.

By 20 that great Cadillac transmission—the newly improved Hydra-Matic or the completely new Turbo Hydra-Matic—will reveal a smooth, flawless kind of action he's never felt in any motor car before.

And by 30 the whole splendor of this new Cadillac performance will begin to unfold. New response. New quietness. New balance and poise. New alertness.

At 40 or 50, the car will have so much added acceleration that passing will be incredibly easy—with an extra margin of safety he's never known before.

And even at the full legal limit, this new Cadillac car will be so steady and quiet that the only sensation of motion will come from the passing scenery.

And then, he will take restful note of the other great new Cadillac virtues—the extraordinary luxury of Comfort Control* . . . the magnificent comfort of the new contoured seats . . . the marvelous roominess and convenience that come only with the "car of cars".

Want to find out yourself how new the 1964 Cadillac is? Your dealer is standing by with the keys. All he needs is you and thirty minutes.

Gordon Outlines His Views on Tax Reform

(Special to the Courier)

LANSING — How does Charlevoix County's member of the Michigan House of Representatives stand on major issues of state and local concern?

The Courier asked Don Gordon, who represents Charlevoix, Antrim, Benzie and Leelanau counties for his opinions and position on: 1. Tax Reform, 2. Reapportionment, 3. Botulism, and 4. Teacher Tenure.

The following statement, exclusive to the Courier, was Gordon's reply.

TAX REFORM: I believed and still believe that Michigan's tax system needs some overhauling. Too much hangs on the property tax; the Business Activities Tax is a deterrent to new businesses and an unfair levy on unprofitable businesses, etc.

"Whether Governor Romney's program went too far or was mishandled doesn't much matter at this point. It is defeated; and no attempt will be made to revive the major portion of it.

"Believing that tax reform was necessary, I voted in caucus to bring the bills to the floor where we could debate them; then voted to bring the income tax bill down for a test vote with an amendment tying it into the rest of the package.

"All three of these votes could properly be interpreted as being in support of the Governor, but when there was no sufficient support for the tie-in amendment it was evident that tax reform was dead and I voted to table the bills.

"Like everyone else, I found fault with parts of the package, but it did meet the general qualifications for tax reform laid down over the past 12 years by both political parties, study committees and citizens groups. I hope we still can pass some legislation (without income tax) that will straighten out inequities.

"REAPPORTIONMENT: No one knows at this point what Michigan's new Senate and House districts will look like. Furthermore, no one knows whether the bi-partisan committee will have complete reapportionment in force for the next elections.

"It is virtually certain that Charlevoix and Leelanau counties will wind up in separate House districts. Because the Charlevoix district is non-continuous, it will be unconstitutional. There won't be any more split districts. There isn't much point in my making election plans until we know where the districts will be.

"BOTULISM: The handling of this whole matter by agencies of government has been horrible and inexcusable. The FDA's role, as you know, may be investigated.

"Again, here is an instance in which post mortems accomplish little. The important thing is to get the commercial fishing industry back on its feet as soon as possible.

"I think Governor Romney's task force is making headway. The members may be Democrats, but they are, and have been, directly involved and will continue to be involved whether or not they are on a Governor's committee.

"The important aspects, in my opinion, are that they are now working together, balancing each other, under a sense of urgency supplied by the Governor. Our fishermen are represented (thru their own officer, Roy Jensen of Escanaba). This will give the fishermen an important voice in the decisions. Jensen was appointed at my specific request by the Governor.

"If your fishermen see better, faster ways to proceed, please let me know. Meanwhile, I'll continue to urge the task force to act as quickly and responsibly as possible."

"Relief loans through ARA or some other source might help, but it would be a slow, painful route. If the fishermen want to, I'll be glad to help. (I'm chairman of the federal-state relations subcommittee of the House Committee on Economic Development).

* * *

TEACHER TENURE: As you know, Michigan already has enabling legislation which permits any district to adopt tenure by vote. Most of my teacher friends have mixed feelings about a statewide law. Some of them are strongly opposed to it. As of right now, I'm not of the opinion that statement and mandatory tenure would help teachers or education.

Debate Team Set at CHS

Twenty-seven Charlevoix High School students in the top three classes have formed the Forensics Society, according to Mrs. Robert G. Martin, faculty advisor.

Though the group was organized too late this year to participate in the area debate tourneys, they will study the subject for debate and hold pratice events with area schools to gain experience. Plans now call for the society to become a full fledged debate group next year.

* * *

BECAUSE OF THE crowded schedule, the students meet at 8 p.m. one morning a week for formal sessions and do their research on their own time, Mrs. Martin said.

The subject for dabate this year, as adopted by the national forensics organization, is "Resolved: that the Federal Government should provide essential medical care for all citizens at public expense".

Dairy School Planned Locally

ELLSWORTH — The first of a series of five dairy schools will start at Ellsworth Thursday, Dec. 5, says Walter G. Kirkpatrick, Antrim County Agricultural Agent.

The series of schools are sponsored jointly by the Antrim Charlevoix, Antrim-Kewaunee MEA and the Agricultural agents in both Antrim and Charlevoix counties.

* * *

FURTHER MEETINGS will be held Dec. 12, January 9, 18 and 23. All meetings will be at the Ellsworth Community Hall.

Dairying is becoming an increasingly specialized subject. Although there are fewer dairy herds in each county, the size of the herd is becoming larger and milk production per county remains at a very high level, Kirkpatrick said.

The first subject will deal with "Dairy Nutrition." Don Bolenbaugh, Extension Specialist in Dairying at Michigan State University, will be present to conduct the first meeting.

Here's why you'll tell other people you like it.

Wide-Track, for instance. Wide-Track is what does away with tilting your way around turns. Pontiac's smoother, quieter ride is another thing you might point out. A big 389-cubic-inch Trophy V-8 is standard in each and every Pontiac. You get to choose from 34 engine/transmission teams to harness all that power. (Happy choosing!)

Now then—on to more of the things that make the '64 Pontiac so thoroughly likeable. Frankly, we couldn't think of anything radical to do with this car. Oh, we made the styling even more stylish, as you can plainly see. We lavished even more care on the interiors. We even improved the light bulbs. But as for more vital things, why change? Improve, refine, sharpen—yes. Change—no. And you can tell that to your friends.

St. Mary's Boys Put Through Paces

The 100 boys at St. Mary's Catholic School are experiencing something new.

If you walk or drive along Robinson St. on a Tuesday or Thursday afternoon you're apt to find the youngsters in grades one through eight, going through almost unbelievable contortions.

* * *

THE SCENE IS especially interesting when the first through fourth graders are taking their turn.

They're learning physical fitness. The school has inaugurated the program under the direction of volunteers Peter Grapp, Sr., and Mrs. George Plumm.

Grapp, a health-physics technician at Consumers Power Co.'s nuclear plant, says youngsters "should get a good basic understanding of sports in the lower grades."

He attempts to teach the boys some of the fundamentals of organized sports teamwork and maneuvers.

* * *

IF BOYS LEARN to play in a team, rather than a disorganized "street game," Grapp contends they are far better prepared for varsity sports in high school.

But the real fun, for a spectator, comes when Grapp puts the boys through their paces at calisthenics. The theory that every boy should be touching his toes at the same time, may work fine with varsity athletes or infantrymen. But six and seven year old boys are individualists.

The program is held through out the school year, with as much of it outdoors as possible.

Grapp would like to organize teams with the seventh and eighth graders. They would play each other, and the Petoskey St. Francis team. To do this he needs uniforms and equipment. If you are interested in helping call him at LI 7-2474.

Earl Young in Magazine Story

"Stones have been a weakness of Earl Young — also known as 'Mr. Charlevoix' — for most of his 60 some years in Michigan," Michigan Consolidated Gas Co.'s employee magazine for November states.

In a seven page feature on the northern Lower Peninsula, the magazine — "Gasette" — devotes a four inch story and two pictures to Charlevoix and Earl Young.

THE FEATURE highlights developments of the entire northern lower, with emphasis on the gas company's $13.5 million expansion program in the area.

The story on Charlevoix and Young continues:

"Forty-six years ago he (Earl Young) built his first stone house and nothing that has happened since leads him to believe he made a mistake.

"Later he built an entire 30-home subdivision of stone houses and sold them all in a breeze. These homes feature curved roofs somewhat like a large sombrero, round corners (Young is against square corners) and huge, exposed beams.

"Some years ago he acquired a century-old flour mill and converted it into a restaurant known as the Weathervane Inn. The mammoth fireplace is fashioned from a boulder which looks like a map of the Lower Peninsula complete with freeways etched in by nature.

"I FOUND THE stone 10 years ago and hid it away until I found the right spot for it," says Young. "This was exactly the right place."

He is now in the process of building a luxury motel — starting the job by constructing massive stone fireplaces and then enclosing them with walls of stone.

"My only trouble is I keep outliving the stone masons," Young laughs. "I'll keep at it though. When you build with stone, you build to last."

The East Jordan Iron Works, Courter Electric Products, Boyne City and Boyne Mountain are also featured in the magazine article.

With a population of less than 750,000, Michigan enlisted over 90,000 men in the Union Forces during the Civil War.

EARL YOUNG poses in this picture in the "Gasette" magazine. Another picture with the magazine's story showed the Weathervane Inn.

Pay Trainees to Learn New Trade

BELLAIRE — A federal and state sponsored program to train people as waiters and waitresses opens here early this month.

Men and women, ages 18-45, are eligible to take the training. During the three week course, trainees will receive $35 a week from the Area Redevelopment Administration.

* * *

CHARLEVOIX COUNTY persons interested in participating should immediately contact the Michigan Employment Security Commission in Petoskey. No exact date has been set for starting the course.

The program will be held at Shanty Creek Lodge, under the direction of Mrs. Violet Manglas, assistant manager of the lodge.

Charlevoix 'Focal Point' For 13 Major Ski Resorts

"Thirteen major ski areas within 20 minutes drive!"

That's the story the Charlevoix Chamber of Commerce is telling Michigan skiers.

Secretary - Manager Dran Davenport reports Chamber advertising and correspondence to inquiring winter sports enthusiasts is describing Charlevoix as the "focal point" for northwestern Michigan skiing.

Skiers spending a weekend at Charlevoix can ski at two or three different resorts each day, Davenport declared.

Ski Resorts from Shanty Creek to Nub's Nob are within convenient driving distance of the city, he pointed out.

A 21 inch by 18 inch green and white guide to Michigan ski resorts recently distributed state-wide by the Tourist Council describes five Charlevoix County areas. They are Mt. McSauba, Walloon Hills, Thunder Mountain, Avalanche and Boyne Mountain.

Mt. McSauba Adds Ski Run

Mount McSauba will open a new west run this season. The run will be serviced by a rope tow.

Plans are being discussed to provide free lessons for area youngsters, and for a day of races, followed by supper, for the young skiers. Both of these special events will be sponsored by the Charlevoix Kiwanis Club.

MOUNT McSAUBA will also sponsor an open house this year, to acquaint Charlevoix residents with its facilities.

The ski area will be open daily from 1 to 5 p.m. during the Christmas holidays, weather permitting.

Charles Meier will again manage the area and Mrs. Meier will operate the concession stand.

Tickets for the season are available and can be purchased at the Motor Lodge or by calling Chuck Meier.

far neither has developed into a scoring threat. The only other experience player, Bill Joseph, has never been strong in this department, thus the Vikings have a fine defensive squad in the making, but without a scoring attack, the team's potential will be limited.

Boyne City had start picking during the football season and the forecast for the round ball season looks equally dismal.

Petoskey rode rough shod over the Ramblers in a pre-season game, but Coach Paul Pfahler is hopeful his big import, Tom Stroull, a 6-6 center, will shape up to give the team some much needed height and that from among the rooks a floor manager will develop. Before the season's over, Boyne may have something to offer but right now they are hard-ly in the running.

This does hold true at East Jordan, however, where coach Bill Gregory seems to have inspired the Red Devils to greater heights.

WITH TWO VETERANS, Jim Stargell and Mark Pell around whom to build a team, he is counting on a pretty fair outfit with good team spirit and lots of desire, two important factors at any time. The quintet is likely to be strong contended, once they get rolling.

Charlevoix will find out pretty just how much the Jordanites have to offer . . . With the proper team spirit, lots of determination and a desire to work together, Coach Carey could mold this year's candidates into a top notch outfit.

However, the team lacks height and experience. But, again, Charlevoix could be a dark horse in the race which will see the Rayders play four games before the holidays, one between the holidays, (Dec. 27) and H in 1964, before the tournaments in March.

CHARLEVOIX COURIER

"In the Heart of the Resort Country" — *Charlevoix County's Largest Newspaper*

VOL. 66 NO. 52, 14 Pages — LI 7-6558 — CHARLEVOIX, MICHIGAN, THURSDAY, DECEMBER 12, 1963 — In County $3 a Year

CITY COUNCILMAN Kenneth Staley really caused this corner a couple seconds of near panic last week. Staley actually suggested at a Council meeting, that Charlevoix's eight-mill tax rate isn't high enough.

Whether he's right or wrong had nothing to do with this reporter's shocked reaction. The suggestion that taxes should be hiked with elections only a short way off, simply seemed downright dangerous.

Staley quoted a Courier article pointing out East Jordan and Boyne City tax rates are nearly double Charlevoix's. He suggested this might be justification for raising taxes here.

Of course, as the, perhaps indiscreet Alderman declared, there are things the City could do if it had more money. No one else at the Council table spoke up to support him or point out things the city "needs" to do, but cannot because of lack of funds.

Anyway, Staley's proposal was dropped as fast as possible. This corner doesn't pretend to know if this was because other men at the table have more political savvy (or less political daring) than Staley, or there actually is no justification for a tax hike.

Whatever the case, it should be pointed out a look at other Michigan cities of comparable size will show Charlevoix's income for municipal government is near the top. And, unlike so many cities this size, Charlevoix doesn't operate a library or pick up trash. But, to be fair, few other cities support municipal harbor and beaches.

●

THAT LOCAL CONCERN for the outcome of the current misery for commercial fishermen is bigger that everyday competition concern is evidenced in a ad on page 7.

Charlevoix State Savings Bank feels so strongly about its fishing friends it bought space in this week's Courier to make its personal feelings known.

That it really let down all barriers is evidenced in its commendation of Mayor E. D. Hawley for proclaiming next week "Charlevoix Fish Week." In case it hadn't occured to you, Mayor Hawley is a competitor of the State Savings Bank.

●

IN THE PAST FEW we'll there have been suggestions that this newspaper and editor have sympathies that lean toward the Democratic party.

Can't really figure out how these critics would know, since they've never seen us mark a ballot. However, they should keep in mind that personal voting preference will never, in any way, influence what does, or does not, go into the Courier.

And, to shed some light on the other notion, it should be remembered that before this editor believes in either of the two princi-

Santa to Visit

Santa Claus will make a brief visit in Charlevoix Saturday, Dec. 21, to hear childrens Christmas wishes.

The jolly patron of Christmas will arrive at the airport as a guest of volunteer firemen. Firemen will escort him to the waterfront park in a fire truck.

SANTA WILL HAND out candy and listen to youngsters Christmas requests at the park from 1 p.m. to 2 p.m.

When he leaves Charlevoix to visit children in other communities, local boys and girls will be guests of the Lions Club for a free movie at the Palace Theater. The movie will feature Jerry Lewis as Sad Sack.

SKATING, SLIDING

Winter Fun for Kids City Plan

As soon as winter makes up its mind to stay around, the City's cold weather recreation program will get in full swing, City Supt. James Taylor reports.

John A. Uhrick

The sliding hill on Grant St. between Antrim and Hurlbut, was open at mid-week, after closing last weekend.

* * *

TAYLOR ANNOUNCED the ice skating rink on the west side of the Elementary School will be opened as soon as it appears there will be a permanent coat of ice.

Adult supervision is offered, as before, at both the sliding hill and ice rink. Lights will also make night skating possible.

The sliding hill is closed to traffic on days when weather conditions make it possible for children to use it. A light has been installed at Grant and Antrim to alert traffic.

As a further precaution, traffic is directed by a man with a flashlight at the bottom of the hill.

Funeral Today For J. A. Uhrick

John A. Uhrick, 56 automobile dealer and member of the County Board of Supervisors, died unexpectedly Tuesday at Munson Hospital in Traverse City.

Funeral services will be today (Thursday) at 2 p.m. from Winchester Funeral Home with Rev. Richard Notize of Boyne City Lutheran Church officiating. Burial will be in Brookside cemetery.

* * *

MR. UHRICK WAS a patient at Munson Hospital less than two days when he died Tuesday.

He came to Charlevoix from Detroit in 1956 to open the Uhrick Sales and Service. He operated an agency in Detroit before coming here.

Born in Newark, N. J., April 6, 1907, he married Florence Kalinowski.

In less than a week, bandsmen have already sold almost 150 subscriptions. If you turn the pages of this, and every week's Courier after reading the front page you'll understand why the young musicians find Couriers so easy to sell.

City Proclaims 'Fish Week'

Mayor Urges Support of Fishermen

Charlevoix's stalwart commercial fishermen will be the City's honored citizens all next week.

Mayor E. D. Hawley and Chamber of Commerce Secretary - Manager Dean Davenport have put plans in motion to make Dec. 16-21 "Fish Week" in Charlevoix.

* * *

MAYOR HAWLEY issued an informal proclamation urging all Charlevoix residents to make it a point to eat fish during the week.

Davenport announced he has contacted all restaurants. They have agreed to have fresh Great Lakes fish on the menu during "Fish Week" he said.

People will also be able to buy fresh fish at local stores, Davenport declared.

The Mayor's action came as the future for the commercial fishing industry looked worse than ever due to a continual furor over alleged fishfish poisoning.

* * *

CHARLEVOIX'S COMMERCIAL fishing fleet has come to a standstill due to the poisoning scare. Approximately 30 men here are out of work due to the public's refusal to buy fish.

Charlevoix is one of the few communitys to have commercial fishermen left. Mayor Hawley pointed out the fishing fleet is one

EYE MILLAGE VOTE Charlevoix Board of Education members study reports as they prepare to launch a study of future financial needs, with the aid of a citizens' committee. Hope to Vote in Spring

Find Needs for Next 5 Years

The machinery was put in motion Monday evening to project Charlevoix school financial needs for the next five years and enlist voter support for the findings.

The Board of Education decided to appoint a lay committee to work with it in developing a long range picture of the school district's needs.

THE COMMITTEE'S findings, board members agreed, will be put on a ballot in early Spring.

Board President Darnell Dinwiddie called for the five year projection "so we can go to the voters with a realistic picture of the school's needs."

Supt. Rex Milligan recommended private citizens be asked "to work with the Board of Education in preparing the figures."

All board members informally agreed to both proposals. Milligan and Dinwiddie will submit names of citizens they feel should be on the committee to the full board at its Dec. 30 meeting. Other board members are expected to prepare their own suggestions.

NO DECISION WAS made on how many persons will serve on the committee. However, board

City Election Petitions Ready for Candidates

Though the election isn't until April, the City of Charlevoix's next mayor may be selected in the next few weeks.

Nominating petitions for mayor, three aldermen, clerk, treasurer, supervisors and one justice of peace, are now available and must be filed by 4 p.m. Monday, Dec. 30.

* *

AS OF TUESDAY, no one had announced they would run for mayor. Incumbent Mayor E. D. Hawley has told the Courier he does not "absolutely decided" if he will run again.

Three Aldermen whose terms expire are William Fochtman, first ward; Kenneth Staley, second ward, and Jack Grabarch, third ward.

Five terms of all three supervisors are open.

Petitions are being circulated by incumbents Hugh Mayne, clerk and Annabelle Cunningham, treasurer.

* * *

NONE OF THE OTHER office holdyrs have informed the Courier they will seek re-election.

Any qualified voter and property holder within the city can enter the election. To do so they must collect petitions from the City Clerk's office. The person running for office does not have to take out, or circulate the petition.

The primary election will be held Feb. 17.

The three Aldermen terms are for two years. Others are one

CITY STUDIES PROPOSAL

Raise for Volunteer Firemen?

City Councilmen are studying a proposal to increase pay for volunteer firemen by an estimated $28 per man a year.

Approximate figures indicate the total cost would be $450 a year, spread among 16 volunteer firemen.

* * *

THE PROPOSAL WAS submitted by volunteer I. Lee Moreland, in a letter to the Council. It calls for raising the pay for a fire call from $2.50 to $3.25 for the first hour and from $1.50 to $2 for every hour after.

"We can certainly compliment our firemen . . . they've done a good job," Mayor E. D. Hawley commented when the letter was read to Councilmen.

He was promptly supported by other council members. "I don't think this is out of line," Councilman Robert Nett said.

"I think it's all right," City Supt. James Taylor told Councilmen.

* * *

TAYLOR ADVISED the council to wait until 1964 to start the new pay plan, if they approve it. It would obtain the pay hike will meet with unanimous Council approval when it again appears on the agenda.

The proposal does not call for any increase for Fire Chief John Curtis, or assistant Pat Martin, both of whom are on salary.

The 16 volunteer firemen are John Geer, Sheriff Glenn Rose, Dan Genett, Archie Himebaugh, Alfred Bergmann, Don Meggison, Robert Hamilton, George Lusk, Jess Penn, Clifford Riley, James Whitley, Jerry Shirley, Lee Moreland, Dewey Bruce, Joe Armstrong and Richard Wells.

* *

LAST YEAR THE city paid volunteer firemen $1,300. The 1963 budget allows $1,500.

Deputy City Clerke Herbert Campbell estimated the increase would cost the city $450 a year. If every firemen attended the same number of fires this would average out to an approximate $28 a year raise.

For an entire year's service a fireman could then expect to take home just over $100.

In addition to serving as Charlevoix firemen, the City volunteers also fight all fires in the townships of Charlevoix, Marion Norwood and parts of Hayes and Eveline.

* * *

THE CITY RECEIVES approximately $1,000 from these townships for fire protection, levied on 6 of a mill.

The city's total budget for the year is set at $1,571,[illegible]

PTA Membership Reaches Record

The Charlevoix PTA has reached a new membership record, according to Mrs. Louise Gill.

Mrs. Gill announced, at last week's PTA meeting, in the High School cafeteria, that the group's membership has reached an all-time high of 349.

The next PTA meeting will be held Jan. 8. A representative of the Silver Burdette Co. will discuss arithmetic teaching. All parents are welcome.

Mayor's Swap is 285 Miles South

Charlevoix's mayor will travel almost to Ohio May 18, to change places with the mayor of Hudson, Michigan, in the annual Mayors Exchange Day.

School Revises Budget To be More 'Realistic'

The Board of Education Monday evening took a new look at its income and expenses and sliced $9,000 from its official budget.

The board unofficially adopted a revised 1963-64 operating budget of $402,780, with total expenses of $394,000.

* * *

THE OFFICIAL BUDGET, set last spring called for an income of $411,000, with expenses of $401,000.

Supt. Rex Milligan and Board President Darrell Dinwiddie, in presenting the new "informal" budget to board members, stated it was prepared because more detailed information on income and expenses is now available than was last spring.

Milligan pointed out the revised budget includes spending cuts, as well as a decrease in income. He called it far more "realistic" than the other budget, drafted last spring on "estimates."

Don't Want Money

An accumulation of $268.69 is creating a knotty problem for the Board of Education. The board doesn't know how to get rid of the money.

To get the $268 off its books, the board is trying to contact the officers of the graduating classes of 1956, 1958, 1959, 1960 and 1962. The money is from funds these classes did not spend.

* * *

UNLESS THE CLASS officers release the funds, the Board of Education must continue to carry them on its books. Supt. Rex Milligan is asking the officers to contact his office and release the funds for use on the Stewart Coleman memorial.

To avoid such confusion in the future, the board agreed to adopt a policy requiring graduating classes to spend their class funds before leaving

pan parties, he believes in the two-party system.

When one party virtually controls a county, it gets in such a position that it can run up any kind and win. When, on the other hand, two parties are in the ring scrapping, both have to run their very best candidates.

The record very clearly shows the Democratic party has not been a factor to consider in recent Charlevoix County elections.

Republicans who label themselves such because they believe in the party's ideal and philosophy condemn this kind of situation. Republicans who believe only in political power, favor one-party rule; they are interested more in power than good government.

Once a year, Michigan's legislature would not be the laughing stock of the nation, and the curse of bossism, if it weren't for one-party Democratic control in Wayne County and absolute Republican control in our state.

As a private citizen — out of the newspaper office — I have spent much of my time (too much, Mrs. Shep says) working with other Republicans attempting to give the party the stamina and ideas it needs to be a real force in good government for Michigan. In Wayne County this paid off for us in 1962. Our efforts turned many votes over to the first GOP governor in 14 years . . . and even got a State Representative in the winning column, beating a longtime Democratic incumbent.

As a newspaper editor, I will continue to see that everything spokesmen for both parties report to us in print. If Republicans, or Democrats don't like this, tough. They had better become more articulate and literate so their views will show up as good in print.

But no party will ever control the editorial policy of any newspaper this column appears in.

EVERY NEWSPAPER, Hollywood and television seemed convinced, has to have at least one character. Well, the Courier has a couple.

We have Tom McDaniels, business manager. Tum's a pretty ordinary guy . . . in most ways. His outstanding oddity is notion that somebody is going to steal his hat. So he keeps it on . . . in and out of the office.

Even though, Tom tells us, you can't buy a hat like it in Charlevoix, we can't imagine anybody stealing his prized possession. (We can't imagine anyone even buying one like it.)

"Fish Week," the Mayor pointed out, is aimed at showing the fishermen they are a respected part of the community, and at getting people back in the habit of eating fish.

All health agencies have publicly proclaimed there is no danger in eating properly prepared Great Lakes fish. This assurance, however, has failed to dispell fears.

Survivinga are his widow, three triplet sons, John, James and Jerome, at home; three daughters, Mrs. William (Sylvia) Beckman of Madison, Wis., Karen, a University of Michigan student and Diane, a Michigan State University student; two grandchildren, his father, John Sr. of Charlevoix and Detroit; a brother, Joseph of Birmingham and a sister, Mrs. Anthony Stabnick of Detroit.

EDNA SMITH BROUGHT in an article from a Chicago newspaper describing the life of an American lass who married to the crown prince of an exotic kingdom north of India.

So what? Well, it seems the new maharani of Sikkim's palace reminded the newspaper writer of "the old summer homes on Lake Charlevoix in Michigan." At least that's how he put it.

Do you suppose the American gal would have gone to all the trouble to marry an Asian prince if she knew she could have the same thing in Charlevoix? If you have ever wiped a tear from your eye while seeing how the youngsters of Asia live, you'll surely figure she made a mistake.

It is an industrial-farming community, with problems sharply contrasting with those of Charlevoix in Northern Michigan, 285 miles away.

Boyne City's mayor will also find Carleton much different. Carleton is a small home rule village of 1,379 people in a farming area of northeastern Monroe County, just south of the Wayne County line.

Howell, on Grand River between Detroit and Lansing, has a population of 4,861, more than 3,000 East Jordan's.

It is in the agricultural-recreation area of Livingston County, and is a home rule city.

★ School Revise

(Continued from Page 1)

The revised budget, like the official budget, calls for no deficit spending.

THE $8,000 SURPLUS—left from the $402,000 income with only $391,000 spending in the current year — will be applied to the $53,000 deficit left from other years.

The budget adopted last spring called for paying of $10,000 on the deficit.

The ten page revised budget, board members agreed, will be used as a guide for the rest of the fiscal year, even though it is not the "official" budget.

Milligan also announced it will not be necessary for the board to borrow funds, as anticipated, to meet the Dec. 15 payroll.

Dinwiddie pointed out persons from various interest groups and areas in the school district will be appointed. The study, he declared, will give them a true picture of school problems and erase any questions that have existed.

The school district's 1.5 mill operational levy expired this year.

By working out the school's operational needs for the coming five years in the next 60 to 90 days the board hopes it can go to voters in early Spring. Only in this way, Milligan explained, will the board know how much money it will have for the 1964-65 school year before the budget is officially approved.

HE SPECULATED it will "at least be necessary to carry on the 1.5 mill levy."

By asking voters to approve a millage levy to cover costs over the next five years, the board will be able to plan a sound program rather than a hit and miss plan each year, the superintendent pointed out.

Students Visit Distant Lands

Thanks to the Kiwanis Club, 231 Charlevoix students have traveled to distant, exotic lands this year.

Kiwanis President Barney Engelhart reports the club has taken the 231 school children to travelogues in Petoskey during 1963. The Petoskey Kiwanis Club sponsors the travelogues.

LAST WEEK THE final show of the year was presented by Rolmain Willhemansen on remote countries of South America, with Charlevoix students attending.

Engelhart pointed out this is the fifth year the Kiwanians have conducted the program. The trips are chaperoned by Kiwanians and teachers.

Obituary

Mrs. F. J. Mann

Mrs. Frank J. Mann, 75, mother of Commander Francis J. Mann, commanding officer of the U.S.C.G. Cutter Sundew, died Sunday at the Charlevoix hospital where she had been a patient for 10 days.

Funeral services were held at St. Mary's church Tuesday, with the Rev. E. Francis Denay officiating. Burial was in St. Mary's cemetery. The Rosary was recited at the Winchester Funeral Home Monday evening.

* * *

BORN IN NEW YORK City June 30, 1888, the former Mary V. Gilmore was married to Frank J. Mann in New York in 1912. He preceded her death in 1944. She continued to make her home in the East until Cmdr. Mann was assigned to the cutter Sundew in June 1962. Since then she has spent the major part of the year here with her son and daughter-in-law.

Cmdr. Mann is her only survivor.

MAKE DRESSES Beth Ann Boss, left, and Donna White in clothes they made for the "Make It With Wool" contest. (Courier Photo)

Girls Enter Homemade Dresses in Competition

Beth Ann Boss, Charlevoix high school senior, and Donna White, 14, a freshman entered all wool garments in the district "Make It With Wool" event held in Traverse City Saturday.

Beth Ann's ensemble of winter wool flannel featured a skirt with matching jacket trimmed with mink. Both the jacket and skirt of the sheath were lined. She wore matching accessories including a hat of the same material which she made.

DONNA'S ENTRY was a two piece dress of Mediterranean blue wool flannel worn with a blue and white gaiat neck scarf and hat of the same wool material as her suit both of which she also made. The skirt of her garment was also lined.

Beth Ann is the daughter of Mr. and Mrs. Lawrence Boss. Donna's parents are Mr. and Mrs. Donald White.

The fair was among 20 contest ants from 10 Northern Michigan counties to enter the district competition which was won by an entry from Traverse City.

Judges were Miss Helen Bradley, fashion coordinator at Milliken's in Traverse City, Mrs. Glenn Killer, sewing instructor for the Singer Sewing Machine Co., and Buell White of the Michigan Consolidated Gas Co.

They were accompanied to Traverse City by their mothers and Mrs. C. A. Odmark, Charlevoix high school homemaking instructor, under whose guidance they made their garments.

OVER IMPLEMENTING NEW STATE CONSTITUTION

By DON GORDON
State Representative

LANSING — The Michigan Legislature is back in Lansing this week for another special session . . . this time to pass laws implementing the new Constitution which goes into effect January 1, 1964.

In more than 50 places throughout the text of this State's new basic law appear the words "as provided by law" or some similar phrase. Now the Legislature must provide the laws, giving them immediate effect.

THIS SOUNDS LIKE a relatively easy task, but it isn't. The Legislature will have before it at least 90 bills, some of them highly controversial. Furthermore, there are members of the Legislature, Republican and Democrat, who still oppose adoption of the Constitution and have announced publicly that they will fight it.

One legislator, Rep. Gail Handy (R-Eau Claire), who claims some support, has threatened a January resolution aimed at putting the 1908 Constitution back on the ballot with the hope that voters, given a second chance, will reject it. The move is almost certain to fail.

Implementation bills have been carefully drafted by a Senate - House Committee which has been working for months with the aid of some of Michigan's best attorneys and legislative technicians. The bills will require majority votes for adoption; a two thirds majority in each House for immediate effect.

Some of the most controversial bills will involve elections procedures. Determination still has not been made whether county officers will have to stand for re-election in 1964, or whether they will be "locked in" for two more years without an election. Attorney General Frank Kelley says the elections must be held; a legislative committee says no. The Supreme Court may have to break this deadlock.

* * *

THE CONSTITUTION stipulates county officers will be elected for four year terms. Now the question is whether they should or should not run in presidential election years. If the legislature follows recommendations of its elections committee, township officers also will get four year terms.

Under the new constitution, all of Michigan's Senate and House seats must be re-apportioned. The House district which includes Leelanau, Benzie, Antrim and Charlevoix counties is one of two in Michigan which will be unconstitutional after January 1, because the counties are not contiguous by land.

Both Senate and House districts which include this county will be enlarged to take in more population and land area. Senators, after 1966, will be elected for four year terms, and there will be 38 of them instead of 34.

A bi-partisan committee of eight is drawing up the new Senate and House districts. There is a serious question whether a plan will have been approved in time for nominations and elections in 1964.

* * *

IF THE TIMETABLE can't be met, no one knows what will happen. This question, too, would go to the Supreme Court, where Gus Scholle's "one man —one vote" apportionment suit still is pending.

The 1963 constitution, improved as it is over the present 1908 version, will be amended. Proposed amendments already are being drafted. Years will pass before all disputed provisions of the new Civil Rights Commission ed in the courts.

Among other subjects of controversy are (1) establishment of a new Court of Appeals (2) sweeping changes in management of Michigan's vast Highway Department and (3) legislative ground rules for operation of the new Civil Rights Commission.

Among parts of the new document which will not be contested is its Preamble, which reads exactly the same as in the 1908 document:

"We, the people of the State of Michigan, grateful to Almighty God for the blessings of freedom, and earnestly desiring to secure these blessings undiminished to ourselves and our posterity, do ordain and establish this constitution."

CHRISTMAS SPIRIT Thought, its doubtful Erber Auto Co. expects many people to buy new cars as Christmas presents, they join everyone in the spirit of Christmas as they decorate the Clinton St. showroom's display window with Yule scenes. (Courier Photo)

Bounties Cost County $125

Sheriff Glenn Rose estimates it costs the county approximately $125 a year to process State bounty claims on fox and coyotes.

According to Rose, persons applying for bounties are processed through his office. Approximately 250 claims are handled by his staff annually.

FIGURING TIME spent and postage and stationary, Rose estimates it costs the county 50 cents for each bounty claim it processes and sends to Lansing.

COAST GUARD REPORT

A Brief Review Of Sundew's Log

Prepared by Officers of the Ice Breaker Sundew

October 1 found the Sundew departing from Charlevoix at 9 a.m. bound for Beaver Island and a dependents' picnic. Arriving at St. James at 11:30 a.m. we were met by members of the Beaver Island Civic Association, who did much to make the picnic a success by providing transportation to the picnic grounds and back to the ship. We left St. James harbor at 3:30 that afternoon, a fine time having been had by all.

The trip back to Charlevoix was a little rough, but perhaps served to make a fine day even more interesting for the dependents aboard.

AFTER RETURNING to Charlevoix, we left just after dark that same evening to test some new flares off the pierheads. The Coast Guard intends to use these flares in night search operations and data as to their performance was required by the District Office in Cleveland.

The following day we were back in Charlevoix where we commenced preparations for our annual inspection. We remained in port until Oct. 11 when we were called to relight Mission Point buoy off Mackinac Island. Returning to Charlevoix at 7:30 that night, we settled down to await the arrival of the inspectors on the 14th.

The inspection team arrived on schedule the following Monday and immediately began to put the Sundew "through its paces." They delved into every facet of our operations and capabilities. After two days of intensive drills and examinations we received our final score . . . a great improvement over last year. All Hands were pleased with our showing, knowing their hard work over the past year had made it possible.

THE RIGORS OF our inspection over, we again settled down to our normal routine. We started out on Wednesday, Oct. 16, by withdrawing our first buoy for the winter season . . . Beaver Island North-east, a forecast of hard work to come in the months ahead as we race the ice in our annual winter buoys withdrawals. On the following day we serviced the light at St. Helena Island and brought back some old fuel tanks from White Shoals light station. The next four days we remained in Charlevoix.

"On Tuesday, Oct. 22, we were under way to replace the station marker buoy at South Fox Island Shoals which had become adrift a few days earlier. Again on Friday Oct 25, we were underway to replace another station marker buoy which had become adrift, this time off Spectacle Reef in Lake Huron. On Wednesday, Oct. 30, we refueled Grays Reef Light and took stores to White Shoals light, both in Northern Lake Michigan. Later that same day, we delivered 18 drums of gasoline to Fourteen Foot Shoal light, Lake Huron. We were back in Charlevoix that night, just in time for the goblins and ghosts of Hallowe'en!

During the first 10 days of November, we were engaged in one last check of all our lighted buoys; other than towing the Coast Guard work barge to White Shoals light and back to Thunder Bay Island off Alpena on Lake Huron, our time was spent in this routine fashion.

* * *

ON NOV. 11 we started our winter withdrawals in earnest. Since this date we have been bringing in our buoys for the winter almost every day. This chore will continue until about Dec. 12, weather permitting.

Sundew Scuttlebutt

On Oct. 4, Merrill Mayenschein, Seaman Apprentice, reported aboard from the Training Center at Cape May, N. J. . . The 18th saw Bill Kennedy transferred to the CGC Storis out of Kodiak, Alaska, and the return of Chief Boatswain's Mate Bill Six from the hospital in Detroit.

Dick Gallant, Seaman Apprentice, reported aboard on Oct. 31 . . On the 25th, Dennis Solosky, Seaman, departed for the CG Training Station at Groton, Conn., to be assigned to the Radarman School.

Nov. 14 saw three new arrivals . . . Jim Satterfield and Dennis Revet, Seamen Apprentices, from Cape May, N. J., and John Veltum, Electrician's Mate Striker, from Groton, Conn.

Frank Szydlowski, Seaman Apprentice, reported on Nov. 20 from Cape May. . . . Two days later Nick Roelofs was transferred to the Electrician's Mate School at Groton.

Oct. 26, Ernie Andalis, Steward-man, married Melba Capparros of Detroit. She arrived last weekend to join him in Charlevoix.

Mrs. Hallam Grand Noble

Mrs. George Hallam was elected noble grand of Charlevoix Rebekah Lodge No. 293 at the annual election of officers held Tuesday at the I.O.O.F. Hall.

Other new officers, who will also be installed Jan. 14, are Mrs. Lillian Moore, vice grand; Mrs. Lawrence Swanson, recording secretary; Mrs. John Johnson, financial secretary; Mrs. Jerold Murdock, treasurer.

APPOINTIVE OFFICERS will be named later. Mrs. Eldred Ostrum will be the retiring noble grand.

Mrs. Sims Baker was recommended by the lodge for the post of district deputy.

At the business meeting preceding the election, Miss Dorothey Johnson, district deputy, Mrs. Ray Riddle and Mrs. Alice Ellenburger all of Petoskey were introduced.

Plans also were made for the annual Christmas party following the next business meeting scheduled for 8 p.m. Wednesday. Members are asked to bring a 50c gift to exchange and lunch for a potluck lunch following the social hour.

Mrs. Hallam, Mrs. Floyd Ream and Mrs. John Olson were in charge of refreshments at last week's meeting.

"WHY HYSTERIA?"

Every year hundreds die on our highways, hunters are unsure of their targets with fatal results, boaters and bathers get into trouble, and the news is swallowed without even casual emotion

Let someone partake of some improperly prepared or preserved fish and become ill or worse and a whole industry is blighted

The Fishing Industry of Northern Michigan has long been an important factor in the development and support of our economy The products of their catches are without peer when properly prepared and served.

We therefore note with pleasure the Proclimation by our Governor and by our Mayor, of the Week, December16-21 as Michigan Great Lakes Fish Week and urge everyone to join with us it its full observance.

BOOKS IN MEMORY Mrs. A. M. Allard of the VFW Auxiliary, standing, delivers several new books to Charlevoix Library for the shelf contributed by the women's group in memory of members who have died. Cataloging the books is Floranz Milner, librarian. The most recent new books on the crowded memorial shelf are Clyde Smith, Alba Moore, Elmer Poole, Ernest Foster and Victor Douglas. (Courier Photo)

REGIONAL HISTORY Mrs. Robert Gill of the Dickens Study Club turns this large book of early Northwestern Michigan history over to the Charlevoix library. The book, "The Traverse Region, Historical and Descriptive Portraits and Biographical Sketches" was obtained by the club after an intensive search. It was published in 1884, and has information on Charlevoix County pioneer days. (Courier Photo)

Local VFW Hosts District Posts

Charlevoix VFW Post 1153 and Auxiliary will host a service school of instruction tonight (Thursday) at the post home for all VFW groups in the district.

Members of the State Department Service Office staff will be here to conduct the school at 7:30 p.m.

ALL PHASES OF service work will be discussed at the school designed for the training of post and auxiliary service officers. Material will be general in scope, according to Joseph W. Mann, director of Rehabilitation Services.

Plans also were made for the annual V.F.W. and Auxiliary Christmas party to which members of their respective families are invited.

The event will be held at the post home at 1:30 p.m. Sunday. Mrs. Jack Warner is general chairman. Mrs. Harley Warner will mail cards to members informing them of what they are to bring for the planned potluck.

The next meeting will be supplied by the sponsoring groups.

Members are asked to bring their own table service, a gift for each of their children and Mr. and Mrs. gifts to exchange. Santa will be present to distribute candy and the gifts to the children.

-Norwood-

MRS. STANLEY LORD

Mr. and Mrs. Raymond Stafford were Thanksgiving dinner guests of Mr. and Mrs. William Jolliffe.

Mr. and Mrs. Clyde Warner left Wednesday night for Sparta where they spent the rest of the week with their daughter, Mr. and Mrs. Walter Towns and family.

Mr. and Mrs. Fred Hull entertained the following for Thanksgiving: Mr. and Mrs. Lester English and sons Buddy and Lloyd of Pontiac; Mrs. Bud He and children Darlene and G of Pontiac, Mr. and Mrs. Jim Stolt and daughter of Pontiac, Mr. and Mrs. Kenneth Engwy and son Kenny, Mrs. Lorraine Sheke and daughter Sherri and Mr. and Mrs. Robert Holecheck.

Mr. and Mrs. Bill Larion and children of Detroit spent the week end with Mr. and Mrs. George Light jr., and girls.

Miss Nancy Raymer of Grand Rapids spent Thanksgiving with her parents, Mr. and Mrs. Roy Raymer. Mr. and Mrs. James Elziogo of Ellsworth were also dinner guests there.

Mr. and Mrs. Don Evans, Muskegon, spent the long weekend at their home here. They had as their guests, 12 year-old exchange student from Mexico.

Mr. and Mrs. Charles Skully and daughter returned home to Grand Rapids Sunday. Mrs. Skully and Theresa spent 15 days with her parents, Mr. and Mrs. Milton Richardson.

Mr. and Mrs. Jack McCall and grandson Bob of Traverse City and Mrs. Glenn Brennen of Hammond Ind., were Friday night dinner guests of Mr. and Mrs. Milton Richardson.

Mr. Rodger Lockwood and son Ricky of Flint and Mrs. Hildreth Wymer and son Todd of Clio were Thanksgiving Day guests of Mr. and Mrs. Carl Lockwood.

Mr. and Mrs. Jim Sarensen and Mr. Kelly Johnson and son of Chicago spent the weekend at their home here.

Mr. and Mrs. Roy Raymer left Saturday for Buffalo, N. Y., for a few days.

Charlevoix Girl Gets Letters From Europe on JFK's Murder

The deep feeling that President John F. Kennedy's murder evoked in young Europeans was dramatically told in two letters last week to Teri Freedman, Charlevoix High School senior.

Miss Freedman, 17, spent last summer in Denmark as a Youths for Understanding exchange student. Excerpts from letters about the President's murder written to her by two friends in Europe are printed here.

* * *

FROM JEAN EYOLT, 19, Luxembourg:

"I was horrified when I got the news of the death of your president. I was listening to the English lesson broadcast by the Voice of America, when they interrupted and a speaker whose voice was breaking, told the listeners that J. F. Kennedy had been murdered. At first I didn't believe it and took another station. But there the news was confirmed. On Saturday every school in our country kept five minutes of silence. Next Tuesday all the schools in Luxembourg City took the students to services in the great Cathedral held for the President.

The second letter is from Leif Eriksen, 20, of Humble, Denmark where Miss Freedman lived last summer.

"**. . . THAT WAS ONE** of the saddest days in my life. Maybe you'll find it a little peculiar that I write such things to you since I live so far away.

". . . I was for him (Kennedy) too, and I think most of the Danish population was, too. We don't know anything of the inter-American affairs, but we always think of the American President as the leader of the Western World.

". . . Kennedy was, for us, a symbol of the new generation, strong in his foreign politics, and with many reforms for the American people. The whole nation is shocked, and all feel pain over what happened . . . I too think of Kennedy as a man we can rely on, and who speaks our cause against the East."

Local Man Tells of New Zealand Sorrow

The reaction of New Zealanders to President John F. Kennedy's assassination was described last week in a letter from U. S. Consul Edwin J. Madill to his aunt, Mayme Orlowski of 801 Bridge St. Charlevoix.

Madill, who is principal officer at the U. S. Consulate at Auckland New Zealand, is a Charlevoix native and the son of Mrs. Robert Madill and a graduate of Charlevoix High School.

HE HAS SPENT 30 years in the U. S. State Dept. Madill describes New Zealand reaction to the Nov. 22 tragedy:

"Never in the memory of this reporter has he ever experienced the immediate, sympathetic, and heartfelt sorrow of a people not of his own country. This initial reaction was one of disbelief, followed by shock. That such a terrible calamity should befall the Free World, particularly in this day and age, was inconceivable."

In his two page letter to Miss Orlowski, Madill describes the actions of his staff and the New Zealand government. In one five hour period more than 500 New Zealanders signed the Consulate's "book of remembrance" for the late president, he reports.

"IT IS, INDEED, a heartwarming and gratifying experience to see people from all walks of life, form in long silent lines to record their names, and, in most instances, their innermost thoughts," Madill remarked.

The letter to Miss Orlowski is written on black-edged stationary, which Madill reports, is required upon the death of a president.

He has been principal officer at the Auckland Consulate since this summer.

Netherlands to Press Claims

HOLLAND — The Netherlands Information Service office here announced that Dec. 31 is the last day persons can register claims for losses caused by 1957 actions of the Indonesian Government.

Persons in the Charlevoix area having such claims are urged to immediately contact the nearest Netherlands Consular Office, or write the Netherlands Consulate General in Chicago or Houston.

Latest report shows Jerry Walker has been bitten by the flu bug also.

Hugo Matteson of East Lansing writes and hopes his friends are all well and in good cheer with the Christmas season.

Mrs. William Peck, a patient in a Petoskey hospital, should be coming home for Christmas. We all send best wishes.

Steve Kroll, inpatient for the ski season, was seen trying Ironton's snow out on Ferry Hill.

Please remember that our Ironton Ferry will make its last run on Dec. 31 and not start again until April 1964.

The regular Christmas service at the Ironton Congregational Church will be held Sunday evening, Dec. 22.

Mr. and Mrs. C. R. Stokes and family Mr. and Mrs. Earl Kroll and family enjoyed Thanksgiving dinner together at the Stokes home. 40 lbs. of turkey were present at the start of the meal.

Many youngsters in Ironton are wondering how their snow dance came out as a rain dance.

FREE PICTURES Mr. and Mrs. Harry Hammond sort through some of the dozens of pictures being given away by the Courier. The pictures, which were formerly used in the newspaper, are free to anyone coming to the office at 101 Clinton St.

PTA Joins To Stage Big Event

A Christmas band concert will be presented as a Christmas gift to residents by the Charlevoix High School music department in cooperation with the P.T.A. at 8 p.m. Wednesday at the High School gymnasium.

Joining with the 87-piece senior concert band in presenting this gift concert as a token of appreciation to the community will be the Shakespeare Club vocal ensemble of seven voices presenting a group of traditional Christmas selections, according to C. A. Oomark, band director, who has planned the complimentary concert.

* * *

THE SHAKESPEARE Club vocal group will present the choral portion of the program, with Mrs. Alma Bevan singing "Ave Maria," Mrs. Lee Moerland the spiritual "Sweet Little Jesus Boy" and the ensemble, three selections in keeping with the holiday season.

Members of the ensemble are Mrs. Wayne Beitel, Mrs. E. D. Hawley, Mrs. Robert Tollas, Mrs. Richard Wortel, Mrs. Wayne Woods, Mrs. Bevan and Mrs. Moerland. Mrs. Charles Bellinger is the accompanyiest.

Among the selections to be presented by the band appearing under the direction of Mr. Odmark, will be the Bach Chorale, "Jesu, Joy of Man's Desiring"; the traditional Christmas "Cantique De Noel", arranged by Harold Walters; several portions of Walters' "Christmas Suite"; the very clever "Christmas Festival" and the seasonal "Sleigh Ride," both by Leroy Anderson; Irving Berlin's "White Christmas" plus selected marches to balance the program.

In extending the invitation in behalf of the band, the school and the P.T.A., Odmark emphasized the fact that this is a complimentary concert intended as an expression of the Christmas spirit. There will be no admission charged or collection taken.

* * *

THIS MARKS THE first time the P.T.A. has sponsored a concert as part of its program. It will serve as a second December meeting. Because it is a special bonus meetings, refreshments will be served in the adjacent cafeteria by a committee of parents headed by Mrs. Jack Bader, chairman of the Room Parent Committee.

Area Obituaries

Mrs. Steehagen

Mrs. Gerrit Steenhagen, 92, who had made her home with her son-in-law and daughter, Mr. and Mrs. John Wieland, for the past five years, died unexpectedly at the Wieland home in Norwood township Saturday evening.

The body was returned to the Van't Hof-DeMeester Funeral Home in Grand Rapids for funeral services Wednesday. Burial was in Rosedale Memorial Park.

* * *

BORN AT ALMELA, the Netherlands, June 27, 1871, the former Alice Velthuis was married to Mr. Steenhagen in the Netherlands in 1891. They came to this country in 1904 and settled at Holland where they lived until moving to Reeman in 1909. Three years later they moved to Grand Rapids where they lived until coming to the Ellsworth area in 1921. Following Mr. Steenhagen's death in 1934, she went to Muskegon to live with a son, Henry Steenhagen. She came here to live with her daughter in 1958.

Surviving are three daughters, Miss Jean Steenhagen of Grand Rapids, Mrs. Frank (Jentena) Howe of St. Clair Shores and Mrs. (Gerdena) Wieland of Charlevoix; three sons, Abraham of Grand Rapids, Henry of Muskegon Heights and Gerrit of Montrose, Calif.; 19 grandchildren, 43 great-grandchildren and sister, Mrs. Greesken Hammink of the Netherlands.

Lawerence Send

Lawrence Send, 81, retired Hayes township farmer, died Sunday at Grandvue Medical Facility where he had been a patient since February 1960.

The body was taken to Suttons Bay where funeral services were held at St. Michael's Church Tuesday. Burial was in the Suttons Bay cemetery. The Halleud-Mintinson Funeral Home was in charge of arrangements.

* * *

BORN IN GERMANY Mar. 15 1882, Mr. Send came to this country as a young man and lived in the Suttons Bay area where he was married to the former Anna Flees at Maple City in 1917. They came to Charlevoix county that year and operated a farm in Hayes township until Mr. Send was forced to retire because of failing health.

He is survived by his wife; a son, Joseph R. of Petoskey; a daughter, Mrs. Irene Hines of Glendale, Calif.; five grandchildren; five great grandchildren and a brother, Allen, of Flint.

Mrs. Rassieur

Funeral services for Mrs. Carrie M. Rassieur, Charlevoix summer resident, were held in St. Louis Nov. 24. She was the widow of attorney Theodore Rassieur, who built their summer home at 501 Mercer Blvd. here in 1902 or 1903. Their St. Louis home was at 1331 Beverly Ave.

Surviving are three sons, George M., Benjamin F. and T. Edward. Also one brother, Louis Miller.

Rev. Kohn to Leave Charlevoix

Rev. Harold E. Kohn of the First Congregational Church, and longtime Courier columnist, will leave Charlevoix Aug. 30, 1964.

Rev. Kohn announced his resignation this week in a letter to his parishioners.

IN ADDITION TO his work in the local church, and writing in the Courier, Rev. Kohn is a nationally syndicated columnist, and in June received a citation from Gov. George Romney as one of Michigan's ten outstanding cultural leaders.

Rev. Kohn expressed extreme regret at leaving the congregation which has treated him with 'great graciousness . . .', and has become his 'family.'

His resignation is to become effective August 30, 1964, and was imperative to enable him to follow doctors' orders, he said. He had hoped to retire December 31 of this year, but was urged by his congregation to remain through next summer. Because of a lingering illness, he must make and send his duties and committal, Ann Arbor for treatment periodic trips' to University Hospitalment have increased in recent years so alarmingly that it is virtually impossible for him to follow his doctors' orders and still fulfill his work.

REV. KOHN IS IN much demand as a personal consultant, and many who seek his counsel travel hundred of miles and from several states. The ministry requires more than 34 hours a week, in addition to his writing the weekly nationally syndicated column "A Life for Living," which appears in many U.S. newspapers, including the Courier. Rev. Kohn was asked by the world renowned minister Dr. Ralph Sockman to succeed him as author of this series.

Rev. Kohn has authored five major books, which he also illustrated, has written for numerous magazines and publications. The Reader's Digest published one of his essays in many languages boards. Lent in most Grand Lodge worldwide distribution.

REV. H. E. KOHN

Until his retirement in August, the Rev. Kohn will preach each Sunday through the Christmas holiday, then once each month until Lent when he will preach weekly through Easter. He will resume the once a month schedule until July and August. Dean will deliver sermons each Sunday until August 30. During January he will be traveling to deliver a series of lectures at colleges and universities.

REV. KOHN SAID he has intently sought solutions that would enable him to remain in Charlevoix, and at his picturesque retreat, Hidden Brook on Lake Charlevoix, where most of his writings were penned, but is convinced that this is not possible. He and his wife, Marion in Ann Arbor, the purchase of property in Glass River about 15 miles [illegible] Lent plan to occupy their home at the end of next summer.

"I would like to say right here and now that it was my desire to have remained with the people of this community until the many years of retirement. I have made [illegible] and I sincerely wish [illegible] in serving the Lord as and with the people of Charlevoix have always been very dear to me. I pray for the welfare of this town always. I feel [illegible] deeply grateful [illegible]

Rayders Maintain High Scoring Pace

UNDEFEATED IN LOOP ACTION

The Charlevoix Raydors maintained their fast opening pace Friday, defeating East Jordan cage outfit 74-52, in the second contest of the season.

The Charlevoix Rayders will play their second home game of the season here Friday when they take on old rivals Grayling's Vikings.

When the two teams clash this week it will mark the renewal of a bitter rivalry. The Rayders hope to avenge drubbings received last season.

* * *

THE RAYDERS WILL go into the fray with a 2-0 record, while the Vikings have a 1-1 record, the loss being to Harbor Springs by a 64-55 score last week.

Viking guard Terry Smith and Bill Joseph have been the Grayling top scorers to date, having scored 20 and 18 points respectively, against Harbor.

The Rayders scoring was more scattered Friday against East Jordan and chances are it will be in this week's game. However, the guards will be put to the test as they attempt to halt Smith.

In Friday's game, East Jordan hit first for two points. Dave Norton countered with a bucket, the Jordanites hit for two more before Norton and Del Terrill knotted the score. East Jordan was ahead or the score was knotted until the final minute of the first period when Terrill and Bruce Kroken hit for one bucket each and Ken Parrish for two to push the Rayders into a 22-18 first quarter lead.

AS THE SECOND period got underway, the Rayders pulled away and were never headed again as the half ended 41-31 on five field goals and a free throw by Gary Stutzman, field goals by Belding and Doug Winnell and two free throws each by Norton and Jim Uhrick.

Both teams cooled off as the second half got underway with Pete Ance contributing two buckets each, Jim Uhrick and Dave Smith one each and a free throw by Terrill. The Jordanites scored only three buckets and two gift shots.

Though coach Don Carey emptied the bench in the final period, the Rayders outscored the visitors 20-13 including six points by Terrill, four each by Parrish, Norton and Jim Uhrick and a bucket by Randy Carey. Five of the Jordanites' 13 points were made from the free throw line.

Jack Uhrick, Don Smith and John Blcha also saw action.

* * *

NORTON AGAIN paced the game with 14 points followed by Terrill and Stutzman with 11 points each.

Nick Bell also had 11. Tom Drenth 12 and Jim Stutgell 10 for the Red Devils.

CHARLEVOIX CAGERS in action as they beat East Jordan 74-52 Friday. They remain unbeaten and tied for first place with Gaylord.

Area Cage Squads Ready For Busy Second Week

With the holidays coming up, Northern Michigan Class C teams will again be playing two games each, with the exception of Harbor Springs before taking time out for the holidays.

Friday will find Charlevoix hosting Grayling, Gaylord entertaining Mancelona, Harbor Springs invading East Jordan and Boyne City traveling to Pellston.

THE FOLLOWING Tuesday Charlevoix will play at Boyne City, Gaylord at Grayling, and Mancelona at East Jordan.

Harbor Springs will play host to Pellston on Friday, Dec. 20.

Last week Gaylord dumped Boyne City by rolling up the highest score seen in the league in years, 87-55 after leading the Ramblers all the way. Tom Lick tallied 31 points to pace the game. Tom Sproull scored 16 for Boyne City.

Harbor Springs moved into the win column for the first time after edging Grayling by a nine point margin. The Rams had to come from behind after trailing 29-25 at halftime to win. Terry Smith was top scorer for the game with 29 points for Grayling. Jerry Barnes had 17 for the Rams.

MANCELONA LED Pellston 11-7 at the quarter but the Hornets, determined to get into the win column, came back with a 27-18 halftime and 45-35 third period lead to win as Ed Clear dumped in 22 points. Pat Datcher had 20 points for the Braemen.

Charlevoix's way will not be an easy one when they take on the Grayling Vikings this week but they will have the advantage of having two wins to their credit plus bench strength which so many teams seem to lack this season.

Tuesday's game will put the Rayders against an arch rival, Boyne City, whose chief asset this season is an import from Saginaw, Tom Sproull, whose height is said to be anywhere from 6-3 to 6-7, depending on who is quoting the statistics. According to some, he is an inexperienced player but he has paced the scoring for the past two games.

The Rayders will have a chance to see for themselves just what his talents are when the two teams clash. In fact, the game will pit him against the Rayders' Dave Norton who is fast learning to use his height to advantage.

GAYLORD, SHARING first place with Charlevoix with a 2-0 record, is not expected to have too much trouble with Mancelona or with Grayling, the teams the Blue Devils will meet within the week.

Harbor Springs, back on the victory trail with a win over Grayling after losing the opener to Charlevoix, is likely to keep East Jordan at bay with their fast break but may find tougher going against Pellston on Dec. 20.

Boyne City will meet the Hornets on the latter's floor this week and may run into trouble for Pellston has a host of returning veterans who may well shape up into a well balanced outfit capable of defending the title they presently share with Harbor Springs.

MANCELONA AND East Jordan will tangle next week with one of the two moving out of the league cellar, possibly for the first time. Both squads have good potentials but thus far have found them selves going against more experienced squads. However, they are not to be under-rated for both could very well develop into teams that could play the role of spoilers as the season goes on.

Bruce Kroken on All-State Squad

An excellent pass receiver whose efforts played a major role in bringing to Charlevoix a share of the 1963 Northern Michigan Class C Conference football title has received All-State recognition.

He is Bruce Kroken, Charlevoix high school senior, 6 ft. 1 in. 170 pound offensive end and defensive halfback on the football team and all-round athlete who was given a berth on the Class C All-State second team in the annual competition in which more than 500 Michigan coaches participated.

THE COMPETITION is co-sponsored by the Michigan High School Coaches Association and the Detroit Free Press. Ninety young prep school athletes from throughout the state were named to the teams.

Though he scored only three touchdowns, his pass receiving resulted in major gains in all of the Charlevoix games. His defensive play was also outstanding.

According to coach Don Carey, he has been a fine boy to coach, responds well and readily to coaching and is a team man with the interest of the entire group always his major interest.

He was named to the All-Conference first team this year and in 1962 was a choice of league coaches for the All-Conference second team.

KROKEN IS A STARTER on the Rayder basketball team and a miler on the track team.

The son of Mr. and Mrs. John Kroken, he plans to attend Northern Michigan University at Marquette.

better highways create jobs *Michigan's growing system of safe, new freeways is contributing importantly to the dynamic drive to attract new industry into the state.*

Business and industrial plant locations or expansions, commercial development and modern transportation facilities are inseparably related. As Michigan goes, so goes its economic growth is dependent upon improved highways.

Any curtailment of the highway improvement program means a slowdown in economic expansion. Your support of a good roads program will help Michigan grow and provide needed new jobs!

Industry gets dependable, all-weather highways to move materials and products. Concrete pavements are first choice to provide the load-carrying capacity required. Durable and smooth-riding, concrete will give longer service with minimum maintenance. And it is means for economy, to both industry and pleasure drivers.

When you see a new concrete highway, you know Michigan is moving forward—and new industry and more jobs are sure to follow!

Jail Break Could Be Warning that Worse Will Come

OVER THE PAST SEVERAL years there have been warnings that the Charlevoix County Jail is not adequate. Evidently, only Sheriff Glenn E. Rose has taken them seriously.

Last week's story on overcrowded conditions, that lead to a jail break, should cause us all to give the jail another, and long, look.

The seriousness of the matter isn't so much that a prisoner escaped. However, it could be the next time.

* * *

WHO KNOWS WHEN A meek youth, arrested for a non violent crime, will turn into a desperate killer? No one.

What happens then? A law officer could easily be killed and the entire community terrorized as the madman runs at large.

The chances of this are, admittedly, slim. But not slim enough to make efforts to prevent them imprudent.

As always, it is easy to lay the blame and responsibility on Sheriff Rose's staff. But it is not realistic.

* * *

THE CONDITIONS THAT made it possible for the prisoner to escape, put the turnkey at the mercy of inmates. His only protection is the hope they will not attempt anything violent.

There are times when law enforcement officers are expected to risk their lives, but not every time they enter the cellblock. To put them in this position is unjust. The Courier hopes the Board of Supervisors will realize this before the entire county feels guilty for a tragedy that "would never happen."

True, it probably will "never happen." Yet these will be hollow words when a deputy's widow and children are told he died because the odds were in his favor.

Escaped criminals, let's keep in mind, have a tendency to terrorize the first household that seems to offer them safety in their flight.

* * *

THE COURIER DOES NOT pretend to know what should, or can be done to make the jail safer. Perhaps in addition or rearrangement of present facilities.

We suggest a state specialist be called in to come up with a solution. When he has completed his study the report should be put before the public, and a decision made by the Board of Supervisors.

We are aware of the almost traditional friction between Sheriff Rose and some members of the Board of Supervisors. When this personality clash stands in the way of protecting the public, it is time to discard it.

* * *

IRREGARDLESS OF THE security risk involved in the jail's present condition, the Board of Supervisors should appropriate funds to improve the jail's sanitary facilities. Though prisoners may not appreciate, or be used to, better shower and wash facilities, they should be provided in the interest of our own self-respect.

Government Fails Local Fishermen

IF EVER GOVERNMENT has shown itself to be impotent it is in handling the botulism farce. It seems unbelievable that with such high-powered benefactors as Sen. Philip Hart, Gov. George Romney and area legislators, the problem can continue to get worse.

Ironically, the biggest loser will also be the smallest people involved. Undoubtedly some of the large fish processing plants will lose more money, but no one has more years of hardship and toil invested than Charlevoix commercial fishermen.

* * *

THESE MEN STAND TO lose not only their financial security, but, more important, their dignity and dreams.

Why should John Cross, Jake White and others lose everything a lifetime of battling the big lake's violent moods and following the elusive fish have earned them because of a fake alarm raised by remote technicians and administrators in comfortable offices?

There is no justice in this. And our government is dedicated to justice.

This justice will not be found in government handouts, and offers to retrain fishermen. These men have earned the dignity of years in an honorable vocation. To take it from them is absolute disregard for our respect for the individual.

* * *

IT IS GOVERNMENT'S responsibility to find an answer to the problem it has created. Let it do it now . . . before it is too late.

Firemen Rate Pay Hike

COURIER STAFF MEMBERS having lived and worked most of their lives in small towns where volunteer firemen were all that stood between families and the tragedy of fire, we make no bones about supporting the proposal to increase pay for Charlevoix volunteers.

A 30 percent pay hike may seem extreme (see story in this week's Courier) for men who usually spend a few minutes fighting a grass fire, and other minor blazes. But how many of us would leave the dinner table, a comfortable chair in front of the fireplace, or a warm bed at any and all times for $3.25?

* * *

AND, LET US NEVER forget, these men have volunteered not only to fight the small fires. Should the big call come, they will respond just as they would for a false alarm. If you have ever seen a major fire, you know no amount of money can compensate the men who fight it.

We hope councilmen will see their way clear to approve the pay raise.

Lift for Living

By Rev. H. E. KOHN

On Friday, November 22nd, 1963 in Dallas, Texas, a fatal encounter occurred between two men who were capable of tremendous hatred.

One man was world renowned, the other obscure. The first man led a mighty nation, the other followed his lowest impulses. The nondescript, hateful malcontent, riding high in a building overlooking a cavalcade of happy Americans spotted his intended victim in the parade and fired a fatal shot into the vigorous body of the country's young President. The President collapsed and soon died without knowing who or what hit him.

• • •

PRESIDENT JOHN Fitzgerald Kennedy and his slayer were both haters. The President hated war, brutal oppression, abject poverty and injustice wherever they were found. It was one of the aims of his life to destroy those evil influences which hurt men's bodies, cripple men's minds and bruise men's souls.

The sniper who shot the President was a hater too. But he hated a man who symbolized high principles the assassin had been taught to despise.

Both men hated. But John Kennedy's hatred was directed toward the world's evils, and his hatred supported and protected the things he loved. The assassin's hatred killed a man loved by millions across the globe, and this hatred made the world poorer.

"Hatred is something that should be banished from our lives" a well-known clergyman said. I disagree. President Kennedy would have disagreed. The Bible disagrees. "The Lord loves those who hate evil," says the ancient Psalmist. (Psalm XCVII:10). It is impossible to love without hating. Love and hatred go together, like opposite sides of the same coin.

• • •

THOSE WHO LOVE gardens must despise weeds. Men who love health must abhor disease. Those who love law and order must detest anarchy and criminality. If we love freedom we will loathe tyranny; if we love equality of opportunity we will be revolted by oppression; if we love peace we will hate war. There is a world of difference between a sniper hating a man, aiming to destroy him, and a gallant President despising oppression wherever he found it and resolving to throw all the powers of his personality and his high office against it. At Dallas the two haters had a brief long-range encounter. The President died. A few hours later the assassin himself was assassinated. Now the man whose hatred was misdirected is lamented by few, while the one who knew how to direct his passionate hostility for the sake of all humanity is missed and mourned by the entire civilized world.

The evil in hatred is not in possessing it but in misdirecting it. We sin when we hate those who disagree with us, or those who hurt us. Furthermore when we hate people we grant them incalculable power over us. Our hostility toward them permits them to rule over our sleep, raise our blood pressure, spoil our appetite and control our happiness. When we hate a person we blind ourselves to his sorrows and sufferings and virtues. Thus we impair our own insight and understanding and work destruction upon the higher sensibilities of our natures. But when we love God's children and hate the evils that hurt them we are properly motivated to use our powers and skills to help God improve His world.

* * *

COULD IT BE THAT someday, under God's guidance, the world's peoples who wept at the news of the President's death may learn to follow the example of the slain leader rather than that of his assassin; may learn to hate and destroy evil rather than each other? May it be that we shall learn to employ our vast resources to strike out poverty, expunge disease and erase from the earth cold brutality, the searing scourge of war and our terrible fear of each other?

We cannot rid the world of hatred, as we have so often been advised to do since the awful event of November 22nd. We should not if we could. Love and hatred are in the world to stay as long as man remains here. But each of us has an awesome choice to make. We must either love evil and hate good or love good and hate evil. Moreover, we must learn to identify good and evil when we see them.

Will we dedicate ourselves, as did the President's slayer to those things that destroy the best in man, or will we consecrate ourselves, as did the President, to what will support the welfare of man? The world's big questions now are not "Do we hate?" or "Do we love?" But "What do we hate?" and "What do we love?"

Most people would succeed in small things if they were not troubled by great ambitions.

OUR READERS Write

Former Courier Editor Writes

TO THE EDITOR:

The Courier editorial of Nov. 25 in which you aired your differences with County Clerk Fenton R. Bulow include the following paragraph:

"Perhaps it is unjust to lay all the blame on Bulow. Some of it should be borne by the local newspapermen who have not accepted their responsibility to settle the matter before."

* * * *

IF MY INTERPRETATION of that innuenda is correct, you are inferring that previous editors of the Courier (including me) were negligent in not demanding that all public records be made available to them.

I can't quite understand why you are bringing former editors of the Courier into your squabble with the county clerk. Your readers, as well as former stockholders of the Courier, might be interested in the intimated charge of "negligence."

Let's be specific, in fairness to all, if you have a charge that we did not accept our responsibility.

Very Truly Yours
HAROLD M. TOTTEN, Former Editor)

--Odds 'N' Ends--

By FRAN MARTIN

Children will never cease to amaze me with their remarks . . . This one came to me via a parent who was taking her child into the hospital for a minor operation . . . As he entered the lobby, he was met by one of the nurses who, in an effort to make him welcome and at ease, said "So you're going to spend a few days with us?" . . to which he answered, "No, I'm going to have my tonsils out." And then there's the youngster who suddenly becomes aware of new words and tries using them, not always in the proper place . . such as one of my young nieces who was telling me why I shouldn't allow my Siamese cat, Tali, to go outside . . . "That old gray cat from down the street is outside, and, I'm threatening you, he'll beat up on Tali" . . . Of course, what she meant was 'warning you' . . . Kids, aren't they wonderful?

Especially this time of year when they can hardly contain themselves 'til the big day, Dec. 25 . . . Everyone's got a list a mile or so long . . . All the younger children are busy making gifts at school for their mothers . . . each a great big secret . . . At every turn one hears Christmas carols, which I love, and now that we have some of that white stuff that is so very beautiful the first time one sees it, everyone's getting the Christmas spirit . . .

* * *

AND SPEAKING of Christmas, won't you share your Christmas plans with Courier readers . . . We're aiming for a new high in the number of names appearing in the paper . . . and even if you are only having the Jonses from down the street, the Smiths from out of town or spending Christmas alone we'd like to use it in the Christmas issue that will come out Dec. 24 . . . So give me a buzz any time at all so it can be fixed . . . OK?

A 'well done' to all those who had anything to do with the decorating of our fair city for the holiday . . . With the addition of that beautiful white stuff, the scene has been set for the holidays.

And are the skiers jumpin' with joy . . . sleds have been hauled out, skiis are being waxed and some avid sportsmen are taking to the slopes east of here where there is more snow than in this area . . I can't be quite as enthusiastic about all this but I'm not saying much 'cause it means so much to this north country . . .

And while the snow was coming down and thoughts were turning to winter, Dr. Jerry VanDellen called from East Jordan to tell me about a robin, he with the red breast, seen eating apples from a flowering crabapple tree in the yard of the VanDellen home at Ellsworth . . . He must have missed the southbound express or decided he was through with 'togetherness' and wanted to be alone . . . Hope he won't be sorry before spring comes . . . And he certainly must feel out of place among the cardinals, blue jays, evening grosbeaks and chickadees, regular visitors at the bird feeder . . .

* * *

AND DON'T FORGET your feathered friends in this weather . . . With their regular sources covered with snow, they have tough going until you humans get with the feeders . . .

And to the Ed Beenes of Ironton, a happy anniversary . . . Little enough to say to a couple who've spent 50 years together . . . Mrs. B. knows what I think this couple should receive! . . .

In a recent letter, Charlie Fairbanks wrote that he wondered just how far the philosophy of sports learned in the local high school is spread . . . This doesn't answer his question completely but a former local lad, like Johnny Appleseed, is planting it in Southern California . . . He's Bud (Bruce) Barber former football and basketball player here, who is one of the organizers and now an officer in the Lompoc Youth Football League . . His twins, Don and Ron, are now that age . . . and their team, the Scorpions, won the American League title in the community . . Not only that, on Thanksgiving Day they met the National League champs, the Blue Devils, and dumped them 14-12 for the title . . Bud's also an assistant coach . . . where one can bet he is teaching the kids some of the fine points he learned back here . . . Added to that, he's an official high school league referee . . . Incidentally, the Clarence Murrays and the Elmer Barbers of Delray Beach are the proud grandparents of potential All Americans . . .

It's later than you think . . . So get with those gifts and cards for those overseas servicemen . . .

Applauds State

TO THE EDITOR:

I was sure happy to see the state decided in favor of everybody, instead of a few selfish people, in picking the route for rerouting M-66.

The state's decision, and fairness in considering the other proposal and explaining the reason for its decision to the public (Courier, Dec. 5), renews my confidence in government.

NEW CHEVELLE!
BY CHEVROLET

The kind of go—6 or V8—you'd expect from one of Chevy's great highway performers. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.

The kind of fresh styling—inside and out—that makes it the year's smartest surprise. Come down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses*!

And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

Kiwanians State Religious Faith

Kiwanis international has gone on record as opposing "further attempts, however well intentioned, which tend to deny our national and personal trust in God, or to remove God from the corporate body of our government," according to information received here by Barney Engelhart, President of the Kiwanis Club of Charlevoix.

Top leaders of the big international service organization, meeting in Chicago, formally passed a resolution calling on the President and the Congress not only to stop this denial of religious expression, but "to reaffirm recognition of the spiritual heritage of this nation and its people."

So live that you help to answer the world's problems — not add to them.

Exchange Students On PTA Program

Charlevoix's two foreign exchange students, and two local students who spent the summer in Europe, appeared before the P.T.A. in the Charlevoix High School cafeteria 8 p.m., Wednesday, Dec. 3, according to Frank Boss, P.T.A. president, and Mrs. Robert Tollas, program chairman.

The panel discussion and business session followed an open house at the high school, scheduled to begin at 7 p.m. At the open house, parents and friends of the school may visit classrooms and consult briefly with teachers, before attending the formal meeting in the cafeteria where Rev. A. Robert Harrison served as moderator.

* * *

SELENE SOLER OF Montevideo, Uruguay, spoke on her city and county and told of its schools and educational opportunities. Maria Kroese of Groningen, Holland, spoke about her city, country and schools.

Teri Freedman, who spent the summer in Denmark, talked about the realskole and the next higher level of schooling, the gymnasium, which she visited while in a small community near Copenhagen.

Mary Harrison, who was at Kirchhattan, near Oldenburg, Germany, during the summer, told about the family she was with, her impressions of the country, recreational facilities and her sightseeing trip to Berlin.

Miss Soler is with the family of Rev. and Mrs. Harrison and Miss Kroese with Mr. and Mrs. Ralph McRae.

Miss Freedman is the daughter of the Gordon L. Freedmans and Miss Harrison the daughter of Rev. and Mrs. Harrison.

All are participating in the exchange program known as Youth for Understanding, sponsored by the Michigan Council of Churches.

Little Rayders Suffer Defeat

The entire 15-man Charlevoix J-V cage squad saw action as the young team bowed to the East Jordan Reserves 55-42 in their second time oot.

The Rayders romped to a 17-15 first period lead but trniled 31-23 at halftime after they were outscored 16-6 in the second period.

* * *

THOUGH THE LOCAL quintet, whose line-up was changing often as Coach Don Peterson tried various combinations, kept pace with the visitors, their efforts were not enough to pot them nhead as the quarter ended 44-36.

The final period saw the young Jordanites outscored the locals 11-6 as the Rayders howed to the Red Devils.

Steve Smith and John Ferguson topped the scoring for the Rayders with 10 points each.

Bill Chase had 14 for East Jordan.

✓ 1963 Box Score:
FORD'S TOTAL PERFORMANCE TOUGHNESS DOMINATES THE COMPETITION WORLD!

Ford has chosen the most rugged testing program cars have ever faced . . . full-scale open competition on the rally and racing circuits of the world. This is the dramatic way to show that Fords have changed . . . and the sure way to be certain they keep on changing. Changed? Just look at the record:

STOCK CAR RACING: *2-to-1 margin for Ford*	SPORTS CAR ROAD RACING: *Ford V-8 power is the new king*	RALLY COMPETITION: *Manufacturer's Championship*	INDIANAPOLIS: *Ford ends an era*	PERFORMANCE & ECONOMY: *New laurels for Ford*
Ford is king of NASCAR competition and Ford Motor Company has the NASCAR Achievement Award to prove it. In the '63 season, special Ford entries won every single race of 500 miles or longer, scored nearly twice as many points as any other make. 500-mile races are the ultimate test of inherent durability and dependability. In two other major stock car racing associations (MCA and MARC, Ford drivers have wrapped up the 1963 championships.	Here the Cobra with its special Fairlane engine emerged as the overwhelming leader in one short year. Cobra won the coveted Manufacturer's Trophy in SCCA Class A Production competition by so wide a margin no other cars—U.S. or foreign—were even in sight. And in the two major tests this fall, the Laguna Seca and Riverside races, the new King Cobras dusted off the top "unlimited" cars from all over the world.	Products of Ford Motor Company and its world wide affiliates won the 1963 Manufacturer's World Rally Championship. Ford's rally year began when two specially equipped Falcon V-8's startled the automotive world in the brutal 2500-mile Monte Carlo Rallye. Other special Falcon V-8's triumphed in Holland's famed Tulip Rally, and ran away with the Manufacturer's Team Prize in the 4000-mile Trans-Canada Rally	Advanced Ford engineering smashed precedent in the classic Indianapolis "500." The first time out, a light alloy version of the Fairlane V-8 design in a Lotus chassis finished second. And the next time, in the Milwaukee "200" it ended the reign of the traditional "Indy" racing car by leading every foot of the way from start to finish.	The Mobil Economy Run underscored Falcon's years-long reputation for thrift—a Falcon scored first in Class B (medium-engined compacts). And the Pure Oil Performance Trials brought laurels to the big Fords, which walked off with overall wins in Classes I and II for total performance (economy, acceleration and braking).

✓ 1964 Result:
TOTAL PERFORMANCE INSPIRES THE TOUGHEST, SMARTEST CARS FORD EVER BUILT!

Fords have changed—and that's the real reason behind Ford's racing successes. We're now making the longest lasting, best handling cars in our history. The things we've learned from the specially equipped cars we enter in open competition have helped make them that way.

The inherent qualities that make the victorious racing car—road-holding, braking, durability, precision control, resistance to vibration—also make a car safer, stronger, and smoother for highway use.

But prove it to yourself. Take the wheel of any new Ford. Five minutes on the road will show you the kind of total performance no one else can match.

TRY TOTAL PERFORMANCE FOR A CHANGE!

"LET ME PRAY"

... 'Oh, Lord!' — in simple words that are full of meaning. Let me say The Lord's Prayer every day with a fearless and grateful heart.

With a sense of Divine concern for daddy, and mummy, and sister, and all our friends — let me ask that thine ear be open and that you will hear me, Father. *Thou hast commanded me to come as a little child; to be humble as a little child; to have faith as a little child.* Here I am, so please bless me and make me one of thine own. Bless our pastor, and our church and help us to grow in the grace and knowledge of God.

With firm faith that sees beyond the failures of men — Father, you have *let me pray.*"

SANTA'S MAILBAG Postmaster Pete Timmer, sifting, and postman Bill Seese, sort through the bundles of letters for Santa Claus the post office is receiving. All letters for Santa should be addressed with Zip Code 99701, to be sure they reach their destination, Timmer points out. To acknowledge receipt of properly Zip Coded letters, children receive a Christmas card in return.

LETTERS PRINTED

Santa Gets Word Via Post Office

Without the local post office American children simply could not have Christmas.

Charlevoix boys and girls are no different. They write letters to Santa Claus, promising to be good kids, and outlining their gift desires.

IT'S A BIG BURDEN The letters to Santa must be handled along with the flood of Christmas cards and packages. But postmen do it cheerfully.

Postmaster Pete Timmer reports the post office is happier than ever this year with the letters to Santa, because children are faithfully using the Zip Code 99701 as requested.

Santa reports dolls, and playkits for sewing, cooking and keeping house are again the most popular gifts among girls. The boys want guns, army sets, building sets, wagons and sleds. Teddy bears are still popular among real young boys.

Portions of some of the letters the local post office delivered to Santa are printed here.

Dear Santa . . . "I would like a Chatty Baby, Penny the Poodle, a pie set and kitchen set. If you are not able to bring all this I will still be happy as I know you have a lot of other children to bring things to."—Kathy Smith.

DOUGLAS VOY CALLED from Detroit last week to tell us about his new daughter, who if she's half as pretty as her name ought to be the pride of suburban Southfield 16 years from now.

No one at the Courier knew Doug, but he told us he knew of Charlevoix from his vacation here. And he thought we would be interested in his new daughter (born Dec. 2). He was right.

Mr. and Mrs. Voy named their new [illegible] "Charla Voy. [illegible] if comes out the [illegible] "Charlevoix."

"It started off as a joke, but sounded so pretty we couldn't resist." Doug told us over the phone. We're glad he couldn't. Bet Charla will be, too.

[illegible] 28695 S. Park, [illegible] in the Bonny Acres area, Southfield is a Detroit suburb. Doug is a commercial [illegible] for the telephone company. He's been two other [illegible] Dec. 5, and Charla, 12.

It wasn't that I didn't believe him. The disgusted expression he must have detected wasn't a reflection of doubt, but of disgrace that man could allow such an inheritance to be taken from him.

for 50 years, and now—for the first time has taken to reading it avidly.

"You fellas really get some news in it, and have perked it up!" he exclaimed. "It's (the Courier) better than it's ever been."

Thanx!

—●—

CHARLEVOIX'S MOST ACTIVE [illegible] of government wrongdoing, Art Osborn called us with an interesting bit of news.

Probably while trying to buy a carton of pipe tobacco that would drive the stalest stench in the Courier editor's office, Art, over in Central Drug Store [illegible] the 1964 "Farmer's Almanac."

"I haven't had one of these in years, but after being reminded of it in the Courier (this corner, last week), I just had to have one" Art quoted the unidentified elderly woman as saying.

We hope she has as much fun thumbing through it as we do.

—●—

WE SEEM TO HAVE a friendly [illegible] head going with "Ki-[illegible] wants Klub Kourier" editor Ralph Hamilton. And tho we get a kick out of the "Konkers" regular slaps at the Courier, we feel obligated, for Ralph's sake, to point him right on last week's remark.

His suggestion that the Courier compares favorably with the defunct New York Mirror was a bit off target. The Mirror, like the New York News, concentrated its reporting on police and personal tragedy stories. Perhaps we are making a mistake at the Courier, but the fact is you'll find we give crime and other tearful, bloody news less space than other area newspapers.

We're willing to admit this may not be wise. Tho the Mirror folded, the News is the biggest selling paper in the country.

Being stubborn souls, we will stick to our formula for successful newspapering. This formula is in no way unique. It calls for putting all your news gathering and writing resources to work on government, school and happy human interest features. In this we're merely copying such rags as The Times of New York, the St. Louis Post Dispatch, and others with less than the best circulation.

As Ralph seems to suggest, the bloody newspapers have the circulation. But newspapers dedicated to the public interest, rather than mass thrills, seem to carry the most weight.

Oh, and Ralph, this editor has never had time to read "Confidential." If you have a copy around bring it in and I'll try to see how we compare to it.

—●—

ANOTHER ITEM FROM Ralph's Dec. 16 "Kourier" worth passing on is this:

"The Supreme Court has thrown the insect world into a dither. There is a rumor the court may outlaw the praying mantis— St. Mary's Bulletin."

—●—

A VERY ANGRY woman called last week to call us on the carpet for a most unfortunate misspelling of Jerry Whitley's name on the front page.

There was nothing to do but sympathize with her. Nobody knows better than this corner that newspapers — from the largest to the smallest — have an awful time getting typesetting machinery to spell right.

If, however, I do not take these things to serious, forgive me. For ten months I had a city editor on a Michigan daily newspaper who could not spell my name right on a page one byline.

Realizing I wasn't important enough to make his slaughter of my name—worth getting upset about, I would have a typesetter garble it up even worse than he did. It was fun . . . and the world's still spinning around at it's same old speed.

time.

H. (HAL) FORBES, first ward, was the only person to file a petition for one of the three aldermen positions. The post he is seeking is held by Fochtman.

No petitions had been filed for the unexpired Justice of Peace.

Any qualified Charlevoix voter and property owner can file nominating petitions for any of the city offices. They must file as a Democrat or Republican.

Persons have until 4 p.m. Monday, Dec. 30 to file. If there is a contest for any of the offices, primary election will be held Feb. 17. The general election will be held in April.

★ Schackles Disgrace

(Continued from Page 1)

xcuse for being AWOL.

* * *

ANOTHER HANDICAP, that is in no way Shackles' fault, is her failure to use the sanitary and plumbing utilized by human crewmen.

"It's awfully hard on a dog as she has no place to go, except the buoy deck," Mann explained. The buoy deck, he added, can get pretty messy.

Commander Mann urges people to consider Shackles' disgrace with understanding.

He points out a ship is hardly a natural environment for a dog.

If Shackles strayed from the high morals expected of most dogs, he blames it on her unnatural life.

TWICE BEFORE IN his Coast Guard career, Mann has been forced to have mascots barred from his ship.

He expects Shackles to find her new home more comfortable.

Mrs. Robert (Barbara) Ritt, an employee at Ivy's Cocktail Lounge, has become Shackles' mistress. This, speculation has it, will give the former Coast Guardswoman a chance to indulge in her favorite thirst quencher, and to escape from the tension of being the only female on an all-male ship.

Commander Mann pointed out, he and other Sumlaw personnel, hope the community will help Shackles forget her embarrassing past.

Dear Santa: For Christmas I would like a fire engine set. Please bring my baby sister, Glenda, a little doll and buggy. She is one year old. Please bring my older sister, Rosita, a Valerie doll. And please bring the neighbor girl, who is 2 years old, a little tea set. . . We all love you and wish you a very Merry Christmas." — Melvin Young Jr.

Dear Santa: Please help everybody in Charlevoix have a Merry Christmas and make our City a happy one in the coming year. E. D. (Pat) Hawley.

Dear Santa: "I'm writting for my brothers, Daniel, age 6, and Greg, age 5, and myself, age 7 — we are going to try to be good boys. Danny Timmis, Mort, Greg, thank you for everything you brought me last year. My mommy thinks I took pretty good care of everything. . . . I'll have milk and cookies for you, Santa, and sugar for your reindeers. A happy trip to you and a Merry Christmas."— Doug Smith.

Dear Santa: Please make the public understand Great Lakes fish are safe to eat — John Cruss, Jim Driggett and Jake White.

Dear Santa: My name is Pamela and I am 7 years old. I have been a pretty good girl all year. My sister is writing this letter for me. I would like: 1. A girl house dog (a live one) . . . I enjoyed all the things you brought me last year. I will leave some cookies and milk for you and some sugar for your reindeer"—Your Friend, Pamela Fochtman.

Dear Santa: "Please come to our house on Christmas, we have tried to be good children and mind our dad and mom . . ." Love, David, Don and Debra Sonnenberg.

Obituary

Mrs. Vratanina

14g pkd

Mrs. Joseph Vratanina, 70, Norwood township resident for the past 35 years, died unexpectedly Sunday at the Charlevoix Hospital where she had been a patient since Nov. 28.

Funeral services were held Tuesday at the Winchester Funeral Home with the Rev. George L. Majors officiating. Burial was in Brookside cemetery.

* * *

BORN IN CZECHOSLOVAKIA July 20, 1893, the former Magdalena Kapca came to this country at the age of 18 years. She was married to Mr. Vratanina in Wisconsin in 1914. They lived on a farm there for the next 12 years before going to Chicago. After two years there, they moved to their present home in Norwood township. She was a member of the Western Bohemian Fraternal Association with headquarters in Omaha, Neb. She was a member of the Norwood township Farmers' Union.

Surviving are her husband; a daughter, Mrs. Joseph (Josephine) Stutzman of Charlevoix; three sons, Edward of Detroit, Robert of Petoskey and Donald of Birmingham; eight grandchildren; a brother and three sisters.

Rayders Alone in Top Spot

The Charlevoix Rayders moved into sole possession of the top spot in Northern Michigan Class C standings Tuesday night after clamping Boyne City 64-38 as Grayling upset Gaylord 56-53 to knock the Blue Devils out of first place.

In a third game, East Jordan moved into the win column for first time as they trimmed Mancelona 61-55.

Pelston will play at Harbor Springs Friday night as the team, of the league wrap up their pre-holiday obligations.

Playing at Boyn City, Charlevoix had to come from behind after trailing 36-33 at halftime and 46-45 going into the final period to halt the Rambler attack.

Big Tom Sproull toured in 26 points for the Ramblers. Dave Norton had 20 and Ken Parrish 15 for the victors.

The Charlevoix J V's racked up another win as they edged the Boyne City Reserves 31-28 in a tight defensive game which saw the young Rayders lead by a slim margin all the way.

Steve Smith paced the Rayders scoring with 11 points. John Shepherd had 10 for Boyne City.

School Christmas Program Dec. 19

Charlevoix Elementary School will present its annual Christmas Assembly in the gymnasium at 1 p.m. (Iaday) Glenn B. Snider, principal announced.

The story of Christmas will be told in song and dances by the elementary students with Gail Potter serving as mistress of ceremonies.

Special music will be by the band directed by C. A. Odmark.

Parents are invited to attend the assembly, Mr. Snider said. However, visitors must sit in the balcony, where seating arrangements are limited, he added.

RECORD OF THE COUNCIL

December 2, 1963

The Common Council of the City of Charlevoix met on the above date with Mayor Hawley presiding. Aldermen present: Staley, Fochtman, Gill, Neff and Parsel. Absent: Alderman Grubaugh.

The minutes of the November 18, 1963 meeting were approved as presented to the Council in writing, and as recorded in the Council Minutes Book.

Enter Alderman Grubaugh.

The Council unanimously approved engaging the auditing firm of Dinwiddie and Kandt to audit the City's books for the year 1963-1964.

Alderman Fochtman offered the following Resolution and moved its adoption, seconded by Alderman Grubaugh.

RESOLUTION

BE IT RESOLVED, that the City of Charlevoix, a Municipal Corporation, hereby releases now and forever any right, title and interest it may have had or now has in the parcel of real estate in the City of Charlevoix, County of Charlevoix, State of Michigan, to wit:

The East 114 feet of Lot No. 24, Block No. 9, of the original plat of the Village (now City) of Charlevoix, according to the recorded plat thereof.

Together with all the singular and tenements, hereditaments, and appertenances thereon.

Dated this second day of December, 1963.

Resolution adopted by the following Yea and Nay vote. YEAS: Aldermen Staley, Fochtman, Gill, Grubaugh, Neff and Parsel. NAYS: None. ABSENT: None.

The Finance Committee having examined bills totaling $25,639.21 find them correct and recommend they be allowed. Moved by Alderman Fochtman and supported by Alderman Neff that the bills be allowed and orders drawn for their amounts. Motion adopted by the following Yea and Nay vote. YEAS: Aldermen Staley, Fochtman, Gill, Grubaugh, Neff and Parsel. NAYS: None. ABSENT: None.

On Motion the Council adjourned.

Homemakers Need Pots, Pans

SHARE FRYING PAN Mrs. C. A. Odmark, right, homemaker teacher, holds the department's only frying pan she contributed to students Sonya Drost, left, and Donna Keith. Though lacking pots and pans, the High School has four new stoves, like the one seen here. (Courier Photo)

The Charlevoix High School homemaking department has four "beautiful stoves" it "really didn't need", but an acute shortage of little things like irons and mixers.

Mrs. C. A. Odmark, homemaking teacher, outlined the department's assets and shortcomings at last week's Board of Education meeting.

* * *

SHE STATED MANY people have the "mistaken idea homemaking is only cooking and sewing."

In addition to these basic subjects Mrs. Odmark's classes include: Social relations and etiquette, baby care, family problems, family health, housekeeping, economical buying, civil defense and insurance.

Approximately 100 girls, in grades eight through twelve are enrolled in homemaking. Mrs. Odmark has five classes daily.

"We have four beautiful new stoves, but we really didn't need them," Mrs. Odmark told board members. She explained, the stoves were obtained without cost, through an appliance company, which took them in trade for nearly-new stoves the department had.

"We're awfully low on small things," she said. Among items Mrs. Odmark told board members she needs are irons, pots and pans, small power kitchen utensiles and sewing machines.

* * *

THE DEPARTMENT'S sewing machines, she declared, are inferior to the machines the girls have at home."

"There is also a lack of reference material, and in some cases, even textbooks, Mrs. Odmark pointed out."

Supt. Rex Milligan suggested reference books might be purchased with money from the .5 mill voted for library support.

Mrs. Odmark also told Board members the school has not been earmarking the $800 it receives annually from the state for homemaking. The board agreed this will be started and possibly, corrected.

* * *

SHE PROPOSED THE board, in making future plans, should consider the possibility of starting such vocational homemaking courses as quantity food handling and tailoring and altering.

Christmas Theme At Garden Club

Christmas was the theme of the December meeting of the Garden Club held Tuesday at the home of Mrs. Jack Rader.

The 31 members and guests enjoyed a program arranged by Mrs. Arthur Ranger, program chairman, featuring three holiday vocal selections by Mr. E. D. Hawley, accompanied by Mrs. Claude Bellinger and reading by Mrs. Clark Coulter. Mrs. Max Hosmer, and Mrs. William Paddock.

* * *

FOLLOWING THE business session and program, refreshments were served from a beautifully appointed table at which Mrs. Coulter presided.

Mrs. Rader was assisted by the party committee composed of Mr. Paddock, Mrs. Karl Esser, Mr. Ranger, Mrs. David Fowler and Mrs. Richard Wortel.

Members brought Christmas tray favors for the Charlevoix hospital, a club project since it was organized.

Stiff Penalty For Supplying Youth Booze

An adult who furnishes booze to a minor can often get in more trouble than the delinquent youth, Sheriff Glenn Rose declared in citing a case that ...ves his point last week.

Rose reported Glenn A. Pinney, Jr., 19, of East Jordan was arrested for being drunk and disorderly. According to East Jordan police, Pinney ran his car through two mailboxes, a ditch and into a field before being arrested, was wandering dazed along M-32.

* * *

BARRY SNYDER, AN adult, of East Jordan, was arrested for furnishing beer to Pinney. Rose stated.

East Jordan Justice of Peace Charles B. Landers, reportedly, fined Pinney $25 and Snyder $75.

THE ANSWERS TO MANY QUESTIONS about your phone service can be found in the front of your telephone directory—right before the listings of names and numbers. For instance, the Area Codes for every section of the U.S. . . . emergency numbers for police and fire protection . . . how to place a conference call linking several relatives or business associates in two or more cities at once . . . and many more hits of useful information. Why not get acquainted with the information pages of your telephone directory?

THE PICK OF SANTA'S PACK is a colorful extension phone—selected for just the right room. A dainty little Princess® phone for the bedroom. A space-saving wall phone for kitchen or workshop. A desk set for den or living room. Whichever you choose you'll know you're giving pleasure, convenience the whole year through. Place your order right now, just by calling our Business Office.

North Country Tradition Kept Alive by Trapper

Fur trapping — a classic tradition of the north country — will continue to live as long as there are men like Charlevoix's Clayton Smith.

The day when fur trapping was profitable has disappeared, Smith admit. But he still keeps at the rugged business of setting traps in mink and muskrat runs.

LAST FRIDAY, WHEN a Courier photographer stopped at the Smith home and apple orchard just south of town on US-31, he was in the house changing trousers. While checking his trapline, Smith fell through the ice, up to his hip in icy water.

In the garage at "Smith's Little Acres," were rows of skins ready for last weekend's fur auction at Alden.

Among them were mink, muskrat, and racoon. Smith took 17 mink, 80 muskrat and 12 racoon skins to the auction. The mink sold for between $7.50 and $15 each, the muskrat for $1.25 and the racoon for $1.50.

It might look like this adds up to quite a bundle. But, Smith points out, if you figure it on an hourly rate he makes more pick ing apples.

TRAPPING REQUIRES long, cold hours along local creek bottoms checking and setting traps, then preparing skins. Anyone who can recall boyhood days when he hoped to get rich trapping muskrat, knows there's more hard work than fun involved.

But Smith enjoys matching wits and strength with nature. So does his sled dog King, who accompanies him along the trap lines.

Churches Outline Yule Programs

By FRAN MARTIN

Just as Christians around the world gather this Christmas season to hear the age-old story of that first Christmas in Bethlehem, worshippers in this northern Michigan community will gather in churches of their choice to hear of the Birth of the Christ Child in the manger and to raise their voices in His praise.

Churches of all denominations will devote their services to the Christmas story and will open their doors to all worshippers this Christmas season.

COMMUNITY REFORMED

At the Community Reformed Church, the Rev. Charles A. Staples will speak on the subject "Upon his shoulder," at the morning worship service at 11 a.m. Sunday. The choir, under the direction of Mrs. John L. Boss, will sing the spiritual, "Mary Had a Baby."

BETHANY LUTHERAN

At the Bethany Lutheran Church Christmas will be observed at a worship service at 7:30 p.m. Monday.

The Sunday School will present its program immediately after the worship service.

On Sunday, the Rev. Richard Noltze of the Boyne City Church will conduct a worship service at 6 p.m.

FIRST METHODIST

Christmas at the First Methodist Church will begin with the presentation of a tableau of the Nativity Scene outside the main entrance of the church by the eighth grade Sunday School class.

The tableau, which attracted so much attention during the 1962 holiday season, will be presented between the hours of 7:30 and 8:30 p.m. Friday and Saturday evenings under the direction of Mrs. Joseph R. Williams. Christmas carols will be heard over the public address season during the period.

The cantata will be presented during the 11 a.m. worship service.

ST. MARY'S

Midnight Mass will usher in Christmas Day at St. Mary's Church.

Masses on Christmas Day are scheduled for 8 and 10 a.m. with the high school choir singing carols during the early Mass and the students from St. Mary's the carols during the 10 a.m. Mass.

The Rev. E. Francis Denay, pastor of the church, has announced the following schedule for confessions on Tuesday: 4- 5:30 p.m. and from 7 to 8 p.m.

BIBLE BAPTIST

Christmas at the Bible Baptist church will begin at 10 a.m. Sunday when the Sunday School will study the lesson "The Birth of a Saviour" and sing Christmas songs and choruses.

The pastor, the Rev. James Lugibihl, will deliver a message entitled "The Messiah Has Come" at the 11 a.m. worship service at which the youth choir will sing Christmas anthems.

The Sunday School will present a program at 7:30 p.m. Sunday entitled "The Gates of Heaven" under the direction of Mrs. Frank Pop and Mrs. Robert Olson with Ray Dickinson as narrator. Mrs. Anthony Dvoracek is the pianist.

CHURCH OF GOD

The program by the Sunday school of the Community Church of God will usher in the Christmas services at 7:30 p.m. tonight (Thursday). Under the direction of Mrs. Minort Veenstra, the program of drama, song and recitation will be followed by a treat for all boys and girls.

The Christmas message in sermon and song will be highlighted throughout the morning worship service at 11 a.m. Sunday with the pastor, the Rev. George L. Majors, speaking on the subject "More Room." The church choir under the direction of William Purdy will sing "O Holy Night" and "Christmas Joy."

At 7:30 p.m. Sunday, the young people of the church will present their Christmas play entitled "Christmas in the Cobbler's Shop" after which the youth will go caroling in the community.

CHRIST EPISCOPAL

The observance of Christmas at Christ Episcopal Church will begin Saturday and continue through Christmas Day, according to the vicar, Rev. Alexander Wood.

On Sunday the Church School will present its annual Christmas pageant at the church.

On Christmas Eve there will be a midnight Eucharist at 11 p.m. with a message by Rev. Wood. Special music will be presented by the choir.

Holy Communion will be offered at 10 a.m. on Christmas Day.

On Friday, Dec. 7, there will be also a Holy Communion at 10 a.m.

ASSEMBLY OF GOD

The Rev. Arthur A. Austin will deliver a message, entitled "These Times" at the 11 a.m. worship service in the Assembly of God Church Sunday. There will also be traditional music at this time as well as the 7:30 p.m. evening service. The theme of the Sunday School lesson will follow the Christmas story.

The Sunday school of the church will present its program at 7:30 p.m. Monday. It will feature a play "Mine Eyes Have Seen" and special musical numbers as well as drills and recitations by the children.

FIRST CONGREGATIONAL

Christmas Sunday, Dec. 22, 11 a.m., Christmas carols will be sung by the congregation of the First Congregational Church, accompanied by pipe organ music. At this service four choirs will sing.

Sunday evening at 7 p.m. the Church School Christmas program will be held in the sanctuary of the church, under the direction of Kay Fitch. There will be carols, recitations, and a drama "Faces Around the Manger." The Cherub Choir and Sanctuary Songsters will participate. At the close of the program Santa Claus will appear in the Friendship Hall.

Tuesday evening the traditional Christmas Eve candlelight service will be held in the sanctuary. Carols again will highlight the program, which reaches its climax as Christmas arrives at Midnight. This year's theme for the meditation, led by Rev. Harold E. Kohn will be "The Wistful Wonder of it All."

FIRST BAPTIST

The pastor of the First Baptist church, Rev. Jack Harris, has selected as his sermon topic "The Redeeming Light" when he appears in the pulpit at the 11 a.m. worship service Sunday. There will be special Christmas selections by the choir at this service.

Christmas will be the theme of the Sunday school program to be presented at 7:30 p.m. Sunday.

For the first time there will be brief worship service at the church at 10 a.m. on Christmas morning. The pastor will deliver a brief Christmas message and the choir will sing joyful Christmas anthems.

IRONTON CONGREGATIONAL

A sermon in the Christmas theme will be presented by the Rev. William Harmon at the 11 a.m. worship service at the Ironton Congregational church Sunday. Special music in keeping with the season will be presented by the choir.

At 7:30 p.m. Sunday the traditional Christmas Eve program will be combined with the annual Sunday School program with special music by both the adult and children's choir, a brief message, by Rev. Harmon and songs and recitations by the children of the Sunday School.

NORWOOD AND BARNARD METHODIST CHURCHES

The Rev. John Miller of East Jordan will deliver his Christmas message, "A Saviour is Born" at the Norwood Mission Church at 12 noon Sunday and at the Barnard Church at 2 p.m. the same day.

There will be special hymns and carols following the same theme at both services.

The Sunday school of the Norwood Church will present its Christmas program at 8 p.m. on Sunday evening, featuring songs and recitations.

Members of the mission churches are invited to attend the traditional Christmas Eve Candlelight service at the East Jordan Methodist church at 11 p.m. Tuesday. The Rev. Miller will deliver a message "The Star Still Shines" and the choir will sing appropriate Christmas anthems.

CHRISTIAN SCIENCE

The services at the Christian Science Church at 11 a.m. Sunday will be appropriate to the Christmas season with the lesson relating to the Christ Child. There also will be special music in keeping with the season.

Local Fishermen Clean Perch for "Fish Week"

FRESH CHARLEVOIX PERCH Charlevoix commercial fishermen clean fresh perch for city people who have responded to Mayor E. D. Hawley's "Fish Week" proclamation. Cleaning the large perch in the Cross Fisheries are, front to rear, Chum White, Jim Driggett and John Cross, Jr.

The perch are part of a 134 pound catch taken 24 miles out in Lake Michigan by Jake and Chum White and Driggett on the White boat. They were prepared and delivered by Cross.

A catch of white fish was also brought in for the City Council's official fish dinner Monday evening. The fishermen, however, report white fish are scattered and hard to catch. Though chubs are easy to get there is no market for them.

The four fishing boats that operate out of Charlevoix have been shut down along with the 18 men who man them, due to the botulism scare. (Courier Photo)

District Tournament Here in March

Classes C-D Will Clash In CHS Gym

By FRAN MARTIN
Staff Writer

Charlevoix has been selected as the site of a district tournament in which ten teams from Classes C and D will participate Mar. 3 through 7.

Class C teams assigned to this tournament are Boyne City, East Jordan, Harbor Springs, Petoskey St. Francis and the host team, Charlevoix.

* * *

ASSIGNED TO THE Class D tourney will be Bellaire, Central Lake, Ellsworth, Boyne Falls and Wolverine.

This will mark the second time since the new gymnasium was opened in September, 1961 that Charlevoix has been named as a district tournament site. At that time, March 1962, a Class C tournament was held here. This marks the first time a C-D tournament has been scheduled for Charlevoix.

Drawing will be held the last week in February.

At the same time it was announced Petoskey will host a Class B and D District tournament during the same dates.

CLASS B TEAMS assigned to this date are Rogers City, Cheboygan, Alpena Catholic and Petos

CHARLEVOIX COURIER
Editorial Page
COMMENT, OPINIONS, FACTS

Service Notice Editorial Policy Is Not Partisan

THERE HAVE BEEN SEVERAL rather nasty accusations lately that the "New Courier" is controlled by the Democratic party, or has overpowering sympathies in that direction.

Our first reaction was to ignore these suggestions; putting them down to the usual case of deflated ego that occurs when people suddenly find their personal opinions no longer dictate what is, and what is not, the truth.

However, on second thought, we decided it well to explain our position, in no uncertain terms, so that our many new and old friends will not be confused or taken in.

* * *

THE CHARLEVOIX COURIER'S editorial policy is not Democratic. No more than it is Republican.

All issues and candidates examined in these editorial columns are studied with impersonal eyes. The editorial writer's opinions as an individual citizen are not considered. Only the facts, as best we can determine them, are taken into account. This is the best any newspaper can do.

In the news columns we invite authoritative spokesmen on all sides of all issues to voice their opinions. We may agree, or disagree, with them. No matter. We guarantee they will be granted a full hearing.

If, which is often the case one side does not have much to say, and the other does, this is their weakness. Not ours. But keep in mind, failure to explain their position will be theirs, not ours.

* * *

AND, SINCE WE'RE ON THE subject, it should be pointed out we have not once been contacted by a spokesman for the Republican party. Perhaps this is because party leaders have nothing to say, or, maybe, they feel so sure of their position they don't think it is necessary to communicate with the public. Whatever the case, their views are welcome in our columns.

So that this subject does not need airing again, we should point out no civic, social or business group, or individual, has any control over the Courier. We are absolutely unhindered in calling the shots as we see them. If the subject is in the public interest, we will do just that.

We may be wrong at times. If so, you have ample opportunity through the "Letters to the Editor" column.

This editorial is in no way an attempt to censure those who accuse us of being controlled by one political party. They have a right to their opinion.

* * *

THEY MAY CALL US ANYTHING they choose, without ruffling our feathers. If the time ever comes when our conscience is no longer clear, then we'll get touchy about people calling us names. Until then, fire away.

Wide Open City Election Urged

IT APPEARS AT THIS time that a great disservice may be in the offing in the 1964 City of Charlevoix elections. If, as we firmly believe, powerful local control is the mainstay of our unique form of government, this must be demonstrated through active "citizen participation" (to borrow a phrase) in city and county government.

Unless there is a last minute flurry to enter petitions in the primary election, there will be a noticeable lack of persons actively taking part in city affairs when the polls open Feb. 17.

To date we do not even find evidence that all incumbents will run for re-election.

* * *

WE DOUBT, HOWEVER, THAT there will be a insufficient candidates for the offices open. It is more likely there will be just enough, with perhaps a handful of challengers.

Rather than this we would diagnose the local scene as being healthy if a wide array of individuals threw their hat in the ring — from both the Democratic and Republican parties. And, to go a step further, the trend for Democrats and hide behind a Republican label can only be considered deceitful.

There is room anywhere in the United States for both Democrats and Republicans on the ballot. There have to be losers. Persons sincerely interested in good government will have accomplished their goal if they do no more than force other candidates, and the public, to face up to the issues and take an interest in city affairs.

Of course, political strongmen are right when they argue government becomes harder to manage and unwieldy when too many people start sticking their nose in. However, their point goes over better in countries where government is only "of the people" and not "for and by the people."

* * *

DEMOCRACY, ADMITTEDLY, CANNOT be run like a factory where efficiency is the uppermost objective.

When people no longer insist on fulfilling their responsibility in participating in local government, that dreaded efficiency is much nearer to reality. And government "for, by and of the people" has lost an important round.

Our prompting for more people to enter the upcoming election — for which petitions must be filed by Dec. 30 — is in no way a reflection of our regard for present officials. The incumbents may be re-elected. It is by no means our objective here to put a damper on their chances, . . . if they choose to run.

But we would like to feel the people of Charlevoix will not be slighted by lack of a wide enough choice of candidates.

IT IS EVERW CITIEN'S privilege and RESPONSIBILITY to participate in government. Not all can run for office. But there are many more than do, who should. And when they don't, they're letting us all down.

Lift for Living

By Rev. H. E. KOHN

Life's least important activity is often noisiest and its most significant activity is frequently quietest. From where I sit just now I can hear a clock tick and a dog bark. In the far distance a freight train rumbles down icy tracks.

At the same moment, from this desk I can see, but not hear, the waters of Lake Charlevoix lying serene beneath the wintry heavens, snowflakes drifting lazily toward the earth, and sunlight struggling through leaden, overcast skies.

* * *

THE NOISY THINGS in my environment are far less meaningful than the quiet ones. The clock is not as important for its rhythmical boasts suggest. The clock cannot "give the time;" it but measures time. Our time is a gift from above, and not from clocks.

* * *

The most elementary matters are nearly always quiet. Water, like that in our neighboring lake, is a mighty motor pervading all of life. Where water is noisy it is least necessary, as when it tumbles over rocks and cascades down falls.

But where water is silent it is most significant, as when it is swallowed by thirsty soil and avidly absorbed by dry roots, where it oozes into springs and wells, where it is commingled with other components of man's blood and mixed into the tissues of every living creature.

Snow falls with no discernible sound, bringing with it from above such fertile elements as nitrogen and sulfur. It is gentler than pattering rain, less erosive to the soil. Snow insulates some of earth's crops against winter's frost. And all snow's gifts are given silently.

* * *

SILENT SUNLIGHT sifts down through millions of miles of space before it graces the earth.

All man's loud implements and the sound of man's exertions make it seem as if our inventive ingenuity and our efforts are the most meaningful elements of our existence. But we would be helpless without the beneficency of silent powers that ceaselessly work on our behalf.

The Christmas story reminds us that real spiritual power is found in life's quiet happenings.

See the sharp contrast between the silent and the noisy elements in the Nativity story. Saint Luke tells how Mary "brought forth her first-born son, and wrapped him in swaddling clothes and laid him in a manger, because there was no room for them in the inn."

A CROWDED INN IS a clamorous place, but little of lasting worth happened there that night. But in the stable where all was quiet, save for the gentle breathing of the cattle and the tender whisperings of Mary and Joseph, history was being recast. There was power in the quietness.

Any casual observer in Palestine on the first Christmas night would have said that the real might of the world was represented by Emperor Caesar Augustus and his soldiers, by the thunder of horses' hoofs and the clatter of chariot wheels as the militant hosts of the Roman Empire rode through Palestinian streets. But all of this was an attention-getting, noisy show that would soon be over. Real, durable power lay quietly in a manger.

It is still true that power and quietness belong together. Spiritually, we move farther forward in a moment of reverent stillness than we ever can in frantic haste, and we are never so much alive as when bowed motionless in silent awe before our God.

Noisy babblers and constant chatterers seldom inspire us. The people who have the best effect upon us influence us quietly, more through the inaudible testimony of what they are than through anything they say. They possess more power in their silences than others do in loud exhortations and unsought advice.

* * *

THE QUIET ACTS OF God and the frantic business of men are still starkly contrasted, and God's wondrous workings and the eternal values are missed amidst the noises of our hectic haste. Only those who, like ancient shepherds, are familiar with silence will hear messages from Above. Today's wise men, like those of yore, free themselves from life's fuss and fretfulness and find God performing wonders in quiet places.

God's wondrous gifts are silently given. Learn to be still.

The basketball season's hardly started and here I am wishing your lives away, shroot . . . That is, I'm about to mention the basketball tournaments were to get in March. . .You can go basket balling to your heart's content. . .

Basketball brings to mind this little incident that Mrs. Clarence Robach overheard at last week's game. . .Two little boys sitting in front of her were watching the game with great interest when a foul was called on the visiting team and one of our boys went to the free throw line. . . The announcer at the mike announced that it was a one and one situation . . . that is, four fouls had already been called on the team in that half so if the player made the first shot, he would get a bonus shot . . . He missed the first shot so didn't get a second try which didn't make sense to the little spectator who said as much in these words "I thought one and one made two?"

A note from Mrs. Ken Forbes asking me to relay to the proper people a big thank you for the job they did on cleaning up acertain place in the 1000 block on May st. . I did a bit of checking and found the good Samaritan was Martin Elzinga. . . who decided it was about time someone did something so went about the business of doing what had to be done. . .So, from Mrs. Forbes and all the other residents of the neighborhood a "well done" and thank you.

Improves Slopes

TO THE EDITOR:

Upon reading your proposal of Charlevoix having a Winter Carnival, I was surprised that no mention was given to the Mt. McSauba Ski Club located in Charlevoix as being a participant in this. Knowing you are new in the community, it is possible that no one had informed you of our wonderful ski hills here.

Mt. McSauba Ski Club is a non-profit organization and has benefited many adults and children of this area. The rates are low, providing enthusiasts enjoyment throughout a good part of the winter. In the past two years a great deal of improvement has been done, giving the skier two new slopes. Last year a new slope was added to the northwest for the more advanced skier. This spring a new slope was provided to the west which should give a great deal of variety in that it is for the beginner, intermediate, and advanced skier with new tows for all. A new rope tow was also installed. This fall a larger snow-traveler was purchased for the use of packing the hills.

* * *

EVERY WINTER the Kiwanis sponsors a party for the children with races and refreshments. They also sponsor free lessons for the children of the surrounding area. Many townspeople have donated their time and efforts to the betterment of Mt. McSauba.

It certainly seems to me that the local ski club should not be forgotten. It attracts many people from out of town, helping our local businesses and providing a wonderful sport for the children and adults of the community. Let's not forget it and all the hard work by many people that has gone into the making of it. I propose let's give Mt. McSauba a boost. With its new slope it is equal to many of the better known ski areas near here.

CHARLEVOIX CITY FATHERS can indeed be proud of the holiday dress they have given the downtown business district.

Nowhere else in Northern Michigan is there a town that can come near matching the city's Christmas decorations. Even our big neighbor to the north looks like a pauper when compared to Charlevoix.

* * *

WHILE ENJOYING THE YULETIDE finery of Bridge St., remember, Boy Scouts and Sea Scouts lent a hand by decorating the light poles.

We should think a local photographer would do well to get a night picture in color and offer it on a postcard. That way we could all boast to outsiders about our town.

CHS Tops Grayling

The Charlevoix Raylers had trouble finding the range when they were against Grayling on the local hardwoods Friday.

It was not until the final three minutes of play that the local lads pulled the game out of the fire for a 51-50 victory.

* * *

AS THE GAME WENT into the final period, the Raylers were down three points, 40-37, after having trailed 17-5 at the quarter and 26-18 at halftime.

As time was running out, Gary Stutzman dropped in two gift shots to knot the score, 46-all at 2:59.

With 2:32 remaining, Warren Belding shot over the Viking zone defense to put the Raylers ahead for the first time in the game. With 1½ minutes remaining, he hit for the second long shot to give the local quintet a little lead after Grayling's Terry Smith had muffed two chances at the free throw line.

The Vikings then cut the lead to two points at the free throw line before Stutzman, with 11 seconds remaining, gave the Raylers a three point lead. The Vikings countered with a field goal at the final whistle as the Raylers racked up the last minute win.

* * *

THE VIKINGS, WITH their sights on a win, jumped into an early lead which they held 17-5 at the quarter and 26-18 at halftime.

As the second half got underway the Raylers managed to trim the Viking lead to three points as the game went into the final eight minutes.

Starting for Charlevoix were Kroken who had six points for the game, Doug Winnell who had one; Dave Norton, seven, Del Terrill, eight; Dave Smith, two. Others were Ken Parrish, 10; who has been slowed by a bad ankle; Stutzman, 13; Belding, four.

Also seeing action were Pete Auce, Don Smith and John Bleha.

* * *

THE TEAM WAS without the services of Jim and Jack Uhrick. Terry Smith paced the Vikings with 15 points followed by Bill Jo seph with 12.

The Raylers will return to the hardwoods Friday, Dec. 27 when they host Petoskey in the traditional holiday game, being held here for the first time.

Cagers Get Yule Rest

Only one game is on tap this week after all other squads in the loop wrapped up their pre-holiday schedules Tuesday.

This one game will feature Pellston at Harbor Springs in an all-out battle for second place in loop standings.

* * *

THEY PRESENTLY share not only a 2-1 record, but the distinction of defeating their recent opponents, Boyne City and East Jordan, by identical scores of 83-66.

Earlier, Harbor Springs had dropped their opener to Charlevoix (85-82) and the Hornets their first game to the other league leader, Gaylord (75-67).

Since then the Rams have defeated Grayling (64-55) and Pellston has won over Mancelona (57-51).

The Hornets have far more depth than the Rams, though the latter does boast a smooth operating starting five whose scoring talents are well divided. This is expected to be a close game with the outcome a toss up as the defending champions go against each other.

* * *

IN OTHER GAMES Friday night Gaylord rolled over Mancelona 73-56 after leading all the way. Four Blue Devils hit double figures including Tom Lick with 24 points; Ron Snell with 17; Jim Jenkins ing starting five whose scoring talents are well divided. This is expected to be a close game with the outcome a toss up as the defending champions go against each other.

* * *

IN OTHER GAMES Friday night Gaylord rolled over Mancelona 73-56 after leading all the way. Four Blue Devils hit double figures including Tom Lick with 24 points; Ron Snell with 17; Jim Jenkins with 12 and Don Fitzek with 11. Pat Dutcher had 23, Dave Proudden 13 and Barry Moeke 10 for Mancelona.

Elsewhere, George Lauer paced the Rams to victory over East Jordan with 29 points as the Rams roared to victory over the Red Devils. Jerry Burns had 18 and Mike Lauer 13. Mark Bell had 27 and Tom Drenth 10 for the Jordanites.

At Pellston the game was equally as decisive but here the Hornets won from the free throw line where they connected on 27 of 35 free throws while scoring only 28 field goals to the Ramblers' 30.

However, Boyne City scored only on 28 of 75 attempts while having 24 personal fouls called on them. Ed Clear came through with 26 points followed by Chuck Clear with 17 and Don Lawrence with 16 for the Hornets. Jim Mulcahy had 24 and Tom Sproull 12 for the Ramblers.

BUS DRIVING VETERAN Martin Elzinga, Charlevoix Public School bus manager, prepares to make another trip. Elzinga has been driving school buses for 19 years without an accident. He and another driver log more than 73,000 miles annually. **(Courier Photo)**

FOR SCHOOL STUDENTS

73,360 Mile Bus Ride

Charlevoix school bus drivers transported students 73,360 miles annually.

A year-end report to Charlevoix Public Schools on transportation costs and statistics was prepared last week by Supt. Rex Milligan for the Board of Education.

THIS YEAR'S TOTAL budget for transportation services is $28,851. The state will pay approximately $15,500 of this.

Buses travel 156 miles daily, transporting 588 students to and from school.

Milligan pointed out state travel aid is not paid on 55 of the students because they live too close to school. Student must live more than 1½ miles from school to be eligible for state aid, he explained.

The state, the superintendent told board members, pays 20 cents per mile for qualified students riding the bus.

However, he added, numerous other factors enter into the formula for figuring the state's support of school bus costs. Included are insurance costs, driver education and capital outlay allowance.

* * *

THIS YEAR'S BUDGET for transportation includes $13,770 for salaries, $6,700 for supplies, $3,400 for gasoline, grease and oil, $3,300 for other supplies and $7,500 for replacement.

Martin Elzinga is bus manager. He is responsible for bus schedules and condition of buses. The school uses eight buses on regular routes and has two spares.

Bus drivers are Joe Martincheck Jr., William Marme, Albert Thorpe, John Martin, Dick Smith, Louis Hahns and Ken Sweet.

IT HAPPENED ON . . .

Beaver Island

By MARION MARTIN

Ruth Colby left a week ago for her home in Ada where she will spend the winter.

Beaver Island Coast Guard Mooring Station closed Dec. 1.

Mrs. Dick Martin and her son John spent several days in Ada.

Mr. and Mrs. Frank Neon left Tuesday for their home in Detroit for the winter.

Judy LaFreniere, Gale Dilling, Jim and Kevin McDonough kept dental appointments in Traverse City this past week.

Mr. and Mrs. Frank O'Donnell and her mother, Mrs. May V. McDonough, left Dec. 13 for Grand Rapids to spend the holiday season. Frank and Nellie will go to Detroit and Chicago for the winter. Their son Richie O'Donnell met them in Charlevoix and took them to Grand Rapids.

Mrs. Bert McDonough was in Charlevoix with her son and daughter-in-law, Mr. and Mrs. Don McDonough for a few days.

Doctor and Mrs. Howard Haynes spent this past week on the mainland.

Art Oberly left for his home in Pontiac.

Charlie Martin spent a few days in Charlevoix.

Richie Napout went to Charlevoix Dec. 9, to re-enlist in the armed services. He returned here Tuesday to wait for word to be called.

Mr. and Mrs. Don Burke have returned to their home here.

Mr. and Mrs. Ted Hine left December 6 for their home in Bay City.

The 1963 deer season was a success again this year as the percentage of hunter success topped the state. Vernon Fitzpatrick, our Conservation Officer, reports the following totals: 65 adult bucks, 41 adult does, 23 buck fawns and 20 doe fawns making a total of 149. 345 hunters were in the woods making the hunter success 43 percent. The largest buck taken weighed 202 pounds and had a ten point rack. This was killed by Ronald A. Scott, of Ada, Mich. Perry Gatfill won the Game Club prize for the largest trout caught on Beaver Island. Perry caught his prize in Fox Lake and it weighed 1 lb. 4 ounces.

May Jordon, the State of Pennsylvania Women's Bowling champion visited Sister Eiyhous the week of Dec. 2 and also gave a talk on the game of bowling, its rules and procedures to the pupils of Beaver Island school.

Bob Weaver of Traverse City won the Portable tape recorder given away by the Juniors of Beaver Island High School.

...each crumb!

...is precious but who among us needs the whole loaf? Bread is vital but perhaps we should NOT live only to eat. We are invited to break the bread as Jesus broke it and the Great Baker stored the earth with plenty for all. *Woe be it to the selfish hand who holds the knife and cuts the slices thin.* We are told to beware of him who withholds corn, for the people shall curse him. Our body is of the earth and must be fed from the earth. But the soul is of Heaven and must be fed with Heavenly bread. Then let us worship in church this week and pray to God to, *"Give us this day our daily bread."*

Fear Same As on First Christmas

His Message as Important To Charlevoix as Holy Land

By REV. ALEXANDER WOOD
Vicar, Christ Episcopal Church

REV. JACK HARRIS
Pastor, First Baptist Church

Christmas marks a momentus event at a special time in History the coming of a King not with the force of arms or the trappings of an earthly monarch but with the earth-shaking humility, concern, and love of a babe born of Mary in Bethlehem of Judaea. Here in Bethlehem God gave to all the world the privilege of its greatest spiritual opportunity. We celebrate the birthday of the King of Kings.

God so loved the world that He sent His Son as our free gift that in Jesus Christ we might know what is our true freedom and righteousness.

While Christ's birth is indeed important, yet, let us remember this event was one of many in our Lord's life. His ministry and gospel of restoring man from sin back to God — His Crucifixion of love and sacrifice to redeem all people — and finally, His greatest triumph His Resurrection which assures us of His living presence — here, now, and forever — all these highlights of our Lord's life are tied together as we celebrate the birthday of Jesus Christ, the Saviour of the world.

We think of the age in which Jesus lived as vastly different from ours. However, there were a number of factors that bear a striking similarity.

In the minds and hearts of the citizens of Palestine there was fear, greed, hate, and despair. As one of our Christmas hymns expresses it—"The hopes and fears of all the years—Are met in thee tonight."

Is our world so different? It too is full of greed, hate, and despair as we see it evidenced in our every day life. But then thru the darkness of our ignorance, sin and stupidity God in His constant concern for us, as He did 2,000 years ago, brings us the eternal glad tidings, the good news of His Son coming to us that in Him we might see that light that lighteth all mankind. From the manger of Bethlehem there comes to us the challenge to live at the highest of our Divine and spiritual power. Again our hopes and fears are met in Him.

Down thru the ages the birth of our Lord has not been an isolated event. The observance of His birth has been enshrined in the beauty and inspiration of the awe and majesty of worship. Throughout the length and breadth of our nation and nations around the world Jesus Christ will be the focal point of adoration. We in Charlevoix, in our own churches will join with millions of others in giving the Prince of Peace and the author of our salvation grateful adoration, loyalty and devotion.

As David H. Wallace in his article in the magazine — Christianity Today — says: "Indeed, joy, thanksgiving, and praise are the hallmark of the Biblical account of the birth of Jesus of Nazareth. The response of Mary must be the response of the entire Church to the good news of the birth of the Christ child. "My soul magnifies the Lord, and my spirit rejoices in God my Saviour."

Christmas is no ordinary event, rather as A. Leonard Griffith minister of the City Temple in London writes in his book "Barriers to Christian Belief" " Christmas - in particular, celebrates — the tremendous and staggering truth of the Nicene Creed which asserts that Jesus Christ, born in a Bethlehem stable under the Judean night sky, was "begotten of his Father before all worlds, God of God, Light of Light, Very God of Very God — of one substance with the Father." The Apostle Paul expressed it more simply when he wrote to the Corinthians, "God was in Christ."

THIS SCENE, depicting Christ's humble birth, will be re-enacted and displayed in by children throughout the nation and displayed in hundreds of Charlevoix homes.

Shepherds Received Word Of Birth for all Workers

By Fr. E. F. DENAY
St. Mary's Church

The word shepherd portrays the picture of a lowly race of men whose work is to lead their flocks by day and watch over them by night.

In biblical times shepherding was the main source of livelihood. So consequently, in our day, shepherds would be the millions of men and women in our nation and throughout the world who work, shepherd by night and days, to earn a living. In ancient days shepherds spent long and mournful years watching their flocks, wondering if this was the ultimate goal of their life's dreaming that perhaps this hard, wearing work would someday end.

When suddenly an angel of the Lord came and said to them: Do not be afraid; behold, the news I bring you is good news of great rejoicing for all the people. This day in the city of David, a Savior has been born for you, Who is Christ the Lord."

After the angels had left the shepherds said to one another: "Come, let us go to Bethlehem and see for ourselves this event which has been made known to us. And so they went with haste and found Mary and Joseph there, with the Child lying in the manger. Rejoicing, they went home, giving praise to God. In finding Christ they found purpose in life. They knew "the Lamb of God Who takes away the sin of the world." They found the Good Shepherd, Who by His birth, life and death gives to all men the only secure hope of eternal life.

Of old, Christ was born in Bethlehem which means "the city of bread." Down the ages, today and until the end of time the Altar is Bethlehem where the living Christ becomes present under the form of bread. Hence for Catholics every day is Christmas, for the Mass in their churches is a daily occurence. The Holy Eucharist is Christ living among us. And if you consider the Church the world over, thousands of Masses are being said every hour; Christmas is perpetual. The Mass follows the sun, it is ALWAYS shining in the hearts of men, . . somewhere.

The parish Church is the Holy Land.

The altar is Bethlehem where Christ is born DAILY.

The Corporal is the swaddling clothes.

The Chalice and Ciborium is the manger.

The tabernacle is the cave, clean and neat. The Savior dwells here for every sector of mankind. Literally He dwells here unceasingly, concealed under the form of Bread to be the Divine food of our souls. For did He not say: "I am the living bread come down from heaven"? Did He not say: "He who eats this Bread shall live forever"?

This Christmas, in the spirit of humble shepherds, let us receive Christ — the Living Bread. We are His sheep. He is the Divine Shepherd of all men. And all who receive Him, He will feed them and bring them safely into the sheepfold of Heaven — the ultimate goal of life.

Beauty Graces Story

By REV. GEORGE L. MAJORS
Community Church of God

The infant Jesus, cradled in his mother's arms, is a familiar scene gracing many homes at Christmas time. It is a picture of tenderness and brings to mind the miracle of the connection with Jesus' birth.

Seven hundred years before His birth, the Prophet Isaiah said, "For He shall grow up before Him as a tender plant, and as a root out of dry ground." He hath no form nor comeliness; and when we shall see Him, there is no beauty that we should desire Him—Isaiah 53:2. These words of prophecy are part of a host of marvelously fulfilled predictions that surround the miraculous birth of Jesus like golden filigree enhancing a sparkling gem.

Hundreds of years before His coming prophets described it in detail. Micah placed his finger upon the little Judean town of Bethlehem, as the exact place of Jesus' birth—Micah 5:2. Daniel pointed out the time of his birth. Daniel 9:25, while elsewhere in the Old Testament his lineage is described. He would be a Seed of a woman - Born of a virgin - Isiah 7:14. Genesis 3:15, the promised Seed of Abraham - Genesis 18:18, the promised Seed of Isaac - Genesis 17:19, the promised Seed of Jacob - Numbers 24:17, a descendant from the Tribe of Judah. Genesis 49:10 and an Heir to the throne of David - Isaiah 9:7.

The 53rd chapter of the Book of Isaiah is an amazingly accurate review of the life of Jesus. Although written hundreds of years before his coming, it describes perfectly His manner of birth, His nature, His reception, His mission, and His crucifixion. Isaiah said, "For He shall grow up before Him as a tender plant, and as a root out of dry ground." "A tender plant" perfectly describes the infant Jesus, and a "root" pressing its way up out of "dry ground" fitting depicts adverse circumstances and oppositions Jesus faced from the beginning. With no place to go a crude stable afforded the only accommodation for his entrance into earth. And soon the family was forced to flee to Egypt to escape the sword of a jealous ruler. He was indeed, "without," form or comliness". There was nothing about the outward appearance of Jesus that would suggest that He was a king. He possessed none of the regal "splendor of a prince, yet the prophet says of Him, "and when we shall see Him, there is no beauty that we should desire of Him". The true beauty of Jesus is an inner beauty, the beauty of the real person, Himself. His gentleness, His goodness, His patience, His forgiving spirit, His love, His courage, His meekness, His straightforwardness, His dedication, His compassion, His divine nature as the Son of God, and His supreme sacrifice for our sins. The true beauty of Christmas is reported in Christ. "For God so loved the world that He gave His only begotten Son, that whosoever believeth on Him should not perish, but have everlasting life." John 3:16.

Wise Men Responded To Call

By REV. ARTHUR AUSTIN
Assembly of God Church

Let us consider why these men were wise. First it was because they came. Many today will not come. They are not willing to let Jesus have control of their lives.

Jesus invites all to come, telling the sinner that as he repents that he will find forgiveness of sins, promising rest to the heavy laden and the invitation is to whosoever will, yet many will not come.

They were also wise because of WHY they came. They came to worship. What is our purpose if we come to Him? To get what we can from Him, or is it to ADORE, GLORIFY and WORSHIP Him? Jesus once spoke of a crowd that followed Him for the loaves and fishes. Some today follow for reasons of business, community standings, etc. What a real mistake this is. Let us adore Him, not just at Christmas but throughout the entire year.

Third they gave him gifts. They showed their love in a practical way, perhaps providing wealth for the sojourn in Egypt. They made provision for the work of God.

They were also wise because they were obedient to the command of God. They did not obey Herod because of a higher voice of command. Are we willing today to be wise as they were, to stand for God whatever the circumstances? We can't you know, it Ae will.

Christmas Also Big Day in Other Lands

By REV. A. ROBERT HARRISON
First Congregational Church

Christmas celebrations in Uruguay and Holland were recently discussed in interviews with local foreign exchange students, Ria Krouze of Groningen, Holland and Selene Soler of Montevideo, Uruguay, who are in Charlevoix under the auspices of the Youth for Understanding program. The following paragraphs describe a few of their native customs pertaining to the Yuletide period of the year.

In Uruguay, shapely evergreen trees, decorated with colorful balls, tufts of cotton to represent snow, and vari-colored lights can be observed in the homes. "Papa Noel" is their Santa Claus who comes every Christmas Eve with his reindeer and sleight loaded with gifts for the good little girls and boys. The gifts are simple and inexpensive.

The principle events that take place Dec. 24 begin with the exchange of presents. This is followed by a feast in which some kind of beef is served with side dishes. These include almonds and nuts but no sweets. The sacred service of worship is held at Midnight, the time of the Saviour's birth. The rest of the day is available for relaxation. Many go to the beach when the sun has made it comfortable to swim.

January 5 is the date set aside to commemorate the arrival of the Wise Men from the East. The night before, the children arrange their shoes outside their bedroom doors, filled with waste with which the Magis' camels may stake their thirst. The next morning, the boys and girls receive the more elaborate presents.

In Holland, stately evergreen trees are used as the central feature of decoration as in many other lands. These are covered with ornaments of all kinds and brilliant colored lights. They use no artificial trees in the homes but some can be seen in stores.

An exchange of simple gifts takes place December 5th. For several nights previous to that date the small boys and girls put their shoes beside the stove and beside them are vessels of water carrots and hay that are provided for the white horse ridden by "Sinterklaas" (the Spanish Santa) who is rich and wears a red flowing

Our Servicemen Dream of Home on Christmas Day

By REV. R. J. McBRATNIE
First Methodist Church

Christmas is a family festivity whether we are in our home land or in a faraway place. "This" is so well expressed in the poem, "Home For Christmas," by Solveig Paulson Russell:

All hearts go home for Christmas
No matter where they are.
They follow back in memory,
Led by the Christmas Star.
They dream of days of Christmas
They knew when they were young.

In memory they hear again
The family carols sung
And see dear faces smiling,
And feel the tender care
Of those they love about them
Abundant—everywhere.

All hearts go home for Christmas
In Little secret ways.
They find the path—remembered

The joys of yeste days.

We relate in brief the experience of an American family in the far away land of Japan. John and Mary with their two children, Cindy and Randy were to spend Christmas in a foreign land 6,000 miles from their home in California. John had been assigned to the U.S. Air Force Base near Tokyo. Mary had never felt so alone on Christmas Eve, because as recently snow had into the little house, there had been no time at all for Christmas decorations—not even a Christmas tree. After the evening meal John had gone into the Base Exchange Store to do some last minute shopping and Mary busied herself in the dinner dishes. After completing her household duties, she sat down and read a bedtime Christmas story to Cindy and Randy entitled, "The Night Before Christmas." With a hug and a kiss and a word of assurance to each child that Christmas would hold something special for them she tucked them into their bed.

As Mary sat beside the little heating stove waiting for John to return from shopping, her mind turned back to her family and friends in California. They are probably sitting around their Christmas tree singing carols. She said; then suddenly her thoughts were interrupted, as John burst into the house a Christmas tree in one hand and a sack of toys in the other.

"Merry Christmas darling," he shouted, "I've brought you company." Suddenly the little house was changed from a place of quiet and cold to one of warmth and cheer; for in came several little Japanese children, all singing and saying, "Omedeto Gozaimasu"—"Merry Christmas."

John explained that the children were carolers from the Christian Mission at nearby Akashima.

Cindy and Randy were awakened by now, and came running out to join the carolers in singing, "O Little Town of Bethlehem, Silent Night, Joy To The World and Hark The Herald Angels Sing." As John and Mary watched the happy faces of these Japanese children singing these Christmas carols, first in their own native tongue and then in accented English, a sense of warmth and happiness went through their hearts.

Our American family went to bed that Christmas Eve with the realization that the Spirit of Christmas for a family does not depend on being in any one place. Christmas will always be a time to rest with whether we are at home in America or abroad in Japan.

The spirit of Christmas can be a blessing in your heart.

Atomic Age Man No Different Than Predecessor

By REV. CHARLES E. STOPPELS
Community Reformed Church

Recently I heard this question asked over the radio, "How would you describe the Atomic Age man?" It would be a good idea if the Bible were brought up to date. But the Bible was written over 1900 years ago!

I would answer this question as God answered Joseph — "You shall call his name Jesus for He will save his people from their sins."

The man of the Atomic Age is no different than the man of any other age. He is in desperate need of salvation. There is none righteous, no, not one. For all have sinned and fallen short of the glory of God.

Unless the Atomic Age man finds [illegible] of Bethlehem Christ [illegible] of God little, but a person, [illegible]

Early Deadline

The Charlevoix Couriers second early deadline edition in two weeks will be published next week.

The New Year's edition of the Courier will be in the mail, as usual, Thursday. However, it will be printed Tuesday so staff members can be home with their families on New Year's day.

Deadline for all news and advertising will be Friday noon.

Rayders Host Petoskey In Classic Area Rivalry

The Charlevoix Rayders will host the Petoskey Northmen at the local gym tomorrow (Friday) night in the second of the annual mid-holiday series.

The match marks the first time in the history of the series that the first game has been played away from Charlevoix.

* * *

THE SERIES, which dates back many years, is an old rivalry that has never dimmed.

At the present time, the Northmen are a couple games "up" on the Rayders who dominated the series until the past three years.

Last season Charlevoix dropped both games to a strong Northmen squad. Thus, this first meeting is expected to be a battle all the way as the Rayders go out to avenge those losses.

As the teams go into the game, Petoskey has a 2-3 record while the Rayders have a 4-0 record.

* * *

COACH BOB CLARK is expected to start Fred Rice, junior center who is 6-5; forward, Gale Sheldon and Jim Concannon and guards, Vic McPhee and Ron Clancy.

Rayder Coach Don Carey has not named his starters but the line-up will likely include Ken Parrish, Bruce Kroken or Gary Stutzman in the front court; Dave Norton at center and Del Terrill, Jim Uhrick or Warren Belding in the back court.

Order 6 to Take Draft Physicals

Six Charlevoix County men will be called for pre-induction physical examinations Jan. 9, Mrs. Mary Bourgoin, draft board clerk, announced.

They are: Rodney Richardson and E. Ralph Brack of Charlevoix, Michael O. Herington, former Charlevoixan now living in Monterey Park, Calif., Willard E. Patton of East Jordan, Donald L. Eggert of Boyne City and Mr. John F. Howard of Boyne Falls.

There will be no draft call for January.

Legion Women At Yule Fete

The American Legion Auxiliary gathered at the home of Mrs. William Flynn recently for its annual Christmas party and December meeting. Mrs. Maurice Dixon was co-hostess.

The group addressed and signed Christmas greetings to out-of-town members and Mrs. Leo Allard and Mrs. Edgar Smith were named to take care of Christmas baskets and gifts for shut-ins.

* *

MRS. LEO ALLARD reported on the gifts taken to Grandvue Medical Center by her committee composed of Mrs. Richard Wertel, Mrs. George Hallam and Mrs. George Shearer.

Mrs. John Johnson presented a report on the recent district meeting in Petoskey attended by Mrs. Hallam, Mrs. Hazel Miller, Mrs. Martin Pedersen, Mrs. Emerson Hull, Mrs. Smith, Mrs. Allard and Mrs. Johnson.

At the social hour that followed, members exchanged Christmas gifts which had been placed under a lighted Christmas tree and enjoyed refreshments served by the two junior members, Julie Dixon and Marylou Wertel.

Less than Week to Enter City Election

Deputy City Clerk Herbert Counsell Monday morning announced the City is still without candidate petitions for one supervisor and justice of peace.

No one has yet filed a nominating petition for supervisor in the first ward or the unexpired justice of peace term.

* * *

ALL CANDIDATES who have submitted nominating petitions for the Feb. 17 City primary election have filed as Republicans.

Persons have until Monday, Dec 30, to file nominating petitions, which are available at the City Clerk's office.

As of Monday morning none of the three incumbent Aldermen whose terms expire had asked for reelection and only Third Ward supervisor Harry Gebeau had put his name back in the race.

Harold Totten filed a petition for the second ward supervisor's seat, left empty with the recent death of John A. Uhrick. Speculation is Totten will be appointed by Mayor E. D. Hawley, to fill the post until the April election.

ALDERMEN WHO have not filed for re-election are William Fochtman, first ward; Kenneth Staley, second ward, and Jack Grubaugh, third ward.

First ward supervisor Kit Carson is expected to file for re-election, but had not Monday.

Other incumbents who have filed for re-election are Mayor Hawley, Clerk Hugh Mayne and Treasurer Annabelle Cunningham. No one has filed to oppose them.

A contest appears in the making only in the third ward, where Dan Whitley and Delbert E. Terrill have filed petitions for alderman. H. A. Forbrig has filed for alderman in the first ward, and Walter Holtrop in the second.

Two Die in Area Tragedy

ELLSWORTH — Injuries received when they were struck by a Greyhound bus as they left the Atwood Christian Reformed Church Wednesday evening have taken the lives of two area residents, Mrs. Edwin (Wanda) Dreuth, 20, of this community and Norma DeYoung, 18, of RR 1 Charlevoix.

Mrs. Dreuth died Thursday evening and Miss DeYoung Sunday evening.

* * *

THE PAIR WAS leaving the church located on US 31 at Atwood after attending a Christmas program and were walking south along the roadway when they were struck by a northbound bus driven by Henry Keeler, 58, of Muskegon as the bus passed another car on the slippery snow-covered highway. It was snowing at the time according to Antrim county sheriff's officers.

Funeral services for Mrs. Dreuth were held Monday at the Atwood Christian Reformed Church with the Rev. Alvin VanderGriend officiating. Burial was in Atwood cemetery.

Born at Atwood July 15, 1943, the former Wanda Doctor was a graduate of the Ellsworth High School.

Besides her husband, she is survived by a son, Steven, 22 months, at home; her parents, Mr. and Mrs. Paul Doctor of Atwood; a brother, Bert, also of Atwood, and a sister, Mrs. Fenton (Marguerite) Dennis of Alma.

FUNERAL SERVICES for Miss DeYoung had not been completed Monday. The body is at the Hastings Funeral Home.

The daughter of Mr. and Mrs. Bernie DeYoung, Miss DeYoung was a graduate of the Ellsworth High School and was employed in the office at Columbia Foods Inc.

Both were members of the Atwood Christian Reformed Church.

Besides her parents, she is survived by two brothers, Henry, a student at Michigan State University, and John at home; five sisters, Mrs. Robert (Charlene) VanHoven of Grand Rapids, Esther, Doris, Helen and Karen, at home and her paternal grandmother, Mrs. Elizabeth DeYoung of Ellsworth.

Pellston, Gaylord Tied for 2nd Place

The Pellston Hornets, defending champions of the Northern Michigan Class C League with Harbor Springs, knocked off the Rams 65-58 Friday night to move into a second place tie with Gaylord as league teams wrapped up their pre-holiday obligations.

The Hornets had no trouble with the Rams after taking a 13-8 first period lead which the Rams after were never able to overcome. Pellston poured in 22 points in a red-hot second period to take over 35-19 at halftime and 47-36 going into the final period.

* * *

MIKE THOMPSON paced the game with 18 points followed by Bob Shier with 13. Ed Clear with 12 and Doug Lovaasen and Chub Clear with 11 points each.

Dave Winegarden and Mike Lauer shared scoring honors with 15 each and George Lauer had 14 for the Rams.

The Pellston J-V racked up a 56-34 win over the Harbor Reserves.

Sensible Shopping is Topic

By CLARE BROWN
County Home Economist

When is a bargain a bargain? Have you often wondered whether you made a wise purchase? "Saving with Sense at Sales" is the study topic for the Charlevoix Extension Clubs this month. These ladies should be wiser shoppers in the months ahead.

The Extension Club leaders were trained by Miss Bernetta Kobobka, clothing specialist at Michigan State University.

SHE DISCUSSED the various types of sales such as clearance, special purchases, annual anniversary, seasonal and stimulative. She advised the ladies to become familiar with terms used in sales and stressed that they check their shopping techniques.

Miss Kobobka predicted more pre-Christmas sales this season due to the short period of time between Thanksgiving and Christmas.

Anyone wishing the bulletin "Saving with Sense at Sales" may obtain this by writing Clare Brown County Extension Agent, Home Ec., Boyne City or calling JU 2-6232.

MAY Christmas Day be an especially merry and bright one, bringing you full measure of joy, peace and contentment.

Judge Brown Orders Prison Terms for 3

Four persons were sentenced and four arraigned last week by Circuit Judge Charles L. Brown.

Carl M. Gee, 21, of East Jordan, was sentenced to 7½ to 10 years in Southern Michigan Prison on a charge of assault with intent to do great bodily harm less than murder. The charge grew out of his attack on deputy William Groboski of Boyne Falls after the latter had arrested him following a disturbance in a Boyne Falls bar Oct. 5. Gee then took the deputy's car and attempted to escape.

* * *

RONALD BENZ, 18 of East Jordan, charged with breaking and entering in the daytime, was sentenced to three to five years in Southern Michigan Prison. Benz attempted to escape from the Charlevoix County Jail Nov. 26 but was apprehended and returned to jail within six hours.

Esther Case, 36, of East Jordan, was sentenced to the Detroit House of Correction for 1½ to 4 years on a charge of larceny. She and two companions, John Smith, 18, and John McWatters, 41, both of East Jordan, were charged with taking $140 from George Winstone of East Jordan.

Smith and McWatters, who earlier had stood mute, Tuesday pleaded guilty to the charge of larceny and their cases referred to the probation department for investigation. Both were returned to the county jail.

* * *

ARCHIE WASHEGESHIC, 41, of Charlevoix, was sentenced to four months in the county jail, ordered to pay $60 fine and costs and placed on two years probation on a charge of furnishing liquor to minors.

An Elmira mother and daughter, Mrs. Martha Jane Pruitt, 57 and her daughter, Mrs. Elizabeth Pruitt Marshall, 21, pleaded guilty to charges of breaking and entering in the daytime and their cases referred to the probation department for investigation. Both were returned to the county jail.

OBITUARIES

Mrs. Skippergosh

Funeral Services for Mrs. Lawrence Skippergosh, 39 mother of seven, were held Monday at St. Mary's church with the Rev. E. Francis Denay officiating. Burial was in St. Mary's cemetery. The Rosary was recited at the Winchester Funeral Home Sunday evening.

Mrs. Skippergosh died early Saturday when the car, in which she was a passenger, plunged from a dock at Harbor Springs into Little Traverse Bay, pinning the two occupants in the submerged car. Joseph Jackiewicz, 34, of Cross Village, a Great Lakes seaman and driver of the car, was reportedly driving Mrs. Skippergosh to Charlevoix at the time of the accident.

* * *

POLICE OFFICERS said the accident happened about 1:30 a. m. However, it was not discovered until 8:30 a. m. Saturday.

Born at Baraga Aug. 31, 1924, the former Frances Loonsfoot was married to Mr. Skippergosh in 1944. They had always resided here. She was a member of St. Mary's church.

Surviving are her husband; two daughters, Mrs. Marilyn Smyth of Chicago and Joyce, 10, at home; five sons: Lawrence J., 16; James, 13, Kenneth, 12, Jerome, 9, and Michael, 5, all at home; two sisters, Mrs. Mary Sullo of Royal Oak and Mrs. Marcella Adams of Detroit and three brothers, Leonard of St. Johns, Herbert of Chicago and James of Florida.

Mr. and Mrs. Fred Looze left Saturday for Ithaca, N.Y., to spend the holidays with their son-in-law and daughter, Mr. and Mrs. William Southern and family. They plan to be gone two weeks.

Mr. and Mrs. Lawrence Feindt and son, Larry, left Saturday to spend Christmas week in Rockford and Chicago, Ill., West LaFayette, Ind., Kalamazoo and Albion.

Mrs. Paul McClure and two children have returned to Lansing after spending a week with her mother, Mrs. Ingua Pontious. Mr. McClure came for them.

Wallace Loder Jr., is home with his parents, Mr. and Mrs. Wally Loder, for the holidays. He is a Michigan Tech student at Houghton.

Mrs. Don Campbell is spending the holidays with her family in Fulton, Ky.

Mrs. Lyla Arvilla has as her holiday guests her three sons, Joel and Albert, students at Central Michigan University and Eric, a student at the Culinery Institute of America at Yale University in New Haven, Conn. The Arvillas and the Harry Stewart family plan to gather at the home of their mother, Mrs. F. F. McMillan for their Christmas tree on Christmas morning and then go to the Arvilla home for Christmas dinner.

Mr. and Mrs. Conrad Klooster and children left Friday enroute to Glendive, Mont., to spend the holidays with Mrs. Klooster's parents, Mr. and Mrs. Lee McGemmmen.

Yule Decorations A Community Job

Charlevoix's much-lauded downtown Christmas decorations are the work of many people and several groups, Chamber of Commerce Secretary Manager Dean Davenport points out.

City workmen erected the lighted portion of the decorations and did the major part of the work. Several new strands of lights were purchased to complete the job.

• • •

HOWEVER, THE decorations on lamp poles was done by Boy Scout groups, with financing from the Chamber.

Individual business places put up their own decorations, Davenport said.

Dear Dick Affair

RICHARD DONALDSON

"GO TO THE DOGS"

Dear Dick: Last week my pet frog died . . . I want to buy some fish but mother hates them and she says cats and dogs are too loud on the furniture. How can a ten year old boy enjoy life without a pet?—SAD.

DEAR SAD: A dog is a boy's best friend. Promise mama you'll keep him out of the house and take extra good care of him . . . and her furniture. If she is looking for new appliances recommend PUFF'S APPLIANCE CENTER where she can select from famous Whirlpool appliances that will last and last.—DICK.

CONFIDENTIAL TO "SONNY": A man of 28 should be making his own decisions . . . especially on such a simple matter as the way you have your hair cut.

TOURIST SURVEY INDICATES

Charlevoix Needs More Facilities for Campers

An 80-page report of tourist major factors and trends in Michigan's tourist business has been prepared by the State Highway Dept.

The report, though not directly related to Charlevoix, indicates several definite trends that should be of interest to local people, Dean Davenport, Chamber of Commerce secretary-manager declared.

THE HIGHWAY Department's seven Tourist Information Center's prepared report, basing it on questions and surveys from the 245,000 persons who used the centers from March through August.

The survey indicates water sports, camping, rock hunting, and canoeing are in great demand from tourists.

Campers, the survey found, stay longer than tourists who use motels, but spend the same amount of money.

Water Sports enthusiasts packed camping to all other types of accommodations.

OF ALL TOURISTS interviewed 52 percent preferred to stay in motels and 26 percent were campers. This, however, was reversed in the case of water sports fans.

Plans are now underway, with work expected to start in Spring, on expanding Charlevoix's Pells Bay State Forest Campground to 30 camp sites. This, according to the highway department, report, does not appear to be nearly adequate to serve Charlevoix's area of water sports center.

The seven Tourist Information Centers that conducted the survey, are located primarily to serve out-of-state tourists. The report claims the information is of steadily value to local communities except in indicating general tourist trends and habits.

The centers are at Monroe, Coldwater, New Buffalo, Port Huron, Mackinaw City, Menominee and Ironwood.

NEARLY HALF THE tourists that come to Michigan during the year, come in August the survey indicates. The average tourist drives 853 miles, and spends $167. Major activities are sight seeing and public attractions.

A breakdown of accommodations used shows 52 percent stay at motels, 26.6 percent at campgrounds, 11.5 percent at friends' homes, 3.7 percent at rented cottages, 2.3 per cent at resorts, 2 percent at hotels and .6 percent at trailer parks.

Of the tourists questioned by the highway department, .34 percent were bound for Charlevoix County, 1.31 for Emmet County; .20, for Antrim County, .15 for Otsego, 7.22 for Cheboygan and 7.51 for Wayne County.

Half of the persons interviewed were from Indiana, Illinois, Ohio and Wisconsin.

Ellsworth Girls Stage Ceremony

ELLSWORTH —Eight girls were invested at ceremonies by Cadette Girl Scout Troop 28 of Ellsworth. The Investiture and Rededication ceremony was held in the home of troop leader, Mrs. Jeanette Shanks.

Girls invested were: Teri Armstrong, Artis Dreuth, Marcia Dreuth, Mary Fales, Barbara Saunders, Pam Shooks, Susie Smalley, Patti Waffle.

Assistan. leader, Mrs. Deanna Danforth, was also invested.

Publicity Chairmen: Please Take Note

With many new publicity chairmen just getting started in their posts, the Courier feels it may be helpful to suggest a few steps they can take to help the newspaper give their groups the attention they desire.

- Be sure to give the first name of all persons mentioned, preferably the husband's first name of a married women.
- When writing in longhand, print each name carefully, and triple space between lines.
- Get your story to the paper the day after the event happens. Get stories announcing coming events to the paper on the Thursday before the edition of the paper the story will appear in.
- To announce a coming event in our "What Readers are Doing This Week" column call us at LI 7-6558 before Friday noon.
- Always triple space all copy, whether in longhand or typewritten.
- If you are not absolutely certain of a fact, leave it out.
- Be sure your name and telephone number are on the copy paper.
- Keep your story as brief as possible.
- Remember: NAMES MAKE NEWS!
- If you have any questions call the paper, or one of our correspondents.

. . . and enjoy real comfort and convenience with Patsy Premium Cool.

Rambling in the shop

THIS WEEK'S Courier represents something of a minor miracle. You shouldn't be reading it.

By all rights the Charlevoix Courier should have missed its first edition this week. Everything was against us coming out with a newspaper.

However, newspapering being what it is, we made it. Please don't ask us how. We would like to forget the last few days as fast as we can.

Our problem wasn't merely that we were trying to get out a 16 page paper in three days. We can plan for such early deadlines and take them in stride, with everybody pitching in a few extra hours work.

But, as it turned out, those few extra hours work were pure misery for most of the staff. The first crisis struck last Thursday. Printer Merritt Clerk called Business Manager Tom McDaniels at home late in the evening to report he was going home for a week's recuperation from the flu.

This left us with one printer, Harold (Sonny) Lang. So Tom and Sonny hustled to the print shop and tried to play like printers until 2 a.m.

Sonny, it turned out, also had the flu bug. He held on, through sheer gooiness, and put out as much work as he could.

Then the real blow came. Tom got it . . . and got it bad! Being rather bonehEaded and dedicated to the proposition that the Courier must come out, he refused to slow up. Friday afternoon the germs caught him with a knockout blow that literally floored him.

Saturday afternoon he was back in the job, however, and stuck right with it — fevered brow, wobbly knees and all—until the Courier was ready for press.

We made it. Merry Christmas!

A BILL HAS BEEN introduced in Congress calling for outright grants to Great Lakes fishermen facing disaster due to the botulism scare.

Sponsored by Congressman-at-large Neil Staebler, the bill could be the only possible hope for some Michigan fishermen.

If you're in favor of such legislation Charlevoix County Democratic leader George Lardiane suggest you send a telegram to Staebler at 222 Old House Office Bldg. Washington, D.C. and Rep. Victor A. Knox, 1107 Longworth Bldg. Washington, D. C.

OH YES, CHARLEY Hisey was in the other day. Among other things, he announced he's having trouble laying down, sitting down and walking.

Seems to us a person could get pretty frustrated and tired under such conditions.

WE HAVE A report here that State Representative Don Gordon, R-Leland, is a favorite of a group called Detroiters, Inc.

Calling itself a non-partisan research firm, Detroiters, Inc., points out that of 24 bills signed by Gordon, 11 have become law, placing him 34th from the top among Michigan's 110 House members. Only about 20 percent of the bills introduced annually in the House of Representatives become law, the group declares.

BILL SMALL, a columnist at Michigan's most landed weekly newspaper — the Lapeer County Press — came up with a good one two weeks ago:

BIGGEST LAUGH of the week was provided by Lt.-Gov. John Lesinski.

Seems John had been entertaining thoughts of retiring from the political arena at the end of this term. Or so he says.

Tuesday he announced the people of Michigan were to be spared that fate. The reason for this about-face was the belly-buster. He said:

"IN LIGHT of the recent assassination of Pres. John F. Kennedy I decided to re-evaluate my previously announced plans to retire. I wish to announce that I will be a candidate for the Democratic nomination as governor in 1964."

Just how Kennedy's assassination will make Lesinski more valuable to Michiganders as governor was not explained—or probably even known to the lieutenant - governor.

But there'll probably be another murder next year—at the polls when Neil Staebler runs off with the gubernatorial nomination.

Magazine Will Feature Story Of Local Fair

Charlevoix's Waterfront Fair will be the feature article in "Michigan Challenge" — a statewide magazine — this February, according to Dean Davenport, Chamber of Commerce secretary-manager.

The article will be written by Mrs. Edith Gilbert and Mrs. Jack Rader. Both are members of the Chamber's Waterfront Fair committee.

Davenport pointed out that the magazine's editors agreed to use the story, with pictures, after several weeks of correspondence with the Chamber office. "Michigan Challenge" is published by the Michigan Chamber of Commerce, and is circulated to thousands of business and community leaders throughout the state.

The article, Dean explained, will be 800 words long and well illustrated with pictures.

CHRISTMAS GREETINGS

As an expression of our thanks and good will, we extend to friends, old and new, our best wishes for a joyous Christmas and a holiday season filled with good cheer.

Charlevoix Abstract and Engineering

A Blessed Christmas...

This Christmas, when again we celebrate the birth of the Prince of Peace, let us allow His spirit of hope and love to enter every heart. Let us pray to Him to keep us steadfast in our faith. Let us beseech Him to give us strength, courage and wisdom so that we might be worthy of Him to whom all praise is due.

Ken Staley Goes On Record With Praise for City

(NOTE: Alderman Kenneth Staley, second ward, submitted this article to the Courier, following his announcement that he will not seek re-election. Readers will find it outlines many of the strong points of Charlevoix's city government. ED.)

By KENNETH STALEY
Alderman, Second Ward

Dear Shep:

Let me congratulate you on your efforts to attend and report the Council meeting highlights of interest to the public.

So many people have taken time to ask me about the tax comments that I am sure there is more to it than a fear of shelling out more money. Since you pointed out the unthadiness of politicians saying anything about taxes prior to elections except perhaps reductions in taxes, I would like to point out the dangers of the little or no taxes "pitch" which in my opinion is an invitation to a backward movement, rather than a forward one.

* * *

TAKE A "GANDER" at but a few of the Charlevoix blessings not offered by neighboring cities. ALL DONE UNTIL LAST YEAR WITH A MUCH HIGHER MILLAGE.

SNOW REMOVAL: Petoskey — Sidewalks you do yourself or get billed if the city does it.

Grayling — No sidewalk program - walk the roads.

East Jordan, Boyne City, Gaylord — Check all the details. You will run home to Charlevoix saying "This I didn't understand."

When considering budgets, please add the individual costs of these things to the respective cities budget, or subtract from Charlevoix's if you prefer a no snow removal program.

HARBORS: The boat ramp, started a few years ago by the local Marine Club, was given a boost this past year with the cooperation of the Conservation Department. The ramp along with the picnic and swimming area is a popular place with many residents of Charlevoix. The cost was about $7,000. Look at the trend in all other cities around us and you will realize the importance of what we have and how much has been done with comparatively little money.

* * *

FINANCIAL STABILITY: It is easy to face today's debts tomorrow, until tomorrow comes. A look at other cities' debts will give you a reason to be proud your children will not pay tomorrow for your "ble-sings" of today. All city officials feel this responsibility. The difference is in Charlevoix it has become a reality, there is no bonded indebtedness.

The results of the 1935-40 efforts of city officials who looked ahead, is now evident. Our sewage plant system, City Hall building, etc., are but a few of the major problems solved long ago in Charlevoix.

When we attend an area meeting of the Michigan Municipal League, where the present problems of area cities are being talked over, almost always one realizes how many of the present problems of these cities were solved long ago in Charlevoix.

Last year a number of water pipes were thawed with no cost to the water user. Charlevoix boasts an excellent golf course facility with the greens fees now taking care of most of the operational expense. Our cemetery lots receive perpetual care — this is billed to the owner in many cities.

How many noticed the repairs done this year on our streets? This was a "life saving" effort to keep them from major break-up. The program being finished on State Street next year is an example of what can be done to many major streets if funds are adequate. Widening, removing the an extra mill can be levied to procrown, resurfacing with longer life materials, etc. is a very worthwhile program which can be provided IF funds are available. Certain things can be discontinued or, provide for better and more streets and equipment. The overall cost of construction plus MAINTENANCE would not be much greater than the present costs in the long run.

* * *

ONE CITY IN THE area has adopted a pension plan for employees and at least two others are considering it. This is expensive especially if a number of employees are 40 years old or more. It is doubtful if any plan could be adopted at today's budget level.

Our Land Fill participation is now the envy of all cities in the area. No smoke, rats, flies, flats, etc.

The library plan will provide for much needed repairs, books, supervision, and put the responsibility where it belongs — on the area and the people who use it, not just city taxpayers. I would no curtail our municipal harbor operation nor our life guards at the beach, nor ony of this to operate the library or the dump. There is no relationship between any of the four projects. The Council has always considered them one at a time and I trust will do so in the future.

How about taxes? (City, I mean) City supervisors were successful in getting city valuations lowered almost 2 million dollars in 1961. The 1961 city tax revenue was $90,450.69 and it dropped to $64,667.89 for 1963. Last year almost $11,000 more was expended than what was budgeted. A transfer from electric reserve and $6,000—from the sale of City property make up the deficit.

We dropped from 17 mills to 8 mills. Look further and you will find the 17 was on old valuations and included 2 mills which was voted and did expire. Remember this is only your "local" taxes—the county and other taxes may have made your total tax bills equal or more than the year before. The jail improvements mentioned in the Courier would be from county taxes — they are higher this year but remember your school taxes are on that bill, also. Confused? Yes, there is a lot to what makes Charlevoix "tick." The further one goes the more tempting it might seem to throw up all hands in despair and let "George" figure it out. The only fears one should have is that the people representing them will do this. Then who takes over? You know the answer. Certainly not one representing the voter.

* * *

SO LET ME TAKE A stand for adequate taxes whether it be only another mill or two or not. Let me hope the persons responsible for your future city will have adequate funds to provide for a future Charlevoix that will "shine" and be the model for othetr cities.

Now, I am sure this "Rambling" is a contagious thing. Now that I think of it some Councilmen are guilty of the same thing. It does provide much food for thought.

If followed through I can't think of a better start toward progress. We must never believe progress should have an ending nor that taxes should end for there are things we must do together that we would not accomplish alone. These things are the direct reflection of our taxes.

So, sound off, and pop your buttons about Charlevoix, and, on the side, work quietly to improve situations that indicate a need for improvement, promote through your Chamber of Commerce and elsewhere, do together what can't be done alone. In general, be proud of what we have and take a POSITIVE stand for progress."

Who Sees Evil?

TO THE EDITOR:

In reply to Mr. Sutka's rather vitriolic article in the Dec. 5 paper, especially the ending paragraph in which he says, "If by some chance you think your readers so base as to want to know why their neighbor had to go to court, or when did so and so get married to see how long afterward they had their first child and why so and so got a divorce . . ."

There is an old quotation, Mr. Sutka, which states, "Evil is only in the eye of the beholder." I believe that you, sir are due for an optometrist's examination in the near future.

A Lift for Living

When Christ Comes Will We Welcome Him?

By REV. HAROLD E. KOHN

Among the world's most pitiable people are those who cannot receive. Life's splendid favors are offered to them, but they cannot accept these gifts.

The deaf, for example, live in the midst of sounds as do people with perfect hearing. At this blessed season beloved Christmas carols fill the air, bells ring; "Merry Christmas" is shouted from doorways and street corners; children laugh in wild gleeful abandon as they anticipate glad Christmas surprises; the Nativity Story is read around family circles and from countless pulpits; the loveliest truth the world has known is told concerning God's self-disclosure in Infant flesh. The sweetest sounds of earth are falling upon their ears, but the deaf do not hear. They are unable to receive these gifts.

* * *

THE BLIND, AS well as those who see, live amidst this season's visual beauties, but they cannot receive these favors of loveliness and wonder.

The Gospel of Luke tells why Christ was born in a cattle stall, saying of Mary, "And she brought forth her firstborn son, and wrapped him in swadling clothes, and laid him in a manger; because there was no room for them in the ino." We know little about the Bethlehem innkeeper, and what we do know is sad. On that holy night his rooms were all taken. There was no more space. Royalty was coming, The Infant King would be born at any hour. But the innkeeper could not receive him.

The innkeeper's fault is a familiar one, for, the inability to receive is one of life's most common tragedies. Too often the Best must be turned away from our inn because our capacity is limited, and we are already full... We are limited in time, and all of us restricted to the same degree. All of us, the busy and the idle alike, have the same number of hours in the day. No one has more than twenty four, no one has less. It is as if we were all innkeepers with the same size inns and the same number of rooms.

When these rooms are full, additional guests are turned away. We can receive no more.

* * *

OUR READING TIME is limited. We cannot read everything. If we fill reading hours with trash there will be no room for books that stretch the mind and elevate the spirit.

Time for conversation is confined on all sides by duties that demand attention. If we gossip or find fault or trifle, there will be no room for discussion of meaningful matters, for saying the word of encouragement, hope or cheer or the word of gratitude and appreciation.

Surely one of the chief problems of modern man hearkens back to the first Christmas and beyond it, to man's preoccupation with less important things, so that when the Highest comes to man's door it must be turned away. The place is already full.

One other observation should be made concerning the inn at Bethlehem: Its fullness was no worse than complete emptiness would have been. Had the inn been empty, Joseph and Mary would not have lodged there anyway. When a city is overflowing with crowds, as Bethlehem that night, and an inn has no guests, it is because the place is locked up on account of bankruptcy or pestilence, or it has failed because of its bad reputation. The too full and too empty inns are equally inhospitable to guests.

* * *

BUT THERE IS A wholesome kind of fullness, a spiritual kind, that is far different from Bethlehem's inn on that long ago Holy Night. It is cordial, hospitable fullness. It somehow manages to provide enough room when the Highest appears and asks for lodging. There is a marked difference between the physical world and the spiritual at this point.

In the material and temporal realm the empty container is the one that stands ready to receive; the empty glass is ready for the milk; the empty cup is prepared for coffee; the empty room has space for a guest.

But where souls are concerned emptiness is undesirable. Our Christmas guests would be disappointed to come to an empty home. A royal welcome is given when the house is occupied with excited, expectant people, glad that the honored guest has at last arrived. The house that is full of friendly feeling, brimming with cheer, conversation and laughter, provides a glad welcome.

Similarly, it is the occupied mind that makes room for new knowledge. An empty mind gives new information no more than a grudgeful recognition. while a mind full of good things gladly greets further enlightenment and additional truth and gives them a home.

* * *

OR, CONSIDER THE person without close friends: as far as companionship is concerned his inn is empty. He may rationalize his friendliness, protesting that he likes to be independent: he doesn't need friends: people make him nervous, "If you don't trust people they can't hurt you." he may say One might think that such a person would have plenty of room for friends, since his life is so empty. But the opposite is so. The person whose life is already full of friends is the kind who can always make room for more.

Innkeepers whose inns are empty react to Christ's coming as badly as do those whose lives are too crowded. Both turn the Holy One away.

How, then, should we manage our inns? We should keep our hearts open to all the beauty, truth and goodness that come our way, for they—like Joseph and Mary — are looking for room. They need a place to stay. Then when that most beautiful Life, highest Truth and greatest Goodness trys to get a new start in the world, in us, let us give Him a chance.

He may seem small to you now, But He will grow

So now that he's out he is planning to leave shortly for New York, work his way to Europe if he can get a job aboard a ship, get there in time for the Winter Olympics late January and early February and then spend the spring and summer bumming bumming around Europe, seeing all the things he missed when he was there . . . Wouldn't you love to be young again and join him?

If you've been as curious as I have about the activity on the north shore of Round Lake, I'll let you in on the info I picked up from the man who should know . . . Earl Young . . . I asked about the re

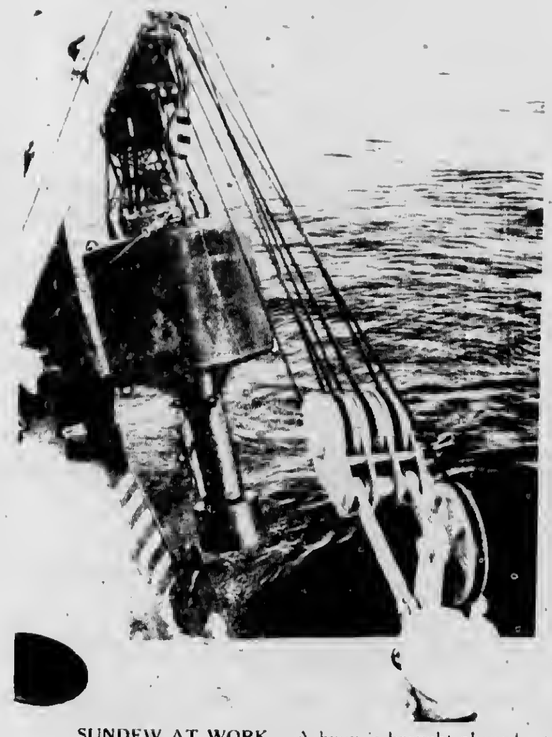
Bone-Chilling Chore



SUNDEW AT WORK A buoy is brought aboard the Coast Guard cutter Sundew

By FRAN MARTIN
Staff Writer

The bone-chilling job of removing buoys from the icy waters of northern Lake Michigan and Lake Huron has been completed by the cutter Sundew as the U. S. Coast Guard 'battens down its hatches' for the winter season.

The Sundew, riding low with an enormous cargo of these massive guardians of transportation of the Great Lakes, returned to port after picking up the last buoy for winter storage and removing the last crew from the Lansing Shoals light station at the western approach to the Straits of Mackinac.

CMDR. F. J. MANN, skipper of the 180 ft. workhorse of the Coast Guard, said Monday, that barring an emergency, the ship would remain in port until it was called out for ice-breaking duties.

Meanwhile, the deck and hold of the ship has been emptied of its cargo which has been placed on the dock at the upper channel between Round Lake and Lake Charlevoix for winter storage. Workmen will repair, paint and ready the markers for next spring when the Sundew will return the buoys to their stations marking shoals and reefs that abound in the area.

Thus, the job that began in earnest the first week in November has been brought to a successful conclusion on schedule.

The fact that the work has been completed on schedule is most remarkable for the ship is at the mercy of the elements at all times. Cmdr. Mann explained.

First, the work has to be done when the sea is comparatively calm for it has to be brought along side the buoy which marks a shoal or reef and on which the ship could be grounded by the wind or waves and badly damaged, almost in the blink of an eyelash, Cmdr. Mann explained. The temperature, during a major part of the operation, has been below freezing, thus causing ice to form on the steel deck as the buoys are brought aboard, creating an even greater hazard during the operation which is dangerous at all times.

IN ALL, 37 LIGHTED buoys including nine monsters 9 feet across, and 26 feet long and others 5 x 11 ft. and 6 x 20 ft., plus approximately 60 percent of the 96 can buoys must be picked up in the fall and returned to their respective stations before navigation opens in the spring, usually in late March or early April.

In addition, some winter markers must be 'put down' and some sinkers and sinker chains must be removed. Among these are the 8200 pound sinkers and chains from 300 to 360 feet in length which hold the buoys on the approaches to the Mackinac Bridge on station.

These massive sinkers are often referred to as the stoppers for the Great Lakes, according to Lt. Paul Anderson, executive officer aboard the ship which has a crew of 42 men including its officers.

The buoys, chains and sinkers are brought aboard by use of a boom operated from the bridge of the ship. The operation calls for the ship to pull alongside the buoy opposite the buoy port, thread a line to the buoy by use of the boom, hook in the cable and start lifting the buoy which may weigh anywhere from 1300 pounds (can buoys) to 15,900 for the 9x26 buoys.

AS THESE ARE brought aboard they are lowered into chocks on the deck, the anchor chain released and placed on a marker buoy and returned to the water or brought aboard with its sinker. The smaller buoys are then lowered into the hold and stored for transportation to the dock here; the larger buoys are stored on the deck.

While working in the northern Lake Huron and Straits area, the buoys are stored on the old carferry docks until they are all removed. They then are returned here for winter storage and prepared for next season.

Two Scholars in Fay Davis Family

Double honors came this month to the Fay Davis family.

Their daughter, Jill, was graduated at the close of the fall term from Michigan State University with an A. B. degree in Secondary English. She has been doing her practice teaching in the Pontiac School system and has been asked to join the faculty there. She will begin her teaching duties immediately following the Christmas holidays.

THEIR SON, TERRY, who now lives in Cedar Rapids, Iowa, received his Master's degree in Market Research from the University of Arizona. He had completed his thesis earlier and recently flew to for the oral examination before the board of examiners. He is a graduate of Michigan State University with a major in Business Administration and is employed by the Collins Radio Corp., in Cedar Rapids.

Local Therapist Rebuilds Ailing Bodies

By FRAN MARTIN
Staff Writer

What is physical therapy? It's the use of the simplest agents we know . . . heat, light, water, electricity, massage and exercise to relax muscle spasms, strengthen muscles and increase the range of motion in joints where it has been limited by various causes.

ROY E. BRIGMAN, registered physical therapist, administers a whirlpool treatment to Mrs. C. H. Sternberg, first patient to utilize the facilities of the recently-completed physical therapy department at the Charlevoix hospital. (Courier photos)

This simple answer was given by Roy E. Brigman, registered physical therapist of Traverse City, who is in charge of the just opened physical therapy department at the Charlevoix Hospital.

* * *

AS BRIGMAN TALKED while sitting at his desk just inside the door of the new department, one had the feeling that here was a man dedicated to his work. A person who believes in what he does and is anxious to tell you all you want to know about it and the shiny new equipment around the two treatment rooms he helped equip.

As he talked a patient, Mrs. C. H. Sternberg, arrived for a treatment on her arm which had been removed from a cast only a short time before. He immediately started a whirlpool treatment, explaining as he massaged and exercised her arm, just what was being accomplished by the treatment.

While she worked at the small whirlpool, Mrs. Jeff Novotny, a nurse's aide at the hospital whom he is training to work under his supervision, checked the nearby stainless steel bathtub whirlpool to be used later in the day for an overall whirlpool treatment for a patient.

Mrs. Sternberg was having trouble lifting her arm, she told Brigman, so he prepared to give her a diathermy treatment to bring a penetrating heat to the sore spots and relax the stubborn muscles. Afterwards, he exercised the arm again, explaining as he work, what was being accomplished by this treatment.

* * *

HE THEN ASKED Mrs. Novotny to use the ultra-sound machine to further relax and treat the knotted muscles.

As she worked under his guidance, he explained the uses to which the traction aid could be put and offered to demonstrate its use. Later a patient who had been suffering lower back pains arrived for a treatment which was administered as she reclined on the treatment table.

With up to 80 pounds of traction being applied at given intervals, the treatment looked as though it would be very painful but the patient, Mrs. Albert Russell, assured me that it was not and that it had given her great relief from the pains she had suffered for several months. She concluded her remarks with "I'm sold on what this department has to offer."

Meanwhile, Mrs. Sternberg had completed her treatments and was about to be put through the paces in the exercise room.

* * *

FIRST, SHE WAS placed in the exercise chair with overhead pulleys and weights then tried the exercise wheel on the wall and, for the first time, brought her arm high enough to turn the wheel all the way over.

Proud of her accomplishment, she 'inched' her way up the finger ladder on the wall where, by going up the little rungs with her fingers, she discovered she could reach an inch higher than the last time she had tried it.

Her treatments and exercises over, she departed as Uno Suomela, local teacher, arrived to discuss a series of therapy treatments on his knee joints whose range of motion has been limited as the result of arthritis. Brigman placed him in the exercise chair where weights were applied to his ankles as he was put through a series of tests.

Following the tests and some discussion relating to Suomela's arthritic condition, Brigman prescribed a course of treatment which was to be started within the week. Before Suomela left, Brigman pointed to an exercise cycle in the same room and told him he'd be riding that before long.

* * *

EXERCISE TABLES and other special equipment lined the edge of the room and a red floor mat, hanging from hooks on the wall, added a splash of color to the otherwise austere room which can be described as functional rather than attractive.

Though the rooms in the department are filled with inanimate pieces of equipment, the man who was explaining their uses brings them very much alive for he speaks so convincingly of the good that therapy can do for a person.

A look into Brigman's background probably portrays his feelings toward his work more than anything else can. A native of Michigan's Upper Peninsula, he was reared in Marquette where he attended Northern Michigan College. It was while a member of the tumbling team there that he fractured his back and, during the convalecnce period, was introduced to physical therapy for the first time.

"If it had been possible I would have deserted my course of study right then and there and switched to physical therapy. However, one doesn't do that in the middle of a depression when money for school is at a premium so for the time being I filed this hope away with the rest of my dreams," he commented.

He graduated from Northern in the late '30's with a degree in physical education and went on to earn his Master's Degree at Colorado State College in Greeley.

* * *

THEN CAME WORLD War II and four years in the service. Seeing servicemen maimed as the result of war injuries and realizing that there was much to be done for them in the way of rehabilitation, Brigman's thoughts returned to his desire to become a therapist.

This time the G.I. Bill supplied the "wherewithal" to underwrite the cost of the schooling, so he enrolled at the University of Minnesota where he found his previous studies in the field of physical education gave him an excellent background for his new studies. After a year, he became a physical therapist and came to Traverse City where he has since been associated with Munson Hospital and where he has a private practice.

With more and more hospitals adding therapy departments such as the new one at the Charlevoix hospital, Brigman is assisting in purchasing equipment and training personnel to work in them under his guidance. He feels that 75 per cent of the patients requiring therapy can now get it in departments such as the one here.

* * *

THROUGH THE YEARS he has kept abreast of new developments in the field by attending courses and workshops offered at the Rehabilitation Center affiliated with New York University; the University of Pennsylvania and Northwestern University at Evanston. At present, he is president of the Michigan Chapter of the American Registered Therapists Association.

Women's Society Directs Service

By Mrs. Thomas Maxwell

The Women's Missionary Society, of the Community Church of God, under the direction of Mrs. Karl Purdy, was in charge of the evening service, last Sunday, with a special Christ Birthday program.

Eight women spoke on "Gifts from God". Mrs. Leo Berg on Power, Mrs. John Fratrick on Love, Mrs. Max Blanchard on Peace, Mrs. Willard Bodley on Joy, Mrs. Allan Pease on Patience, Mrs. Clarence Murray on Self Control, Mrs. Minert Veenstra on Forgiveness and Miss Ann Cunningham on Faith. An offering was taken for Missions.

The winner of the Red and Blue Contest was revealed. The two groups, had as their captains, Mrs. George Lusk for the Red and Mrs. Cass Russell, for the Blue. Each group put pennies in can that each of their captains had, for Christ Birthday Offering. The contest came to an end on Dec. 12 and the cans were opened and the pennies counted and Mrs. Russell's group with the Blue can had the largest amount $29.76 and were the winners. Mrs. Lusk's group with the Red can, had $27.91. Making a total of $57.67 for Christ Birthday Offering and will be used for Missions.

After the holidays the losers, Mrs. Lusk's group will entertain the winners.

ROMNEY CONTENDS

Area Needs More Than its Beauty

(Special to the Courier)

LANSING — If Charlevoix is to maintain its income from tourists, Gov. George Romney suggests there must be a radical break from tradition.

In a news release to the Courier Romney outlined some of his ideas for promoting tourism.

* * *

"WHAT WE NEED, more than anything else, are creative thoughts, bold ideas and the excitement they generate," the governor stated. "We must embellish the natural wonders of our state with man-made wonders if we are to realize the full potential of our tourist resources."

Charlevoix's natural attractions will not be enough in the era of intense competition for the tourist dollar, which we are now entering, Romney contends.

"Take just one example. South Dakota, which we used to think of as one of the driest states in the Union . . . now has a lake which is 100 miles long and full of fish," Romney explained.

"This means that South Dakota today can talk about its miles of shoreline and its fishing in its tourist advertising and promotional literature.

* * *

"THE KEY QUESTION Michigan must answer is this: What do we have that no other state can match?

"Let's face it: Michigan has no geyser basins. It has no Grand Canyon, no snow-capped mountain ranges. In the past, the beauty of our countryside, our lakes and streams and beaches, were enough to appeal to tourists. But in the years ahead, will they be enough?

"I believe that in the future we must abandon our tendency to rest upon the bounties of our natural resources. We must not permit our rich endowment of natural beauty and our diversity, to lull us into the complacent hope that these, by themselves, will bring an ever-increasing flow of tourists across our borders."

Charlevoix High School Joins Ski Competition

The first real snowfall of the season has brought hope to potential candidates for the Charlevoix high school ski team, according to faculty advisor, James Luther.

Candidates for the team of nine members, five boys and four girls, met recently to go over plans for the team with Luther.

The Rayder team will hold meets with Traverse City, Manistee, Cadillac and Boyne City and Petoskey, Luther added. He also said the schedule has not been completed at this time but will be announced by the time the season begins, probably after the holidays.

Skiers are planning to try out the slopes in the area this weekend if winter weather continues. A conditioning program in which all aspirants will participate has been established.

The team will be chosen from among the 35 students who have signed up. As soon as snow conditions permit, tryouts will be held with the skiers posting the best times being selected to represent the school in scheduled meets.

EDITOR'S NOTES

Solons Blame State Tax Control

Typesetters and proof readers are kept busy in Lansing preparing daily journals for the Michigan's House of Representatives and Senate.

Though these voluminous daily records skim over most of the actual excitement of debate that makes legislative reporting interesting, they are about the only way a North County editor has of getting a realistic idea of who is doing what in Lansing.

* * *

SO, IT'S AN EDITOR'S obligation — though a dull one — to dutifully read through the nine inch by five inch House and Senate journals. They are sent to the Courier office by Rep. Don Gordon.

Seldom do the long hours of reading through them at home, after the day's work is supposedly completed, pay off in anything tangible. Consequently it was a welcome change when some real meat for thought was found in journal Vol. 17 of the recent special session on tax reform.

Labeled "A Program for Fiscal Reform — How and Why" the five page statement by Senators Clyde H. Geerlings (R. Holland) and Harold B. Hughes (R. Claret outlined principals and opinions on taxation that will interest many readers who advocate taxation on the basis of actual need and government services received.

Though tax reform was killed during the special session, it will come up again. Citizens armed with excerpts from the Geerlings —Hughes report will be in a better position to understand the alternatives to an income tax.

* * *

THIS WILL NOT BE an attempt to quote the entire report. Instead, the following sentences are quoted from various sections of the report:

● —Many types of state aid are provided without sufficient evidence of need. We regard this as a major flaw in the Michigan state aid system.

● —Michigan has assumed a greater percentage of local government costs than most states.

* * *

● —**OUR APPROACH**, to — put state aid on a sound basis and levy state taxes for state purposes and local taxes for local purposes. This is true fiscal reform.

● —Allocate greater responsibility to local units of government where economy of government can be accomplished effectively.

● —The trouble lies not in the lack of revenue but in excessive state aid.

● —The tax dollar levied, spent or distributed by Lansing does not, and will not, buy as much in services as a dollar levied and spent locally ...Economy in government can best be accomplished at the community level where the citizenry is constantly alert to increases in the cost of government.

* * *

● —**STATE AID REQUIRES** citizens of simple tastes to pay for the luxury living of other communities ... Like charity, tax justice and economy begin at home.

● —**Few dare to advocate economy in government.** Spending reform is an essential factor of fiscal reform and must be included.

● —Many citizens have been misled to believe that aid from the federal or state government is something free. Experience has shown that aid from the federal government or the state is nothing more than the citizen's taxes returned to them depleted by bureaucracy and waste. Fiscal reform should let the people at the community level determine what they want and what they are willing to pay for.

The above excerpts from the Geerlings-Hughes program are only a small selection of the report's highlights, as identified by this editor.

HOWEVER, PERSONS who find they are in agreement, might do well to keep them in mind. Then, the next time fiscal reform is on the agenda in Lansing, write to representatives urging them to turn their attention to the Geerlings-Hughes philosophy of just taxation. — **Shrp.**

Warns Farmers About Danger Of Corn Rot

By ED REBMAN
Extension Director

It will pay farmers to take a second look at corn picked and placed in storage this year.

Warm October and November weather favored development of mold and rots in stored corn which may result in lowered quality and feeding value. Yet this potential damage can be arrested by locating the trouble now before corn is fed or sold.

* * *

AN ACCUMULATION OF husks generally signifies impeded air movement which reduces drying and increases the possibility of mold and rot development. Moisture condensation on the underside of roofs or water leaking into bins will also spell trouble.

There are several alternatives once damage is found: (1) corn can be removed from storage and dried artificially, (2) additional ventilators can be installed in bins, (3) cairs can be aerated with natural air on days when humidity is low, or (4) farmers may move corn being held for later sale to market before further damage occurs.

Farmers are also cautioned to check for possible rodent damage and take the necessary steps for elimination.

This may be like closing the barn door after the horse is stolen, but it is still better than having additional losses of grain.

Winter Driving Tips are Listed

By CLARE BROWN
County Home Economist

Enlist the drivers in your family in the Crusade for the Living. We can all be safer drivers and can reduce accidents by knowing the safe way to drive on ice and snow.

Remember when driving on ice or hard packed snow, your braking distance may be as much as ten times their usual length. The biggest danger from driving in these conditions is skidding, and your first skid can be a frightening experience.

* * *

DRIVE SLOWLY ON icy roads. Any skids will then be so slight that you can correct it immediately by removing your foot from the accelerator to reduce speed without braking. If the rear of the car turns to the left, turn the steering wheel also to the left enough to correct the skid but not long enough to bring on a skid in the opposite direction.

On snow or ice, keep the car in the highest gear consistent with smooth running. Always allow extra distance between any car in front of you, to avoid a rear end collision.

When going downhill, keep close to the nearside of the road, engage a low gear, and apply the brakes gently on and off.

Remove as much snow as possible before pulling the car away, otherwise it may fall down behind

OUTDOOR RAMBLING

with Glen Sheppard

The season of the long hush has returned to Northern Michigan swamps and forests.

Finally, the land and its critters have earned their annual four months of peace.

The fierce image of the white man is blotted out by deep snows and penetrating cold. Some creatures will starve. Others will freeze, or fall to disease.

BUT THESE WILL MEET their end in a quiet world, known by only a handful of hardy outdoorsmen. Tramping the northland while it is in winter's hard, lonely grasp, is not for the everyday breed of sportsman.

Only those who feel their pulse quicken as they sense the hush of winter, and see the beauty of a naked oak, will intrude here. Those who come to the northland only when there is a chance to strike down an elegant creature with a thundering rifle will be prowling the wilderness of Saturday night parties.

Sensitive men and women, who do venture into this strange world of snow and bitter winds, will be in search of bigger game than ever carried a rack.

Some will carry a pint-size rifle, or scattergun. But it will not be for the chance at a rabbit they will brave the cold. There will be others who will hike through knee-deep snow to bore a hole in a small, secluded pond. Their excuse will be that they are ice fishing.

* * *

YET WHO CAN BELIEVE they are freezing hands and feet for a puny rabbit, or an eight ounce bluegill?

Why, then are they so foolhardy? Sometime before winter's grip has left the land, take a short pilgrimage to the woods, and find out for yourself.

Don't begin your journey with the notion you're in a hurry, or your objective is to get someplace and then back. Instead, decide you're going nowhere, and you're in no hurry to get there, or back.

You'll find it useless to try to outwalk the cold. Cold will not be beaten by impatience.

Walk slowly, keep your eyes open. And don't look, listen, or smell fast. Little of Nature can be found in a hurry.

You'll hear silent sounds. Stop. No matter how hard you concentrate, you'll not find where these sounds come from.

But that doesn't matter. Hearing them, and recognizing there are things going on here that man is not in control of, or even aware of, is the important thing.

* * *

Build a small fire by a creek and lean against a tree. Now, if you've been walking long and slow, with your powers of observation acutely focused, you should find a message lingering beside your fire.

The enchanting thing about this message is that you never git it all ot one fire. However, once you've been tuned in to it, for even a short while, you'll realize it's all-importance, and spend a lifetime returning to catch more of it.

* * *

IT'S LIKE ALCOHOL, WELFARE and laziness: the more of it you get, the more you have to have. Some men have become so addicted they have spent a lifetime tramping the lonely heart of the worlds.

We're fortunate in Charlevoix . . . The message is waiting for us within easy walking distance . . if we're humble enough to hear it

"A mother-in-law is a referee with an interest in one of the fighters."

Deer Storage Rules Outlined

Lucky Charlevoix County deer hunters must take proper storage precautions with venison in order to comply with locker plant regulations of the Michigan Department of Agriculture.

Dressed and cut up deer may be stored in commercial cold storage plants with other food supplies if the skins and hides are not included, under state law.

We welcome the glad Christmas season
and all the heartfelt joys it brings.
We welcome, too, the opportunity to pause in the midst of our daily occupations to recall anew how fortunate we are to have the favors and friendship of our valued customers. To all of you, we offer our real appreciation and our best wishes for your holiday enjoyment.

BLESSINGS
at Christmastime

"And when they were come into the house, they saw the young Child with Mary His mother, and fell down, and worshipped Him; and when they had opened their treasures, they presented unto Him, gifts; gold and frankincense, and myrrh." May the sacred story of Christmas and its wondrous message bless you with spiritual joys and quiet contentment....

GOD
WITH
US
...this Christmas, in Bethlehem of Judea, in America and throughout the world. *It is Hallelujah!* And the bright star of hope has never shone brighter as we commemorate the birth of our Lord. The shepherd keeps watch o'er his flock as multiplied millions prepare to break the cover from gifts made possible through thought and treasure of others. As carols roll out across the night breeze in reverence to His name, *may we never forget to thank God for Jesus*, and for liberty and freedom to worship the Christ Child. His "name shall be called Wonderful, Counsellor, The Mighty God, The everlasting Father, The Prince of Peace."

CHARLEVOIX COURIER

In the Heart of the Resort Country — *Charlevoix County's Largest Newspaper*

VOL. 67 NO. 3, 10 Pages LI 7-6558 — CHARLEVOIX, MICHIGAN, THURSDAY, JANUARY 2, 1964 — 10c a Copy — In County $3 a Year

IT IS EASY—and most human—to think of 1963 as an important year and to expect something of the sort in 1964.

Perhaps, though, before we become too determined in pursuing these thoughts, it would be wise to recall that years and calendars are only instruments of man. If we carry this to its limit we may realize that little of lasting significance has occurred on earth since man appeared.

If we consider the significant to be only those things that contributed to lasting dignity and liberty for the individual, man's contribution to his own cause has been minute.

In the U. S. and other Western nations, we have certainly achieved more than in the rest of the world. But the day when all men stand with equal liberty, dignity and brotherly love, is many thousands of years in the future. We have, by no means, accomplished it in Charlevoix, or Birmingham, Ala.

Unlike most people of the world, here we have the opportunity, and obligation, to contribute something to the million of insignificant acts that go into making something of permanent value.

Yet it seems horribly ironic, but dramatically challenging, to ask man to commit himself to an endless and exhausting effort to do his share, while knowing full well his contribution will make far less an impression than a puff of cigarette smoke in the middle of Lake Michigan.

But enough of preaching, or whatever this has been all about. There are other items in that trade, so why should a newspaper editor try to edge in on them?

IN LAST WEEK'S Christmas edition the Courier carried two sorrowful reports about violent and, seemingly, needless death.

2,000 Dogs Now Legit In County

The number of "dogs" legally licensed in Charlevoix County has increased nearly 60 percent in five years, according to Sheriff Glenn Rose.

Rose, in a review of his department's 1963 activities, states almost 2,000 dogs were registered in the county this year. However, five years ago only 300 dogs were licensed annually.

* * *

THE INCREASE in dog licenses, Rose declares, is due to improved law enforcement in the past two years.

During the year, the sheriff reports, 263 summons were issued for dog law violations, resulting in $1,052 in penalties. Twenty-one dog bites were investigated, compared to 69 in 1962. The dog warden dis-

Set Up Student Policy

A code of behavior standards for Charlevoix High School students, was tentatively approved Monday by the Board of Education.

Board President Darrell Dinwiddie presented the "code of ethics" to the board in an unexpected move.

* * *

IT RECEIVED support from board members and administrators, including Supt. Rex Milligan and High School Principal Harry Bingham. Coach Don Carey helped Dinwiddie draft the policy and was at the board meeting.

The policy will be typed and a copy given to every board member before the next meeting so that it can be formally adopted.

As presented, in rough form by Dinwiddie, the policy states any student known to drink, or act queer in drinking will lose all privileges to participate in extra-curricular activities. If administrators feel further action is necessary, the policy authorizes suspension of the student.

Though drinking students ap-

Scholars, Athletes Win School Honors

What kind of year did Charlevoix Public schools have in 1963?

Supt. Rex Milligan prepared this summary of 1963 for the Charlevoix Courier.

JANUARY

The resignation of Roy Bennett as superintendent of the Charlevoix Public Schools was given to the Board of Education. Mr. Bennett had served as administrator since 1945. The resolution accepting the resignation included the Board's expression of appreciation of Mr Bennett's dedicated service and contribution to the school and community.

Contest Assured In City Election

City voters will have seven candidates to pick from in selecting three men for Aldermen on the Republican ticket in the Feb. 17 primary election.

A contest for alderman in each of the city's three wards shaped up when the deadline for filing nominating petitions passed at 4 p.m. Monday.

* * *

CANDIDATES FOR THE other city offices to be filled are without challengers. Unopposed are incumbent Mayor E. D. Hawley, Clerk Hugh Mayne, Treasurer Annabelle Cunningham; first ward Supervisor Kit Carson and third ward Supervisor Harry E. Gebeau.

Harold Totten is the only person to file for supervisor from the second ward, to fill the position held by the late John A. Uhrick.

Voters from each ward will have to pick one of these candidates for aldermen when they go to the polls Feb. 17: First ward — incumbent William Fochtman or challenger H. A. Forbrig; second ward — Walter A Hoffman or Robert G. Lieberman; third ward — incum-

Tonight's encounter will be held in the IOOF Hall.

Builder Warns City Homes Face Blight

Predicts Decay in Old Areas

Trend is to Modern Homes

The many almost palatial homes that have been a Charlevoix trademark for half a century, are on the verge of becoming a liability, according to one of Northern Michigan's leading realtors.

Charles Holtcamp, of Grayling, realtor and developer, in an exclusive interview, Saturday predicted Charlevoix's dignified old homes will become a major problem in the next few years.

LOCAL REALTORS have admitted the old homes are already a drag on the market. This is confirmed by the Chamber of Commerce.

"We have everything in our favor to attract new industry, except housing," Dean Davenport, Chamber secretary-manager, stated when asked about Holtcamp's analysis of the local situation.

Holtcamp is now completing construction of his first home in Charlevoix. Located on Cherry St., on the north side, Holtcamp's three bedroom modern home is one of the first built in Charlevoix on speculation.

"What we need is more homes like it (Holtcamp's)," Davenport told the Courier.

* * *

HOLTCAMP FRANKLY admitted he does not know what can be done about the large, old homes. He is, however, confident they will become eyesores to the city in the next 20 years.

City Summarizes 1963

OUTLINE PROGRESS IN ALL DEPARTMENTS

A detailed report of how taxpayers' money was used by the City in 1963 was released this week by City Supt. James Taylor and Mayor E. D. Hawley.

In addition to listing major improvements to streets, the airport, water and sewer lines and harbor, the report outlines the routine operations of all city departments.

* * *

MAYOR HAWLEY pointed out the year end report should not be confused with the annual financial report, which will appear later. A statement from the mayor accompanied the report:

"Many improvements were made during the last year," Hawley stated. The major project was the airport, which has been in the planning stage for a number of years.

"None of what has been accomplished could have been done without a good working council. All the aldermen have been willing to spend a lot of time and thought in formulating the plans. Much credit is to be given to our City Manager, James Taylor, and the office personnel and various department heads in carrying out the plans of the council.

STREETS

Widened, regraded, and prepared for hard-surfacing, State Street from Carpenter Avenue to U.S. 31

Participated in the cost of installation of 3,565 sq. ft. of sidewalk.

Regraded and hard-surfaced, Robinson Street, east of Bridge Street to the alley.

Widened and hard surfaced 400 feet of Park Avenue, west of Grant Street.

Prime and seal-coated to preserve the hard surface of the East and West streets south of Newman Street and Belvedere Avenue.

Hard - surfaced 1,366 sq. yd. of Pine River Lane.

DOCKS AND HARBORS

Negotiated purchase of old laundry property and the boat houses near this location, so we may be able to further improve the Charlevoix City Harbor.

An engineering firm has been engaged to formulate plans for the development of further boating facilities on Round Lake.

Rebuilt and repaired three boat slips at the end of Mason street, and did minor repairs to other older catwalks south of these.

Rebuilt the 16 pile cluster near the Round Lake entrance to the channel.

The Harbor and Dock Masters greeted and registered at Round Lake Boat Slips, 493 boats, for an accumulated total of 2,063 days in port.

Constructed a two-place boat launching ramp at the end of Ferry Avenue at Stover Road; Hard-surfaced the approaches, drive and parking lot; Lighted the two ramps. This project is one of which the City Officials are very proud!

PARKING FACILITIES

Purchased property; installed curbing, drainage and hard-surfacing to a parking lot capable of accommodating 45 cars . . . adjacent to the business district and local government offices. We also initiated the thought of extending this parking lot to make parking facilities available from Clinton to Mason Streets.

A REVIEW OF YEAR'S HEADLINES

Election Fever Started 1963

A look back at the top Charlevoix news of 1963 from the last 52 issues of the Charlevoix Courier:

JANUARY

Alderman Edward P. Hansen filed a nominating petition to oppose incumbent Mayor E. D. Hawley in the February election. Filing as candidates for aldermen were Dr. Walter F. Hoffman, Theodore Heeres and Robert Gill. Don Parsel, Davis Miller and Robert Nett.

School Supt. Roy Bennett submitted his resignation, effective June 30. Hoskins Manufacturing Co. marked its first anniversary here.

The third week of January found Charlevoix experiencing its first zero weather of the winter and the schools closed one day due to the cold.

Michigan Consolidated Gas Co. announced it would spend $4 million in 1963 extending natural gas to the Charlevoix area. Consumers Power Co. paid $82,262 in local property taxes.

FEBRUARY

City Councilmen voted to put a proposal on the ballot to sell the Charlevoix electric producing facilities to Consumers Power Co. Marion Township Supervisor Clyde Cunningham started court action to close the sanitary landfill owned by William J. Marmo, Jr.

Mayor Hawley won the primary election over Edward Hansen by a 70 vote margin. John R. Michael opened his law office in Charlevoix.

MARCH

The Charlevoix Raylers upset Boyne City 63-57 in the opening round of district tournament play. Rex Milligan was appointed new Supt. of Schools.

Edward P. Hansen announced he would oppose Hawley in the April 1 election as a write-in candidate. Charlevoix County supervisors voted to exempt businesses from the Sunday closing law.

APRIL

City voters reject the proposal to sell the electric plant and turned down Hansen's bid to upset Hawley in the race for mayor. The Cutter Sundew completed a "mercy" mission to Beaver Island, beating its way through ice to deliver hay and grain for cattle on the island.

Charlevoix County Supervisors re-elected Lee Sneathen Jr., chairman of the Board. The cutter Sundew was hauled to Sturgeon Bay by the Coast Guard icebreaker Mackinaw, when it stalled in Lake Michigan.

All stout hearts rejoiced at the opening of trout season. The Beaver Islander made its first 1963 trip to the island and back. The Charlevoix High School band received an "excellent" rating in state competition.

MAY

The Board of Education announced adoption of a $411,000 budget for 1963-64. Clarence H. Smith and Mrs. B. L. Hooper filed petitions as candidates for the Board of Education election in June.

City Council adopted a $213,310 budget for 1963-64. Gov. George Romney spoke at ceremonies dedicating the Big Rock Nuclear Power plant.

The Board of Education announced it will ask voters to approve a 4.5 mill operating levy at the June election.

JUNE

Sixty-eight students received diplomas from Charlevoix High School. Voters authorized the school district to buy its requested

New Feature for Parents

A new and exclusive feature, of special interest to all parents—which includes just about all of us—starts on the editorial page of this week's Courier.

Headed "School Report Card" the first in this weekly series of articles deals with "modern mathematics," and the efforts of local educators to give new life and meaning to arithmetic for atomic-age elementary school children. An article, by a member of the Charlevoix Public Schools faculty, will appear every week on a different phase of educating our children.

Space for this unique feature was offered to the school faculty in the Courier's continuing effort to give Charlevoix Northern Michigan's finest newspaper.

15 mill operating tax.

City Council held a special meeting to discuss reappraisal of city property values. Rev. Harold Kohn was honored by Gov. Romney as one of Michigan's outstanding cultural leaders. P. D. (Don) Campbell, lifelong Charlevoix resident, and civic business leader died unexpectedly.

The Michigan Amateur Golf Tournament was held at the Belvedere Golf Club. Mrs. R. C. Hooper was elected to the Board of Education.

JULY

Personnel started arriving to operate the SAC radar site at Bay Shore. Opening of the campground at Bells Bay on Lake Michigan was announced.

The 1963 Community Chest goal was set at $11,511. E. Darrell Dinwiddie was re-elected president of the Board of Education. Sharon Russell presided as Queen of the Venetian Festival.

AUGUST

Thousands of visitors enjoyed Charlevoix's annual Waterfront Fair. Plans to begin expansion of Charlevoix Municipal Airport in early September were approved in Lansing. Paul Kohler, Chamber of Commerce secretary - manager, died.

Sale of the Charlevoix Courier to the Northern Michigan Review Inc., was announced.

SEPTEMBER

Natural gas became available to local residents. Opening day school enrollment indicated an increase of only seven students.

Edwin Pyrzynski assumed command of the Coast Guard's Charlevoix Lifeboat Station, succeeding Lee R. Norton. The Rayder grid squad opened the season against Harbor Springs.

Dean Davenport was named new secretary -manager of the Chamber of Commerce.

OCTOBER

Stewart (Irish) Coleman, teacher and coach, died. Chamber of Commerce officials criticized the Michigan Tourist Council for bypassing Charlevoix in its color tour pamphlet. Judy Walker was named Homecoming Queen. Expansion of campground facilities along Lake Michigan at Bells Bay and construction of a plush new resort on Lake Charlevoix were announced.

The Community Chest topped its goal by more than $600. The County Board of Supervisors adopted a $311,000 deficit budget.

The board, also, created a planning commission and appointed Mrs. Alice Tunison Civil Defense director, to replace Gen. George Ely, who died unexpectedly.

The Library Advisory Committee's recommendation that $4,000 be spent on new books in 1964 was approved by the Board of Education. The 1963 summer tourist business was up 15 percent in Charlevoix. Chamber of Commerce officials declared. Completion of the new hard surface airport runways was announced. State officials started moving to save the commercial fishing industry from the hotulism scare.

NOVEMBER

City Council announced it will improve the Round Lake harbor facilities and add a shower building for yachtsmen. Tentative plans were announced for a special election to establish millage for a Charlevoix - Emmet Special Education program. Officials went on record in orging the state to put "Charlevoix" signs at I 75 and M-32.

Charlevoix deer hunters had what was estimated to be their best season on record.

Charlevoix County joined the rest of the nation and world in shock and mourning over President John F. Kennedy's murder.

Charlevoix High School coach Don Carey was named one of Michigan's top five high school coaches as the Rayders ended the season as league co-champs.

DECEMBER

Sheriff Glenn Rose blamed inadequate facilities for a successful jail break. Charlevoix High School bandsmen launched their drive to raise $1,000 by selling Courier subscriptions.

City officials celebrated "Fish Week" with a banquet at the Weathervane Inn and by urging all residents to eat fresh Great Lakes fish. John A. Uhrick, automobile dealer and City Supervisor, died unexpectedly. The Board of Education revised its budget from $411,000 down to $402,000.

The Beaver Island Boat Co. announced its 1963 business set a new record.

★ Warns

(Continued from Page 1)

will invest in these old homes and take on the upkeep and repair costs, he pointed out.

As more and more of these homes become unwanted by their present owners, but cannot be sold, Holtcamp stated, they will create whole neighborhoods of decay in the best part of town.

This condition is not unique to Charlevoix, although it may be more acute here, he explained. Americans everywhere are demanding efficient, modern homes.

* * *

THIS IS CREATING a problem in villages, towns and big cities throughout the country.

In metropolitan areas, huge urban renewal projects have been started to replace outdated housing with modern homes.

A realtor cannot afford to buy the old homes and replace them with modern housing, because the cost makes it impossible to sell the new homes.

Holtcamp contends local government has a responsibility to save the community from this threatened blight. However, he does not pretend to know how they can meet this responsibility, and is, in no way, critical of the Charlevoix City Council.

* * *

THE COMMUNITY that does take the initiative in solving this problem now, will be the one that gets new people, industry and business, he feels confident.

Holtcamp's firm has built homes in communitys throughout Northern and Central Michigan. He reports there is unlimited demand for new homes in nearly all north country communities, but financing hampers development.

The Courier asked Holtcamp for his views on local and area residential development due to his widespread experience.

BUSY WINTERS

Winter vacation travelers to Michigan winter sports areas totaled a record 200,000 during the 1962-63 season, according to the Michigan Tourist Council. They created a $20 million winter recreation business in the state.

Pre-season estimates indicate these figures will be surpassed during the 1963-64 winter season.

★ Set Up

(Continued from Page 1)

peared to be the board's main concern, the policy also sanctions restrictions or suspension for students convicted of a criminal act or doing anything else "detrimental to the school."

* * *

"NOW IS A GOOD time to do this because we have a darn good bunch of kids," Supt. Milligan told board members.

"The very fact we have this student's and parents." Dinwiddie said.

Dinwiddie described the policy as "an aid in encouraging high standards of conduct."

He pointed out the board's adopting the policy will remove all suggestions that some students get special treatment.

The Student Council is working on preparing a student code of behavior, which will replace the new board policy, when completed.

★ 2,000 Dogs

posed of 178 dogs at the dog pound, including those requested by owners, dogs chasing deer, killing chickens and distemper cases. There were 586 animal complaints investigated.

As of Nov. 30, the County Jail had held 190 prisoners in 1963, to whom 6,749 meals were served at a cost of $4.33. Rose declared.

During the year the Sheriff's office processed more than 1,800 drivers license applications and 285 fox bounty applications.

* * *

THE DEPARTMENT made 78 arrests, consisting of traffic violations, minors in possession of alcoholic beverages, furnishing alcohol to minors, drunk and disorderly, assault, grand larceny, breaking and entering and game law violations.

There were 106 traffic accidents investigated. There were six fatal traffic accidents in the county in comparison to four last year.

Several minor boating accidents were investigated, but no fatals. In 1962 there were two fatal boating accidents. The marine deputy conducted 200 boat livery inspections and 460 boat equipment inspections.

The department also made 72 liquor inspections.

Because all candidates are Republicans, winners in the primary of victory, unless a strong write-in campaign develops. This appears election will be the only candidates in the April 1 general electinn. Consequently they will be assured unlikely with city politics as quiet as they are.

THERE WILL BE no candidates on the ballot for the one unexpired Justice of Peace term. The possibility of write-ins here seems certain. Charlevoix is authorized two Justices.

Charlevoix County Democrat Chairman George LaBlanc, told the Courier he expects this to be the last city election in which no Democrats are entered. He also stated Democrats hope to field a full slate for this year's county elections.

The Charlevoix Rayders will go into the new year with an undefeated record in basketball, having their fifth victory on December 27.

The elementary Christmas program was planned around a central theme, familiar Christmas cards, consisting of songs, dances, skits, etc. suggested by the king sized cards displayed on the stage (which had been made by the students.)

★ City Summarizes

(Continued from Page 1)

PUBLIC HEALTH

Early last spring, we made an extended study of the sewer system serving the north section of the City. By so doing, a decision was made to import professional sewer cleaning personnel and equipment, and we had cleaned, 5,841 feet of trunkline sewer.

Also during this survey, a construction error was discovered which caused a partial obstruction. This was altered, and at the same time a 24" by pass was installed to correct the sewage and drainage problem in the above mentioned area.

Last spring we also instituted a local program whereby we cleaned and washed 90 percent of the trunkline sewers in the City.

We installed 491 ft. of new sewer in the area bounded by Lake, Sheridan, Garfield and Lincoln Streets.

We made 10 new sewer taps, and 10 new water taps.

We installed 1,300 ft. of 6" water man along Eaton Avenue, between May Street and Ferry Avenue, to serve eght prospective customers.

CEMETERY

There was added, at the cemetery, a new piece of equipment—a leaf blower. Besides maintaining a very neat and attractive cemetery, the personnel in this department had 70 interments.

ELECTRIC

During the past year, the City Officials submitted to the people, a proposal to sell, or not to sell, the Electric Utility; and they voted by quite a majority to retain the Utility.

During this year, we have partially made the Hydro Plant semi-automatic. We built three new secondary systems: One on the North side of Cherry between Central and Mercer Boulevard; Two on Eaton Avenue, between May Street and Ferry Avenue.

Reconstructed approximately one mile of Primary line and constructed a Transformer power bank to serve the new industry at the Loeb Barns.

Built a new Transformer power bank at Will-Flow Corporation.

Installed 14 new Security lights.

Installed 26 new Mercury Vapor Street lights and have many more to go.

Added 15 new electric customers to our Electric system.

We had an approximate gain of 4% of maximum demand — 14% increase in K.W.H. purchased and produced.

We also placed a new roof on the power plant.

RECREATION

The Recreation program pretty much followed the pattern of the previous year, wherein: 417 participated in Softball, 208 persons took swimming instructions; 22 people took tennis lessons.

Supervised three beaches; Two sets of Shuffleboard Courts in which 6261 games were played.

Sponsored and supervised two Track and Field Days, in which 165 people participated; two Water Field Days, in which 107 children participated.

Maintained and supervised an ice skating rink and sliding hill for 71 days during the winter months.

In June we had the one week of free golf at the Golf Course. The Golf Club report shows an approximate 10% increase in play and revenues for this year.

It is estimated by the Recreation Director and heads of different sections of our program, that accumulatively, about 35,000 people took part in the entire program.

There was added, in the past year, to our Recreation Facilities 6 new picnic tables, and one new diving platform.

FIRE DEPARTMENT

The Fire Department answered 59 fire calls, including the following:

Building fires—10 City, 8 rural;
Grass fires—11 City, 6 rural;
Vehicle fires—5 City, 3 rural;
False alarms — 2 City, 4 rural and Still alarms—smoke, standby, etc., 8 City, 2 rural.

The Fire Department should be highly commended, for each year it sponsors a pre-Christmas Santa Claus, with distribution of candy and nuts for the children

Our community expresses its sincere sympathy to the Drenth families and the Paul Doctor families in the tragic death of Mrs. Edwin (Wanda) Drenth and to the Bernie DeYoung families in the tragic death of their daughter and sister, Miss Norma DeYoung. May the Lord comfort the bereaved families is our prayer.

Funeral services for Mrs. Drenth were held Monday afternoon Dec. 23 at the Atwood Christian Reformed Church and for Norma DeYoung Thursday afternoon Dec. 26 at the Ellsworth Christian Reformed Church, Rev. Alvin Vander Griend conducted the funeral sermons.

CARD OF THANKS — The families of Edwin Drenth, Peter John Drenth, Paul Doctor and Bernie DeYoung express deep appreciation for everything that has been done and said to help sustain them during the anxious days and the hours of deep sorrow at the time of the passing of their loved ones, Wanda Drenth and Norma DeYoung. Sincere thanks is extended to Dr. J. Van Dellen and to the Charlevoix Hospital staff for their deep concern; and to Rev. Alvin Vander Griend for his faithful ministry. 3x

because we did not give the accident big headlines. Other papers do, why not the Courier?

The answer is simple. We're not in the business of peddling misery, blood and sensation. Constructive, happy news is our forte, just as it is mankind's hope.

If we had our way, we would edit a newspaper without a single tragic story ever appearing. Life being what it is, we are forever foiled in our desire. But, in this, we are merely voicing the hopes and frustrations of all peace loving men.

VISITING SHERIFF Glenn Rose Christmas Day to take a picture of the turkey dinner being served prisoners, got to wondering it the fact there were five women and ten men behind bars proved anything.

First reaction was that women must be only half as bad as men. This hardly seemed logical however, when Rose pointed out the women eat as much as the men, and leave their cells dirtier.

Who knows? (And that, pal, is a mighty big question).

Students Dress Yule Dolls

"CHRISTMAS IS A TIME for sharing" Terry Oldham, Charlevoix high school senior, explained as she told about the project sponsored by the local chapter of the Future Homemakers of America as a community service project.

Here Terry (right) and MarJean Geneit are pictured with dolls F.H.A. group "rejuvenated" and dressed for the local Santa Claus project and the more than 75 items, all new, that they gave or collected from among their fellow students so that patients at the Traverse City State Hospital could have gifts on Christmas Day. Accompanying the gifts for patients were gift wrappings and enclosures and ribbons and bows for the gifts when they were wrapped.

Serving with Terry on the committee which collected and packed the gift items were Miss Geneit, Donna Korth, Susie Staley and Barbara Clarke.

"I'm sure we all had a happier Christmas because we shared what we had. After all, it is more blessed to give than to receive" Terry said in conclusion.

Girl Scout News

By LINDA WOOD

The Court of Honor of Junior Girl Scout Troop 253 met and planned future meetings.

There are 30 girls in our troop and we organized five patrols. Each patrol takes a turn opening the meeting with the flag. Some patrols have presented their symbols and Scouts Own. Patrol 2 put on a skit about Peter Rabbit.

We will all start out badge work after the holidays.

The sixth grade is working on the star also.

Recently the sixth graders with the troop planned and hosted a Christmas party for troop 265 and their leaders.

The sixth graders are Cindy Ager, Becky Hansen, Fay Whitley, Penny Whitley, Pam Fairbanx, Julie Supernaw, Lilly Gallagher and Jeanette Skeel.

Dear Dick Affair

RICHARD DONALDSON

"CHEER UP"

Dear Dick: An unidentified woman called last night to inform me she was taking my husband away from me. She said he was too good for me. Don has been away a lot lat' I never thought he'd desert me for a gutter-snipe like her.—MISERABLE.

DEAR MISERALBE: Stop being that way. She may be making a Federal Case out of a fleeting affair. Get hubby's side of the story anyway . . . and cheer up. Do things to make you happy . . . clean house, put up new curtains, buy yourself some new clothes and get some new appliance from PUFF'S APPLIANCE CENTER. It will boost your morale. PUFF'S prices will give your pocketbook a break, too.—DICK.

Couple Dies on Highway

Raymond J. Nowland, 44, hatchery manager of the Bureau of Sports Fisheries and Wildlife, was killed and his wife, Margaret, 40, died several hours later at Mercy Hospital in Cadillac as the result of a two-car accident at the intersection of M-37 and M-55 in Wexford county shortly after 10 a. m. Monday.

Their daughter, Linda, 18, and Ens. Jon Ryan of the U.S.C.G. Cutter Sundew, passengers in the car, were uninjured.

The bodies have been returned to the Winchester Funeral Home here.

Mr. and Mrs. Nowland were enroute to Grand Rapids and Detroit to settle the estate of the former's sister, Miss Frances C. Nowland, 56, who died unexceptedly late Thursday at the Kent county airport enroute to Detroit after spending the Christmas holidays here.

A native of Charlevoix where he was born July 8, 1919, Mr. Nowland graduated from the Charlevoix high school and was a veteran of more than four years in the U. S. Marine Corps during World War II, having served in the South Pacific. He was a past Commander of the Charlevoix V.F.W. Post No. 1153 and a member of the Charlevoix Congregational Church.

He had been employed by the federal hatchery here since April 1, 1946 and at the time of his death was a hatchery manager of Fish and Wildlife Service of the Department of the Interior.

Mrs. Nowland, the former Margaret Burr, was born in Detroit Nov. 23, 1923 and had lived here since her marriage to Mr. Nowland during World War II. She was a member of the First Congregational Church.

They are survived by a daughter Linda, a senior at the Charlevoix high school, and a son, Cadet Donald, a third year student at the U. S. Military Academy at West Point, N. Y. Mrs. Nowland is also survived by her mother and a sister.

Locals

Guests at the home of Dr. and Mrs. William Ratigan have been their son-in-law and daughter, Mr. and Mrs. Alvin A. Ranger, and children of Ann Arbor who also visited his parents, the Arthur Rangers. On Christmas they were joined by the Arthur Pelton family, another son-in-law and daughter. Shannon Ratigan rounded out the family circle.

Mr. and Mrs. William Coleman and son returned Saturday to their home in Sioux Falls, S. D., after spending the Christmas holiday here and attending the wedding of Mrs. Coleman's mother, the former Mrs. James (Grace Belding) Shaw to Adrian Wener Friday night.

Cradle Roll Call

Mr. and Mrs. Don Sergeant of Commerce Park are the parents of a son, Scott Donald, born Dec. 26. Mrs. Sergeant is the former Angela Schroeder, daughter of Mr. and Mrs. John Schroeder.

Births recorded at the Charlevoix Hospital recently include:

A daughter, Cathy Renee, born to Mr. and Mrs. Marvin Heeres of Ellsworth, Dec. 24.

A daughter, Bridget Kay, born to Mr. and Mrs. Bruce Newville of East Jordan Dec. 24.

A son born to Mr. and Mrs. Fritz A. Puttpaff, Dec. 26. Mrs. Puttpaff is the former Ann Gill daughter of Mr. and Mrs. Alfred Gill.

A daughter was born to Mr. and Mrs. Dennis W. Freeman of East Jordan Dec. 29.

Obituary

Mrs. Nowland

Miss Frances C. Nowland, 56, sister of Raymond J. Nowland, was stricken fatally at the Kent county airport at Cascade near Grand Rapids while enroute to Detroit after spending Christmas here.

Funeral services were held Sunday at the Winchester Funeral Home with the Rev. Harold E. Kohn officiating. Burial was in the Brookside cemetery.

* * *

BORN IN CHARLEVOIX Oct. 13 1907, Miss Nowland was graduated from Charlevoix High School and the Davenport Institute in Grand Rapids. A medical secretary, she had been employed at the District Health office here and in Grand Rapids and Ann Arbor before going to Detroit 12 years ago. She was a member of the First Congregational Church here.

Surviving are her brother; a nephew, Cadet Donald Nowland of the U. S. Military Academy at West Point and a niece, Linda, of Charlevoix.

Rayders Pull Upset Over Big Neighbor

Avenge Earlier Loses To Beat Petoskey 57-44

By FRAN MARTIN
Staff Writer

The high-spirited Charlevoix Rayders, who have been unable to down the Petoskey Northmen for two years, avenged earlier losses Friday, dumping the big class B outfit by a score of 57-44.

For the first time in the long series of games, always played during the holidays, was presented in the Charlevoix gymnasium, before a large holiday crowd.

★ ★ ★

STARTING FOR THE Rayders were Gary Stutzman, Ken Parrish, Dave Norton, Dave Smith and Warren Belding.

The game got off to a slow start with the Northmen leading 12-10 at the quarter. However, in the second period the Rayders came back to outscore the visitors 16-8 and take a 26-20 halftime advantage.

As the second half got underway, Petoskey came back to trim the Rayder lead to four points, 36-32 going into the final period.

Putting on a press and stealing the ball countless times, he Rayders, depending on their depth to keep up the pace, outscored the Northmen 21-12 for the long-sought victory.

★ ★ ★

PARRISH PACED the game for the victors with 15 points followed by Norton with 14; Belding with nine; Del Terrill, eight; Stutzman, four; Bruce Kroken, John Bleha and Pete Ance, two each. Also seeing action was Doug Winnell.

Jim Concannon had 15 for Petoskey followed by Vic McPhee.

JV's Defeated 54-40

Charlevoix's JV's went down to defeat before the young Petoskey reserves 54-40 in a hotly contested game Friday night.

The young Rayders managed a one-point 12-10 first period lead before Petoskey knotted the score 22-all at halftime.

★ ★ ★

AS THE SECOND half got underway the visitors took over, outscoring the Rayders 13-10 in the third quarter for a 35-32 advantage going into the final period when the Northmen found the range and poured in 19 points to eight for the local lads.

Steve Smith paced the Rayders with 12 points followed by John Ferguson and Larry Skippergosh with 10 each. Neil Cross and Andy Peters had four points each.

Mike Wolohan had 12 and Bob Brecheisen 10 for the visitors.

COMMENT, OPINIONS, FACTS

A Bold Look at Community Needs In Coming Year

POLITICIANS AND PROPAGANDISTS have now been given the chore of convincing the public 1963 was a good year. It is fitting that the old year should be given over to them.

But, while they are mauling the past and seeking your confidence because of it, let the rest of us look to 1964.

As we start a new year it seems timely to recall Henry Thoreau's advice in the first chapter of Walden: "No way of thinking or doing, however ancient, can be trusted without proof." Of course, there are valuable lessons to be learned from the past. But not the least of them is that we still have wars, starvation, tyranny, income taxes, and Presidents murdered.

As the Courier looks ahead, we feel it is our obligation to suggest definite steps the community, state and nation should take in 1964 to better everyone's lot.

Some of these have been hanging fire for years. Few are startling or unconventional. But they give us certain guidelines and a goal to use in measuring progress in the next 12 months.

We do not list them in what we consider their order of importance. Perhaps there are other things of greater importance than any of the following. If so, let's see that they, too, are accomplished.

The Year for Tax Reform?

We'll start our objectives for 1964 by repeating our demand for State tax reform. If there must be a state income tax ok, but we still feel a sales tax or some other method, is fairer. Taxation should be based on what a person wants from his government, not how much his government can TAKE from him! Except in extreme cases, local government and schools should be supported with local taxes.

Before the tourist season gets in full sway, let's hope Chamber of Commerce, City and County officials will swing into action with demands the Highway Dept. put "Charlevoix" signs at I-75 and M-32 and US-131 and M-32. The Courier has gone all-out in its request for these signs, but we have seen little aggressive action on the part of officials.

It's doubtful much can be accomplished in one year, however, there is overwhelming evidence that a public, or private campground located near Charlevoix on Lake Charlevoix would pay dividends. Area leaders should recognize this need and get some concrete plans underway.

Because we have heard no arguments against the need for improvements at the County Jail, the Courier assumes the Board of Supervisors has none that are valid enough to stand up in print. This being the case, they will have no excuse for not acting this spring.

We are at a loss as to what can be done to help Charlevoix and other commercial fishermen regain public confidence in Great Lakes fish. A solution should be found, however, and no time, or effort wasted in making it work.

Comperhensive, Fearless School Study

The Board of Education's move to establish a lay committee to help unravel the questions about future needs is to be lauded. We hope the committee and board will do a comprehensive, fearless, job of studying the needs and aggressively informing and interesting voters. It will take integrity and courage to recommend a tax increase. But, if that is what is required, they will be doing us a disservice if the public is not made aware of the needs.

On the school front, it also seems time for positive steps to implement a vocational training program that will more realistically prepare young people for non-professional jobs. School administrators, and Board of Education members, appear in favor of this move. But can do little without public support - which will cost money.

The two-county special education program also seems their own weight, special education is essential.

worthy of support. If we want all members of society to carry

One of the few major weaknesses in Charlevoix is the public library. Because this is a very tangible service, and difficult to compare, it does not generally seem to be recognized that a better job can be and should be, done. No one is to blame because the library is not one of the community's outstanding programs. Persons who angrily accuse the Board of Education or City Council of procrastinating on the library are off base. As far as we're concerned librarian Floranz Milner is only to be praised for her dedicated service. By following the example set by other libraries, Charlevoix can easily assess townships for their use of the facility based on the number of books loaned to outlying residents. If a township does not agree to this arrangement at first, it soon will when its people find the library doors closed to them. This works well elsewhere, and can here. The objective being to divorce the library from the school. We realize this cannot, and should not, be accomplished in one, or two years.

Aggressive Promotion of Assetts

The much improved facilities at Charlevoix Municipal Airport can be a real boon to the community's economy if the right people are made aware of it. The Chamber of Commerce should make a thorough study in cooperation with aviation specialists — of how to get this message delivered.

With growing interest in autumn vacationing and color-touring, Charlevoix is in an enviable position to capture much of this business. An aggressive advertising and publicity campaign is, once again, in order on the part of Chamber officials.

The Chamber has formed a committee to plan and organize a Winter Carnival. Whether the committee can accomplish anything positive this year is questionable. But, if not, by next winter there will be plenty of time to turn ambitious ideas into reality and give Charlevoix an annual Winter Carnival that will earn a state-wide reputation as a highlight of cold weather fun.

Almost certainly because Charlevoix has been fortunate in its choice of city government leaders, chaos has not resulted from trying to operate a long out-dated type of government. There's no need to rush into this thing, but, perhaps, by next fall or winter, City Councilmen should ask voters to decide if they want to elect a Charter Commission.

Spirited Campaign for County Jobs

County officers will be up for election this year, the State Legislature decided this month. We're looking forward to a spirited, wide-open race.

LETTERS TO THE EDITOR

Retarded Center Cites JFK Work

TO THE EDITOR:

A story was told in the press recently of a Massachusetts school bus of retarded children which was boarded by a tall man as it waited for a stop light. He greeted each child. Then bidding them all to "be good children," he returned to his car. The man was our late President John. F. Kennedy.

Since the tragic death of the President, the Charlevoix Association Parents of Retarded Children has been asked by many persons and organiations, knowing of his great and personal interest in this problem, if a way exists to make a memorial gift. Provision does exist for gifts in memory of President Kennedy through the Research Fund of the National Association for Retarded Children of which the Charlevoix Association of Parents of Retarded Children is a member.

* * *

THE RESEARCH FUND is a cause in which President Kennedy believed. Its grants provide scientists the freedom, time and facilities to pursue new leads and to originate and carry through significant investigations. Some scholarships are also designed to bring talented young scientists into the field of research into mental retardation.

With extraordinary vision President Kennedy saw the many things which need to be done to erase this problem which affects millions of Americans today. He won for the mentally retarded and their families legislation to provide giant forward steps for positive action in the future.

Speaking in October to the Annual Convention of the National Association for Retarded Children, he said, "I think we have an obligation as a country, especially a country as rich as ours, to make a major effort to see if we can block this, stop it and cure it." He was talking about the tragic, human waste caused by mental retardation.

To "block this, stop it and cure it" — these are his words describing the action he thought his countrymen should take. The NARC Research Fund is devoted to just such action.

* * *

WE RESPECTFULLY suggest to those of the public who wish to contribute to a cause in memory of President Kennedy that they consider the NARC Research Fund. Gifts may be sent to the Fund at 386 Park Avenue South, New York New York. 10016.

Very truly yours,
The Rev. Alexander Wood,
Charlevoix Association of Parents of Retarded Children.

Odds.. 'N' ..Ends

By FRAN MARTIN

People may leave Charlevoix but a bit of their heart remains behind, no matter how many years they're gone . . . This was evidenced recently in a couple letters I received . . . One was from the Allen Arnolds who have lived in Birmingham for the past 40 years . . . It reads in part . . We noticed in a recent Courier the news of the band dinner. . .

Both Gertrude and I feel that the study of music should be encouraged. They may not fully appreciate it now but later on a good many band members may be very happy that they have had musical training . . . With this letter we are enclosing a check made out to the Band Parents Association . . . Will you add it to the fund for us . .

Both Mr. and Mrs. Arnold are master photographers . . . real artists with the camera, if you've ever seen any of their work . . They celebrated 30 years in business in Birmingham Dec. 1 . . . the only one in the city still operated by the same people though there are several that are under new ownership but bear the original name. . It is interesting to note that when they started, the population of Birmingham was 5,000 . . . . today it is approximately 25,000 . . . And for the benefit of you old timers, Allen once lived in what is now Jack Mul's house on Dixon ave . . Remember?

* * *

AND FROM "DOWN UNDER" a letter from Auckland, New Zealand where a former Charlevoixan Edwin J. Madill, is serving as U. S. Consul. . . His letters are always most interesting and I'd like to share it with you . . . I note in a recent issue of the Courier, he wrote, that a fund has been established as a memorial to Stewart Coleman . . . I only hope my contribution does not arrive too late . . . "Irish" was one of my favorites and even now, some 34 years after graduating from the Charlevoix High School, his patience, understanding and thoroughness in the field of education and sportsmanship is not only a pleasant but a vivid recollection.

Peg and I are enjoying our tour of duty here but at the risk of an understatement, the country of New Zealand is somewhat different than the good old U. S. . .

The wasteful death of President Kennedy brought forth an instantaneous display of sympathy on the part of the people of New Zealand, never having been experienced by me during my career of 30 years on the part of individuals not of my own country. It was, indeed, a gratifying experience to see people from all walks of life, form in long silent lines to record their names, and in most instances, their most innermost thoughts in the "Book of Remembrance" we had in the lobby of the Consulate. In two and one half days over 3,000 people recorded their feelings . . .

As you read this, the last package has been unwrapped, the last Christmas card has arrived, the needles are beginning to fall from the tree, the ornaments are askew —you're getting left overs at every other meal . . . and Christmas is over for another year . . . But wasn't it wonderful . . . Tho' it was marred by many tragedies in our own community, there was the warm feeling of being remembered by so many friends far and near . . . of receiving little, unexpected remembrances : . . To all of you who remembered me I'd like to say thank you . . . it was wonderful hearing from you . . . There are many notes I'd like to share with you so before another week I'll go through them and share all my holiday news with you . . .

* * *

BUT FOR NOW I'd like to wish you all the best of everything in '64. . . Don't know how you feel, but this time of year I always pause and look back on the 360 some days and make a quick survey of things that have happened and give a thought and a prayer to friends who are no longer with us, count the new friends I have made and list my blessings . . . and, believe me, I have many . .

A quick look ahead to 1964 reveals a long, smooth highway into the future, unmarked, unmarred, and, as it disappears over the horizon, there the great, beautiful unknown future . . . I hope all 366 days of it hold things you dream of . . . good health, success, good friends . . . just everything your little hearts desire . . .

As you stand on the threshold of this new year, why not make a resolution to make this world a better place in which to live . . . You can't? . . . I say you can . . . It is my contention that lack of communication among peoples is one of the chief reasons for misunderstandings . . . everyone assumes that everyone else knows the score, so to speak . . . when they don't . . . . so why not to do away with misunderstandings with malicious gossip and comments . . . You'd be surprised how nice a world this can be if you greet even people you like with 'Hi. How are You?' if you comment on someone's hat or youngster, or good looks. Now I'll step down off my box . . . but before I do I'd like to relay to you the good wishes of us all, Shep, Tom, Merrit, Sonny and me . . . And may congregational Church Margaret Parker Circle meets at church, walk with you every step of the way . . . in '64 and always.

School Report Card

Put Life in Mathematics

IN COOPERATION WITH Public School administrators and teachers, the Courier has made this space on the editorial weekly for "School Report Card" available to school personnel. This is the first written by a series, aimed at creating interest in, and understanding of, school problems and activities — Editor

By GLENN SNIDER
Principal, Elementary School

Last school year the elementary teaching staff knew that it was necessary to do something about the arithmetic program. Textbooks do wear out and it was necessary to replace a number of copies. It didn't make sense to replace those copies with old copyrights when a modern edition would cost no more. We studied the problem and felt that it was the time to begin a program of modern mathematics.

Modern mathematics has received much discussion in educational circles and we firmly believe that it is here to stay. The Charlevoix Elementary School has adopted such a series. This starts in the kindergarten and at the present is carried through the fifth grade. Next year we plan to carry it on in the sixth grade.

* * *

WHY DID WE WANT to make the change? Because we feel there is more to arithmetic than just learning the four basic fundamental processes of adding, subtracting, multiplying, and dividing. We want our children to learn to think and analyze problems. We want to put more life and interest in the program. We want them to learn facts in a terminology that they can go right on with in the secondary school. We hope to make it a real and meaningful program.

After considerable study the Office of Education in the U. S. Department of Education and Welfare has issued a bulletin titled "Elementary School Mathematics". In it they have stated that one of the reasons for introducing a program of modern mathematics is that the conventional methods were limited mainly to the four fundamental processes that I have already mentioned and were quite barren of interesting phases of mathematics.

One of our objectives in teaching the new arithmetic is to maintain a proper balance between reasoning and drill. The old method spent too much time on drill. Most any teacher can tell you that most pupils dislike story problems and space age, there is mathematics, of more greater demand. This is because citizens. If a modern school can't child in arithmetic learn the secondary that is able to progress school the secondary more

school and should be better prepared for college.

So don't be surprised if your child comes home with arithmetic using terms that may seem beyond his grade of working problems in a manner that is far different from the way you and I used to. However, there is one point that should be made clear and that is that the same old processes are being taught. It may be called modern arithmetic but many of the ideas are older by far than any of us. It is just the approach that is different.

Since we want to challenge your child to think and use his reasoning powers, you can help by encouraging him to do this. His method of approach may be different from what we used to do so help him by understanding his way. You can relate it to your way of doing by comparison.

Mr. and Mrs. Garry Vandenberg and two daughters of Fraser are spending the week with her parents, Mr. and Mrs. John L. Boss. Mr. and Mrs. Herbert Boss and children joined them for Christmas dinner.

Martin Bottema joined relatives in Grand Rapids for the holidays. Mr. and Mrs. Robert Curtis and family were dinner guests on Christmas with the Ray Cunninghams.

Mr. and Mrs. Richard Hoffman and family of Grand Rapids visited her parents, Mr. and Mrs. Henry Potter on Christmas Day. They had dinner in East Jordan with the Hoffman's daughter and son-in law, Mr. and Mrs. Duane Raymond and daughter.

Mr. and Mrs. Archie Potter and family joined the Herres family at a Christmas Eve party in Ellsworth with the Harold Heeres'.

Guests during the past week at the Lawrence Boss home were Wayne, Gary and Bryan Boss of Detroit. On Christmas Day the Boss' visited the Harold DeYoungs and the John Essenburgs in Atwood.

Guests joining the Charles Elzingas for Christmas dinner were Mr. and Mrs. Louis Drost and Songa and Mr. and Mrs. Al Tousley.

Mr. and Mrs. Tom Bassett and family spent the holidays in Southern Michigan with relatives.

MICHIGAN TREES

Michigan has a greater variety of trees than any other state in the nation, and more than in all of Europe, according to the Michigan Tourist Council.

The state boasts 85 varieties of soft and hardwood species.

bach entertained several friends at a pre-Christmas party, Dec. 21. Games were played and a potluck served. The following couples were present Mr. and Mrs. Ed Linse, Jim Bearss, Dick Way, Gerald Boss, Tom Parrish, Shelby Goss, Charles Elzinga, John Fratrick, Cecil Drost, and Joe Lada from Traverse City. During the evening the Fehrenbach's were presented with a housewarming gift from their friends.

Locals

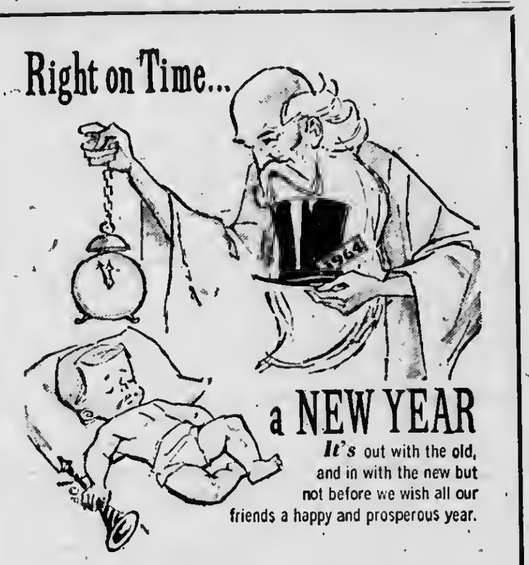
Mr. and Mrs. Thomas McDaniels and two sons spent Christmas with relatives at Leslie.

Mr. C. H. Sternberg is spending the holidays with relatives in Bad Axe and Ubly.

Linda, Mary and Sue Foster came Christmas Eve from Traverse City to spend the holidays with their father, Maurice J. Foster and brother, Bob, at the home of their grandfather, Joseph M. Foster.

Nelle Smith of Traverse City spent Christmas week here as the guest of Mr. and Mrs. Robert Wexstall.

Mr. and Mrs. C. J. Fiedler returned Thursday from Clio where they had spent Christmas with their son and daughter-in-law, Mr. and Mrs. Robert Fiedler and family. They were joined there by their son-in-law and daughter, Mr. and Mrs. Herbert H. Hamlin and son, Timothy, of Albion.



It's out with the old, and in with the new but not before we wish all our friends a happy and prosperous year.

Rambling with Shep

MOST MEN AT least once in their life must face the great sorrow of losing a loved one. But few men must confront this terrible test as brutally as Don Nowland and his sister Linda did last week.

And even fewer — no matter how much seasoning they have in life — meet it with the manliness 20 year old West Point Cadet Don displayed to so many Charlevoix people this column has talked to.

Seldom does any man have to stand face-to-face with the terrible knowledge that all but one member of his immediate family has been taken in a horrible accident. Yet Don met this with almost unbelievable composure tempered by grace and mental and emotional stability.

This is a tribute to his parents and West Point."

This column has long been a champion of the opinion that West Point produces the finest men anywhere. But even West Point graduates admit the first step in making a man is taken at home. In this case, it seems both did their job superbly.

Before getting off the subject—which we hope is not embarrassing to Don — we feel Sandew Capt. F. J. Mann and Mrs. Mann deserve a nod of thanks from the entire community for their tenderness, strength and love in helping keep the pieces together for Don and Linda. They, too, have set an example few of us will ever see equaled.

Ice Fishermen Challenged to Bring in Goods

By Offering Variety of Prizes Courier Calls Anglers' Bluff

(Related Story and Pictures, Page B-1)

After squatting hours over an ice-covered lake you can hardly blame ice fishermen if they conjure up some awful whoppers.

We don't blame them. But we're calling their bluff.

Here and now, we are inviting all Charlevoix County anglers on notice. Put up or shut up!

* * *

THIS IS NO IDLE challenge. The Courier is sponsoring a fishing contest to eliminate doubts about its sincerity.

All Charlevoix County residents are urged to enter the contest. There will be cash prizes provided by the newspaper, and we have also promised prizes from local sporting goods dealers who cater to area anglers.

We'll give a prize for the largest perch, bluegill, walleye, pike caught spearing, and pike caught on hook and line.

That gives you a chance to win any one of five prizes.

* * *

EVERY FISHERMAN who brings his catch to the Courier office — whether it's a prize winner or not —will have his picture taken for the newspaper.

There's only one catch to the contest. The fish must be caught in Charlevoix County.

Since we're dealing with fishermen we won't take your word for how long your fish is, but we will accept your statement of where it

(Continued on Page 2)

We Get Least

The Charlevoix County Road Commission will receive less in federal matching funds than any neighboring county.

Charlevoix County will receive $20,846 for construction on secondary roads. Local fund will match this, according to the State Highway Dept. Neighboring counties—Antrim, Cheboygan, Emmet and Otsego will receive between $34,000 and $48,000.

Hawley Contends City Will Not Permit Blighted Areas

CRIBBAGE FOES A 34 year Charlevoix tradition was tops for the Oddfellows with 935. The cribbage matches was renewed last week when these men met for the season's are held every Thursday evening, 8 p.m., in the Masonic first cribbage contest between Oddfellows and Masons. Abe Temple or IOOF Hall. All cribbage players — whether club VerWys was top man for the Masons with 929. Al Bergmann members or not — are welcome to play. (Courier Photo)

Aware of Possible Problem

Say Will Meet Responsibility

(See Editorial, Page B-2)

Charlevoix officials will not allow blighted neighborhoods to develop in any part of town Mayor E. D. Hawley assured residents this week.

Hawley's statement was in response to last week's Courier story quoting realtor-developer Charles Holtcamp's warning that blight has overcome many "quality" neighborhoods in towns such as Charlevoix.

* * *

HOLTCAMP URGED Charlevoix officials and citizens to take notice of this threat and take steps to avoid it here. He pointed out plush-large homes, such as those here, have become unmarketable and allowed to deteriorate until they create decay in whole neighborhoods in other towns.

Mayor Hawley admitted he recognizes this potential threat, and believes other city officials are equally aware of it.

He was emphatic in stating he is confident city leaders now—and in the future—will take whatever action is necessary to save Charlevoix from this dilemma.

Hawley said he knows the market for these large homes has become "very limited" in recent years. He also admitted there is a definite trend away from such homes.

* * *

"HOWEVER, THERE have been a number of them purchased, and remodeled in the last few years," the mayor said. "There has been some improvement, even, in the last ten years."

As some of the homes go out of use and cannot be sold, Hawley contends they will be torn down. He declared the city would force razing a building before it would allow it to harm the rest of the neighborhood.

He feels that the problem will work itself out.

Chamber of Commerce Secretary Manager Dean Davenport pointed out homes are in better condition here than in comparable communities.

New Firms Here

Charlevoix County's business population showed a healthy increase of 5.3 percent in 1963, according to Dun and Bradstreet, Inc.

Thomas C. Robberson, manager of the Dun and Bradstreet Grand Rapids office, reports the firm's records show 258 manufacturers, wholesalers and retailers listed in the county in 1963, compared to 245 in 1962. The Dun and Bradstreet listings do not include all businesses, as some do not file a report with the company.

Ski Class For Kids

Charlevoix youngsters again this year are being offered a free chance to learn to ski.

Mt. McSauba and the Kiwanis Club have teamed up to provide free instructions to all area youth. Chuck Meier, McSauba manager, reports.

* * *

THE KIWANIS Club will pay for the lessons with Mt. McSauba providing free use of the slopes. Instructions will begin Saturday. All youngsters interested should call LI 7-2291, or LI 7-9758 by Friday evening, if they are to be assigned to groups.

Mt. McSauba has been open since the holidays.

Campaign Begins to Promote Special Ed.

AIM FOR MILLAGE ELECTION IN JUNE

Work has begun in earnest to establish a special education program in the Charlevoix - Emmet Intermediate School District.

Intermediate District Supt. Charles A. Robinson reports his office has launched an intensive drive to interest and inform school and civic groups in special education.

* * *

A FACT SHEET on why the program is needed and what it will do and cost has been sent to PTA's, civic clubs and boards of education. Accompanying the sheet is a resolution groups can adopt if they decide to endorse special education.

"We're hoping groups that have more questions than our fact sheet answers or have any doubts about the merits of the program will contact us and let us send a speaker to their meeting to explain our objectives in detail," Robinson said.

The Intermediate District chief earlier announced he hopes to put a request for a half mill to finance the special education program on the June board of education ballot. This half mill, with additional state funds will pay for special education, he contends.

Up to 75 percent of the program will be paid for by state aid Robinson explains.

* * *

IF THE HALF-MILL proposition is put on the ballot and approved by voters, it will cost a homeowner in Charlevoix or Emmet counties with property valued at $5,000 by the state $2.50 annually. A half mill equals 50 cents tax on each $1,000 of state equalized valuation.

Robinson declared children with the following handicaps would benefit from the program by getting special attention from teachers specifically trained in their field. speech defects, mentally handicapped but educable, crippled or having special health problems, blind or partially blind, deaf or hard of hearing, emotionally disturbed and slow readers.

Regular students will also benefit because they are sometimes at a disadvantage when their teacher must spend too much time with slow learners.

* * *

SPECIAL EDUCATION, Robinson explains, will relieve regular teachers of this responsibility and give them more opportunity to "enrich the curriculum or the normal and gifted children."

Whenever possible, children served by special education would be kept in their own classrooms. Specially trained teachers will give direct assistance to regular teachers.

State Cites Needs To Improve Jail

It was revealed this week that the State Department of Corrections and Charlevoix County Board of Supervisors feel improvements are needed at the County Jail.

Harry Gebeau, Charlevoix Supervisor, and member of the Sheriff's Committee, went on record as recognizing the jail's limitations in a letter to the Courier.

* * *

A DEC. 5, Page 1, Courier story quoting Sheriff Glenn Rose, and subsequent editorials, cited the jail's lack of space and questionable sanitary facilities.

Gebeau enclosed a copy of a letter from State Jail Inspector Robert J. Russell. Russell's letter called attention to the need for a new sink and shower to improve sanitary conditions.

Russell inspected the County Jail last spring. In addition to requesting installation of the sink and the shower, Russell suggested the jail roofs a security threat.

However, he commended Rose and his staff for their efforts in "trying to do the best job possible with what they have."

Boat Lessons Set This Month

The Charlevoix Marine Club is offering instruction in boating to all interested water sports enthusiasts.

The 12 week course starts Thursday, Jan. 23, at the Elementary School. Subjects include seamanship, equipment and government regulations, safety afloat, small boat handling, rules of the road, aids to navigation, the mariner's compass and charts and piloting.

* * *

INTERESTED persons should contact Roy Raymer, Jim Bellinger, Dave Pague, Fay Davis, or any club member. Instructors will be members of the U. S. Power Squadron.

Kiwanis Club to Give City Trees

An offer by the Kiwanis Club to plant 20 to 30 maple trees annually on City property has been accepted by Charlevoix officials.

The Kiwanians and City Supt. James Taylor will select sites for the trees. They will be planted by members of the Kiwanis Club's conservation committee.

* * *

ACCORDING TO Barney Fagerhart, the transplanted maples will be approximately two inches in diameter.

There will be a total of [illegible] in the city.

First 1964 Baby is 6th

The first 1964 baby born at Charlevoix Hospital will have plenty of playmates.

...was caught. So bring 'em in. We have a ruler right in front of the counter. It will only take a minute to measure your entry and take your picture.

We're so eager to give some money away, we'll help you find the best ice fishing spots.

Conservation Officer Harley Burris reports the hottest area for perch is in the South Arm of Lake Charlevoix between Holy Island and the Ferry.

Pike are being taken with spears and on hook and line in Susan Lake and Deer Lake, according to Burris.

* * *

MINNOWS AND wigglers jigged on small ice fishing spoons are taking the most perch.

If you're out to win the bluegill prize, Burris recommends you snowshoe your way onto some of the small, out-of-the-way lakes.

And, since we want you to be around to get your picture taken, and possibly collect prizes, we'll pass on Burris' warning about thin ice. He points out much of the ice that appears safe is really honeycombed and should be approached with caution.

Good luck! And, don't forget,—bring your catch in — big or small —to the Courier office and we'll at least take your picture. You might even win.

Obituaries

Carl Andersen

Carl Anderson, 51, Great Lakes marine engineer, died late Monday at Charlevoix Hospital where he had been a patient since New Year's Day.

Funeral services will be held at the Winchester Funeral Home at 2 p.m. Thursday with the Rev. William Harmon officiating. Burial will be in Brookside cemetery.

Born in Eveline township May 9, 1912, he attended area schools and in 1938 was married to the former Edna Knudsen at Muskegon. They had resided at their present home near Ironton for the past 15 years. He was a marine engineer and had always sailed on the Great Lakes. In recent years he had sailed aboard the Milwaukee Clipper of the Wisconsin - Michigan Steamship Co. He was a member of the Ironton Congregational Church.

Besides his wife, he is survived by three sons, Ronald L., Gerald W., and Jan D., all at home; a brother, George of Muskegon; a sister, Mrs. James Everson of Chicago; a half-sister, Mrs. Channing Clarke of Lake Orion and a step-sister, Mrs. Tyler Kennedy of Pompano Beach, Fla.

Sell School Bus

The high bid of $256 from C. H. Smith was accepted for Charlevoix Public Schools bus number 3.

Losing bidders were Bill Marmie, $226; Holmes and Crain, $200, and Delbert Terrill, $175.

* * *

THE BUS WAS PUT up for sale by the Board of Education because it is no longer considered in good enough condition to warrant repairs necessary to keep it as part of the fleet. Board members commented the bids were higher than expected.

ROSE POINTED out, in the Courier story, that lack of enough cells at the jail often forces deputies to expose themselves to security risks.

Gebeau's letter read:

"As Chairman of the buildings and grounds committee and member of the Sheriff's Committee I would like to list some of the things that have been done in the last two years at the Charlevoix County jail.

"Repairs to the building have been in excess of $5,000 with roof and interior of living quarters. Two coats of paint inside and out.

"This fall new automatic washer and drier were installed. Also a new 85 gallon natural gas hot water heater has been installed.

"I am sending you a copy of a letter from the inspector of Jails which I am in hopes you will publish. The recommendations he made have been complied with and will be installed in the very near future.

"I would like to point out that none of these things come out of the Sheriff's budget, but are special appropriations made by the entire board of supervisors."

DAVENPORT ALSO agreed that Holtcamp's warning should be taken seriously. But, like Holtcamp, he saw no reason for alarm or panic reaction.

The story in the Courier quoting Holtcamp made many people aware of the possible problem, and for that reason, may be a major factor in avoiding it, Davenport contends.

The Chamber chief pointed out Charlevoix is famous for the pride its people take in keeping their homes in good condition. At one time, he remarked, Charlevoix was alleged to sell more house paint per capita, than any other city in the nation.

DEAR NEIGHBOR:

I have been in the insurance business for the past 10½ years, in Charlevoix.

One year ago, I took the big step, and became an independent agent, forming the Boss Insurance Agency. This now enables me to write any kind of insurance you may need, and also at the most favorable rate possible for you.

By writing for several companies, I can place your insurance where you will get the best buy and best coverage, with lowest rates.

We welcome a chance to give you our rates and coverage explanations any time, so you may see what we have to offer.

And, most important, our thanks for the confidence you have placed in our agency, which has enabled me to successfully get out on my own, and give this service to you, as only independent agents can.

Our office phone, as in the past, is answered day or night, whether it be 6 A.M. or 11 P.M.

SINCERELY,

Mrs. Kenneth B. Forbes had as her guests during the holidays Mr. and Mrs. J. C. Dawson and family and Mr. and Mrs. Robert Miller and family who visited here en route to Detroit from the Upper Peninsula.

CARD OF THANKS. In behalf of my family and myself, I would like to express the gratitude and appreciation for the many kindnesses shown us following the tragic death of our wife and mother, Frances Skippergosh. It would be impossible to acknowledge the many things that were done for us at that time and during the holidays that followed. I would like you to know that it helped us greatly to know there were others sharing our grief. Lawrence Skippergosh and family. 4x

CARD OF THANKS — It would be hard for us to thank any particular person or even any group of persons for their help and thoughts during our recent loss. Instead we would like to thank all of those people of Charlevoix who thought of us. Linda and Don Nowland.

Sixty members and guests of the Charlevoix city band closed out 1963 with the traditional annual band dinner at the Weathervane Inn Monday evening.

The buffet dinner is a "thank you" to the members of the city band and their guests for their contributions to the community. The members give of their time and talents throughout the year so that the city may have weekly concerts in East Park during the summer months. Rehearsals are held throughout most of the year.

Among those attending the dinner were members of the band who reside here, in East Jordan and Petoskey as well as those who were home for the holidays from colleges and universities.

Following the dinner, the group went to the high school band room for a reunion rehearsal, working through a specially selected program.

According to director, C. A. Odmark, the musicians are enthusiastic about the annual get-together and are looking forward to next summer's concert season to be presented during July and August from the park site in East Park.

THEY GET MORE EXERCISE THAN BOYS

School Helps Gals Stay Slim

There's a lot more to physical education than the varsity athletes who draw all the attention.

Don Carey, who is best known as one of Michigan's top high school coaches, outlined the lesser-known facets of physical education last week. Carey appeared before the Board of Education to explain the "phys. ed" program.

* * *

CHARLEVOIX students are introduced to physical education in the seventh grade. Actually the girls get more body building assistance than the boys.

Girls phys. ed. starts in the seventh grade and extends through the ninth grade. Boys only go to phys. ed. classes in the seventh and eighth grades.

There is no formal physical education for boys from grades 8-12, or girls in grades 10-12.

The classes meet for one hour twice a week. For the boys the classes include calesthenics, touch football, basketball, volleyball, track events and other organized games. The girls' program is pretty much the same with special adaptions.

THERE IS ALSO a voluntary evening intra-mural sports program for all boys from grade 3 through 12. This program is administered by Carey and other physical education instructors. Carey said it has a good following but is open to more boys.

"I'm happy about this because it gives boys who are not out for athletics a chance to participate," Carey said.

He contends a physical education teacher in the elementary school would be an advantage because the instructor would see that all students get proper exercise.

Carey told the board he feels a physical education program for boys in grades 9-12 are needed. Presently only boys out for varsity and reserve athletics are in a formal program in these grades. "These boys don't need it, but others would benefit," he said.

* * *

UP TO 30 BOYS go out for football, 35 for basketball, and, at least, 45 for track, the coach pointed out.

He told board members new volleyball nets and wrestling type mats are needed for both the boys and girls program.

Carey also requested that if more blacktopping is done outside the high school a basketball court be creteted. Board members agreed this would receive heavy use after school hours and on weekends.

Attempts to lay out and organize better track facilities around the football field are now underway. Carey told the board. He suggested the field be fenced to keep non-paying spectators out of football games.

Circuit Judge Orders 5 Men, 2 Women to Jail or Prison

Circuit Judge Charles Brown last week sentenced seven people to prison or jail in action here.

John McWatters, 41, and John Smith, 18 both of East Jordan were sentenced to up to five years in state prison for theft of $140 from George Winstone of East Jordan. Esther Case, 36, East Jordan, was sentenced to up to four years in the Detroit House of Correction for her part in the robbery.

* * *

ANOTHER WOMAN, Elizabeth Pruitt Marshall, 21, Elmira, was sentenced up to five years in the Detroit House of Correction for breaking and entering.

Kenneth L. Carson, 24, Boyne City, was ordered confined to the County Jail for one year, or make payment of $1,000 to the girl involved in a paternity case. Louis E. Hadix, 45, Boyne City, was ordered to the County Jail for one year for non-support.

Daniel H. Olson, 27, Petoskey, was sentenced to 30 days in the County Jail for malicious destruction of jail property and ordered to pay $10 damages.

The probation department was ordered to recommend sentences for Mrs. Mary E. Martin, 42, of Boyne City and her daughter Mary E. Martin, Boyne City, who pleaded guilty to interfering with a police officer.

PROBATION OFFICER was also asked to recommend a sentence for Andrew D. Sutton, 21, Charlevoix, who pleaded guilty to attempting to break jail while confined in the County Jail.

James Adams, 20, and Harold Mapes, 19, both of Boyne City, pleaded guilty to charges of breaking and entering in the night in connection with the Dec. 31 break-in of the Ski Loft Bar on Pleasantview Rd., near Boyne City.

OUT DOOR RAMBLING

with Glen Sherman

NOT TOO MANY YEARS back the ice fisherman was winter's most exotic animal. With the advent of stretch pants and ski runs on just about every pimple sticking above a cow pasture in the northland, the ice fisherman has, pretty much, been forgotten.

Not that stout hearted men have abandoned this chilly sport. On the contrary, ice fishermen still dot inland lakes and new recruits join their ranks annually. It's just that they don't get as much attention these days.

AND, DESPITE recent refinements, it still remains a fact that ice fishing demands more determination and sheer doggedness of its followers than any other of Michigan's outdoor winter sports.

Casual observers are being kind when they sarcastically suggest anyone who will squat over a tiny hole in the ice at near zero temperatures is just a shade shy of being looney. They might be displaying a bit more understanding, though, if they diagnosed ice fishermen as being independent souls who do not have to bolster their ego by joining a crowd pawing at the latest fad.

There's no denying it: Ice fishing is a miserably frigid ordeal. Successful fishermen generally find they have to sit still for tortously long minutes gently jiggling a tiny spoon up and down with a short, limber pole. Not only does the cold cut through to a man's gizzard, the wind often tries to tear the hide off your face.

With modern clothing and hand and rump warmers, this discomfort is lessened only slightly, and temporarily. No way has—or likely ever will—be found to beat the cold. You either get in out of it, move constantly, or you get cold.

* * *

PORTABLE ICE shanties have done a lot to make ice fishing more pleasant, and, of course, a few people will continue to own plush shanties, complete with stoves.

Many dedicated ice anglers continue to spurn these comforts both as an insult to their manliness and a crimp in their mobility. They have a point. There's something to being able to move from one corner of the lake to another, or even another lake, with ease.

Although ice fishermen have little chance of catching the really big fish they aim for in the summer, they compensate for this by using extremely light tackle.

The best combination for perch and bluegills — which really provide the most winter time sport — continues to be small spoon, approximately half inch long, and helgramite or minnow, jigged on a one or two pound test mono line.

* * *

A FRIEND AND longtime tackle supplier over in Roscommon, Jack Schweiger, scoffs at the small spoon-like bait combination. Jack insists spoons about two inches long in shining gold, silver or pearl—and with no bait— catch more fish.

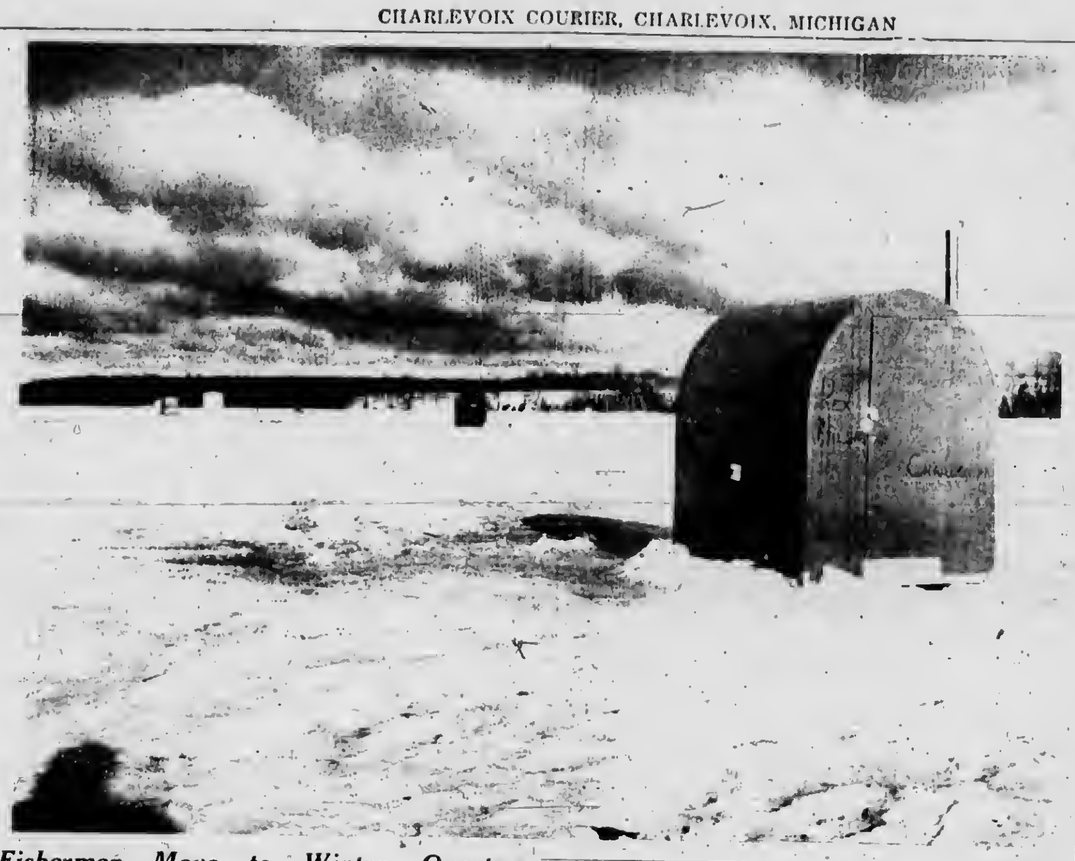
Past experience on trout streams tells me I would be a darn fool not to take Jack's advice. However, the secret, no matter what bait an ice fisherman uses, is probably in how he bobs the bait up and down (jigging).

A wide variety of live bait is now available due to new methods of preserving it in plastic bags. Such things as crickets, grasshoppers, and others that used to be available only in summer, can be obtained due to this process. However, they are hard to find locally.

Another nifty trick, that overcomes the headache of hauling icy line in by hand when a fish is hooked, is to mount an ice fishing pole's glass tip in a standard casting rod handle and use a cheap single action fly reel. If you don't have an old casting rod handle, you can buy one for $3 or $4 from such mail order outfits as Herter's. If you asked, local stores could probably get them.

* * *

GOOD LUCK, AND, remember, that old bit about rubbing frostbitten skin with snow is malarky. The best treatment is warmth.



Fishermen Move to Winter Quarters

ICE ANGLING COLONY — Ice shanties dot Susan Lake on the Boyne City Rd., above, one of the county's hotspots for pike. Thomas Maxwell, lower left, borrows an ice fishing pole and hole to try his luck for perch on Susan Lake. Several pike have already been speaked on the lake, but perch fishing is slow. George Miller, lower right, of Bay Shore, hauled his shanty on Susan Lake Sunday. He pointed out there are nine shanties on the lake already this year and were only five last year. W. L. Hniller of Rte 3, Charlevoix, who also has a shanty on the lake, reports it is a good spot for pike, bluegills and perch. (Courier Photos)

Rayders Back To Hardwoods

By FRAN MARTIN
Staff Writer

Teams of the Northern Michigan Class C league will return to the hardwoods in force this week, playing two games within five days after a three-weeks holiday lay-off.

This week will find Charlevoix, leading the eight-team pack with a clean record to date, traveling to Pellston to take on the second place Hornets; East Jordan invading Gaylord, tied with the Hornets for second place; Boyne City entertaining Harbor Springs and Grayling playing at Mancelona.

On Tuesday, the Rayders will host Gaylord, Pellston will play at Grayling, Mancelona and Harbor Springs will tangle on the latter's floor and Boyne City and East Jordan will clash on the Red Devil's court.

* * *

CHARLEVOIX, THE only team to play a mid holiday game (with Petoskey Dec. 27) will invade the Aome's next Friday when they take on Pellston with a 3-1 record in league play. This outfit, coached by Tom S. Germain, is a scrappy outfit that could repeat as a league champion, if they get rolling. There is plenty of experience and depth in this team paced by Ert Clear who leads the team in the scoring department (with 75 points, not far from the outfield Doug Lavaasen (with 61) and Mike Toomi on (with 53). All three the 1 down starting positions on the team that shared the title with Harbor Springs. On their floor, this outfit can be murder.

While Charlevoix is on the top of the heap they have depended, to a great extent on the fast break and the press, offenses that are almost impossible on the Pellston floor. The Rayders will have to depend on controlling the backboards, outreaching the ball and hitting against whatever defense the Horn's may choose.

IF THEY ARE to stay on top, the Rayders are going to have to play heads-up ball all the way.

Gaylord, tied with the Hornets for second place with a 3-1 record, should be the trouble with the East Jordan Red Devils, who have but a single win to their credit. However, the Blue Devils may be without their big boy, Tom Lick, who suffered a leg injury in a pre-holiday physical education workout. He was on crutches during the holidays and a spokesman for the team said it was possible that he would not be ready for the first game in the new year. Since he leads the league in scoring with concerned, and even if he is fore-108 points, his absence could be catastrophic, as far as the team is ed to take it easy and not play his usual hard game, the Blue Devils may find themselves in trouble. Lick has handled the scoring under the basket while Ron Snell has been a constant hitter from outside and it is doubtful if he can compensate for the loss of Lick.

East Jordan has the potential to be a pretty fair team. They may take advantage of Gaylord's weakness and knock them off.

After getting off to a bad start, the Harbor Springs Rams now share third place with Grayling with a 2-2 record, and look like a team that could become a real threat if Coach Charlie Paige can find a little depth.

* * *

BOYNE CITY, on the other hand has one win in four starts and, with the help of Tom Sproull, a 6-5 import, has shaped up fairly well. It is doubtful, though, that they can match the pace of the Rams.

Tuesday's games will be headlined by the Gaylord - Charlevoix game on the latter's court and the Pellston - Grayling meeting on the Vikings floor.

"KEEP HUNTING"

Dear Dick: I am 43, have gone with two nice guys for 7 years each, but gave up since neither one was serious enough to want to get married. I met an older man and we're now engaged to be married. I thought this was my last chance, but the first few weeks and won't use to marry him. Shall I break my engagement? I love him the most.—HUSBAND HUNTER.

DEAR HUSBAND HUNTER: Forget them both, but don't give up. Where there's men, there's hope. You admit you don't really love your fiancee and you seem unsure of the first guy. It's a happy marriage when a hard working housewife and a new Whirlpool appliance get together. PUFF'S APPLIANCE CENTER has been making women happy for — years.—DICK.

Expert Advice Needed by City On Home Blight

LAST WEEK'S WARNING BY Charles Holtcamp that Charlevoix's dignified older neighborhoods threaten to become blighted (Courier, page 1, Jan. 2) should not be taken lightly. While there is, certainly, no call for alarm, nor can we afford to blindly, or egotistically, ignore his remarks.

The exact thing realtor - developer Holtcamp predicts has happened in hundreds of other cities both bigger and smaller than Charlevoix. It has happened to once-plush southern Lake Michigan resort towns.

Though we may be prone to feel secure in a provincial confidence that Charlevoix is "different," we cannot, in clear conscience, take the gamble.

* * *

IT DOES, ADMITTEDLY, seem absurd to suggest the stately homes on Dixon Ave., Michigan Ave., Belvedere, etc. will be abandoned to decay. But it does not seem any more ridiculous today than the idea did to other communities a few years ago. Today many of these towns some smaller than Charlevoix are in the midst of a massive federally-supported emergency renewal program.

The record shows Charlevoix has a long history of foresight in local government and civic awareness. Now before the problem really exists is the time to apply that tradition to this matter.

Like Mr. Holtcamp, the Courier does not know what can be done to assure Charlevoix it will not have eyesores in once distinguished neighborhoods. There are, however, people who are experts in this field.

The City Council has authority to employ a professional planning firm to assay Charlevoix's future needs and problems and tell us how to meet them. These consultants are the experts. To suggest anyone less than these pros be asked to probe this important matter is foolhardy.

* * *

IT MAY BE THEY WILL TELL us there is no cause for concern. However, it is more likely they will suggest stringent ordinances to protect the community's interests.

There is little doubt in our mind a professional planning firm would advise city fathers to extend Charlevoix's boundaries, re-organize zoning, and adopt an almost impractically rigid building code, among other things. Some of us today will not like these recommendations (if they should be forthcoming). But personal interests are not our concern. What the City Council and Charlevoix taxpayers find in 1994 is at stake here.

Charlevoix needs more small industrial firms. However, there should also be some way of seeing that these are "desirable" operations. Townships do not offer this kind of protection. Consequently the City must control the immediate areas that are fit for industrial use.

Before there can be much hope of attracting new industry, modern, easily financed, housing must be readily available. Developers are reluctant to build in rural townships, and townships, on the other hand, do not have the power to control the builders.

THE CITY, HOWEVER IF THE land is within its boundaries can adopt building regulations that will force developers to construct homes that will not deteriorate in a generation. This can be done without adding considerable cost to construction or lot size. But it must be done before builders make their move, or a court fight is apt to develop—as it has elsewhere that the city will lose.

Whatever develops, the next move is to employ professional consultants to assure us we are not stumbling into the future, no matter how good our intentions.

Board Inviting School Criticism

THE CHARLEVOIX BOARD OF Education has taken a bold step into challenging itself and the community to face up to school needs by having teachers speak at board meetings.

Since the start of school in September, teachers have appeared at board meetings to report on their program, its weaknesses and strengths. With only one teacher attending each meeting, and getting all the time they desire, board members are receiving a revealing picture of what education is really all about.

The public is also benefitting in a way it never has before because all meetings are, for the first time, covered by the Courier. Courier stories on the counseling department, shop classes, homemaking and, this week, physical education, resulted from these reports at board meetings.

* * *

THOUGH TEACHERS HAVE HAD more praise than criticism for their facilities and program, they have openly pointed out the weaknesses. By making this opportunity available to teachers, the board is selflessly inviting criticism of the school system it operates. It, and the public, are also getting a candid look into the actual classroom world of education. Something few school boards or parents ever get a glimpse of.

Teachers should also be lauded for their forthright sincerity in speaking out before board members and at all times doing so in a constructive manner.

We feel this program has given the school board and teaching staff an almost unique understanding, and appreciation of each other's problems. Because both groups have boldly displayed their genuine interest in good education, all of our children are bound to benefit.

Students Measure Selves With Test

By DR. WM. RATIGAN

Although the word "testing" may carry unpleasant associations for some of us, we cannot escape the fact that our lives, from childhood through adolescence and even adulthood, are marked by an almost uninterrupted sequence of tests and measurements. When proud parents announce that their new born son weighed eight pounds and two ounces, they are giving the results of one kind of test; years later, when they announce that he has passed his College Boards and been accepted at the University, they are giving the results of another kind of test.

Large - scale testing programs date back to the Bible (Judges XII), where the Gileadites administered a two-question, pass-or-fail examination to the Ephraimites. There were 42,000 failures on the Shibboleth Test, and the penalty for not passing was death.

* * *

IN OUR MODERN democratic society, testing programs are neither threats nor punishments; instead they are opportunities for the individual to be measured against various groups and against himself for as long as he has the desire and the drive to go ahead. In certain other contemporary societies there is a cut-off point where the child and his parents are told in effect:

"This is the end of the line for you in formal education. From now on, you will report to work for the State."

There is no end of the educational line in the United States. There are stops and stations along the way. Each individual, guided by the results of many examinations and inventories, decides on his own destination. He may, in fact, get off at Industrial Crossroads, change his mind and catch the next train for Air Force Junction or College Station.

The Charlevoix Public Schools, at both the Elementary and Secondary level, meet not merely the minimum but the optimum comprehensive standards of the overall testing program suggested by the University of Michigan Bureau of School Services and by the National Defense Education Act. These so-called standardized batteries of scholastic ability and achievement tests, enable all of us, pupils and parents alike, to compare the performances of our children with the performances of other children across the country. Research indicates that Charlevoix scores are consistently better than the national average.

* * *

IN ADDITION to the standardized testing program and to the teacher - made tests that are so essential to classwork evaluation, the school population in Charlevoix is alerted to the fact that other kinds of tests and measurements, however informal they may be, are vital to self-evaluation.

For instance, let us say, a girl in Mrs. Snider's class compares herself to a boy she knows. Mary observes: "I'm in the first grade with Shannon. He doesn't know how to tie his shoelaces very well, and I'm real good at shoelaces. But he's better than me in 'Rithmetic."

While Mary is making her observation in the elementary building a young man in the high school may be making a similar comparison after studying his report card. Harold scowls: "Hazel gets an A in English and I get a D." Then he smiles: "But she gets a D in chemistry and Mr. Luther gives me an A!"

There is a very real development of self-knowledge and group understanding in such observations as those mentioned above. Charlevoix pupils and students are reminded that the process of testing and measuring goes on all the time, in the classroom, on the playground, at a school dance, in the lunch lines:

* * *

"I'M A HEAD taller than he is. . . . She's got brown eyes and mine are sort of gray-green . . . He's always got his nose in a book but I'd rather talk to people . . . She wears her hair longer than any girl in our class."

★ ★ ★

THIS ARTICLE is the second in a continuing series by Charlevoix Public School teachers and administrators on programs and problems in local education. It is written by William Ratigan, coordinator of public personnel and guidance services for the school system, author and Extension lecturer for Michigan State University.

School Report Card

All day long we and our children compare ourselves with others in a series of tests and measurements that may ultimately prove even more significant than pencil and paper performance on a standardized test. The important point in these informal evaluations, pupils are told, is to keep in mind whom they are comparing.

In recent test interpretations made in the classrooms of Mrs. Kohn, Mrs. Martin, Mr. Cook, and Mr. Simmela, the students were reminded that their scores would tend to change in value, depending on the scores of the group to which they were comparing themselves.

"Take the case of the famous basketball player, Wilt 'the Stilt' Chamberlain. He's around seven feet tall, so if he stood alongside our Charlevoix basketball boys his height score would look mighty big. If he went down and stood beside the University of Michigan team, he'd still look pretty big. Even if he compared himself with the players in the professional league, he'd be right up there with the biggest. But if he went back to the land of his ancestors, his height score might drop in value. Among the tall men of the Watusi tribe, Wilt 'the Stilt' would be just one of the boys!"

* * *

AS ANOTHER basis of comparison and to give continuity to the Charlevoix school evaluation program, all of the previous graduating class are followed up prior to Christmas each year. A special report then is distributed to the combined faculties, detailing each graduate's present whereabouts and career status. This Christmas 51 per cent of last year's graduates were reported attending collar colleges. Combing technical institutes and armed forces training, the continuing education total was 74 percent.

Adding vitamin to such statistics as those quoted above is the personal satisfaction and the chance to compare the progress of pupils through the grades, by teachers who have watched and guided them from kindergarten on up. These experienced teachers realize that attitudes are more significant than aptitudes, and that evaluating programs are not devised to keep our children from where they want to go, but to help them go where they will be most welcome and find the greatest personal satisfaction.

Every test is another chance. Practice does not make perfect but it does tend toward improvement.

In short, the overall evaluation program in the Charlevoix Public Schools has the same broad goal

--Odds 'N' Ends--

By FRAN MARTIN

Our little ole Rayders will take to the hardwoods again next week as they go into the last 11 games of a 16-game season, all packed into less than two months . . . All you fans will certainly get your till in this bonnd ball game . . . which is a sneaky way, I know, to call attention to the beautiful new warm up jackets our boys are wearing . . . Don't know if you noticed or not but just in case you haven't, take a look . . . they're just as pretty and white and scrubbed looking as that wonderful bunch of guys who have the honor of wearing 'em . . .

If people passing the Don White residence on M-66 have been concerned with all the comings and goings and the burning of midnight oil and all that there, I'd like to give them an explanation . . . . Seems the family received a 1500 piece jig-saw puzzle for Christmas . . . Too large for a card table, the dining room table became the scene of action and the family their friends, neighbors and I wouldn't be surprised if just plain passers-by joined in piecing the beautiful fall hunting scene together . . . And all within a week . . . during which everything else went by the boards . . .

* * *

SPEAKING OF the holidays Mrs. Amandus Evers and her son-in-law and daughter, the James Gallaghers, had an unusual gift—a telephone call from their son and brother, Stan Evers and his wife, Ellen, who are at Anchorage, Alaska, with the Air Force . . . trying to keep the young fry in bed the way of all good intentions when the phone rang at 3 a.m. Anchorage time to wish the family the greetings of the season from the land of the midnight sun . . . (or noon moon).

Don't know if it was a Christmas gift or not, but I've been enjoying it . . . the snow-blow outfit that the Messmores have been using on the drive . . . I watch it from my window on the days before the big thaw and someone was sure having a ball with said blower . . . Looks like a nice gadget to have . . .

But now that the rains have come, there's not much use for that or skis or season tickets . . . but be patient . . . and recall the cold snowy winter we had last year and chances are still will have again this year . . .

I don't remember a year when so many tragic things have happened . . . and the events of the last two weeks of 1963 just seemed more than those involved should have to endure . . . I know we are supposed to be publishing a "happy" newspaper but when so many are affected by events that transpired, I cannot but mention them . . . There are few things one can say to the families involved but I am sure that they know they have the sympathy of everyone . . . It may make their tragedies a little easier to bear if they can realize that the prayers of all are with them . . . Small consolation now, I know, but in the days ahead it may help . . .

* * *

AND FROM THE Southland—greetings from the Mike Bices . . . a New Year's Eve call from Ormond Beach brought the news that they were fine and, please, would I relay their good wishes to all their friends back home . . .

'Til next week, take care . . .

City Reviews 1963

(Continued from last week)

POLICE DEPARTMENT

Calls received and investigations made: 1,750. Total arrests: 423. Snow removal tickets issued: 74. Accidents investigated: 117. Liquor inspections made: 120. Operators licenses processed: 541. Parking meter violations issued, 547. Miles patroled with police car 42,504.

AIRPORT

After several years of negotiations, the efforts of City Officials were realized in the finalization of 90 percent completion of a new lighted and paved runway—3500 feet by 75 feet; a taxiway — 265 feet by 40 feet; and an apron 150 feet by 150 feet, at the Charlevoix Municipal Airport. Of this, the community can be justly proud.

CITY HALL

We feel that another noticeable accomplishment was the complete renovation of the City Hall. This included sand - blasting the exterior stone; painting the exterior steel work; and a complete re-decorating of the top two floors in the interior of the building. We feel that one of the most attractive portions of the interior decoration was the rehabilitation of the floors throughout. This was all done through cooperation of the Deputy City Clerk.

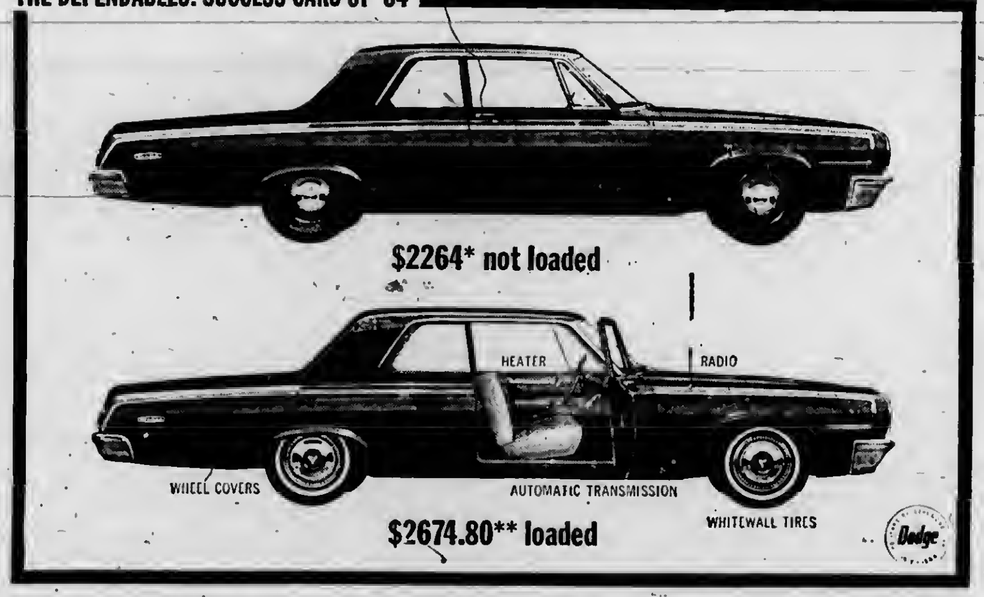
THE DEPENDABLES: SUCCESS CARS OF '64



The car on top is a 1964 Dodge 330 two-door sedan. It has a unitized, rust-protected body, front seat belts, an alternator electrical system, self-adjusting brakes and a 225 cubic inch, six-cylinder engine. It will go 32,000 miles between major grease jobs, 4,000 miles between oil changes.

The car on the bottom is the same model, a 1964 Dodge 330 two-door sedan. And we can say the same good things about it.

There's one difference. It's equipped the way many people buy cars these days.

For a fact, Dodge offers a full line of cars in the low-price field. Sedans, hardtops, convertibles, wagons, the works. They call 'em "The Dependables," because they are.

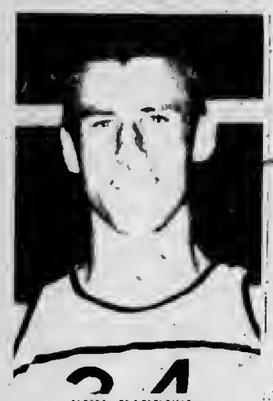
Ken Parish--Versatile Athlete



KEN PARRISH

By FRAN MARTIN
Staff Writer

Ken Parrish, 16, one of the main stays of the Charlevoix Rayder basketball team, is one of the few young athletes to join the Varsity squad as a freshmanas a sophomore, he has become one of the most versatile players on the squad despite his youthfulness, qualified to play any position.

* * *

ONE OF THE surprising things about this young man is the fact that he never had a basketball in his hand until 1958 and, though he does an outstanding job on the court, his real love is baseball.

As he recalls, he was introduced to baseball via the Little League at Norfolk, Va., where his father, Thomas Parrish MBC was stationed with the U. S. Coast Guard.

He started playing basketball for the first time when the family moved to White Plutt, Tenn., while his father was on isolated duty in Alaska and when they moved here a year later was encouraged to improve his prowess on the court.

As a freshman he also went out for football and for two seasons now has played halfback and filled in as quarterback with the JV squad. He also goes out for track, mostly, as he puts it, to keep in condition and to help him with his speed in the other sports.

* * *

DURING THE SUMMER he plays softball, holding down a regular assignment at third base.

He plans to go to college where he hopes to try out for the baseball team. If he makes it, he hopes to make his way into professional baseball via the college route.

Meanwhile, he'll be traveling along the prep school route concentrating on sports in general but looking forward to the day when he can return to his first love — baseball.

His hobby?

"Sports, what else? When you spend as much time on them as I do plus reading about and studying them, there isn't time left for much else" was his ready answer to the question.

KEN, BY THE WAY, was born at Elizabeth City, N. C., and though he has been in the north for some time, still speaks with a rounded, accent, punctuated with many southern colloquialisms.

At home, besides his parents, are three brothers, Paul, a freshman, who concentrates on football; J. C., a third grader classified as the 'brain' of the family and young Carl Ray, a second grader whom Carl feels has a lot of natural talent for athletics.

"THE BANK ON THE CORNER"

SOURCE of VALUES

We can get them from *The Old Book*— values a-plenty to make the New Year really new. Of course the months, the weeks, the hours are much like the old ones.

We should carry all the good things of yesteryears over into the New Year, and then add more.

Just how will your New Year be New?

We and others, like ourselves, will make the difference. Be more kind and patient in the home circle—*then it will be a new house this year.* Exhibit a better spirit as you do the old task—and *the office, or shop, or kitchen will be a new place for the New Year.* Worship God more sincerely and work more in His program of service—*then you will have a new church for the New Year.*

Only a new Person will make it a New Year.

He Kept Bulbs Burning Here For 4 Decades

Bellaire Power Plant Operator With City Longer than Anyone

Forty years ago Clayton Alspaugh went to work for the City of Charlevoix because another man put his fishing pole in the wrong place. Today Alspaugh has retired to go fishing.

For just a decade short of half a century, he has been one of the unseen men who has helped keep the electric lights working in Charlevoix.

CLAYTON ALSPAUGH
40 Years on Job

Alspaugh hired on at Charlevoix's power plant in Bellaire in 1923. He got the job, according to memory and records, because a vacancy was created when one of the power plant's workmen was electrocuted when his metal fishing pole touched a live wire.

* * *

THE FISHING ROD was reported to have come in contact with a live wire in the plant. The freak tragedy put Alspaugh, then 27, on Charlevoix's payroll.

He latched in for a 12-hour, 7-day week, paying $85 a month. "If I remember it right, Clarence Bridge was plant manager then," he said between gentle, but long draws on a well-worked pipe.

"Working conditions were always good and I never had a real complaint," the feisty man with the expressive face recalls.

WHEN ALSPAUGH started on the job, it required three men to keep the power plant running. For the last 10 or 12 years, he's been the only man required at the plant. "It only takes one man now because they've made it automatic.

Rambling with shep

AFTER BEING MARRIED 18 months I've decided all of man's fighting and constant searching for answers is a cover-up for frustration in trying to figure out what in blazes wives expect of them.

By the time they're nine years old, most reasonably sane males have decided it is foolhardy to treat about what makes girls click. But then, some 10 to 15 years later, they forget their childhood wisdom. And through 18 months doesn't make me an expert, it makes me about as much an expert as 60 years with.

Deciding to turn over a new leaf for the new year I boldly asked Mrs. Snep, what it takes to make a perfect husband. Her recommendations are:

1. **Talk to your wife about things that happen at work and what you read in the papers, etc. Don't sit there silently smirking, frowning and smiling to yourself. (You probably won't have this problem if you get married young and don't live alone several years before you do.)**

2. Do the dishes, once in a while. (I trust she makes exceptions in this category for newspapermen and ex-infantrymen who aren't used to a clean mess kit.)

3. Vote straight Republican. (That's no problem here, since they're about the only ones on the ballot. But, if you've really got class, you'll get her an absentee ballot and vote it for her.)

4. Go trout fishing only during the legal season. You don't have to dream about it the other eight

Harold Totten, a Charlevoix newspaperman since 1949, and a Michigan newspaperman for 49 years, has been appointed Charlevoix's representative on the County Board of Supervisors from the second ward.

Totten, who retired as courier editor in September 1963, was appointed as the City's second ward supervisor at Monday's City Council meeting.

Perch Puzzle Perplexing

No Solution Available, Experts Say

What happened to Round Lake's once fabulous perch runs?

This puzzle has stirred speculation for several years. The only thing that has been certain is that the perch are not swarming into Round Lake every spring and fall like they used to.

* * *

ROUND LAKE'S perch runs once drew fishermen from all over the state. Boats literally vied for space on the lake. Perch were caught by the thousands.

For the past ten years the runs have been diminishing until they are virtually non-existent.

Conservation Department fisheries biologist Don Peterson of Gaylord responded to Courier requests for answers to this mystery. Peterson, whose college training as a fisheries scientist is backed by years of field work, declared there is no pat explanation or solution.

To get the answers, he explained, the department would have to have scientific proof of where the perch came from and why they returned twice annually to Round Lake.

"We don't know enough about perch to know exactly what has happened. To find out would require an intensive study of all the Great Lakes perch," he told the Courier during a four hour interview here.

* * *

WHILE ADMITTING no one knows positively what happened to Charlevoix's perch runs, Peterson made several educated guesses:

Fish habits, he explained, are affected by water levels, water qual-

Discounts Theories On Perch Returning

There are many theories heard around Charlevoix as to what happened to the Round Lake perch runs, and what can be done to get them back.

Perch Fishing In Bigger Lake Should be Good

Though he holds out little hope of big perch runs returning to Round Lake, fisheries biologist Don Peterson reports there are plenty of perch in Lake Charlevoix.

Peterson points out the Conservation Department conducted surveys in 1959 and 1962 to determine Lake Charlevoix's perch population.

BOTH SURVEYS indicated the lake has enough perch to satisfy the needs of the area. Peterson declared. Complaints about perch fishing in Lake Charlevoix, the hoping surveys indicate, are unfounded.

"If fishermen will look for the perch, and study conditions, they will find good perch fishing," Peterson said.

He added that 1964 should also be a good year for smallmouth bass in Lake Charlevoix. The survey found there is a growing lake [illegible]

Fisheries biologist Don Peterson was asked about these last week.

WHILE EMPHASIZING that needed research has not been conducted to get the scientific on Great Lakes perch, he contends enough practical information is available to discount most of the theories forwarded by

Grand Opening

"Green's Grocery" will hold its grand opening sale Friday, Saturday and Sunday at Bay Shore to display what owner Bruce Green contends is the "finest rural store in Charlevoix County."

Though it has a new name, the grocery store carries on a tradition started 52 years ago when the late A. G. Tillotson opened his store in Bay Shore. Mr. Tillotson was Mr. Green's father-in-law.

HE AND HIS wife, Eileen, have operated "Tillotson's Grocery" for the past 12 years. They renamed it "Green's" when the new store was completed.

Customers will find the new store well lighted, and with merchandise easily accessible, Green [illegible]

Pipe Smoking Bug Hits At Lions Club Meeting

Charlevoix Lions Club members were reported agape Monday noon when they pushed back from their luncheon tables and one after another started lighting pipes and cigars, instead of the usual cigarettes.

The federal government's blue-ribbon report censuring cigarette smoking had had its impact.

A SURVEY OF Charlevoix community leaders and doctors revealed no one in disagreement with the quit-smoking report, but several who didn't plan to change their taste for tobacco because of it.

All Charlevoix doctors contacted were maniacans. Smoking is bad for the health. Patients should be discouraged from heavy cigarette smoking. (Dr. G. B. Saltonstall, who was out of town, was the only doctor not contacted by the Courier.)

However, the medical men all pointed out this was nothing new to them. Their profession, they all agreed, has long been aware of the facts revealed by the government committee.

Only two of Charlevoix's doctors smoke—Dr. L. E. Grate and Dr. G. B. Saltonstall.

"ONE OF THESE days I might be able to state I have quit it," Dr. Grate told the Courier. "I will quit the cigarettes . . . that's for sure."

(Dr. Grate indicated he might switch to a pipe. But was not ab-

Penality on Unpaid Taxes

CITY RESIDENTS have until Jan. 20 to pay the bill without a penalty fee. After that a 4 percent penalty will be charged. Miss Cunningham will continue taking collections until Feb. 29. Then they will have to be paid at the County Building.

The City Treasurer estimates 90 percent of the taxes will be paid before she turns the bills over to County Treasurer Lillis M. Flanders.

40 Community Leaders Set Goal At Signing-Up 50 New Members

(Related Story; on Page 6)

The most aggressive drive ever staged to recruit new Chamber of Commerce members will be launched Tuesday, Jan. 21.

Forty community business and professional leaders will be organized into three teams to seek new members, Dean Davenport, secretary-manager, points out.

* * *

THE MEMBERSHIP drive opens at noon Tuesday, Jan. 21, with a kick-off luncheon at the Weathervane Inn. Membership Drive Chairman Don Auffe has appointed three team captains, Gordon Kenney, Marguerite Wallace and Don Meggison.

These three captains will elect their team members from the 14 persons on the membership committee. The team that brings in the most new members will be honored by the other teams at an award dinner in the Algonquin at 6 p.m. Friday, Jan. 24.

During the three and a half days of the drive, the teams hope to sign up 50 new chamber members.

Davenport has prepared a list of 50 potential members the teams will use. If the goal is reached, the chamber will have 180 members.

* * *

"THIS IS PROBABLY the most important part of the chamber's work, since our entire program depends on memberships," Davenport said.

He pointed out the organized, competitive drive is the first such held here.

Persons who will be on the three membership drive teams are:

Teri Ager, Anne Baumgartner, Leonel Bartlett, Alice Bellmizer, Lillian Bergmann, Alan Bevan, Carl Borgert, Dale Bess, Homer Brady, and Curtis Burlin.

Winter Tourism Sets Fast Pace

Charlevoix County had almost as much business in February, 1963, as it did in August, 1958.

This proof that winter tourism is just about equal to summer tourist business of six years ago was hailed by Chamber of Commerce Secretary-Manager Dean Davenport as "unbelievable."

* * *

THE FIGURES to back up these statements come from the Michigan Dept. of Revenue, and were compiled by the Michigan Tourist Council specifically to show the increase in winter tourism.

The report is a breakdown of sales tax collections by counties for February and August over the last five years. Increased population and local spending is also reflected.

It shows that Charlevoix County's winter business increase has set the fastest pace in this area. Sales tax collections here have nearly doubled from $29,429 in February 1959. Last February $50,347 in sales tax was collected.

Davenport estimates the $50,347 figure will be bettered next month, if the ski business continues at its January clip.

CHARLEVOIX CITY area businesses that benefit most from this increased winter business are motels, restaurants and gas stations, Davenport points out.

Monday Last Day To Become Voter

Monday is the last day Charlevoix residents can sign up to vote in the Feb. 17 City primary election.

New people, and those whose registrations have expired, can get on the eligible voter list by applying at the City Clerk's office before 8 p.m. Monday, Jan. 20, Hal S. Campbell, deputy city clerk, reports.

* * *

CAMPBELL POINTS out all persons whose registrations expired, have been notified by the clerk's office.

As of Friday, 1,771 persons were registered to vote. In the first ward 418 were registered, 759 in the second ward and 594 in the third ward.

month of the year. (You don't have to take a bath during the eight months the season is closed, either. But just try it.)

5. Hang up your clothes. (Most women don't seem to realize that men wear the same coat more than one day in a row. If they understood this they wouldn't insist on hanging them up.)

6. **Don't wear your hat at the table. (If you don't you'll forget where you put it.)**

7. Eat a variety of meat, not just beef. (I had all the variety I want out of Army ration cans.)

8. Quit tempting the dog to tear up your clothes. (How can a man help it if the dog chews on things you throw at him.)

9. Leave her alone when she's mad. (You bet!)

10. Quit whispering things to Craig. (Craig is our five month old son. She thinks we're hatching some sort of conspiracy against her.)

11. Set a good example for Craig. (This is something of a generality. But I suppose she means teach him to be a good trout fisherman.)

12. Smile, at least once in a while. (Yea, but the minute you do she will think you're up to something.)

If you take any of this serious, you're nuts. Men weren't meant to be perfect husbands. Women would hate such a critter.

WHICH BRINGS TO mind a pet disgust of mine—Men who insist they weren't scared when they looked the preacher in the eye and repeated their wedding vows. I simply don't believe them.

I've stood face to face with a couple of men who wanted to exterminate me, and several others who had lesser but equally disagreeable ambitions, but never been so scared as at that minute. That preacher's eyes seemed to be taunting me: "Boy, I've known you 20 years, and finally I've got you. You're going to join the rest of the civilized world in just a coupla minutes."

I'm no hero. But other men aren't that much braver. They're all cringing cowards when they repeat "I do." If they're not they must be repulsively selfish.

YOU'LL NOTICE Courier business Tom McDaniels has taken to smoking a pipe. But don't get the notion he's been panicked by the government report on the evils of smoking.

He contends he's done it in self defense. In fact he's being downright unkind about it, contending t incinerate something called "Bridge Mixture" (horse manure and splinters) in my briars.

If the truth is known, I suspect Grace Ann (Mrs. McDaniels) gave him a pipe and tabacco for Christmas and he's afraid not to smoke it. That's the only possible excuse he could have for torturing Hilda with that stuff he's smoking.

It will be interesting during the next few months to see what pressure self-righteous busy bodies use to insult people who smoke.

The government has fulfilled its responsibility by informing people that smoking is unhealthy. However it has absolutely no right to stop anyone from smoking.

★ He Kept

(Continued from Page 1)

tic," he explains.

In those days the Bellaire plant produced all the power Charlevoix used at night. After 8 p.m. only one of the three generators was used.

Now, Herb Campbell, deputy city clerk points out, the City's street light circuit alone uses more power than the plant can produce.

The Bellaire plant is kept operating to supplement Charlevoix's power needs and provide an emergency buffer in case Consumers Power Co is knocked out.

* * *

ALSPAUGH SUPPORTS the city purchasing power from Consumers and selling it to users. "I understand they can buy it cheaper than they can produce it. So why shouldn't they sell it and make more?" he said.

Though he and wife Olive have raised five sons and two daughters Alspaugh can't remember anything very exciting or interesting that has happened to him in six decades. (Son, Jim Alspaugh owns the Sugar Bowl restaurant here).

He makes it pretty clear the past is past. He's not retiring to live on old memories.

"We used to catch some nice bluegills and bass right out the power plant window. But I haven't had much time for fishing in the last few years. Guess I'll try to catch up."

He also plans to do some tinkering in the garden and with the lawn.

AS FAR AS traveling is concerned, he isn't interested. "I like it here or I wouldn't have stayed here so long," he says.

Only two of his children still live in Bellaire. They are Carl, who drives a truck, and Robert, who works in the bank. All of the other children live out of town.

Alspaugh was born in Alden, where his father ran a freighting outfit. He went up to the 11th grade in public schools. "Kids need more schooling now. Things have changed. I think everybody needs an education today. People should realize this and make it a primary concern."

An American Legion member, he was in the Army in World War I.

* * *

ALSPAUGH HAS spent more time on the city payroll than any man, deputy - clerk Campbell reports.

Alspaugh will receive Social Security benefits. The city does not have a retirement program.

★ Perch Runs

fly, food availability, cover, weather and other less tangible factors. When these change, fish habits change.

"There is probably some good biological reason why you're not getting runs into Round Lake," Peterson said.

"We might spend five years finding out what this reason is and then find the solution is not economically practical." Such a study could cost as much as $1 million he estimated.

* * *

IF THE LACK of perch is due to a change in natural conditions in Round Lake or Lake Michigan, or some other natural phenomenon, the veteran fisheries expert feels it is possible these conditions will change back to normal and the fish return.

"But I don't want to give people the wrong impression. This is very unlikely. And it at does happen will probably take a long time."

The problem may be due to a situation created by man and in no way effecting food, or other natural conditions, he asserted.

Use of Round Lake by small power boats has greatly multiplied in recent years. This he feels, could be influencing habitat and the only solution would be to reduce boating activity on the lake.

"I DOUBT AREA leaders, or sportsmen, would decide the perch are worth this," he declared.

Fisheries biologists "suspect" there are large schools of totally independent perch populations in Lake Michigan. One of these schools, they suggest, previously migrated to Round Lake twice a year.

Now, due to the natural or man-made changes in Round Lake, this school has found somewhere else to go, or it may have died off altogether.

Asked about the similarly puzzling lack of perch runs to Beaver Island in recent years, Peterson sounded slightly more optimistic.

THE CONSERVATION Department, he explained, has done no fisheries work in the Great Lakes because a fishing license fee is not charged to fish in them.

"You might be able to do something there without too much money," Peterson said.

If Beaver Islanders are interested in looking further into the possibility, Peterson suggested they contact his Gaylord office.

★ Discount Theories

(Continued from Page 1)

laymen.

These theories and Peterson's answers to them are:

Local observers contend the fish stopped coming to Round Lake because effluent from the sewage plant, and entrails from commercial fishing boats, are no longer dumped in the lake.

Peterson points out it would take more effluent and entrails than could be produced to draw the swarms of fish that once came into the lake. And, that if they relied on this for food, they would, probably, take up permanent residence in the lake.

THERE HAVE BEEN suggestions that Charlevoix should try to provide food to entice the perch runs back. Peterson says this is impossible.

He explains that before this could be done someone would have to put up the thousands of dollars necessary to provide the tons of fish food. Then the perch would have to be located in Lake Michigan and trained to return to Lake Charlevoix. This, obviously, cannot be done, he stated, and lack of food isn't the problem.

Another local theory is that dredging the Pine River channel did something that drove the perch away. Peterson says there is no logical basis for this assumption. The fish, he points out, were attracted by spawning, habitat, or to...l conditions in Round Lake, not the channel.

Though he admits commercial fishing in the oceans has almost wiped out entire species of fish, Peterson doubts this has happened to Lake Michigan perch. He points out the perch disappeared from Round Lake during years when commercial fishing pressure was way down. Perch runs were abundant during the years when commercial fishing here was at its peak.

CHARLEVOIX THE BEAUTIFUL

. . . The three headlines nn this ad are very familiar to all of us in Charlevoix. Over the years this slogan has been adopted as being suggestive of this wonderful town. We feel that Charlevoix is Beautiful, and that the whole world should be aware of its beauty.

It is for this very reason that an active and progressive Chamber of Commerce is so vital to a community such as Charlevoix. To sell and tell of Charlevoix the Beautiful, to all who are looking for a grand place to vacation, locate industry and make their homes.

In the last year your Chamber of Commerce has mailed over 10,000 promotional pieces and letters, maintained an information center for tourists, plus acted as a coordinator for many community activities.

Most of these Chamber activities are responsible for bringing dollars to Charlevoix. These dollars create businesses that would not otherwise be here to pay taxes, offer services and help make Charlevoix more beautiful.

It is for these reasons that a STRONG, ACTIVE Chamber of Commerce is so vitally necessary to Charlevoix.

We urge you to consider these facts when you are asked to join the 1964 Chamber of Commerce membership rolls.

ready sure what his next move will be.

"I think it's a poor policy for us to know this and keep on puffing," Dr. Grate declared.

There was an uncontrived, and skeptical, report that Dr. Salton still is also quitting the habit.

CHARLEVOIX'S OTHER doctors — John Lignell, Robert G. Martin and H. O. Messmore — all being non-smokers, were equally emphatic in their condemnation of cigarettes.

Dr. Lignell, Charlevoix's newest and youngest doctor, explained he has always tried to discourage smoking and tried to get patients to cut down or quit the habit. Though he said the committee's report is nothing new to doctors, he feels it might make the public more aware of the dangers.

Dr. Messmore quit smoking eight years ago. Before that he reports he average a pack or more a day for 30 years.

He said he will recommend his patients quit smoking, or at least smoke less and preferably not cigarettes. "I'm glad I'm not in the tobacco industry," Dr. Messmore commented.

CHARLEVOIX MAYOR E. D. Hawley said the report confirms his action of two months ago when he switched to a pipe. Mayor Hawley said he feels better since taking up the pipe and plans to stick with it.

City Supt. James Taylor doubted he will even consider breaking the habit. "I'm hooked," Taylor remarked. "I've been at it too long.

The most emphatic reformed smoker queried by the Courier was Chamber of Commerce Secretary-Manager Dean Davenport. "I've quit!" Dean exclaimed Monday morning. He has been smoking a pack or more a day for 35 years.

"The first two days are pretty tough," Davenport admitted Monday, on the second day of his withdrawal from the weed. "You keep reaching for one," he said about the third time he reached in his shirt pocket and failed to find the long-familiar cigarette pack.

CHARLEVOIX TOBACCO outlets failed to report any noticeable trend away from cigarettes. Both Central Drug Store and Williams News Stand said they have not experienced a drop in cigarette sales, or an increase in pipe and cigar buyers.

added February revenue is being spent in the eastern side of the county, around major ski resorts.

However, he adds, Charlevoix's central location, unequalled natural beauty and excellent restaurants and motels have attracted many skiers who stay here and go to different resorts every day, rather than spend all their time at one.

Charlevoix's 1963 business was more than half of the August 1963 business. The report shows $50,347 in sales tax collected last February and $97,526 last August.

* * *

AUGUST 1958 TAX collections were $57,410, only $7,000 above last February.

Though summer business has not grown at the same rate, Davenport points out it has increased from $67,000 in sales tax receipts in August 1959 to $97,526 last August.

Charlevoix County sales tax collections for February of the last five years were: 1959, $29,429; 1960, $34,774; 1961, $44,193; 1962, $47,800; 1963, $50,347.

While all neighboring counties have shown an increase in February collections, none have equalled Charlevoix's growth rate, though some show a bigger total.

Emmet County's February 1959 collections were $43,362. Last February they were $67,664. This is an increase of just over 50 percent compared to Charlevoix's nearly 100 percent growth.

Typing Classes Teach Reading

TEACHER OUTLINES SIDE BENEFITS OF BUSINESS COURSES

There's more to learning to type than punching the keys on a typewriter, according to Chester Maltby, Charlevoix High School commercial department instructor.

Typing classes, Maltby told the Board of Education, also provide excellent training in spelling, comprehension, reading, following directions and proper letter writing form.

* * *

APPEARING BEFORE the board as part of its policy of having a teacher explain their department's operations at each meeting, Maltby pointed out 95 students are enrolled in typing courses.

The commercial department, under Maltby, also offers courses in shorthand, general business and bookkeeping.

Maltby said none of these courses turn out a fully qualified stenographer or bookkeeper. They do however, prepare students for such jobs after minimum refinement of their skills, Maltby contends.

Much of the training offered will also prove helpful to housewives in keeping records of family expense and men who have only infrequent dealings with records and financial statements.

* * *

TWO YEARS of typing are offered Charlevoix High School students. This year 40 girls and 25 boys are taking first year typing and 17 girls and 11 boys second year typing. The course can be taken in grades 10-12.

Shorthand and general business are offered every other year. This year general business is being offered, with 15 girls and 9 boys enrolled.

Bookkeeping is offered annually to grades 10-12. Sixteen girls and nine boys are taking the course this year.

Office machines used by the department for instruction are an electric mimeograph, ditto spirit duplicator, photo copying machine and dictaphone transcribing machine, which is rented for the second semester.

* * *

THERE ARE 23 manual and 2 electric typewriters in the department. Maltby told board members he feels students should learn typing on manual machines. It is easy to switch from a manual to an electric typewriter, once you have learned to type, but difficult to go from an electric to a manual, he explained.

First year students are expected to type 30 words per minute and 50 by the end of the second year.

The commercial department also publishes the "Crimson Flash," school newspaper, every other Wednesday, and "The Rayder," the annual yearbook. Both of these publications are self-supporting, he said.

ELEENEZER CHRISTIAN SCHOOL PTA MEETS

The P.T.A. of the Eleenezer Christian School was held at the Atwood Christian Reformed Church basement on Monday evening, Jan. 13.

President Peter Timmer opened the meeting with audience singing a couple of hymns and read Scripture and offered prayer. A short program arranged by the committee Mr. and Mrs. Bert Veenstra and Mr. and Mrs. Henry Burns followed a song "There's a Rainbow in My Heart" by a trio, Shirley Pott, Barbara Jansen and Linda Vanden Berg, accompanied by Mrs. Peter Pott at the piano. A solo by Mrs. Larry Kayner "Open My Eyes That I May See", a piano duet by Mr. and Mrs. John Elzinga.

Rev. Alvin Vander Griend was the speaker, his subject was "Our Government support of the non-paidie Schools." A discussion followed.

After the business meeting, Lewis Essenburg closed the meeting with prayer.

Refreshments were served by Mrs. Lewis Essenburg, Mrs. Peter Pott, Mrs. Harold DeYoung and Mrs. Marion Sitzema.

A sale of baked goods was held by the girls of the 7th grade.

FAMILIES GO VISITING

Mrs. Gertie Elzinga and daughters, Mrs. Martin Elzinga and Coben, Mrs. Henry Elzinga and her daughter, Mrs. Carl Pott and Mrs. Max Bolser and twin daughters were Wednesday dinner guests at the home of the former's son and daughter-in-law, Mr. and Mrs. Allen Elzinga and family of Vanderbilt.

Mrs. Anna DeYoung of Bancroft spent Thursday at the home of Mr. and Mrs. John Bos.

Mr. and Mrs. Guy Vallance and two children of East Jordan were Tuesday evening visitors at the home of his sister, Mr. and Mrs. Harry Brock and son Larry.

Nick Brock, who spent a month at his home here left for Munson Hospital Saturday for further check up. His sister and brother-in-law Mr. and Mrs. Mint Piersma of Grand Rapids were recent visitors there.

Mrs. John Elzinga and daughter Susan and her mother, Mrs. Joe Williams of Charlevoix returned to their homes Saturday after spending a couple of days with at the home of the latter's niece who is ill, Mr. and Mrs. George Sands of Flint.

Mr. and Mrs. Clift Pageau and Mr. and Mrs. Harry Bos were Saturday evening visitors at the home of Mr. and Mrs. Henry Burns and Sunday evening visitors at the home of Mr. and Mrs. Leslie Kelley.

Mr. and Mrs. Erwin Holbeck and two children and Mrs. Fred DeVries of Charlevoix were Sunday dinner guests at the home of their parents, Mr. and Mrs. Art DeVries and son Bernie.

Mr. and Mrs. Lewis Essenburg were Sunday evening guests at the home of Mr. and Mrs. Peter Pott and family.

DAVENPORT REPORTS

C of C Membership Dues Buy More, But Cost Same

By DEAN DAVENPORT
Secretary - Manager
Chamber of Commerce

An Open Letter to the Citizens of Charlevoix: -

The formula for membership in the Charlevoix Chamber of Commerce was established on March 26 1958. At that time the minimum for membership was set at $25.

There has been no increase for membership since that time. Many cities of comparable size have a larger fee for membership, however, we do not wish to increase this fee at the present time.

* * *

WE SHOULD LIKE to point out a few reasons for needing increased revenue for the operation of the Chamber of Commerce. The demands on the Chamber of Commerce have steadily increased over the past several years. Postage alone is a considerable item when mailing out over 10,000 pieces of promotional material and letters. All promotional material, brochures and advertising have increased in cost.

In 1958 the total sales tax collected from Charlevoix County in July, according to the Department of Revenue, amounted to $57,419. Compare this amount to the sales tax collected as of August, 1963, totaling $97,526. This is an increase of more that 70 percent in sales tax alone for the Charlevoix County businesses. In other words, while income and revenue from retail sales has increased substantially since 1958 your Chamber of Commerce has been operating on the same income formula during this period.

The benefits and direct results efforts are an intangible return. They cannot be measured in dollars and cents by any one individual. In this highly competitive age and fast moving world today a community can soon become lost and stagnant if they do not maintain an alert and aggressive Chamber of Commerce. We are not suggesting an increase in membership formula at this time but we are enlarging our membership which we believe will bring in substantial revenue for the increased budget for 1964.

FROM THE RESULTS of this drive, January 21 through January 24, a study will be made to determine just how the formula can be adjusted to meet the needs and planning for future years. Therefore we urge all current members to give careful consideration to your Chamber solicitor tomorrow during this three day drive.

We would welcome any individual who wishes to invest in the Chamber and become a voting active member. May we depend on your full support to make this a real prosperous year for Charlevoix in 1964?

Locals

Mr. and Mrs. Ralph V. Hess, Jr., returned Sunday from Chicago where they had spent the past week at the International Home Furnishings Market. Mr. Hess, who was on a buying trip, said there was a marked change to contemporary and colonial furniture which featured many new coverings and a wide range of colors.

Mr. and Mrs. William Denemy of West Branch are the parents of a daughter born Jan. 13 at Midland Community Hospital. Mrs. Mort is the former Pat Mort daughter of Mr. and Mrs. A. C. Mort.

Robert Kane of Grandvue was honored on his 85th birthday Saturday by spending the day with Mr. and Mrs. Alan Kane, 406 Antrim. Others present were his daughters Mrs. Hazel Smith of Milwaukee and Mrs. Nina Cash of Bay City and his son Millard Kane of Lake Orion, Mich.

Rayders Back on Victory Path

The Charlevoix Rayders, playing their best game of the season, sneeer, fully defended their first place ranking upon a strong Gaylord outfit by a score of 67-58 on the local court Tuesday night.

The victory by the Rayders left them in a tie with Pellston for first place after the latter had edged Grayling 50-48 in a seesaw battle on the Viking court.

A DETERMINED Charlevoix quintet forged into an 11-3 lead before the visiting Blue Devils scored their first field goal midway in the first period. This advantage seemed to set the tempo for the game as the Rayders led 19-10 at the quarter; 33-28 at the half and 51-45 going into the final period. With the score at 58-52 with 3:59 remaining in the clock, Gaylord lost a big Tom Lick. Their chief scoring punch and with 2:37 remaining Don Fitzek went to the bench with five fouls but the Rayders already had the game safely tucked away.

The Rayders displayed fine team work as they got back in the victory column after losing to Pellston last week. Ken Parrish paced the victory and the game with 25 points. Jim Ulrick contributed 12, Bruce Kroken 11, Dave Norton 10 and Del Terrill nine points.

Jack Wickert held to 16 points, who's was matched by Ron Jenkins, Ron Snell, the Vikings second top scorer, was held to 13 points.

Charlevoix's J V squad also got back on the victory trail, dumping the visiting Gaylord Reserves 50-39 in a game that saw 11 players see action. Neil Crow, Lefty Skipergosh and Steve Smith hit double figures with 12, 11 and 10 points, respectively. Jack Wilt had 11 for Gaylord who trailed all the way.

OUTDOOR RAMBLING

with Glen Sheppard

THE CHARLEVOIX COURIER'S first ice fishing contest, despite rumors to the contrary, is not aimed at inspiring adult males to torture themselves.

Everyone in Charlevoix County is eligible to compete in the Courier's ice - fishing contest, announced last week. A few minutes tidy outside of town verifies that Charlevoix County men do not need any prodding to submit themselves to misery.

* * *

LITERALLY HUNDREDS of men and boys were ice fishing this weekend, most of them on the South Arm of Lake Charlevoix near Ironton. Many had taken up a chilly roost over such smaller ponds as Susan Lake.

The contest is aimed more at getting the recognition for ice fishermen, than at seeing who catches the biggest fish. In keeping with conventional contest practices, however, prizes are being offered for the biggest perch, Lineall, walleye, pike taken spearing and pike caught on hook and line.

All an ice angler needs to do is bring his fish to the Courier office, 101 Clinton St., where it will be measured and a picture taken for the newspaper.

Fishermen, even if they don't have a prize winner, are urged to bring their catch to the Courier and have their picture taken. Only five persons can win a prize . . . BUT EVERYONE IN THE COUNTY CAN GET HIS PICTURE IN THE PAPER!

TO BE ELIGIBLE for Courier Ice Fishing Contest prizes, fish must be caught in Charlevoix County.

Other than that there are no rules and regulations.

Why is the Courier giving all this attention to ice fishermen, who are fondly ignored by newspapers? Because, it gives the editor an excuse to quit fishing work.

If you're looking for new spots to try your ice fishing skill, the Michigan Lake Inventory Bulletin on Charlevoix County has a breakdown on what lakes contain fish:

* * *

PANFISH — BOOTH LAKE, Thumb Lake, Hoffman Lake, Deer Lake, Watson Lake, Little Knows Lake, West Twin Lake, Lake Charlevoix, East Twin Lake, Twenty Six Lake, Lake Marion, North Skinner Lake, Lake Michael, Harwood Lake, Susan Lake, Geneserath Lake, Barneys Lake, Fox Lake and Font Lake.

Pike — Deer Lake, Lake Charlevoix, Watson Lake, West Twin Lake and Susan Lake.

The inventory was prepared by Michigan State University. It does not vouch for how many fish of a certain specie are in a lake, or how easy they are to catch. Only that they're there. The rest is up to you.

PELLSTON MAN clears board as Ken Parrish makes try for rebound in losing cause as Pellston outbombs the Rayders 84-70. The defeat was Charlevoix's first of the season. They still stand a good chance to take the crown as the second half of the season gets underway (Courier Photo by Fred Lovelace.)

84-70 TO PELLSTON

Rayders Suffer First Loop Defeat

By FRAN MARTIN
Staff Writer

The Charlevoix Rayders were toppled 84-70, from the ranks of the undefeated Friday by a determined Pellston outfit which overcame a 29-17 first period deficit to go ahead, 44-26 at halftime.

As the game went into the second half, the Rayders regained their stride but were unable to outscore the victory-bound Hornets who had a nine point advantage going into the final quarter.

THE RAYDERS came back in the field goal department, scoring 32 of 73 points from the floor in the final period, but in the heat of the game they fouled recklessly, giving their hosts five trips to the free throw line which they eventually won the game.

Both teams hit 31 field goals. Pellston's winning margin came in the free throw line where they connected on 22 of 31 attempts collecting 16 more baskets than Charlevoix who made 21 of 37 tries while collecting 20 points on equal calls.

A foul has so many times been the target against the Rayders Ken Clear cored 21 points, one of them on long shots. Mike Perrin, on contributed 18 and Bob Shier 17 points to the winning cause.

OTHERS SEEING action were Gary Stutzman had 16, Ken Parrish 15 and Bruce Kroken 11. Dave Norton who started but who for the Rayders followed by Warren Winnell with six, Don Terrell, also early in the game and Jack Uhrich four and Dave Smith two.

Offer Feed Grain

The U. S. Department of Agriculture, government-owned grain stored at reduced prices to producers of feed supplies in Charlevoix county. This action reflects widespread drought which has resulted in severe shortage of feed and forage in these counties, the worst in the 5-year livestock feeding history since 1958.

Counties designated were Antrim, Benzie, CHARLEVOIX, Cheboygan, Dickerson, Emmet, Gogebic, Houghton, Iron, Menominee, Ontonagon, Otsego, and Schoolcraft.

Producers are required to have need for the grain when they apply at their ASCS county offices.

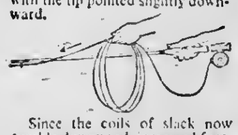
"Shooting" For Distance

YOU CAN DOUBLE HAUL and be darned, there is always that dandy fish rising just out of fly casting reach. But there's a way of getting your fly to him. The trick is to nurse the few needed feet from your "shoot."

Most fly fishermen hold their coils of surplus shooting line low, a foot-and-a-half or more below the rod. The momentum of the forward cast must therefore *lift* this line before it whips out through the guides and this added drag cuts down the length of the shoot.

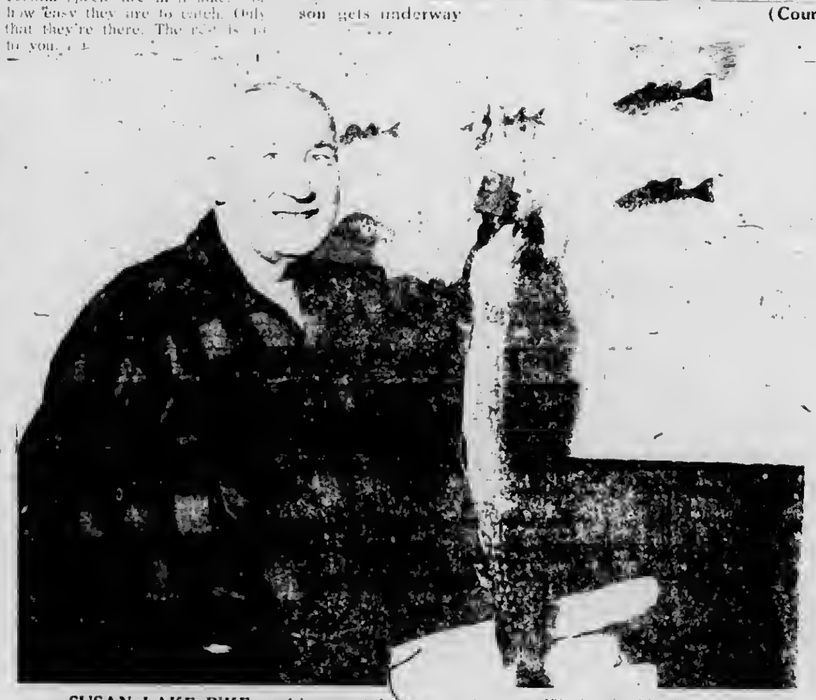
To eliminate this effect of gravity, raise the hand holding the coiled line *above* the level of your rod as soon as you complete your forward cast. At the same time, hold the rod horizontally, or even with the tip pointed slightly downward.



Since the coils of slack now tumble downward, increased footage will pour out through the guides. As a final touch, toss any remaining slack upwards and free of your fingers in the last split instant. The dying energy of your cast will still pluck extra distance from the loose line as it hangs momentarily in mid air. I've always found the Aerofloat line shoots best under such circumstances.

Total gain may be only a few feet—but these can be mighty important when a lunker is bulging and wallowing just beyond your normal casting range.

Any fishing questions? Send them to me, in care of this newspaper.



SUSAN LAKE PIKE — It's certainly not a whopper, Wesley L. Huillier admits of this 24 inch pike he brought to the Courier office in response to the newspaper's Ice Fishing Contest. Huillier brought the fish in to show pike are being scooped on Susan Lake, where he has a shanty, not in hopes of winning the contest. He's going after a bigger one to get the prize. So far this year he's speared eight pike. (Courier Photo)

Ford Wins Motor Trend's "Car of the Year" Award

January 8: Motor Trend magazine's "Car of the Year" Award goes to an engineering breakthrough! It honors all the '64s from Ford "For engineering advancement in the concept of Total Performance, proven in open competition."

Thunderbird, Falcon, Super Torque Ford, Fairlane (reading counterclockwise) winners of Motor Trend's "Car of the Year" Award

Here's what the Motor Trend Award means to you...

The editors of Motor Trend, America's largest general automotive magazine, watched Ford's *total performance* in open competition . . . saw competition-modified Fords win every 500-mile stock car race in the last year, saw Ford-built engines end an era at Indianapolis and sweep the sports car circuits.

Then they drove the 1964 Fords, Falcons, Fairlanes and Thunderbirds and discovered how the lessons of open competition have helped breed into them a new kind of *total performance* for the open road, for your kind of driving. And then they made their award!

The "Car of the Year" Award is an impressive testimonial, but see for yourself—take the wheel of a '64 from Ford. These cars speak for themselves with their ease of handling in a supermarket parking lot or their greater stability on a rain-slick blacktop.

Before you buy any new car this year, test-drive *total performance* in a Solid, Safest Super Torque-Ford, now hundreds of pounds *more* car than anything in its field. Try America's only *total performance* compact, the Falcon V-8, totally new, totally changed. Or, any of the '64 Cars of the Year from Ford!

TRY TOTAL PERFORMANCE FOR A CHANGE!

. . . The BIG Difference . . .

Window Display Is Challenge to Repeat Project

THESE PICTURES SHOULD convince all doubters that community spirit can make a big difference for everyone in Charlevoix.

The store front in the top picture is the building on the southwest corner of Bridge and Park. Below it a store window down the street. Certainly, no one can deny there is a BIG DIFFERENCE.

Not only does the lower picture present an ugly eyesore in comparison. It is an unnecessary eyesore!

* * *

IN RESPONSE TO AN Oct. 31, 1963, Courier editorial, three local industries, the Chamber of Commerce and industrial arts department of the High School teamed up to put the display in the window pictured above. The industries participating were Freedman Artcraft, Hoskins and Willflow.

The selfless contribution of these people makes it even more apparent that a similar effort is needed in other stores left barren for the winter.

These students and firms have set an example. Their contributing should be an inspiration to other civic, womens and school groups to follow suit. This is their opportunity to also, do something above and beyond their regular functions.

Unless others accept the challenge unintentionally presented by Willflow, Hoskins, Freedman, the Chamber and students, we will continue to flinch at the scene presented by these hastily abandoned buildings for five more months.

* * *

WINTER VISITORS CAN hardly help but smirk occasionally when they notice the buildings and think of our proud boast "Charlevoix the Beautiful."

The Chamber of Commerce has agreed to make arrangements for any group, or groups, who will undertake to improve the appearance of one of these abandoned stores.

We Finally Have Answer on Perch

After hearing conflicting opinions and reports on the recent absence of perch runs in Round Lake the Courier decided to go to the best authority available to get the facts. This week's front page story quoting fisheries biologist Don Peterson is the result.

We suspected no one really knew why the perch weren't returning, or what could be done about it. There were too many self - appointed experts expounding altogether opposing theories for us to believe any of them had the real goods. And we certainly didn't.

* * *

PETERSON SPENT THE better part of an entire day with us discussing the situation, after making a special trip here from Gaylord. He brought a thick folder of reports and surveys on the local perch situation. But, more important, he brought years of knowledge accumulated in the field and classroom, and sincere dedication to providing the best sport fishing possible.

Some people will continue to refuse to accept his verdict that the future of perch runs into Lake Charlevoix is out of our hands. A few of these critics may have vast experience at harvesting perch. But, we doubt they have any knowledge or training in preserving the species, or managing it for the public's use.

OUR READERS Write

Miss Beacon's Twinkle

TO THE EDITOR:

Visitors to Charlevoix told me the first evening and I looked out our window overlooking Lake Michigan. A sombre blackness. No winking white beacon, no red fog horn light.

I called the Coast Guard. A voice said, "The District has given us permission to secure the facilities for the season."

* * *

THIS MAY BE political and efficient, but I wonder if others feel the loss the way we do. Perhaps there are few boats out there on the lake but there are people here who felt the warmth and friendliness and welcome hospitality furnished by those beacons at the entrance to our harbor.

I am ashamed to say that our visitors were the first to miss them. They will not be the last.

It seems a pity to lose another touch of what has made Charlevoix live up to its nickname of "the beautiful." Perhaps the modern trend has moved in, along with the commercial attitudes toward our town's fine tradition, now the twinkle and glow of the aids to navigation are being cut back by the budgeteers too.

But running on top of the total [illegible] and the severe storm [illegible] our local fishing industry, [illegible] didn't move not raise a [illegible] that says:

"END OF THE season. This harbor closed for business.

Quite a Chamber of Commerce ad, huh?

And after the Sandow did us so proud through the holidays, all decked up like a Christmas tree indeed!

Can't the decision be recalled, Skipper, and our motivational aids to winter living in Charlevoix be restored?

Teacher Code?

TO THE EDITOR:

What about teachers?

This is regarding your article in the Jan. 2 issue of the Courier "Set Up Student Rules." This is nothing against your paper, but against the people who dragged the "code of ethics." This code is the best thing that has come to CHS in recent years.

* * *

I AM PROUD TO say that this code does not pertain to me since I have been taught not to drink and so I don't practice it.

What about the teachers that do seem drinking? The student thinks that if it is alright for the teacher then it is alright for him or her. I would not be writing this if I knew that no teacher drank because I personally have seen them drinking outside of a bar. So if the Board of Education adopts a code for the students then it should also adopt a "code of ethics" for the teachers.

Traffic Jams Route South

TO THE EDITOR:

I am not at my home in Hayes Township — on Route 3, Charlevoix, so I hope my address will be changed to the above address for the winter at least.

I left Dec. 21 for Florida. Had a very pleasant trip — witnessed the greatest amount of traffic on the route that has ever been seen by people living on the way. Saw a few cars which had just gone by, ed, with the police trying to settle the issue. And cars bumper to bumper in a few places for two or three miles long. We traveled steadily with no mishap and had weather normal which wasn't so last year. Very little fruit as trees did not blossom last year in February so what there is is high. Will I you know when I go back to Charlevoix and wish you all Happy New Year.

Respectfully yours,
Mrs. David J. Smith

Thank Hospital

TO THE EDITOR:

I know you and your readers are interested in those happenings which affect some in the really nice things which take place in your community.

During the holidays my family and I were staying in the area when my 14-year-old son was stricken with an acute attack of appendicitis.

* * *

HE WAS BROUGHT into the Charlevoix Hospital where 3 diagnosis indicated immediate emergency surgery. The entire surgical team headed by Drs. Saltonstall and Grale carried out their professional functions in an outstanding manner. That, plus the excellent care accorded at the hospital brought swift recovery.

To a visitor to your community, this sort of treatment is most gratifying during time of critical need.

Naturally, I cannot say enough complimentary things about your fine medical staff and the staff of a most efficient and warm-hearted hospital.

Thank you from a grateful family.

Sincerely,

Kenndey & Guns

To the Editor:

In view of the current cry to limit sale and use of all firearms following President Kennedy's assassination — there's real irony in are reading the actual opinion of Mr. Kennedy on the subject recorded a few years ago.

At that time, Mr. Kennedy was the Junior Senator from Massachusetts and just beginning to make a national name for himself. He was a sportsman and outdoor enthusiast who had become a recent member of the National Rifle Association.

* * *

WHEN ASKED TO give his views on the validity of the Second Amendment to the Constitution which deals with the right of citizens to keep and bear arms, Senator Kennedy said: "By calling attention to a well-regulated militia for the security of the nation, and the right of each citizen to keep and bear arms, our founding fathers recognized the essentially civilian nature of our economy. Although it is extremely unlikely that the fears of governmental tyranny, which gave rise to the second amendment, will ever be a major danger to our nation, the Amendment still remains an important declaration of our basic military ready civilian relationships," in which every citizen must be ready to participate in the defense of his country.

"For that reason, I believe the second amendment will always be important."

The logic of Mr. Kennedy's statement is precise and clear. It should serve to bring into focus the real issues hidden in the well-meaning but ill-conceived campaign now being conducted against all firearms and their owners.

* * *

THE CONSTITUTIONAL Convention in Philadelphia brought together men who had great distrust of all government. They agreed that the least amount would be best, and while they were at it, they wrote in safeguards to protect the civilian population from control by the military.

Federal confiscation, or even federal registration of all arms would violate this principle.

Solons Take No Chances

A disgusted man asked us if we thought there was any real difference between "crooks and some Congressmen." "Naturally," we replied, "crooks are forever squealing on each other but Congressmen have the rule of comity."

You may well wonder what that rule is. We did, so we looked up "comity" up in the dictionary. It means "to smile, politeness, courtesy." Want us to use it in a sentence? OK. Here's a direct quote from Rep. Tom Steed (D., Okla.) **"I WAS ONLY** trying to defend the rule of comity. If the Senate is going to defy that rule and interfere with the House's standards, I have every right to discuss their standards."

Got it now? The rule of comity means that Congressmen shouldn't question each other's standards. It's not polite. They should just smile and look the other way when one of their fellows is caught with his hand in the taxpayers' pocket.

Rep. Steed was angered into retaliation because some Senator had accused him of abusing the free mail privileges. Steed quickly answered that they had better quit picking on him or he would tattle the name of a Senator who had two call girls on his payroll.

THE FUSS ENDED right there. The rule of comity was suddenly observed. Right or wrong, you are buying Rep. Steed as many stamps as before. The name of the Senator with the call girls remains a mystery. The Congressmen are back being polite to each other—for the record. Ah, comity.

Congress is busy investigating Baker and Korth and dozens of other Federal employees who don't belong to the comity club. The Congressmen are busy insisting that countless bureaucrats bare their financial souls while refusing to do the same thing themselves. Several Congressmen including our Sen. Hart, have revealed their financial assets to plainly demonstrate that they think such a move is proper. But most Congressmen refuse . . . and who is going to question their silence? Not the few Congressmen who don't agree with them.

James Reston, veteran political writer for the New York Times, puts it this way "Congressmen now seem much more casual about what they think about their conduct . . . it is this easy 'anything goes' approach that makes the influence peddling possible . . . Representative government itself is increasingly the object of ridicule in the capital, but the men who have the power to improve it are either indifferent or helpless."

"INDIFFERENT" AND "helpless" are fairly mild adjectives to describe men who would put such an asinine thing as "the rule of comity" before their duty to the people who elected them. Our Congress needs a good shaking up but it's a shaking that must, by necessity, come from within. The trick is to get enough men in with enough guts to tell the comity pushers to go climb a big tree.

REPORT CARD

Grade Schoolers Book Fans

By FRANCES MILNER
Second Grade

It has long been a hoped for dream in the Elementary school, to have a library in our building with a trained librarian throughout the school day.

At present of the 589 enrolled in the elementary school, 535 have library cards. This is better than 90 percent of our Elementary enrollment. In a television ridden world sitting down with a good book is still for many of our children an exciting adventure.

* * *

OUR LIBRARY NEEDS today are met as adequately as possible under the present system. Each grade in the Elementary school is afforded one afternoon recess period a week, as well as any day after school, and on Saturday.

The school library of today is no longer made up exclusively of books. It provides a resource center for the collection, organization and servicing of a great variety of materials, pamphlets, magazines, catalogues, tape recordings and projectors.

We feel many advantages could be attained by Elementary teachers and children if a library were housed in our building, with a librarian working in cooperation with the elementary principal and Elementary teachers.

Children could be taught how to use a library. Entire classes could schedule certain times to look up material on a given subject. Children could be helped to establish a wide range of significant interests. Students would be guided in their choice of books and other materials of learning, and assisted in finding books to solve personal problems.

PUPILS DEVELOP effective study skills and the ability to:

1. Locate books, pamphlets and pictures through the card catalog.
2. Use the index technique.
3. Find needed information in the dictionary and the encyclopedias.
4. Read maps, diagrams, charts and tables.
5. Take notes rather than copying articles word for word.
6. Make a bibliography.

To obtain an Elementary school library we would need a large airy inviting room, comfortable reading arrangements, tables, shelving for an adequate supply of books, newspapers, papers, pamphlets, record tape recordings and a qualified librarian who would be interested in getting books and children together.

A Lift for Living

Learn to Handle Life Taking Day at a Time

By REV. HAROLD E. KOHN

REV. HAROLD E. KOHN

Now the old year fades. It drifts away and vanishes like a whisp of man's breath upon the frosty air. And man is the only mortal being that notices the old year's passing. Among all of God's creatures man is the only one that cares to count the years, the days and the moments as they pass.

The chickadee at our bird feeder, the fox that trots along our woodland trail, the deer that browses beneath our birches are immersed in the same time sequence that engulfs us all, but they know nothing about marking off the years or recording the days and hours. When the old year ends nothing in wild nature will mark its close. No salvo of thunder will signal a change. No celestial fireworks will salute the old year's going or the new year's coming.

* * *

BUT MAN RINGS bells, blows whistles and shouts greetings at midnight on December 31 for he is earth's time - conscious creature, the only earthly being aware of a fleeting mortality, the only one to watch calendars and to manufacture clocks. Man is God's time enamored and time-panicked creature.

We love time. We plead for more time as if it were life's most precious commodity. When people attempt to hurry us we beg "For heaven's sake, give me time!" We speak optimistically, often affectionately, and often mistakenly, about time: "time heals all things" is "the father of truth."

Yet, in spite of our love for time, we fear it, too. The unchanging pace and relentless rush of time's passing pushes us toward nervous that civilized man's three greatest killers are not heart disease, cancer and accidents. Rather, he contends, they are the calendar which reminds us of deadline dates; the telephone, which fatigues and frays the nerves with its demanding jangle; the clock, which constantly reminds us, "Hurry! Hurry!"

So modern man fears the thing he loves, and is brought to the brink of nervous destruction by a faculty that makes him unique among his fellow inhabitants of the earth—his sense of time.

How can we best make use of time, so that it becomes the servant of our highest interests rather than a cruel master, driving us toward madness?

* * *

LEARN TO HANDLE the year a day at a time, thus making big opportunities and great problems more manageable. Regret for yesterday's failures added to anxiety about the tomorrow, plus concern for today's needs make too heavy a burden for anyone to carry. Perhaps God gave us our years a day at a time because such small parcels are proportionate to our strength.

All our days will be significant rather than frenzied, if we remember that each moment we live we are becoming something more or something less than what we already are. "Boys will be boys," we sometimes say as we excuse a youngster's prankish misbehavior. But boys won't be boys for long. Soon they will be men. And young men become older men and older men soon go the way of all flesh. We are all changing, we are all on our way elsewhere. What counts most is the direction of the change, for worse or for better. A sound use of time is to invest it in self - improvement, building tomorrow's character by doing all we should be and doing all we should do today, by God's grace.

Measure your life by a finer standard than the clock on your mantle or the watch on your wrist. The world's finest precision clocks are tested by Greenwich time, which is kept at Greenwich Observatory in England. Each night Greenwich clocks are checked against the stars and corrected by testing them against the movements of the earth in relation to heavenly bodies that are millions of light years away. Scientist true time from the skies.

* * *

SO DO WE. While we may not understand God anymore than astronomers fully comprehend the mysteries of distant stars, still we know enough about God to set our lives by. We believe God spends His eternities creating better worlds, making better people and making people better, and doing all that He does in love. Setting our lives by the heavens means to invest our time making the world a bit better where we live, helping and helping others to be better people, and doing all in the spirit of love for God and man.

Many of us will start the new year with a glance at the clock. We will do better to look beyond clocks and get a bit of heaven in to our thinking.

RAYDERS AIM TO CRACK 3-WAY TIE FOR FIRST

Loop Foes in Busy Week

Teams of the Northern Michigan Class C league will wrap up the first half of their schedule this week as Charlevoix plays at Mancelona, Gaylord hosts Harbor Springs, Pellston entertains East Jordan and Grayling invades Boyne City.

With a full schedule of games on the calendar for Tuesday night, the three way tie for first place which resulted from Friday's games will be broken before this week's games. Tied are Charlevoix, Pellston and Gaylord.

THE TIE DEVELOPED when the Rayders were toppled from the league lead by Pellston by a score of 81-70 and the Gaylord Blue Devils who had been tied with Pellston for second place, trimmed East Jordan 86-58. Harbor's victory over Boyne City (66-65) and Grayling's win over Mancelona (54-51) threw them into a two-way tie for second place.

At Boyne City, the Ramblers came through with 28 field goals but were defeated by Harbor who had two less. The Grayling-Mancelona game was won by only a margin of one field goal.

In their meeting with Grayling, Mancelona showed more spirit than it has all season, trailing by only a slim margin all the way (after leading 11-10 at the first quarter), and with three seconds remaining, closing the gap to one point. This is the team that the Rayders will be meeting this week. Mancelona has two outstanding players in Pat Dutcher, a scoring guard and floor manager with plenty of experience, and Barry Mocks, a smooth-playing forward.

Charlevoix will have to play heads-up ball if they want to get past this team, even though the Ironmen are occupying the league cellar.

THE HARBOR Springs - Gaylord game, on the latter's floor, will be the best game of the night. The Rams, after getting off to a slow start, are showing the stuff that made them a championship team last year. If their guards can hold Ron Snell and Tom Lick to just an average night under the basket, they may be able to halt the title-bound Blue Devils. Lack of depth on the Ram squad is probably their greatest shortcoming.

As always, Pellston is murder on their home court so it is very doubtful East Jordan will fare any better than other teams in the loop when they tangle with the Hornets this week.

Grayling, another team that seems to be shaping up well though they lack good balance, may find tough going against the Boyne City Ramblers, who held (66-65), losing the game from the Harbor to a one-point margin free throw line. But the Vikings will have to come up with a defense against the Big Rambler center Tom Sproull, who poured in 28 points despite the fact that his team lost. Grayling, still in the running, will be playing hard to remain near the top of the heap while the Ramblers will be out to trip them up. This should be a close game, but the Vikings because of their record, should chalk up a win.

THE COURSE IS part of the federal manpower and retraining program. In will include all phases of restaurant cooking, including management and cost training.

JV Squad Also Nipped by Hosts

A slow start by the Charlevoix JV squad cost them the game with the Pellston Reserves Friday night as their hosts nipped them 67-57.

The young Hornets forged into a 23-6 first period lead, leaving the Rayders with a deficit they failed to overcome, though they outscored Pellston 17-13 to cut the lead to 33-23 at halftime.

GOING INTO the second period, the Hornets continued their torrid pace, outscoring the local lads 20-16 as they went ahead 53-39 at the three-quarter mark.

As the game went into the final but not enough to overcome Pellston's big advantage.

scoring honors for the Rayders John Ferguson, Steve Smith and Larry Skippergosh shared scoring honors for the Rayders with 12 points each. Andy Peters and Neil Cross added six each: Mark Bourgoin, four, and Gary Plum, three, and Jerry Stewart two.

Starting for the Rayders were Ferguson, Stewart, Cunningham, Smith, Peters and Plum. Others who played were Alan Lusk and Gary Crain.

PAT REED was the top scorer for the game with 28 points for the victors.

ABOUT 93,000 camping families flocked to state parks in the northern Lower Peninsula.

RAYDER CAGE PROFILE

Bruce Kroken—He Likes to Compete

BY FRAN MARTIN
Staff Writer

"What do I like best about sports? The competitiveness, I'd say," was the answer given by Bruce Kroken, one of three seniors on the Charlevoix Rayder court squad.

If you've had an opportunity to watch this young athlete in action on the gridiron, the basketball floor and the cinder track, then you know that few players give more of themselves than this rather shy but determined young man.

BRUCE KROKEN
He's Determined

BRUCE CAME to Charlevoix at the age of six (he celebrated his 19th birthday Jan. 2) and grew up in the Charlevoix tradition of competing in the sport of the season from that day on.

Though he likes all sports, his first love is, football. This, perhaps, is one reason why he climaxed four years of football, two as a member of the Varsity, by being named to the All-Conference squad and receiving All-State honors as an end in state circles.

In track, he has always been a distance runner, covering the mile in 4:58; in the summer softball program he plays first base and on the basketball court forward and center.

All of which is quite surprising since he does not fit the usual format of the big husky athlete.

THE DETERMINATION that has made him a good athlete, probably one of the things that pulled him through many months of illness as an eighth grader and gave him the courage to repeat the grade, rather than struggle along in an effort to keep up with his class. On this latter subject, Bruce said that he is glad now that he followed the advice of interested adults to repeat the grade rather than attempt to make it up. If more students would do this, they would get a lot more out of school and enjoy it rather than have to struggle to keep up and eventually coming to hate school, Bruce added.

With the many interests he has he knows whereof he speaks for, in addition to sports, he is a talented musician playing both baritone and trumpet in the Senior band, a group he has played with for four years in addition to two years with younger bands; five years with the city band; two weeks with the All-State High School band at the National Music Camp on an Interlochen Scholarship; participation in the All-State Honors Band; participation in the Solo and Ensemble Festival in which, among other things, he won a blue ribbon in the Proficiency Division on a state level, and student director of the high school band.

And, as if that wasn't enough, he is vice president of the Student Council and a Boy Scout, a program he has been participating in since Cub Scout days.

In following the field of music, he is "doing what comes naturally" for his father is a talented trumpet player.

THOUGH HE doesn't speak with a Texas drawl or claim allegiance to the Lone Star State he was born at San Antonio during World War II when his father was serving with the U. S. Air Force and playing there with the U. S. Air Force Band. Later his parents returned to their native Marquette where they lived until coming here in 1950.

Following graduation from high school this year, Bruce plans to return to Marquette, this time as a student at Northern Michigan University where he plans to study for a career in music and, if possible, continue active participation in sports.

Bruce, by the way, is the only child of his most ardent fans—Mr. and Mrs. John Kroken.

ON WHEN TO CLOSE SCHOOL

Decision Still Milligan's

An attempt by the Board of Education to outline hard and fast rules on when school should be closed due to severe snow conditions proved futile last week. The decision on when to close was left up to the superintendent's personal judgement.

Supt. Rex Milligan recommended the board try to adopt such a policy. He pointed out some schools operate if buses can travel one main roads only; some do not operate unless most of the bus routes can be traveled.

AFTER CONSIDERABLE discussion, the board decided road conditions are too unpredictable to make definite rules practical.

The number of roads open to bus travel depend on when the snow storm starts, and effectiveness of the Charlevoix County Road Commission, the board decided. The Road Commission, Milligan pointed out, willingly reports to school officials early in the morning on roads that are still blocked. This information will be considered by Milligan in making his decision whether to close schools.

Having only a portion of students report to school, while others living on snow-bound roads stay home, is not desirable, the board decided.

However, in the case of prolonged severe conditions, school will be held with only some of the students reporting. This will be necessary because North Central Assn. requires that school be held 175 days a year.

Students "missing" school due to snow conditions, will not be counted absent.

Farmers Must File Now for '63 Payments

Farmers have until the end of January to file applications for 1963 marketing year payments under the National Wool Act, Robert W. Reidel, Chairman of the Charlevoix County ASC Committee, reminded producers today.

He emphasized that Jan. 31 is the last day for accepting payment applications in connection with marketings of either—wool or lambs during 1963.

SINCE THIS IS several months earlier than under previous wool programs, the chairman urged that producers avoid confusion by filing their applications on completed sales as soon as possible.

Reidel points out the 1963 marketing year under the wool program ended December 31. Future wool marketing years will be for 12 months and will be the same as the regular calendar year. The Jan. 31, 1964 deadline for filing the 1963 applications is in line with normal program procedure of continuing to accept such applications for a month following the end of the marketing year.

The 1963 program payments — which probably will begin in April —will cover shorn wool and unshorn lambs marketed during the 9-month period, April 1, 1963 thru Dec. 31, 1963. Later marketings will be elegible for payments for the 1964 marketing year which begins the first of the year.

CONSERVATIONISTS RECAP 1963

(Special to the Courier)

Use of natural resources set several new records and challenged a number of others. Long-overdue gains were made in fish, forestry and game improvement programs. Some problems lingered on to be shouldered by the year ahead. Conservation Dept. spokesmen said in appraising its 1963 activities.

That, briefly, was the kind of year 1963 was for conservation in Michigan — something old and something new in the way of progress and problems.

OUTDOOR RECREATION

Once again, recreation commanded the outdoor scene, lunching off another pell mell rush for leisure - time facilities throughout the state's woods, waters, and fields. Some 13.5 million day-use visitors and a record 210,000 camping families streamed into state parks during the year. Thousands of others made a beeline to state forests to shake the stresses of a workaday world.

Ever - changing as it is, popular outdoor recreation picked up a newcomer with the development of a 170-mile hiking and bridle trail that will stretch across the northern Lower Peninsula from Frankfort and Empire on Lake Michigan to Tawas City on Lake Huron.

DEPARTMENT REVIEW

In early December after nine months of intensive investigations, Governor Romney's special 21-man conservation study committee recommended sweeping changes in the Conservation Department's operations, including complete overhauling of its organizational structure to better gear the agency's programs to present and future demands.

APW PROJECTS

Michigan sportsmen saw license fees earning double their money's worth during 1963, as hundreds of jobless men went back to work in distressed areas of the state as a result of the Conservation Department's participation in a $1.6 million Accelerated Public Works Program, co-financed by state and federal funds.

HUNTING AND FISHING

Michigan fielded more than 2,000,000 nimrods, archers, and anglers during the 1963 seasons to hold its place among the nation's leaders in hunting and fishing popularity.

For firearm deer hunters, it was the third best year on record, with an estimated 144,500 whitetails in their take-home kill. Although their total bag was down from the 1962 harvest of nearly 550,000 birds, ruffed grouse hunters had another good season. It appeared that woodcock gunners took more than 118,500 timber doodles to eclipse their nationwide record of the year before. Pheasant kill fell to 300,000 ringnecks, largely as a result of the poor nesting season last spring.

DEER AND ELK PROBLEMS

As the year were on and Conservation Department field studies ground out additional information, it became increasingly clear that the time was near for controlling southern Michigan's deer population and the elk herd of the northern Lower Peninsula.

A progress report on the Department's elk research study revealed that these animals are causing more damage to their range in the Pigeon River area than previously thought. Field studies showed the herd, numbering an estimated 3,000 animals, will double its size every five years.

LAKE TROUT PROGRAM

Conservation officials of the United States and Canada received a solid vote of confidence in December when they reviewed results of their joint efforts to whip the sea lamprey and rebuild fishery fortunes of the Great Lakes.

An up-to-date report on their program revealed that first-round chemical treatments of Lake Superior streams has left little doubt as to the ultimate success of lamprey control in these waters. The opening chemical punch delivered in Superior's streams had already left its mark of improvement in 1963. Lake trout stocks continued to show good survival and mature fish were more abundant than at any time within the last four years.

As part of the overall program, Lake Superior was restocked with more than 2,300,000 yearling and lingerling lake trout during 1963, the biggest one-year release made since plantings were begun in 1958 to return the fish to these waters.

PULPWOOD PRODUCTION

As the end of 1963 neared, there were strong signs that pulpwood production the state's biggest forest-based industry, had hit a new peak in Michigan, surpassing the previous all-time harvest of 1,256,000 cords. New and expanding operations in the Lower Peninsula pushed the pulpwood cord total over the one-million mark for the fifth straight year.

Forestry Course Set in County

By ED REBMAN

County Extension Director

A forestry course in woodland management will be offered to woodland owners of Charlevoix and Emmet counties during January and February. The course will cover timber harvest and improvement cutting practices for the kinds of natural forest found in this area, and the establishment and care of plantations for timber production.

The course consists of four weekly class sessions, each two hours long, and one field trip. Classes will meet at The Top O'Michigan Rural Electric Company in Boyne City and are scheduled for Monday evenings, January 20 and 27, February 10 and 17, starting at 8 p.m. The course will be taught by Lester E. Bell, forestry specialist, Michigan State University, and Roy E. Skog, forestry, peninsula, M.S.U. Extension Center, Marquette.

* * *

ALL INTERESTED persons are invited to enroll in the course. It should be of particular interest to farmers, timber operators, business and professional people, and others who may own from one to several forties of forest land.

The course will stress planning, release, and other practices used to improve the quality and growth of young stands, as well as ways of harvesting mature stands by use of the selection, shelterwood, seed-tree, and clear cutting methods. How these practices apply in the management of hardwoods, spruce - balsam fir, swamp conifer, aspen (popple), pine and other forest types found in the area will be explained and illustrated. On the field trip, woodland owners will see stands in which various improvements and harvesting cuttings have been made.

One class session will be devoted to plantation establishment and management for timber production. Stress will be placed on the use of herbicides at the time of tree planting to increase tree survival, proper spacing and plantation layout, pruning the crop trees, clear wood, and thinning to maintain good growth.

Those interested in enrolling for the course may contact the Charlevoix County Extension Office, Boyne City.

Boy Scouts Take Holiday Outing

Boy Scouts of Troop 11 enjoyed overnight outings over the New Year's holiday according to Scoutmaster Louis Edwards who said that the 'camp out' served a dual purpose, first as reward to those boys who gave their time to the Christmas decorating project and secondly, as an opportunity to earn a second requirement.

On the first night Mr. Edward Tony Perfume, Vic and Mark Kaluba and Tom Erne put up tents at the Burns' Cabin on Oyster Bay. On the second night Carl and Charlie Novak, David Holbert and Terry Elliott joined Mr. Edwards at the cabin.

EACH GROUP planned and prepared their own food, enjoyed the lake and participated in Scout projects. Four other boys were on hand but due to illness or inability to join the groups, were unable to join the outings.

'64 Jet-smooth Luxury Chevrolet

What does it take to make a car a great highway performer?

If the car happens to be a '64 Chevrolet, one thing only. A highway.

You'll find everything else already neatly packaged for you—on the car exactly as you pick it off the showroom floor.

There's a choice of seven engines—all the way up to a twin-carb high-compression 425-hp V8*—and four transmissions, including a finely honed 4-speed stick shift.*

And underlying it all—a hump-skimming Jet-smooth ride that helps keep the performance great even when the highways aren't so great.

What about special performance equipment? Professional driving skills? Forget them.

Nobody has to doctor or roar or soup up these Chevrolets to get the best out of them.

And that's really the test of a great highway performer: Just about anyone can get a kick out of driving one, just about anywhere, just as it comes out of the showroom.

Next time you're out your dealer's way, allow a few extra minutes to sample one of these highway performers on your own. A few are really all you'll need. That's enough time to do a lot of driving in a Chevrolet.

The death of Carl Anderson came as a surprise to all last week and the loss will be felt by all his friends of Ironton.

Mrs. Julia Wirth has moved to Boyne to live with her daughter, Mrs. Lawrence Hubble in Flint.

Members and of the Congregational Church at Ironton cancelled their Thursday's meeting due to the funeral of Carl Anderson, but will meet as usual at 1:30 p.m. Thursday, Jan. 16 in the basement of the church.

Wm. Smith is in Charlevoix Hospital for a slight infection, but is expected home soon.

Guests over the weekend for visiting in Lake Charlevoix were George Anderson and Robert Harley from Lansing. Both men are friends of Mr. and Mrs. Bill Peck of Ironton and are employed in the bank which Mr. Peck was with before he retired last year.

Bruce Kroll visited his parents and family over the weekend, and celebrated his 21st birthday.

All of the South Arm is frozen over at last and ice fishermen report one of the finest runs of perch in years.

The annual church meeting and a pot luck supper were held Sunday at Ironton Congregational Church. New and old business was discussed and new officers were also elected for the coming year. The church program will contain the latest changes this Sunday.

Young Diane Lee Alexander fell last Sunday on Lake Charlevoix and suffered a broken left wrist. We hope she mends quickly and will be able to return to the skating soon.

Bob Christian is back at his summer home in Ironton hoping to do a little ice fishing.

Locals

Charles A. Robinson, Superintendent of the Charlevoix - Emmet Intermediate School District, and Supt. Rex E. Milligan of the Charlevoix school, accompanied by Mrs. Milligan are in Grand Rapids to attend the annual winter conference of the Michigan Association of School Administrators. Mr. Robinson will also attend the meeting of the Michigan Association of Intermediate School Administrators.

Charlevoix a Leader in Top Watersports State

Police Chief Joseph Smith cites in a recent article in the "Michigan Municipal Review" as evidence that Charlevoix's advanced facilities for boaters are a good investment in the future.

Recreational boating has become one of the nation's favorite family sports, the article explains, and Kelly P. Wilcox, director of the State Waterways Commission, says of Michigan: "Each Michigan leads all other states in the number of pleasure boats."

* * *

CONSIDERING CHARLEVOIX'S... [illegible]

Such conditions, the article continues, have advantages for boaters. Chief Smith contends the city may be considered a leader in offering watercraft facilities in the nation's leading state. He points to the city's Boating ramp on Lake Charlevoix and Round Lake harbor.

Michigan, the article explains, has 435,000 registered watercraft. New York is second with 273,559. The difference between Michigan and New York totals more boats than are registered in all but seven states.

Nationwide there is one boat to every 22.5 persons. In Michigan the ratio is one boat for every 15.6 persons.

Textile Course Planned To Assist Area Homemakers

By CLARE BROWN

Home Economics

BOYNE CITY — A Textile Short Course is a new way to venture in education through the Cooperative Extension Service.

This new adult education series will begin in mid-January with four, two hour, study sessions in modern textile used for clothing and household purposes. It is designed to make homemaker, home tailor, gent shoppers and to give them greater satisfaction from the money they spend on clothing and household fabrics.

* * *

THE LESSONS will include: A Basic Understanding of fibers, yarns and fabrics; the natural fibers - silk, wool and linen; the man made fibers; modern fabrics need much care.

The Extension Service has long conducted special adult type workshops. However, this is the first attempt in Charlevoix County with a depth study in a subject matter field for homemakers. Two classes are being planned, one on Tuesday afternoons in East Jordan, and the other on Tuesday evening in Charlevoix.

There will be a charge of two dollars for the session to cover the cost of the textbook and other materials for the class. Since the textbooks must be ordered in advance, anyone interested in this class are urged to call JU 2-6232 or write to Clare Brown, Co. Extension Agent, Home Ec., Federal Bldg., Boyne City to reserve your textbook for the class.

HOW COULD YOU POSSIBLY ... Visit out-of-state relatives without leaving your home? ... Do a day's shopping while baby-sitting with the children? ... Tell a faraway friend about good news as soon as it happens? ... Get in touch with the doctor, police or fire department quickly if the need arises? How? Just pot your *telephone* to work for you and it's done!

GUESS WHO walks farthest in on average day:

☐ HOUSEWIFE ☐ POSTMAN
☐ HER HUSBAND ☐ SHOE TESTER

We really don't have figures on how many miles a "shoe tester" may be expected to pace off in a day. But a recent survey shows that, of the other three, the housewife is by far the champion hiker. She walks nine miles a day, which is five miles more than her husband averages, and three more than the postman. As an aid in saving steps—miles of 'em—nothing beats a handy extension phone. Why not call our Business Office and find out how little it costs to have an extension phone installed.

WHAT'RE THE PROSPECTS of finding gold in your telephone? It's not so far-fetched as it sounds! Because of gold's rare ability to withstand corrosion, tiny amounts of it are used on certain telephone parts to prolong their usefulness. How much gold per set? About one penny's worth. It's hardly enough to dig for, but it's plenty to improve your "prospects" of trouble-free service for years to come!

Cadillac

THERE IT GOES WINNING MORE HEARTS AGAIN!

Every time a Cadillac goes by, it seems someone falls in love with it.

Last year, for instance, more people moved up to Cadillac than ever before in history. And the way 1964 is starting off, Cadillac is going to attract more owners than even its beguiling predecessor. Why? We think the answer is easy.

Each year Cadillac simply lengthens its margin of product leadership—by introducing advancements and improvements that are entirely its own.

In 1964, for example, we've combined the heater and air conditioner in a single unit—*with a single control.* You set the thermostat at your favorite temperature just like you do at home—and the interior of the car holds it winter and summer. We call it Comfort Control*.

*An extra-cost option.

Then there's Cadillac's new Twilight Sentinel. When it's time to turn on the lights, they come on automatically . . . and then turn off when sufficient daylight returns. And in the evening, the headlights remain on to light your path from car to doorway and then turn off automatically after you have entered the house.

There's a lot more about the 1964 Cadillac that is new and just as exciting. Take performance, for example.

There's the exciting new 340 h.p. engine—the most powerful in Cadillac history—combined with the smoothness of an improved Hydra-Matic or the completely new Turbo Hydra-Matic transmission.

Give in to your heart and get behind the wheel. Let your authorized Cadillac dealer introduce you to America's most desired motor car.

For Primary Election To Be Held Monday, the 17th day of February, 1964.

To the Qualified Electors of the City of Charlevoix, County of Charlevoix, Michigan: Notice is hereby given that in conformity with the Michigan Election Laws, I, the undersigned City Clerk will, upon any day except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the names of any legal voter in said City not already registered who may apply to me personally for such registration. Provided, however, that I can receive no names for registration during thee time intervening between the thirtieth day before any regular, special or official primary election and the day of such election.

Notice is hereby given that I will be at my office on Monday, the 20th day of January 1964, the Friday following the thirtieth day preceding said election, last day for general registration by personal application for said election, from 8 o'clock a.m. until 8 o'clock p.m. on said day for reviewing the registration and registering such of the qualified electors in said City as shall properly apply therefor

The name of no person but an actual resident of the precinct at the time of said registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

HUGH MAYNE
City Clerk

FIRST ZERO WEATHER Near zero (two above) temperatures this weekend left ice locking Old River, at the foot of the Chicago Club. Snow lay in a thick, undisturbed blanket around the Chicago Club and other summer resort areas that are not being used. The winter's first sub-zero temperatures are predicted for this week. Round Lake and Lake Charlevoix were frozen over for the first time over the weekend. The Charlevoix County Road Commission reports approximately 60 inches of snow had fallen by mid-January. **(Courier Photo)**

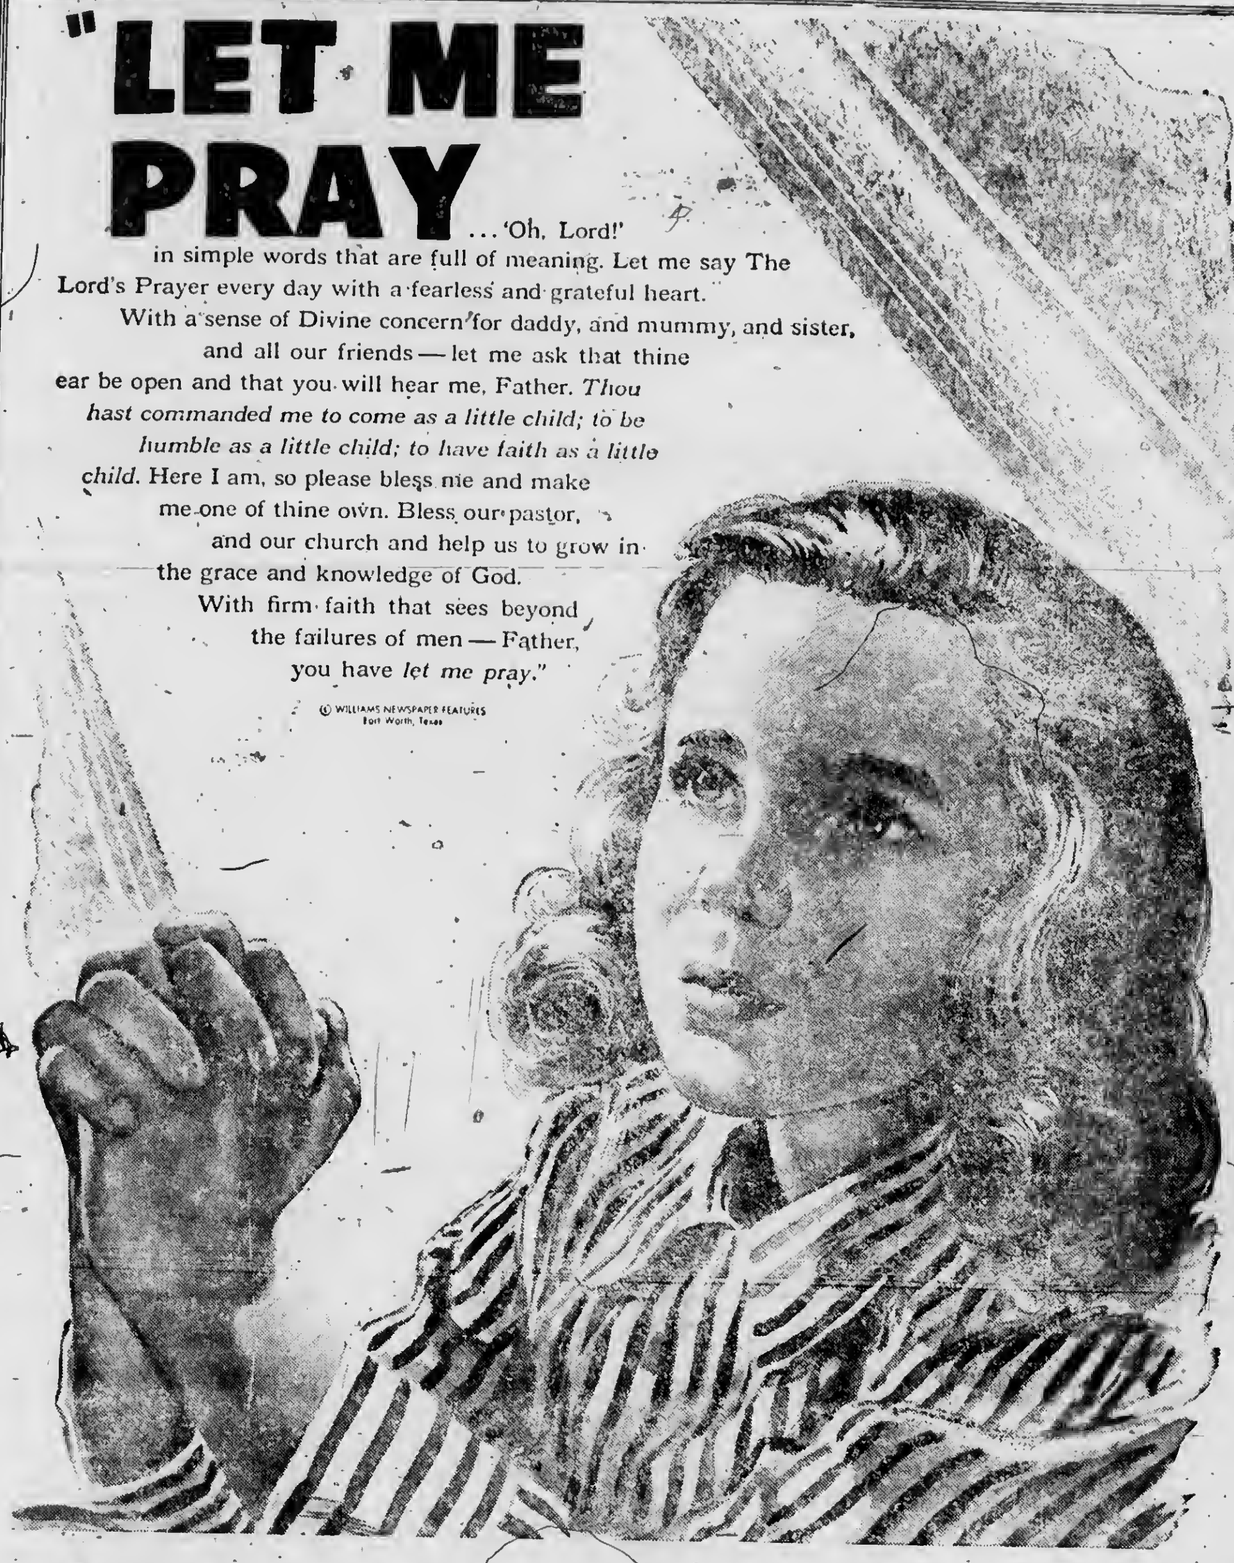
"LET ME PRAY



... 'Oh, Lord!' in simple words that are full of meaning. Let me say The Lord's Prayer every day with a fearless and grateful heart.

With a sense of Divine concern for daddy, and mummy, and sister, and all our friends — let me ask that thine ear be open and that you will hear me, Father. *Thou hast commanded me to come as a little child; to be humble as a little child; to have faith as a little child.* Here I am, so please bless me and make me one of thine own. Bless our pastor, and our church and help us to grow in the grace and knowledge of God.

With firm faith that sees beyond the failures of men — Father, you have *let me pray.*"
